UNCW Presents Distinguished Teaching Awards at Convocation

Fifteen professors and graduate teaching assistants were recognized for excellence in teaching at fall convocation.

Three professors received Distinguished Teaching Professorships. This award recognizes and rewards faculty who have made outstanding contributions to the instructional program at UNCW. The academic deans solicit nominations from each department or school. Professors are presented with a \$5,000 annual stipend for three years and a Distinguished Teaching Medallion. This year's recipients were Saul Bachner, professor of specialty studies; Michael Wentworth, associate professor of English and Donald Furst, associate professor of fine arts.

Furst also received the Board of Trustees Teaching Excellence Award. This award was first presented in 1978 and is designed to exemplify this institution's commitment to teaching excellence. He received a one-time stipend of \$1,500 and a Distinguished Teaching Medallion.

Colleagues describe him as dedicated, thoughtful, concerned and open in his approach to teaching and in his relationships to students. He consistently stimulates his students with carefully crafted assignments.

The Chancellor's Teaching Excellence Award was presented to six faculty members who demonstrated outstanding teaching in their classrooms. The award includes a one-time stipend of \$1,500 and a Distinguished Teaching Medallion. This award was established in the

'Donald Furst favors the idea that faculty do not really teach students, but instead show them how to teach themselves. Rather than merely impart his own cache of specialized knowledge, he wants students to learn to confidently. . . forge their own insights and discoveries.'

spring of 1991 by Chancellor James R. Leutze. This year's recipients were Frank Trimble, communication studies; Charles A. Lewis, health, physical education and recreation; Daniel Noland, English; Doretha McKnight Stone, School of Nursing; James B. Hunt, marketing and management and Louis Lanunziata, curricular studies.

The Award for Faculty Scholarship is presented to a faculty member who has made and continues to make a significant contribution to the university and the academic community through his commitment to research and creativity. This year's recipient is Ibrahim Sadek, mathematical sciences. He received a \$1,500 award and a UNCW Medallion.

Six Graduate Teaching Excellence Awards were presented to graduate teaching assistants in recognition of outstanding teaching. Recipients receive a check for \$250. This year's recipients were Krista A. Barbour, psychology; L. Martin Bullock, Jr., chemistry; Katherine T. Langone, mathematical

sciences; Ruth Michelle Manning, English; Kim A. Fimbel, Watson School of Education and Kathryn Berry Reeves, Cameron School of Business.

Communique Editor

The *Campus Communique* editor, Vickie Yearby, can be reached at ext. 7223. Submissions can be sent to Alderman Hall, Room 108 or through e-mail to Communique by **noon Tuesday**.

The Basics of Good Nutrition

A workshop on the basics of good nutrition will be presented by Catherine Hankins, RD, LDN, of New Hanover Regional Medical Center from 9 to 11 a.m., Sept. 6, in the University Center, Room 104. She will discuss the basic components of a healthy diet, explain food label facts, give tips on eating out the healthy way and delicious healthy cooking ideas. To reserve a seat call ext. 3712.

Joynes Moves to Advancement

Terri Joynes is now director of Advancement Services. She is located in Alderman Hall, Room 104, and can be reached at ext. 3937. Joynes was previously in the management information support division of academic computing.

QUALITY FACULTY . . . QUALITY STAFF

Joseph Pawlik, biological sciences, presented two papers on the chemical ecology of Caribbean coral reef sponges at the 8th International Coral Reef Symposium in Panama City in June. He was joined at the symposium by his former graduate student, **Brian Chanas**, who gave a poster on his dissertation research at UNCW and is now in a PhD program in Brazil.

Terry Theodore, art and theatre, participated in a panel discussion about Arthur Miller and the academic world.

Agnes McDonald, English, was awarded first prize for her poem "Before a Spring that Won't Come" in a competition originated by Duke Medical Center for poems on the subjects of healing and compassionate care. McDonald will receive \$100 and will read her poem at Duke. Her poem will be displayed at the medical center and published in a chapbook of selected poems in the fall.

Mimi Cunningham, Marybeth Bianchi and Vickie Yearby, University Relations, attended the summer conference of the College News Association of the Carolinas in Raleigh in August.

Kimon Bird, CMSR, presented "Agarophyte Cultivation in the Philippines" at the 50th anniversary meeting of the Phycological Society of America in Santa Cruz, Calif.

Wilson Freshwater, CMSR, presented "The Hare and Tortoise: Analyses of Complementary rbcL and SSU Data Sets for Selected Species of the *Gelidiales (Rhodophyta)*" and co-authored two other talks at the 50th anniversary meeting of the Phycological Society of America in Santa Cruz, Calif. UNCW's strong legacy in phycology was evident in talks given by former students, **J. Craig Bailey, Juan Lopez-Bautista and Frederick W. Zechman**.

Xin Lu and Wei Feng, mathematical sciences, had their article "Harmless Delays for Permanence in a Class of Population Models with Diffusion Effects" accepted for publication by *Journal of Mathematical Analysis and Applications*.

Paula Kamenish, English, had her article "New Applications of Game Theory: Genet's 'Prisoner's Dilemma'" published in Volume 15 (1996) of *Cincinnati Romance Review*. The article, an outgrowth of a hypermedia conference presentation, uses A.W. Tucker's "Prisoner's Dilemma" to elucidate the 20th-century French play *The Maids*.

Cathy Birmingham, associate director of the University Union, published "Leadership Training, Concepts and Techniques" in *Concepts and Connections*, the newsletter of the National Clearinghouse for Leadership Programs. **Chris Kaberline, Steve Harper, Joanne Nottingham and Matt McLaughlin**, UNCW graduate, also contributed to the article.

Kelly Easton, English, had her story "Grief" published in *Frontiers*, a journal of women's studies.

Dale Cohen, psychology, had his paper, "Visual Detection and Perceptual Independence: Assessing Color and Form," accepted for publication in the journal, *Perception and Psychophysics*.

Brooks Dodson, English, had his essay titled "A Different Kind of Hero: *The Tale of Genji* and the American Reader" included in *No Small World: Visions and Revisions of World Literature*, edited by Michael T. Carroll, which has just been published by the National Council of Teachers of English.

Frederick Bingham, physics, presented a seminar titled "Interannual Variability of Intermediate Waters in the Western Equatorial Pacific" at the World Ocean Circulation Experiment Pacific Basin meeting in Newport Beach, Calif., in August.

Joan Heller, music, was the guest artist at the Talloires International Conference in France in July. Collaborating with international musicians including the St. Petersburg String Quartet, she sang four world premiere and two European premiere works to audiences at the Tufts European Center in Talloires, France.

Maurice Stanley, philosophy and religion, published a paper titled "The Paradox of the Individual" in the spring 1996 issue of *Bradley Studies*, the journal of the Bradley Society, Oxford University.

Steven Errante, music, had his piece "Battleship North Carolina March" performed by the North Carolina Symphony, under the direction of Gerhard Zimmerman, in Raleigh in May. The work was originally commissioned by the Battleship North Carolina Commission for the 25th anniversary.

Saxophonist **Frank Bongiorno**, music, has performed throughout the summer as a supporting musician for several artists including Johnny Mathis, Aretha Franklin and most recently Frankie Valli at the Palace Theater in Myrtle Beach, S.C.

Wei Feng, mathematical sciences, gave an invited lecture titled "Reaction-Diffusion Models in Ecology" at the second World Congress of Nonlinear Analysts in Athens, Greece, in July.

Joan Heller, music, and **Donald R. Hawley**, art and theatre, presented an American vignette, two stories by Hawley, "Fourth of July Parade in Lewisburg, West Virginia" and "Fourth of July on the Mall," and two songs by Charles Ives, "The Things Our Fathers Loved" and "Circus Band," at the Independence Day America Concert held at the Tufts University European Center in Talloires, France.

Ravija Badarinathi, production and decision sciences, was invited to give a seminar on "Practical Markov Chain Monte Carlo Using BUGS (Bayesian Using Gibbs Sampler)" at the University of Cambridge, UK, in July. The focus was how to use the BUGS computer software, which is being developed at Cambridge.

Financial Aid Book Money

Students with financial aid grants and scholarships in excess of their fall on-campus charges may use a portion of this aid to purchase their books at the Bookstore. Students relying on federal and private educational loans will be offered the same privileges via an agreement between the Financial Aid Office and Auxiliary Services. Students who receive a refund after their fall charges have been credited will be allowed to receive an on-line Harco credit to be used at the Bookstore.

Staff Development

- **Library Orientation Tour**, 2:30 p.m., today. Call ext. 3760.
- **Searching Randall Library Online Catalog (ROCK)**, 3:30 p.m., today. Call ext. 3760.
- **CONNECTIONS - Partners in Service Excellence**, six-hour course offered three consecutive Thursdays (two hours per session) - 1:30 to 3:30 p.m., Sept. 5, 26 and Oct. 3. To register call ext. 3712, e-mail Bestk or send registration form to Kimberly Best-Tuten in Human Resources.
- **Come Sign with Us**, 10-week course 2 to 3 p.m., Sept. 4, 11, 18, 25; Oct. 2, 9, 16, 23, 30 and Nov. 6 and 13.
- **The Trilogy: Conquering the Challenge of Change, Your Greatest Power and Living Your Dream**, three-day workshop, 9 a.m. to noon, Sept. 9, 16 and 30.
- **Principle-Centered Leadership 2** to 4 p.m., Sept. 17.

Please refer to the *Staff Training and Development Booklet* for registration information or call ext. 3712 for more information.

Medical Insurance Annual Enrollment

Medical insurance annual enrollment is through Sept. 3. This is the only opportunity during the year to change medical plans. Enrollment applications must be completed and forwarded to Human Resources by employees electing to change medical insurance plans. Call ext. 3713.

Vehicle Late Return Fee

The late return fee on all vehicles leased from the Motor Fleet will be \$50 per day. This does not apply to people who call the Motor Fleet office and receive permission to keep the vehicle for an extended period of time. Remember to call the Motor Fleet office at ext. 3591 during office hours or University Police at ext. 3184 evenings and weekends if unforeseen circumstances necessitate an extension of the original reservation.

Minimum Wage Increase

The minimum wage will increase 50 cents/hour effective Oct. 1, from \$4.25 to \$4.75 an hour. Departments using work assistance students should budget their use of funds accordingly.

Ordering T-Shirts

Purchasing has established a new contract with Seaspray Designs on Kerr Avenue. Joe Keffer, the UNCW representative, can be reached at 762-0153. Artwork that was on file with the former vendor, Seaside Designs, is now at Seaspray. Any job that has an outstanding workup sheet from Seaside will still be honored at Seaside. When ordering T-shirt printing, departments need to go to Seaspray Designs and complete a workup sheet of quantity, style, color and art charges. The contact person, department and phone number need to be included along with requested delivery date. The department inputs an electronic requisition referencing the vendor job number and sends a copy of the sheet as an attachment to Purchasing. Contact Gail Batten, ext. 7058 with questions and comments.

Packing Lists

Departments should send the packing lists from received merchandise to Purchasing. Receiving paperwork needs to be signed and sent to Purchasing within a few days of receipt. Call Tina, ext 3156, with any problems related to received goods.

VALIC Representative on Campus

VALIC offers an expanded array of investment options for 403 (b) participants with the addition of 12 new funds managed by Putnam Investments, Twentieth Century Funds and the Vanguard Group, Inc. David Haden, a VALIC representative, will be available from 8 a.m. to 4:30 p.m., Sept. 9 and 10, in Human Resources to review VALIC accounts or answer questions about starting a supplemental retirement plan with VALIC. All permanent, half-time or greater employees may participate in 403 (b) plans. Call ext. 3006 to make an appointment.

Performance Evaluations

State policy provides an informal and formal dispute resolution process for performance evaluation ratings. Employees with concerns regarding their performance rating must notify Human Resources by Sept. 20. Call ext. 3628 for more information.

Welcome

Please welcome the following new employees: Sonja Bartlett/Admissions; Mark Ciavarella/SB&TDC and Millie Vickers/Postal Services.

Degree Audit Training

Computer training sessions on the on-course degree audit and advising system will be held at 9:30 a.m., 10:30 a.m., 2 p.m. and 3:30 p.m., Sept. 30 and Oct. 1, in Hoggard Hall, Room 212. These are introductory sessions on the SIS and on-course system designed for any interested faculty member. Call Becky Fancher at ext. 3036 to register.

Wilmington Artist's Work Displayed in Union

Sally Mason, a Wilmington artist, will have her work on display in the University Union Living Room Sept. 3 - Oct. 11. The exhibit is titled "Temples and Cycles" and features metals, glass, stone and cloth.

Biking Police Bring New Look to Campus

The UNCW University Police Department now has two bike patrol officers to enhance the department's community policing program. Funding came from the U.S. Justice Department in a \$143,000 grant awarded to UNCW University Police for its "Cops Universal" project. UNCW is one of only four universities in the U.S. to receive the award. The grant will fund the salaries of two bicycle patrol officers until December 1998. UNCW Business Affairs funded the bicycles at \$1,000 each and the special gear for the officers.

Sgt. David Donaldson and Officer Christy Nelson made their debut at UNCW's Move-In '96, mounted on their top-of-the-line black and white Raleigh F-500 mountain bikes, wearing specially designed black and gray police biking uniforms.

The custom 21-speed bikes are lightweight and marked with police decals. They are equipped with fast release wheels, head and tail lights for night riding and a cyclometer, which keeps track of time, distance and speed. The officers' communication equipment is attached to their utility belts rather than the bikes.

"I'm excited about it! Bicycle policing is still kind of new in this area. Wilmington experimented with it a while back, but it didn't work out. We expect to learn a lot from this experience, and we'll use that knowledge to make our bike patrol, not just successful, but a standard-bearer like our Police and Community Networking Program (PAC'N)," Donaldson said.

The PAC'N program has been written about in the *Campus Law Enforcement Journal*, April 1995, and the *Campus Security Report*, Sept. 1995.

Donaldson is a four-year veteran of UNCW's University Police and a PAC'N officer.

As UNCW moves toward perimeter parking with a growing student population, Donaldson says bicycle patrols will be more efficient and effective than police cruisers. He expects shortened response time to calls, better access to campus locations, closer contact with more of the student body and better awareness of potential problems.

PAC'N is the educational arm of UNCW community policing with a full agenda of programs tailored to UNCW's community needs. Officers present crime prevention programs including Operation ID, Think Smart, RAD, bike safety and alcohol and drug prevention programs.

UNCW Professor, Russian Scientist Test Methods for Lessening Metal Levels in Estuaries

Kimon Bird, program coordinator for CMSR, received \$9,945 from NOAA to develop techniques to remove heavy metals from estuaries.

Bird collaborated with a Russian scientist several years ago to test algae as a possible removal substance. He is now working with Russian and American scientists over the Internet to develop two or three approaches to removing metal from estuaries.

While high levels of metal are not present in estuaries in southeastern North Carolina, this is a prevalent problem in Russia because many waterways are used as ship ports. Russia is also victim to years and years of environmental neglect. Some harbors are so contaminated that no life exists within them. In the United States, areas along the eastern seaboard that receive ship traffic, including the Chesapeake Bay region, also have high levels of metal.

Bird has begun testing several economically feasible and logistically possible methods for using marine plants to reduce the level of heavy metals in estuaries. Once methods are determined, Bird plans to work with Russian and U.S. governments to test the projects in both countries. If a method works, Bird hopes to continue testing in Japan, where metal pollution is a major problem.

ANNOUNCEMENTS

Making Smarter Choices Seminars

The annual Making Smarter Choices series of one hour seminars is open to all UNCW students interested in self-improvement. Seminars are held at 4 p.m., and again at 8 p.m., in King Hall Auditorium. The series is sponsored by Freshman Year Seminar, Student Academic Support Programs, Student Development Center and the Learning Center. Drug and Alcohol Awareness presented by Dee Hamilton of the Student Development Center will be held at 4 and 8 p.m., Sept. 11.

Chancellor's Student Hours

The chancellor will hold student hours 8:30 to 9:30 a.m., Sept. 6; 3 to 4 p.m., Sept. 17; 3:30 to 4:30 p.m., Sept. 25 and Oct. 15, in Alderman Hall, Room 110.

Employee Appreciation Week

Employee Appreciation Week is Sept. 9 - 13. Activities will include "A Breakfast for Champions," 7:30 to 9:30 a.m., Sept. 9, in the University Center Ballroom; a "Luncheon Fiesta!" 11:30 a.m. to 2 p.m., Sept. 12, in the University Center Ballroom; "Ta Da, Zippity Do Da, Well Da" workshop by humorist, Glen Walters, 9 a.m. to noon, Sept. 13, in the University Center Ballroom and a Good Ole Fashioned Ice Cream Social, 3 to 5 p.m., Sept. 13, in the University Center Ballroom. Human Resources is recruiting musicians, dancers, poets, actors, etc., for the ice cream social. Call Kimberly at ext. 3712 for details.

UNCW Hosts Trumpet Recital

Trumpeter Richard Carson Steuart will perform at 8 p.m., Sept. 12, in Kenan Auditorium. He will perform works by J. S. Bach, Eugene Bozza, Georges Enesco, Kent Kenan and Alexander Goedicke. The concert is free and open to the public.

Levy to Speak at Professional Secretaries Meeting

Diane Levy, director of the Honors Program, will be the guest speaker at the September meeting of the Cape Fear Chapter of Professional Secretaries International. Her topic will be "Women: Work and Family Issues." The meeting will be held at 7 p.m., Sept. 10, at Miller Motte Business College, Room 30. The public is invited to attend.

UNC Charlotte Professor to Lecture on Teaching

Professor Charlynn Ross, the first senior lecturer of UNC Charlotte, will give two workshops at UNCW. The first workshop is sponsored by the Center for Teaching Excellence and will be held from 1 to 5 p.m., tomorrow. It will focus on personalizing the large lecture and working effectively in small groups. The second workshop is co-sponsored by the Center for Teaching Excellence and the Learning Center and will be held from 9 a.m. to 1 p.m., Sept. 7. This workshop is part of a tutor/teaching assistant training program and will focus on working effectively with small groups and accommodating students with different learning styles.

Leadership Film Series

The Leadership Center's Leadership Film Series provides a chance for students, faculty, staff and the community to view films with leadership themes and then discuss them. All films start at 7 p.m., in Center Stage Cafe. "Grand Canyon" will be shown Sept. 9, "All the President's Men" will be shown Oct. 14 and "The Mission" will be viewed Nov. 4. Faculty or staff interested in hosting one of the films, please call ext. 3797.

Fall Faculty Meeting

The fall faculty meeting will be held at 4 p.m., Sept. 12, in Cameron Auditorium, Room 105. All faculty members are encouraged to attend.

Honors Scholars Reception

The campus community is invited to meet the new and continuing honors scholars at a reception from 4 to 6 p.m., Sept. 9, in the University Center Ballroom. Refreshments will be served. For more information, call ext. 4181.

Thank You from Office of Dean of Students

The staff of the Office of the Dean of Students wishes to thank all members of the faculty, staff and administration who took part in the Aug. 28 social for non-traditional students. There was an excellent turnout of students and university personnel. Direct non-traditional students who have concerns or issues that the Dean of Students Office can address to the University Union, Room 209 or contact ext. 3119.

When a Kiss Is Not Just a Kiss

The special presentation, "When a Kiss Is Not Just a Kiss," originally scheduled for 7 p.m., Sept. 16, will be presented at 3 p.m. and 7 p.m., Sept. 16, in the University Center Ballroom. The program is an interactive theatre project which addresses date rape. It will be presented by a group of six 1996 graduates of Brown University and alumni of their peer education program. Faculty should encourage students to attend. Seating is limited, so students who are able, should attend the 3 p.m. program. Vouchers will be available. Call ext. 3119 for more information.

Bookstore Celebrates Faculty/Staff Appreciation Week

The Bookstore will celebrate Faculty/Staff Appreciation Week with a gift giveaway at 5 p.m., Sept. 12. Faculty and staff should stop by the bookstore to register with a valid ID card.

The Parking Improvement Committee is Still at Work

Last spring the Chancellor appointed a Parking Improvement Committee made up of students, faculty, and staff to review parking at UNCW. A committee has been hard at work trying to come up with some short-term help while we look at longer term solutions.

We realize that there are many members of our campus community that are upset with the parking situation at UNCW. We know this because we surveyed students, faculty, and staff last spring and we know it from our own firsthand experiences with parking.

One thing we quickly learned about this issue. There are no simple answers. And so listed below are some changes that we've made to parking for this fall along with some recommendations for parking during this fall semester. Also listed below are a few of the ideas we are investigating as potential long-term parking assistance.

We don't want you to think that we are finished with this issue and we will provide more updates in this column in the near future. In the meantime, please send us any suggestions that you may have.

Thank you,
The Parking Improvement Committee

PARKING: What should I do now!

1. Find alternatives to driving, especially if you live close to campus. Ride a bike, rollerblade, or walk to campus whenever possible.
2. Realize that it will be difficult to find parking close to your building so plan on parking in a more remote lot like at Trask Coliseum or at Wagoner Hall.
3. Drive to campus but bring a bike to use on campus once you park in a remote lot.
4. Use the grass lot at Trask if you can't find paved parking quickly.
5. Do not que up in parking lots waiting for a space. This congests traffic and causes accidents. Proceed immediately to Trask Coliseum or Wagoner as your best opportunity for parking.
6. Keep things in perspective. Many of your friends at State or Carolina can't even think about parking on their campuses.

What's being done now on parking!

1. A new 200-car parking lot is to begin construction this semester with a completion date in spring 1997.
2. The grass lot at Trask is open now for parking.
3. Bike racks have been added to remote lots at Wagoner and Trask so that students can drive, park quickly, and then use their bikes on campus.
4. Signs have been added to certain lots to indicate when they are full.
5. We are discouraging queuing or waiting in a full parking lot to get a spot when classes change. This adds to the congestion and makes it difficult for people moving around campus. It is unsafe with many cars queuing up for a few potential spaces and it wastes time and gas. It also perpetuates the notion that there is no parking when there is parking in more remote lots throughout the day.
6. Some faculty/staff spaces that are no longer necessary are being repainted into student spaces.

What is the committee doing long term?

The committee is reviewing a number of potential long term solutions for parking at UNCW. A few of these include:

1. Banning freshmen from having cars on campus.
2. Better transportation to and from campus.
3. No parking allowed for students who live within a 1/2 mile radius of campus.
4. Building more parking including possibly a parking deck.

We also want your ideas. Simply drop a note in campus mail to Parking Improvement Committee, c/o Dick Scott, AL 208, or email to Parking via the VAX.

QUALITY FACULTY . . . QUALITY STAFF

Robert Y. George, biological sciences and CMSR, participated in the first World Fulbright Alumni Conference on "Spirit of Global Understanding" in Budapest, Hungary, in August. He presented a "Concept Paper on Integration of Science and Humanity" in the plenary session. He also took part in a research cruise aboard *Arne Tiselius* in the Skagerrak and North seas with Guido Tillart of the Gorlaeus Physiology Laboratories of the University of Leiden, Netherlands, and Jarle Stromberg of the University of Goteborg, Sweden, for two weeks in early August to study hypoxic adaptations of krill swarms. The results of this study were published in the international journal, *Marine Biology*.

Joan Heller, music, will be the guest soprano soloist at the Duke University New Music Concert Series, "Encounters with the Music of Our Time" at 8 p.m., Oct. 10, in the Nelson Music Room, Duke University. She will sing a new work for soprano, flute, clarinet, and cello by David Crumb, composer-in-residence at Duke University Department of Music.

Lee Schweninger, English, had his essay "Reading the Garden in Gilman's 'The Yellow Wallpaper'" published in *ISLE*, journal for Interdisciplinary Studies in Literature and the Environment.

Jimmy Reeves, Center for Teaching Excellence, presented a paper titled "The Software Revolution Meets Textbook Publishing" at the 212th national meeting of the American Chemical Society in August in Orlando, Fla.

Brooks Dodson, English, had his review of Lee Erickson's *The Economy of Literary Forms: English Literature and the Industrialization of Publishing, 1800-1850* published in *Choice*.

Kent D. Schenkel, accountancy and business law, had his article "Putting Valuation in Context: Take Opportunities, Avoid Pitfalls" published in the August issue of *Trusts & Estates*.

Kim Key, accountancy, had his article "Worker Classification Issues" accepted for publication in the *Financial Manager for the Media Professional*. The article was co-authored by Mark Levenfus, a partner in the New York firm, Paneth, Haber and Zimmerman.

Peggy Shafer, history, presented "Playing the Mechanic: Gender, Technology and Tourism" at the Society for the History of Technology annual meeting in London.

Joseph Pawlik, biological sciences, published a paper with his former master's degree student, **Brian Chanas**, in *Oecologia*, Vol. 107, titled "Does the Skeleton of a Sponge Provide a Defense Against Predatory Reef Fish?" Chanas is currently enrolled in the Ph.D. program at the University Federal Fluminense in Niteroi, Brazil.

Lindsay Pentolfe Aegerter, English, had her article "A Pedagogy of Postcolonial Literature" accepted for publication in the June 1997 issue of *College Literature*.

Joan Willey and **Robert Kieber**, chemistry, received \$72,780 for their project "Flux of Dissolved Organic Carbon in Coastal Rainwater: Impact on Global Carbon Cycling and Hydroperoxide Chemistry in the Atmosphere."

Eleanor Wright, curricular studies, received \$13,600 for "North Carolina Collaborative Preparation Program in Severe/Profound Handicaps."

Daniel Stahl, Printing Services, was awarded the Governor's Award for Outstanding Volunteer Service at a recognition ceremony held in Greenville, N.C., in August. Stahl has 16 years volunteer service with the Winter Park Fire Department.

Terry Theodore, art and theatre, presented Anton Chekhov's *Swan Song* at Edward Albee's fourth Theatre Conference in August in Valdez, Ala. The production was presented in conjunction with Russia's Sakhalin International Theatrical Chekhov Center's production of *True West*. Theodore and members of the Chekhov company critiqued the Russian play.

Staff Development

- **The Trilogy: Conquering the Challenge of Change, Your Greatest Power and Living Your Dream**, three-day workshop, 9 a.m. to noon, Sept. 9, 16 and 30.

- **Principle-Centered Leadership 2** to 4 p.m., Sept. 17.

Please refer to the *Staff Training and Development Booklet* for registration information or call ext. 3712 for more information.

Vehicle Late Return Fee

The late return fee on all vehicles leased from the motor fleet will be \$50 per day. This does not apply to people who call the motor fleet office and receive permission to keep the vehicle for an extended period of time. Remember to call the motor fleet office at ext. 3591 during office hours or university police at ext. 3184 evenings and weekends if unforeseen circumstances necessitate an extension of the original reservation.

Minimum Wage Increase

The minimum wage will increase 50 cents/hour effective Oct. 1, 1996, from \$4.25 to \$4.75 an hour. Departments using work assistance students should budget their use of funds accordingly.

Packing Lists

Purchasing requests that all departments send the packing lists from received merchandise. Receiving paperwork needs to be signed and sent to Purchasing within a few days of receipt. Call Tina, ext 3156, with any problems related to received goods.

Performance Evaluations

State policy provides an informal and formal dispute resolution process for performance evaluation ratings. Employees with concerns regarding their performance rating must notify Human Resources by Sept. 20. Call ext. 3628 for more information.

VALIC Representative on Campus

VALIC offers an expanded array of investment options for 403 (b) participants with the addition of 12 new funds managed by Putname Investments, Twentieth Century Funds and The Vanguard Group, Inc. David Haden, a VALIC representative will be available from 8 a.m. to 4:30 p.m., Sept. 9 and 10, in Human Resources to review VALIC accounts or answer questions about starting a supplemental retirement plan with VALIC. All permanent (half-time or greater) employees may participate in 403 (b) plans. Call ext. 3006 to make an appointment.

Degree Audit Training

Computer training sessions on the On-Course degree audit and advising system will be held at 9:30 a.m., 10:30 a.m., 2 p.m. and 3:30 p.m., Sept. 30 and Oct. 1, in Hoggard Hall, Room 212. These are introductory sessions on the SIS and On-Course system designed for any interested faculty member. Call Becky Fancher at ext. 3036 to register.

Chancellor's Staff Advisory Committee

The Chancellor's Staff Advisory Committee meets approximately every six weeks with the chancellor to discuss issues that concern staff members and the university. Meetings are scheduled for Sept. 9, Oct. 16 and Dec. 11. Committee members are: Annette Anderson, Public Service; Mike Arnold, Alumni Affairs; Claude Brown, Purchasing; Mary Browning, Bookstore; Pat Cavileer, Accountancy and Business Law; Dolores Harvey, Institutional Research; Jeff Hunnicutt, Office of Information Technology; Mary Kelly, Watson School of Education; Sherry King, chemistry; Dianne Matthews, Student Development Center; Joanne McDowell, Human Resources; Sandy Rogers, sociology and anthropology and George Syles, Moving Services.

Classes Resume Tomorrow at UNCW

Classes are scheduled to resume at 8 a.m., Tues., Sept. 10. Announcements have been made on radio, TV and the newspapers; however, there are many students who have serious problems with transportation or living accommodations. Some have not been able to return to their residences yet. While it is faculty prerogative to establish their own attendance policies, the university would appreciate your sensitivity to legitimate student needs and hardships.

Equally, there are faculty and staff who have similar problems. I ask that academic deans, department chairs and other faculty assist as needed, for example, in covering classes for their faculty not able to be present. Faculty or departmental staff experiencing such problems should contact their chair immediately.

If I can help, please let me know at ext. 3389.

Marvin K. Moss
Vice Chancellor for Academic Affairs

Special Thanks

Special thanks to Bobby Miller, Jan Lion, Patsy Parker and Lisa Allred for working on Saturday so that state employees received paychecks this month.

Employee Appreciation Week Activities

All activities scheduled for Sept. 9-13 will be rescheduled.

Hurricane Assistance to Employees

Food

Employees and their family members may eat at Wagoner Hall at special reduced meal prices. Breakfast is 7 to 9:30 a.m. at \$2.85/person; lunch is 11 a.m. to 2 p.m. at \$3.65/person; dinner is 4:30 to 7:30 p.m., Mon.-Thurs. and 4:30 to 6:30 p.m., Fri. at \$4.25/person and Sunday brunch 10:30 a.m. to 1:30 p.m. at \$4.75/person.

Additionally, Campus Dining will provide box-dinners for employees at \$3.50/person Monday through Friday. Employees should call ext. 3600 by noon to reserve meals. Pick-up will be between 4 and 5 p.m. at the loading dock at Wagoner Hall.

Emergency Funds

The loan limit for the employee emergency loan program has been increased from \$250 to \$500 for hurricane-related expenses. Employees should apply in person in Human Resources. There are no interest charges, and loans are repaid over six months through payroll deduction.

Water

A water filling station has been established at the loading dock at Wagoner Hall. Employees may fill their own containers without charge.

Hurricane-Related Questions

All hurricane-related questions should be referred to a special phone bank staffed by academic and administrative personnel at exts. 7164, 7165 and 7166.

Employees with Special Needs

Employees with special needs can call Human Resources at ext. 3160 and they will attempt to accommodate them.

Childcare

Employees with children whose childcare facilities are not open may bring their children to work with supervisory approval.

Counseling

UNCW psychology professors are offering free, confidential crisis counseling to all UNCW employees and the public affected by Hurricane Fran. Counseling will be available in-person or by phone. More information can be obtained by calling the UNCW Psychology Department at 962-3370.

Personal Hygiene

Employees and family members with university ID cards (including supervised minors) may use locker room facilities at Trask for personal hygiene.

Family member ID cards are available at Auxiliary Services in the Burney Student Support Center. The customary fee of \$10 is waived through Sept. 20.

Damage Reports

Damage reports should be sent to Barbara Harlow, Office of Business Affairs, Alderman Hall, Room 208, ext. 3139. Report any physical damages to the Physical Plant.

UNCW Hurricane Assistance to Employees cont. _____

Work Time/Additional Time Off

The university officially closed, for timekeeping purposes at 8 a.m., Thurs., Sept. 5, through 8 a.m., Tues., Sept. 10. Lost time during closed hours is charged to "catastrophic weather" and does not need to be made up.

Employees who worked during this period receive "double time" by receiving extra time pay or comp time for any hours worked, subject to regular over-time reporting. Supervisors should afford maximum flexibility to employees who need additional time off to take care of hurricane-related business or property damage. Additional time off should be treated like "adverse weather," which can be made up within 12 months.

The University opened Mon., Sept. 9 for faculty and staff who were able to return to work to help prepare for the return of students and resumption of classes on Tuesday.

The chancellor has authorized department heads to approve paid time off for employees participating in emergency volunteer services in the immediate vicinity of the university campus. This includes an employee's home area, but does not apply to remote volunteer emergency service areas.

Hurricane Fran Damage Report _____

At last count, just in developed areas of campus (not counting the woods in the rear of campus), UNCW has lost 436 trees. Housekeeping and grounds staff have worked extremely hard to get Galloway Hall cleaned up from the water damage resulting from partial loss of the roof and contractors have nearly completed temporary repairs to the roof. University police have been working around the clock to make sure the campus has been safe. It has taken a huge effort to get the campus ready for students, faculty and staff to return.

Chancellor James R. Leutze was extremely complimentary of the effort of university personnel involved in the Hurricane Fran clean up and repairs. "Our university personnel have put forth an extraordinary effort to protect state property and to make the campus as accessible as possible. Their efforts are deeply appreciated," he said.

A \$1.3 Billion Growth Forecasted for Carolina Economy Following Fran

Destruction, flooding and personal heartaches swept coastal North Carolina in the path of Hurricane Fran. Now, the region is poised for a 15 percent surge in economic activity over the next 8-12 months as government aid and insurance proceeds pour into the area.

The UNCW Cameron School of Business economic development and forecasting office predicts that economic activity will rise an estimated \$1.3 billion in the five-county area of Brunswick, Carteret, New Hanover, Pender and Onslow as a result of the storm. Economist William W. Hall, Jr., director of the Center for Economic Development, stated that more exact measures of the impact will be available as hurricane losses, government aid, insurance proceeds and other external reinvestment figures are better quantified.

At these forecast levels, coastal employment should rise by as much as 9 percent, in turn reducing the average monthly unemployment rate in the area by as much as one-half of one percentage point over the period. Hall estimated that the surge will create a maximum of 14,000 jobs over the next 12 months in the five-county area but emphasized that these will not be permanent jobs.

Chancellor Leutze reported that preliminary estimates of damage to the campus are nearing the one million dollar mark. Damage reports are continuing to be submitted as activities on campus return to normal, but as of

Sept. 10, damage estimates include more than \$490,000 in roof and building repair for academic and support buildings; \$200,000 for roof and building repair for student housing; \$40,000 for pier repair at the Myrtle Grove site of the new Center for Marine Science Research building on the Intracoastal Waterway; \$75,000 for campus infrastructure repair and \$160,000 in landscape cleanup and tree replacement.

Leutze also explained why it was so important that UNCW reopen for classes as quickly as possible. "Our students have already paid for their education," He said. "Every day we're closed, they lose collectively a half million dollars. We have a firm obligation to our students and the state of North Carolina to get up and running as soon as possible."

By having the university open, Leutze said, "We are trying to bring some normalcy to the lives of students, faculty and staff who have been hard hit by Hurricane Fran."

Students Help Clean-up After Hurricane Fran

The UNCW Leadership Center organized a volunteer effort this past weekend among students to go out into the community and clean up after Hurricane Fran. More than 130 students from student organizations worked four-hour shifts Saturday and Sunday at Wrightsville Beach Park, Hoggard High School, Laney High School, J.C. Roe Elementary School, Pine Valley Elementary School and the UNCW campus (Alderman and Trask areas). Students also worked shifts at the Wrightsville Beach Town Hall Hurricane Hotline, helped clean debris at eight homes owned by the elderly and delivered Meals on Wheels for six routes.

The Leadership Center's efforts to help the victims of Hurricane Fran include a canned and nonperishable food drive, bottled water collection, clothing collection, helping find housing for those displaced by the storm, placing individual volunteers via the United Way and recruiting hotline workers.

UNCW sports teams worked shifts of the Red Cross Relief Center at WinterPark Baptist, and Intervarsity Christian Fellowship had more than 40 people help local residents Saturday afternoon.

UNCW Family Weekend Cancelled

UNCW's Family Weekend, scheduled for Sept. 20-21, has been cancelled to release hotel/motel space for use by Hurricane Fran victims and relief workers.

QUALITY FACULTY . . . QUALITY STAFF

David Berman, Sandra McLaurin and **Douglas Smith**, mathematical sciences, had their article "Fairness in Spouse-Avoiding Mixed Doubles Round-Robin Tournaments" accepted for publication by *Congressus Numerantium*.

Terry Theodore, art and theatre, wrote a critical film review of Eddie Murphy's *The Nutty Professor* for DIALOG and PRODIGY databases in August.

Lindsay Pentolfe Aegerter, English, will have a chapter on South African writer/activist Ellen Kuzwayo included in *Postcolonial African Writers: A Bibliographical Sourcebook* to be published by Greenwood Press in 1997.

Barry Salwen, music, had his paper, "Piano Sonata #2 of Roger Sessions 1896-1985: A Lecture-Recital," accepted for presentation at the upcoming national conference of the College Music Society. He will present it Oct. 24 at the conference in Atlanta.

Drew Rosen, production and decision sciences, has been reappointed as an advisor to the United States Man and the Biosphere program; Marine and Coastal Ecosystems Directorate. He recently attended a meeting of the directorate in Maui, Hawaii. The current project he is involved with focuses on the ecological and socioeconomic impacts of alternative access strategies in Marine Protected Areas and Coastal Protected Areas (MACPA). Funding for this project is provided by UNESCO and NOAA.

Remonda B. Kleinberg, political science, organized a panel for the American Political Science Association, Aug. 28-Sept. 1, called "New Inequalities and New Democracies? Accommodating and Conflicting State-Society Relations in the Transition and Consolidation of Democracy." She also gave a paper called "Strategic Alliances and Inequalities: State-Business Relations in Mexico." Kleinberg gave a paper on Modern Mexico at the Society for the British Latin America Studies Association in March and is invited back to St. Andrews University in Scotland in the spring.

Joan Heller, music, will be a featured artist at Jordan Hall, New England Conservatory of Music on Oct. 30. The concert titled after a poem by William Carlos Williams, "America Is," will feature music of Milton Babbitt, Elliott Carter, Robert Cogan and Pozzi Escot, four works for soprano. She will give a master class to students at New England Conservatory of Music titled "Singing New Music, Demanding and Rewarding."

Elizabeth Ervin and **Donald Bushman**, English, had essays published in the collection *Keywords in Composition Studies*, published by Boynton/Cook-Heinemann. Ervin wrote "Epistemology" and "Institution." Bushman wrote "Expressive Writing," "Invention" and "Power."

Deborah Dowd, HPER, presented "The Relationship Between Physical Activity and Quality of Life" at the fourth International Congress on Physical Activity, Aging and Sports at the University of Heidelberg in Germany.

Larry Usilton, history, had a book published by Scarecrow Press of Lanham, Md. and London titled *The Kings of Medieval England, c. 560-1485*. It is a volume in the McGill Bibliographies series.

Wei Feng, mathematical sciences, published a paper with a former undergraduate student, **Jonathan Rowell**, in *Proceedings of Dynamic Systems and Applications*, Vol. 2, titled "Population Dynamics in Complex Predator-prey Interactions." Their research concerns mathematical modeling of a four-species ecological system in marine biology studied by **Martin Posey**, biological sciences. This paper is partially supported by the Undergraduate Research Fellowship and the Office of Academic Affairs.

Melton McLaurin, history, received funding from the National Endowment for the Humanities for his seminar "The Twentieth Century Segregated South through Autobiography." Seminar participants will use four Southern autobiographies that represent differing gender and racial perspectives to examine race, class and gender in the society of the 20th century South.

Susan Lovelace, CMSR, received funding for her project "On-line with Estuary Net." Secondary school students will explore water quality and collect long-term data on variables that affect it. Bodies throughout the state will be tested. Students will learn the importance of computer networking as a tool in sharing their work with other researchers.

Freedom of Speech in the Cyberspace University

UNCW will be a host site for the national teleconference, "Freedom of Speech in the Cyberspace University," at 1 p.m., Sept. 30, in the University Center Ballroom. Technological change is occurring faster than most of us realize. Eventually it will encompass an interactive information highway with vast social implications that are just now being discussed.

Colleges and universities have an opportunity to lead through educational efforts that encourage individuals to consider the needs, rights and values of others in the campus community. All faculty and staff are invited to attend. The teleconference is sponsored by the Division of Student Affairs, Office of Information Technology and the Center for Teaching Excellence.

New Faculty Breakfast Meeting

The Office of Research Administration is sponsoring a "breakfast meeting" for all new faculty Sept. 24. Call ext. 3810 for more information.

Dr. Glen Walter is currently a Professor in the Department of Counseling and Development at Winthrop University. He received a B.A. Degree in Education from Concordia Teacher College in River Forest, Illinois, in 1970. He was a Minister of Education for two years in the Lutheran School System. The first year he taught 6th and 7th grades in Kaneohe, Hawaii, and the second year he taught 4th grade in San Diego, California. He also taught 5th and 6th grades in the public schools in St. Louis, Missouri. He received his Masters Degree in Counselor Education from Southern Illinois University, Edwardsville, in 1974. After receiving his Masters he worked as an elementary school guidance counselor in the Greenville School District, Greenville, Illinois. He earned his Ph.D. from the University of Florida, and taught at Eastern Illinois University before arriving at Winthrop University.

Dr. Walter has written a book entitled So Where's My Apple? Diary of a First Year Teacher that, with a series of twelve of his video tapes for first year teachers, are being used as an induction tool to help people make a smoother transition into the teaching profession. His second book, The Ta - Da Experience or 9 Steps to Raising Your "I Can" Score, is also accompanied by a series of 10 video tapes.

Dr. Walter has hosted and produced the television series "The Magic of Learning" that was aired by South Carolina ETV. He has also hosted and co-produced the television series entitled "The Zone" which explored issues for adolescents. "The Zone" is also aired by South Carolina ETV, and besides South Carolina, it can be seen in parts of North Carolina and Georgia. It was nominated in 1994 for an Emmy Award for the episode "Teen Death and Suicide". In 1995 "The Zone" was nominated and won an Emmy for the episode on "DUI and Teens."

One of Dr. Walter's favorite courses to teach at Winthrop is his graduate course on play, humor, and laughter. In addition, he has conducted over 600 workshops and major speeches for education and business organizations that have educated, stimulated, and entertained throughout the country.

DOS: New Faces, Programs

A New Dean of Students

Terrence Curran joined Student Affairs August 30 as the new dean of students. He has served as associate dean of students at Lehigh University in Pennsylvania since 1985. Curran's office is located in Alderman Hall, Room 101. His extension is 7250.

**Curran**

New Programs, Ideas

New or expanded programming responsibilities have been brought to the Office of the Dean of Students this year under the direction of Diane Edwards. As assistant dean of students, she will coordinate services in sexual assault education, sexual harassment, and human relations as well as serve as advisor to the Student Media Board and as a liaison and advocate for non-traditional students.

Sexual Assault Education Services

- Through Reach Out!, focus on peer education and community-wide events as ways of educating students about sexual violence and particularly, violence in relationships.
- Provide training and programming for residence hall groups, academic classes, and student organizations and student employee groups.

Office Staff

Pictured are the office staff
(L to R): Terry Curran, dean of students; Diane Edwards, assistant dean of students; Cheryl Hicks, program assistant; Leah Payne, assistant dean of students; (Not pictured: Emma Kay Thorton, office assistant).

- Sponsor campus-wide programs and events each year like the "Healing Works" art exhibit, "Take Back the Night" rallies, and "purple ribbon campaigns."

Two campus-wide events are planned for fall 1996:

- Monday, September 16 "When A Kiss is Not Just A Kiss"—an interactive dramatic workshop on dating violence.
- Wednesday, October 2 "Football, Feminism and Other Contemporary Contradictions" with speaker Jackson Katz. In the University Center Ballroom at 7:30 pm. Program will offer a male perspective on the impact of media, sports and men's attitudes on male violence against women.

Other events will be scheduled throughout the semester.

Sexual Harassment Advocacy

- Serve as a primary point of contact for students who believe they have been sexually harassed at UNCW
- Advise students on formal and informal options available to them for addressing sexual harassment.
- Collaborate with the Human Resources Department on matters regarding sexual harassment policy.
- Provide a variety of educational services to address sexual harassment, including educational presentations, distribution of printed materials, and special awareness programs.

Human Relations Programming

- Develop and initiate for the campus community programs and services that address human relations issues.
- Collaborate with other university departments to offer services addressing human relations.
- Develop a campus-wide coalition to identify and address critical issues surrounding campus human relations.

Student Media Board Advisor

- Provide daily oversight of media budgets, billing and other financial transactions for each medium.
- Assist the Student Media Board, the board's chairperson and each media manager and advisor with day-to-day issues regarding the individual media.
- Serve as a liaison between the individual media, the board and the university community.

Non-Traditional Student Advocate and Liaison

- Communicate to non-traditional students that this office can be a valuable resource and point of contact for them.
- Initiate contact with other campus offices that have a great deal of contact with nontraditional students and develop with them (and several student representatives) a network through which to gather and share information on our students and their issues and propose ways to address them.
- Develop services and programs targeting non-traditional students.

Greek Affairs

Fraternities and sororities, also known as Greek organizations, are social organizations that can help personalize the college experience by offering

- close friendships
- leadership opportunities
- scholastic support systems
- a chance to give to the community through service projects
- educational programming
- exposure to potential careers
- intramural and social opportunities

Rush or intake is a time for interested students to take a closer look at Greek life at UNCW. Students meet members, learn about the different activities and programs of each group, and begin new friendships. Students should not miss class for rush. The Greek system makes accommodations for students who have class during rush functions.

Panhellenic Council sorority rush is September 10-15. Interfraternity Council fraternity rush is September 15-20. National Pan-Hellenic Council intake is conducted by each individual chapter throughout the year.

If you have questions or concerns about the Greek system at any time during the year, please contact Leah Payne, assistant dean of students, in the Dean of Students Office, 209 University Union, 962-3119.

THE DIVISION OF STUDENT AFFAIRS • SEPTEMBER 1996

Career Services at UNCW

The central purpose of Career Services is to help students prepare for academic and career success. Freshmen and sophomores are assisted with career assessment, values clarification and occupational data to help them make informed choices of academic majors. Students also are provided opportunities for experiential learn-

ing and discovering the relationship of skills acquired to the broader work world. Career Services helps prepare graduating seniors to be successful candidates by helping them translate their academic and co-curricular experiences into successful job campaigns or graduate school applications.

UNCW Careers Registration

UNCW Careers Registration

is a special version of Resume Expert, customized for our campus. The program disk is designed for use by one student, and can be updated at any time. Uploading a disk at Career Services registers the student for all services.

UNCW Careers is developed for all students

freshmen through seniors and alumni.

UNCW Careers for Freshmen & Sophomores:

- Builds a portfolio of activities and leadership experiences.
- Includes students in the database for specific job referrals: part-time, summer, internships.
- Helps develop a basic resume to apply for part-time & summer jobs, campus leadership opportunities, scholarships & internships.

UNCW Careers for Juniors & Seniors:

In addition to all listed above,

- Includes students in the database for all job referrals, internships and full-time employment.
- Allows access to on-campus interviews.
- On-line tutorial for developing four powerful, professional resumes.
- Software to create cover letters and other job search correspondence.
- Option for student to post resume on the World Wide Web.

Students receive all these services for a one-time disk fee of \$18, and can use the disk to remain part of the database throughout their worklife.

Office Staff

Career Day

Thursday, Oct. 3

11am-2pm • Trask Coliseum

- For All UNCW Students
- Career Information
- Contacts for Internships & Jobs
- Door Prizes for Students
- Organizations will include: Walt Disney World, Research Triangle Institute, Burlington Industries, SAS Institute, Carroll's Foods, New Hanover Regional Medical Ctr, Wachovia Bank, United Parcel Service, etc.

Career Day '96, scheduled for Thursday, October 3, will bring together UNCW students, faculty and staff with representatives of approximately 50 employers from around the region. This is an opportunity for students to gather career information about specific organizations and industries, and get "real world" data about future work trends. Freshman and sophomore students will find this information helpful as they consider different academic majors and career fields.

Upperclass students also will make contacts for internships or summer jobs, and graduating students will find information for full-time employment. All this, and student door prizes too! Attend UNCW's premier career event—Career Day '96 on October 3.

Changes to Class and Examination Schedule for Fall

To compensate for the class days lost to Hurricane Fran, the following changes have been made to UNCW's Fall '96 calendar in order to provide both students and faculty the class time required to address adequately the academic requirements of the semester's scheduled courses:

- The final examination period will be shortened by two days. Exams will begin on Wed., Dec. 11, with four three-hour exams scheduled each day, beginning at 8 a.m., 11:30 a.m., 3 p.m. and 7 p.m.
- Three additional class days have been added to the fall calendar. Sat., Nov. 23, will be a replacement day for classes that normally meet on Fridays. Mon., Dec. 9, will be a replacement day for classes that normally meet on Mondays. Tues., Dec. 10 will be a replacement day for classes that normally meet on Thursdays. Thursday, rather than Tuesday, is specified for the benefit of once-a-week classes and labs, since no Tuesday classes were lost.
- No student will be required to take more than two exams on the same day. Students scheduled for more than two exams on a single day should consult the Final Examination Policy on page 65 of the 1996-97 undergraduate catalogue for procedures to be followed to reschedule exams so that no more than two are taken on the same day.
- The last day for undergraduates to withdraw with W has been changed from Oct. 2 to Oct. 8.

Leave Donations

Three employees need donated leave to avoid financial hardship during their recovery period or emergency family leave. Mary Ann Strickland, fine arts and the Dean's Office CAS; Don Mintz, Physical Plant, maintenance and Barbara Jackson, Student Development. Donate vacation leave by sending a leave request form to Human Resources. Call ext. 3161 for more information.

UNCW Spearheads Jazz Renaissance in Wilmington

In the early 80's jazz was a prevalent part of the "down town scene." The St. Thomas Festival, held in downtown Wilmington each spring, hosted jazz greats including Benny Goodman and Ella Fitzgerald. Winton Marsalis, the "Tonight Show's" band leader, played downtown as well. But by the late 80's the general public's interest in jazz seemed to die down; however, over the last few years a renewed interest in jazz has become a major influence on the music scene in Wilmington.

"Wilmington has a healthy jazz life in relation to its size. The jazz presence is about the same as it is in a large city," said Frank Bongiorno, music department chair and saxophonist.

Bongiorno, music professors and UNCW bands have played in downtown clubs including Gentleman Jim's. They perform frequently at Kenan Auditorium, host a jazz camp each summer, travel to high schools and participate in statewide, national and international jazz music festivals. The UNCW Jazz Ensembles have been invited to perform at the Graz International Jazz Festival in Graz, Austria in 1997. UNCW also hosts a jazz festival each spring where high school and college bands are invited to perform for guest artists.

Bongiorno is a renowned saxophonist who has been on UNCW's faculty since 1982. He has been a supporting musician for The Four Tops, Carol Channing, the North Carolina Symphony and Frankie Valli.

Bongiorno was a featured soloist with the Orchestra Filarmonica Marchigiana in Italy. He has performed in Berlin, Boston, Los Angeles, New York, Tokyo, Montreux and Pesaro, Italy. This artist has released several recordings including "Classic Saxophone," volumes 1 and 2.

"UNCW has spearheaded the jazz renaissance in Wilmington. Ninety percent of the area's performers are students or former students."

- Frank Bongiorno

UNCW's jazz faculty includes four accomplished jazz musicians. In addition to teaching at UNCW, each member of the jazz faculty maintains a busy performance schedule as a soloist as well as recording and supportive musician. The jazz faculty are active clinician/performers throughout the country and are dedicated to the pedagogy and perpetuation of jazz as an art form.

Bassist Herman Burney is a frequent local performer who has accompanied jazz greats including Marcus Roberts, Branford Marsalis, Dorothy Donnegan and Charlie Byrd.

Ken Foberg has been performing on the trombone since 1965. He spent 25 years playing back-up for television

shows and movies including "Starsky and Hutch" and the TV series "Mission Impossible." Six years ago he played for the movie *Casper the Friendly Ghost*. Foberg trained at Boston Conservatory of Music and has played with Duke Ellington and Count Basie and toured with the Platters and the Glenn Miller Band. He hosts numerous instrumental clinics in South Carolina.

Pianist Rudy Tyson has been at UNCW since 1994. He has played with numerous professional musicians throughout his 35 years of performing including David Baker and Jim Snidero. Tyson teaches jazz piano, ensemble and jazz history at UNCW. Tyson graduated from UNCW with a Bachelor of Arts in Music.

Having performed professionally since he was 18 years old, guitarist Robert Russell has played for many great artists including Bob Hope and Tommy Smothers. He can be heard on Chris Bellamy's latest recording "Life in a Beach Town." Charlie Parker, Miles Davis and Sonny Rollins have influenced Russell's guitar playing style. Russell also graduated from UNCW with a Bachelor of Arts in Music.

The UNCW Jazz Ensemble, under the direction of Frank Bongiorno, will perform at 8 p.m., Oct. 4 and 25, Nov. 1 and 15 and Dec. 6, at Kenan Auditorium, on the campus of UNCW. General admission is \$4; UNCW faculty, staff, senior citizens and children under 12, \$2 and UNCW students are admitted at no charge. Call the Kenan Box Office to reserve tickets at ext. 3500.

Career Day

96

Thursday, Oct. 3

11 am-2 pm • Trask Coliseum

How Will You Benefit from Career Day '96?

UNCW's Career Day '96 is a unique opportunity for students, faculty and staff to talk with people representing a wide range of occupational fields, from accounting to vocational rehabilitation. These representatives come to Career Day prepared to answer a wide range of career questions.

• General Career Questions-

What is a typical day like in this career field?

What changes are occurring in this field?

What specific skills, education and experience do you look for in new college graduates?

What kinds of advancement opportunities does your organization offer?

What trends do you see impacting the future of this field, and organizations like yours?

How do salaries in this field compare with other fields?

What are the biggest challenges in this field?

What are some professional associations in this field, or other sources of career information?

How should I prepare myself to be a strong candidate for jobs with organizations like yours?

Tell me more about your organization: products and services offered, age, size, location, ownership, current challenges, future trends, etc.

• Internship Questions-

Does your organization have an established internship program? If not, are you interested in setting up an individual college student internship?

In what types of activities are your interns able to become involved?

Are your internships paid or volunteer?

How does your internship supervisor coordinate the learning experience with campus faculty?

Do you prefer a student intern to work full-time for a semester, or work part-time while taking classes?

What is your application process for internships?

Tell me more about your organization: products and services offered, age, size, location, ownership, current challenges, future trends, etc.

• Employment Questions-

What types of employment opportunities does your organization represent?

Tell me more about your organization: products and services offered, age, size, location, ownership, current challenges, future trends, etc.

What characteristics do you look for in applicants?

What factors seem to contribute to success in your organization?

How does your organization provide supervision and training?

What opportunities for advancement are available within your organization?

What is your application process for new college graduates?

May I leave you a copy of my resume?

• Faculty & Staff Questions-

What characteristics, skills and education do you look for in new college graduates?

How could UNCW or our department better prepare students for today's work world?

What UNCW graduates are currently on your staff?

Are you available for classroom visits, or class tours of your facilities?

Division of student affairs

Fall 1996

The purpose of this publication is to introduce university faculty and staff to the services and programs provided by the Division of Student Affairs. We have identified those individuals responsible for major departments within the division. The division continues to work toward the development of the whole student while supporting the overall mission of the university. We look forward to working with you in this effort.

The Division of Student Affairs at the University of North Carolina at Wilmington strives to cultivate a campus community where students can achieve success and become responsible citizens. Our purpose is to support the university's mission by providing services and programs, encouraging student learning in and out of the classroom, and developing a diverse community which is educationally purposeful, open, just, disciplined, caring, and celebrative.

The vice chancellor for student affairs is a spokesperson for student services, student needs, and the quality of life and education outside the classroom. The office is also responsible for policy development, long-range planning, budget, personnel, and coordination of the departments which together comprise the Division of Student Affairs.

The Office of the Vice Chancellor of Student Affairs: Patricia Leonard, Vice Chancellor of Student Affairs (inset); (clockwise L to R):Diane Billings, executive assistant; Tony Sumner, publications specialist; Lori Barrett, program assistant; and Li-shing Wang, director of student life studies.

Orientation Programs

Karla C. Carney, M.S.
director

The UNCW new student orientation program provides a comprehensive program which assists new students in their transition to the institution. Specifically, the program exposes new students to UNCW educational opportunities, orients new students into the academic and co-curricular life of the institution, and assists parents of new students in their understanding of the UNCW environment and services. The director also serves as an advisor in the Center for Academic Advising, an instructor for the Freshman Seminar, an advisor to the Schawk Parent's Association, and liaison with the Enrollment Affairs Office.

University Union
Room 101
962-3089

University Union

Linda S. Moore, M.Ed.
director

The University Union department is committed to out-of-classroom student learning and development. Students are actively involved in planning programs, delivering services, and in the operation of both the University Union and University Center facilities. Through the Campus Activities Office and the Leadership Center, students and their organizations are provided the direction and support they need to grow and develop as competent leaders while planning, implementing and evaluating conferences, workshops and activities.

University Union
Room 214
962-3285

Campus Recreation

Rex Pringle, M.A.
director

The Office of Campus Recreation organizes and administers a variety of recreational services that are either structured or self-directed, and enhance the overall wellness of the university community. The primary goal of the program is to provide quality recreational experiences within the university environment and direct these toward the individual's physical, cognitive, and social life thus enhancing the educational experience. This goal is accomplished by offering a variety of recreational activities, conducting educational workshops, and providing professional training. The Office of Campus Recreation provides a multi-faceted program which includes Heart and Sole Fitness programs, intramural sports, Discover Outdoor programs, sport clubs, informal recreation, and special events. Campus Recreation at UNCW takes a "something for everyone" approach.

Hanover Gymnasium

Student Life Studies

Li-Shing Wang, M.A.
director

The Office of Student Life Studies conducts student affairs research as well as departmental and program evaluations for the purpose of better meeting the needs of students and to ensure effective resource management. Both programs and students are periodically assessed to determine the degree to which programs and services are necessary and successful in terms of encouraging student growth and development. Assessment data are used to make decisions about the continuation, modification, or termination of programs and/or services.

housing & residence life

William L. McCartney, M.A., director, Housing and Residence Life

The Office of Housing and Residence Life is located directly east of Schwartz Hall. This office is responsible for the overall administration and supervision of all campus-owned housing which totals five residence halls, thirteen apartment buildings, and seven suite-style buildings housing over 1,900 students. The purpose of the Housing and Residence Life Office goes beyond providing a clean, safe, and well-maintained living environment; it also includes fostering an atmosphere that is conducive to each resident student's personal growth and academic success. Co-curricular learning opportunities are provided through educational, cultural, and social programs; leadership positions in self-governance; peer advising; and various volunteer and student employment positions. The Office of Housing and Residence Life administers the National Student Exchange program.

Student Health Center

**Judy Bowers, B.S.N., R.N.C.
director**

**L. Jeannine Petry, M.D.
Medical Director**

The Student Health Center (SHC) provides confidential quality health care on an outpatient basis to UNCW students. The services include diagnosis and treatment of general and acute medical problems and referrals for specialized care. The SHC is also a valuable resource for health care information whether it be for the prevention of disease or for the promotion of healthier life styles. Health care is available to students from 8 am to 5 pm, Monday through Friday.

The Student Health Center pharmacy offers prescription services, over the counter medications and crutch rental. A registered pharmacist is available to assist students with their pharmacy needs.

Career Services Center

**Thom Rakes, M.Ed.
director**

The central purpose of Career Services is to help students prepare for academic and career success. Freshmen and sophomores are assisted with career assessment, values clarification and occupational data to help them make informed choices of academic majors. Students also are provided opportunities for experiential learning and discovering the relationship of skills acquired to the broader work world. Career Services helps prepare graduating seniors to be successful candidates by helping them translate their academic and co-curricular experiences into successful job campaigns or graduate school applications. Specific services include: a computerized career exploration program, Signi-Plus; the Self-Directed Search, a career interest inventory, UNCW Careers Registration, an electronic registration program for all students; internship resources; workshops on a wide range of topics from choosing an academic major to job search strategies; a career resource library; job listings that include part-time jobs, Work Study employment, internships, summer jobs and full-time employment opportunities; on-campus recruiting; an annual Career Day and Graduate School Day; and a homepage on the World Wide Web with a directory of helpful career and employment sites.

Jackson Katz to Speak at UNCW

Students, faculty, staff and the community are invited to "Football, Feminism and Other Contemporary Contradictions," at 7:30 p.m., Oct. 2, in the University Center Ballroom.

The speaker, Jackson Katz, was the first man to graduate with a minor in women's studies from the University of Massachusetts at Amherst and is a nationally recognized activist and writer on the issues of masculinity, media, sports and men's violence against women. This presentation is sponsored by UNCW, PHP/A United HealthCare Company and New Hanover Regional Medical Center and is free and open to the public. For more information, contact Diane Edwards at ext. 3119. Attendance vouchers will be available at the end of the program.

Make a Difference on NetDay!

The purpose of NC NetDay '96 is to wire every public and private school in North Carolina for connection to the Internet at no cost to taxpayers. UNCW is taking the lead on NetDay by sending volunteer installation crews into nine different school systems in seven different counties. All faculty, staff and students are welcome to participate. No experience is necessary.

UNCW will host a planning session at 2 p.m., Oct. 9, in the Madeline Suite in Wagoner Hall to discuss details. Time is limited so sign up today by calling ext. 3138 or ext. 7074. Leave your name and daytime phone number, or send e-mail to ThompsonH or SuttonC.

Thank You

On behalf of the School of Nursing, I sincerely thank you for your kindness and hospitality in opening your homes to accommodate relatives of the Supples family in the wake of the death of Joanne Supples, visiting associate professor. While dealing with the aftermath of Hurricane Fran, you were still willing to reach out and help someone in our university community. We are touched by the generosity of your spirit during this tragic, unexpected death and we greatly appreciate your support.

Administrative Procedures Update

The following new or revised policies for the Administrative Policies and Procedures Manual have been approved and are now accessible on-line to university departments:

PUR 3.10-Receipt of Goods and Services by University Departments - When acknowledging receipt of satisfactory goods and services, university departments should return the signed pink copy of the purchase order (along with any applicable packing list) to Purchasing within two days of receipt. Refer to this procedure for revised information regarding the receipt of unsatisfactory goods or services.

VCB 1.50-Interior Decoration of University Facilities - This procedure establishes guidelines for the interior decoration of university facilities. All new construction projects requiring formal interior decoration, as well as the redecoration of existing facilities, will be reviewed and approved by a standing committee appointed by the Chancellor. Refer to this procedure for examples of decorative design projects covered by this policy, as well as information regarding the development, review and approval of proposed interior decorative designs.

TRA 1.15-Travel, Registration Fees and Other Travel Expenses - This procedure has been revised to include information regarding allowable personal calls. An employee who is in travel status for three or more consecutive days in a week is allowed one personal long distance telephone call per week for which reimbursement to the employee may not exceed \$3 for in-state calls or \$5 for out-of-state calls.

The Administrative Policies and Procedures Manual can be accessed by typing INFO at the username prompt on VXA, VXB or VXC on the VAX; through SNBALLEXP; through FRS and SIS menus and on Netscape via the UNCW Gopher Service.

Glaxo Wellcome Funds Program of Pollution Prevention Education

Glaxo Wellcome Foundation has joined the fight to preserve water quality by awarding UNCW a grant of \$400,000 to develop an innovative model for environmental education that will ultimately be used by middle and high school science teachers across the state.

"With this grant, the Glaxo Wellcome Foundation has again demonstrated it's commitment to forming partnerships to improve education in North Carolina while at the same time, improving the environment in which we live," said Dr. James R. Leutze. "The program continues and expands a collaboration between the Watson School of Education and the state's science teachers, uses technology of the World Wide Web and distance learning to bring together university scientists and high school and middle school students and gives teachers the tools they have asked for to teach current environmental issues in a fashion that will capture their students' imagination.

"Several years ago, a university/industry partnership was formed to begin monitoring the health of the Cape Fear River. Also, UNCW produced a documentary, *River Run: Down the Cape Fear to the Sea* to help raise public awareness of the importance of having a healthy river. The Glaxo project builds on the success of these two efforts," Dr. Leutze said.

Focusing particularly on water pollution prevention, the project

combines summer institutes for teachers, the purchase of pollution monitoring equipment and environmental supplies for schools and the creation of data pages on the World Wide Web for use in the classroom. The four-year program is designed to create a new vision of environmental protection for more than 600 teachers, 67,000 students and future classrooms.

The Glaxo Wellcome Foundation project will focus initially on teachers and students in the Cape Fear River Basin which stretches 200 miles from its confluence at the Haw and Deep Rivers near Moncure to the Atlantic Ocean at Southport. The Cape Fear Basin is the largest single river system within the state boundaries and encompasses 29 counties. The river is currently used for industry, transportation, recreation and as a public water. For this reason, the water quality of the Cape Fear River must be maintained and improved.

Directing the project will be co-project investigators Rich Huber, assistant professor of education in the Watson School of Education, and Karen Shafer, director of the Math and Science Education Center at UNCW.

Current plans call for a major kick-off conference in April 1997 to raise teacher awareness and interest in the program. The event is expected to include an address by a renowned environmental leader, as well as hands-on field experiences for teachers led by faculty from UNCW's Center for Marine Science Research, said Huber.

Pi Kappa Phi Room Dedicated at Wise Alumni House

Brothers of Pi Kappa Phi fraternity banded together to make a lasting mark at the Wise Alumni House and to help the UNCW Alumni Association get another step closer to paying off its \$400,000 debt to United Carolina Bank.

In an effort spearheaded by Alumni Association board member John Baldwin Jr. '72, the brothers of Pi Kappa Phi decided to take on the challenge of purchasing the grand room at Wise Alumni House which bears a price tag of \$25,000. They were able to raise in excess of \$27,000.

The room was dedicated Saturday evening in a special ceremony recognizing all those who contributed to the fund-raising effort. A plaque with the donors names was unveiled and will be on permanent display at Wise Alumni House.

State Employees Combined Campaign

The State Employees Combined Campaign for 1996 will begin at the end of October. It was delayed due to Hurricane Fran. Stay tuned to the *Communique* for more information or call ext. 4138.

Family Weekend Rescheduled

Family Weekend has been rescheduled for Nov. 1-3 and will coincide with the Intercultural Festival. The weekend will have many cultural activities, sporting events and information targeting parents and families. If you would like to get involved or would like to provide brochure/pamphlet information, contact the Orientation Office, ext. 3089.

NetDay!

The purpose of NC NetDay '96 is to wire every public and private school in North Carolina for connection to the Internet at no cost to taxpayers. This major undertaking brings public schools together with private partners to make the biggest leap forward in technology and learning potential in North Carolina history. On Oct. 26, thousands of volunteers will descend on the state's schools, and in one day run the wiring, make the connections and test the equipment necessary to bring the information highway into their community schools.

UNCW is taking the lead on NetDay by sending volunteer installation crews into nine different school systems in seven different counties. Sign up today. All faculty, staff and students are welcome to participate. No experience is necessary.

To help prepare for a great NetDay, UNCW will host a planning session at 2 p.m., Oct. 9, in the Madeline Suite, Wagoner Hall, to discuss details. Call ext. 3138 or ext. 7074 and leave your name and phone number, or send email to ThompsonH or SuttonC.

Show Featuring UNCW's Aquarius to Air

A show featuring UNCW's Aquarius, the undersea research laboratory located in Key Largo, will air at 8 p.m., Oct. 30, on the Learning Channel (Channel 45 on Time Warner Cable).

Feminist Colloquium

The Feminist Colloquium will meet at 12:15 p.m., Oct. 15, in the Faculty Common of Morton Hall. Because of Naomi Wolf's upcoming visit, the group will discuss "Toward a New Psychology of Female Power" from her book *Fire with Fire* and two responses to that book: "Dissident Heat" by bell hooks and "Bootstrap Feminism" by Futrelle & Tanenbaum. The readings are on reserve under "Ellerby" or call ext. 3764 for copies. All are welcome.

Non-Traditional Student Newsletter Resumes Publication

The Dean of Students Office has resumed publication of a monthly newsletter for non-traditional students. This can be a useful tool to give these students information they might not have easy access to because of their busy schedules. Departments or organizations can submit announcements, short informative articles or other information to the Dean of Students Office by the 10th of each month for inclusion in that month's issue. Call Diane Edwards at ext. 3119 for more information. The Dean of Students Office is especially interested in events that departments or organizations wish to publicize as well as brief articles on topics of interest to non-traditional students, such as math or test-taking anxiety.

Changes to Class and Examination Schedule for Fall

To compensate for the class days lost to Hurricane Fran, the following changes have been made to UNCW's Fall '96 calendar in order to provide both students and faculty the class time required to address adequately the academic requirements of the semester's scheduled courses:

- The final examination period will be shortened by two days. Exams will begin Wed., Dec. 11, with four three-hour exams scheduled each day, beginning at 8 a.m., 11:30 a.m., 3 p.m. and 7 p.m.
- Three additional class days have been added to the fall calendar. Saturday, Nov. 23, will be a replacement day for classes that normally meet on Fridays. Mon., Dec. 9, will be a replacement day for classes that normally meet on Mondays and Tues., Dec. 10 will be a replacement day for classes that normally meet on Thursdays. Thursday, rather than Tuesday, is specified for the benefit of once-a-week classes and labs, since no Tuesday classes were lost.
- No student will be required to take more than two exams on the same day. Students scheduled for more than two exams on a single day should consult the Final Examination Policy on page 65 of the 1996-97 undergraduate catalogue for procedures to reschedule exams.
- The last day for undergraduates to withdraw with a W has been changed to Oct. 8.

Ohio Quilter Named National Living Treasure

Nancy Crow, a Baltimore, Ohio, quilter regarded as a leader in abstract quilting design, has been named the 1996 National Living Treasure by the Museum of World Cultures.

"I would like to congratulate Ohio quilter, Nancy Crow, on achieving this honor. Like most families, I have quilts that have been handed down from generation to generation. They serve as powerful reminders of the people who quilted them and the events they commemorate."

Chancellor James R. Leutze will present the award to Crow at a banquet at 7 p.m., Nov. 9, in the University Center Ballroom. As National Living Treasure, Crow will receive a bronze medal designed by Stephen LeQuire, sculptor and associate professor of art at UNCW. As with past medals, it will be custom-designed to honor the recipient.

"North Carolina is a state rich in the heritage of folk arts. It is fitting that our state honor these artists with the National Living Treasure award."

- Governor Jim Hunt

Crow is a self-taught quilter. She learned by sitting in on quilting groups at the senior citizens' center in Cambridge, Ohio. The Smithsonian Institution's Renwick Gallery in 1995 exhibited Crow's work in a one-person show. She was the first quilter ever to achieve that honor in the gallery's 22-year history. Crow's work has been featured in more than 16 exhibitions worldwide; they have been featured on

the covers of two of Maya Angelou's books published by Random House. Crow has published four books and has been featured on a video. She has designed more than 300 cotton fabrics under the name of Nancy Crow for John Kaldor.

The award is designed to honor Americans

working in traditional handcrafts using wood, glass, ceramics, metal and textiles who transform them into art.

The public is invited to a reception for Crow from 1 to 4:30 p.m., Nov. 8, in the University Union Living Room. Crow will demonstrate her quilting at that time. Contact the Museum of World Cultures for information on obtaining an invitation to the banquet at ext. 7233.

Dear Friends,

It is my hope that each of you will support our 1996 State Employees Combined Campaign (SECC). As most of you know, the SECC annual effort is not part of the United Way, it is an independent organization whose sole purpose is to provide North Carolina state employees the opportunity to contribute to the charity of their choice. It is the only charitable giving program authorized to solicit state government employees through payroll deduction.

Last year our UNCW family contributed almost \$21,000 to many different organizations through this community effort. I am pleased that Woody Sutton has agreed to serve as chairman of this year's campus campaign which begins tomorrow. Each of us will receive a brochure and pledge/payroll deduction form from a departmental volunteer. If you review the material, you will find more than 1000 local, state, national and international agencies that qualify for membership through the SECC.

While giving is totally voluntary, this is a wonderful opportunity for each of us to designate our support to an agency whose mission matches your interests. Also, by being part of the SECC, our UNCW contributions will be included as part of the total community effort. Please join me and hundreds of your colleagues who will be supporting the 1996 SECC. This is another way the UNCW family provides leadership for the community.

James R. Leutze

Cameron and Hurlbert Team up for \$1.2 Million Endowment to Cameron School of Business

The Cameron School of Business honored Daniel D. Cameron and Gordon C. Hurlbert last week for their commitment to endow two professorships in the Cameron School of Business as well as a development fund for the school. The Gordon C. Hurlbert Endowment will support a professorship in manufacturing. The Betty H. Cameron Professorship, named for Cameron's wife, will support hiring a distinguished faculty in entrepreneurship or hospitality management.

In announcing this generous gift, Dean Howard Rockness said, "It is deeply gratifying to see two business-

men of their stature supporting the vision of the Cameron School of Business through this substantial gift. Our students and the coastal Carolina business community will benefit greatly from the addition of two outstanding endowed professors."

Principle funding for these gifts will come through a visionary Directors Education Contribution Plan of CP&L. Additional funding for the endowed professorships will come from a North Carolina state matching program for endowed professorships which will bring the total endowment to over \$1.2 million. All funding is expected to be available by the year 2000.

Net Day '96

Instead of resting and relaxing on Saturday, about 55 UNCW volunteers spent a good portion of the day helping hook up area public school to the Internet.

The volunteers, mostly faculty and staff, participated in North Carolina Net Day '96, a statewide effort to provide all elementary, middle and high school students with Internet access.

"Net Day '96 came about because a lot of people became aware school systems weren't ready for the technology," said Hunter Thompson, coordinator of Net Day for UNCW.

"We didn't have to promote it real heavily," he said, "People heard about it and wanted to participate by volunteering."

The majority of volunteers came from the Watson School of Education, the School of Nursing, the Cameron School of Business, Division of Student Affairs, Enrollment Affairs, Telecommunications and Division for Public Service and Extended Education.

The volunteers were split into groups and sent to seven different schools throughout southeastern North Carolina, some groups traveling as far as 70 miles away from Wilmington to participate. At each school, the UNCW volunteers met with other volunteers

from business, industry and the local school system to hook each school up to the Internet.

UNCW volunteers worked hand-in-hand with Hoggard High School students and parents to bring the school on-line

"I figured I'd help out," said Saul Bachner, a professor in the Watson School of Education. "I had a child who attended here, and I have been involved with student teachers here in the past," he said.

For most of the day, connecting classrooms to the internet involved pulling cables from room to room. At times it was a tangled, dirty mess.

"Net Day is really just the beginning," said Thompson, noting that in addition to access to the Internet, a lot of computers and technology are still needed in North Carolina schools. "Net Day is a good jump start, it heightens the awareness for the region."

All are welcome.

SBTDC Offers Program on R & D Funding for Small Businesses

A program for small business owners who are interested in learning about federal SBIR/STTR funding for research and development will be offered by the Small Business and Technology Development Center (SBTDC) from 2 to 5 p.m., Nov. 7, in the distance learning classroom in Randall Library. This videoconference will offer faculty, staff and business owners the opportunity to learn about the individual agency solicitations, deadlines, proposal preparation and resources available to help prepare a successful application. The conference will originate from the NC Biotechnology Center. Eleven University sites will participate. The SBTDC will pay the \$25 conference fee for UNCW faculty and staff who wish to participate. Call ext. 3744 for more information or to register.

Purchasing Seminar for Small Businesses

Small business owners who would like to learn more about doing business with UNCW can attend a free, three-hour seminar at 4 p.m., Dec. 4, in the University Center. Interested persons must pre-register by Dec. 2. For registration or information call ext. 3850. The seminar, "Doing Business with UNCW," was organized by the UNCW Small Business and Technology Development Center and Purchasing. The seminar will address the future direction of the university and its impact on vendors and UNCW procurement plans and standards. It will also outline services provided to the small business community by UNCW departments. A question-and-answer period will be followed by a reception and individual discussions with UNCW purchasing agents. Participating from UNCW will be Vice Chancellor R.O. Walton, Jr., Business Affairs; Dean Howard O. Rockness, Cameron School of Business; Warren Gulko, SBTDC; Charlie Sanders and Mary Forsythe, Purchasing.

Social Work Program to Receive Accreditation Benefits

The Council of Social Work Education, the national accreditation organization for college and university social work curricula, has granted the Social Work Program candidacy status. Candidacy is a two-year probationary period and is the first step toward formal accreditation.

"This is significant because any student graduating from a program during candidacy will receive the same benefits that apply to an accredited program," said John Nasuti, director of the Social Work Program. Graduate students will be eligible to apply for advanced standing status in a master's program, which will allow them to skip their first year of study. They will also be eligible to take the

state certification examination for social workers. "We anticipate the program will be fully accredited by fall 1998," said Nasuti.

During the two-year candidacy period, the social work faculty will conduct and submit an additional self-study, which includes a curriculum design which must meet CSWE standards. It will be submitted at the conclusion of the probationary candidacy period.

UNCW initiated a bachelor's degree in social work in 1989 in the Department of Sociology and Anthropology. Since that time more than 100 graduates have completed this program, with go on to graduate school and career-related jobs.

ANNOUNCEMENTS

Adult Scholars Leadership Program

Older adults who want to learn more about their local and regional communities are invited to apply for the Adult Scholars Leadership Program sponsored by UNCW. Designed as an intensive learning experience, the program gives retired and/or semi-retired persons insight into the needs, challenges and opportunities available in southeastern North Carolina and provides networking and fellowship with their peers. Now in its seventh year, the program has an alumni core of more than 175 persons who volunteer in community, government, educational and nonprofit agencies.

The program meets from 8 a.m. to 3:30 p.m., Feb. 6 - March 20, with a graduation ceremony slated for March 25. Tuition is \$210 and includes seven sessions, graduation reception, program and resource materials, speaker honoraria, continental breakfasts, refreshments and lunches. Application deadline is Dec. 10. For more information call ext. 3602.

University Union

THE DIVISION OF STUDENT AFFAIRS • OCTOBER 1996

Where Seahawk traditions begin

The University Union represents three different but interrelated responsibilities: programs, services, and facility operations (University Union and Center). Each of these areas is committed to working with the UNCW community, in providing comprehensive opportunities for personal growth, leadership development, community service, social interaction, affiliation, and friendship.

The Leadership Center...

provides comprehensive leadership education, training and development for all UNCW students. The Leadership Center is located in the University Union, room 212.

Over 110 clubs and organizations are registered on campus by the Leadership Center.*

New Residence Halls to Offer Permanent Solution to Temporary Housing

The Office of Housing and Residence Life has always worked with the goal of providing housing for as many students as possible. This year, the demand for on-campus housing has been greater than ever, making temporary housing a necessity. For this purpose, areas such as study rooms, TV rooms, and RA rooms have been used to accommodate the extra students. We are happy to report that, as of Wednesday, October 23, we

have moved 64 students from temporary housing into permanent rooms. We will have the 28 remaining temporary housing students into permanent dwellings by the end of the fall semester.

Two new buildings scheduled to open in fall of '98 should alleviate the strain put on our overcrowded residence halls. A new 100-bed International House and a 100-bed Honors House will be located on the north side of Wagoner Hall. The

space now reserved for the International House (Suite U), and the Honors House (Schwartz Hall), will be used to accommodate incoming students. Complete with pitched roofs, columned entrances, as well as classroom and support spaces, these computer-ready residence halls will usher in a new style of campus living.

Housing Needs a Few Good Women...and Men

The Office of Housing and Residence Life is looking for RA candidates for the spring semester. Desirable candidates are those students who are both academically strong and personally invested. Specific traits include good communication skills, strong ethical standards, a willingness to learn, and pride in UNCW.

If you know of students who possess these qualities, please refer them to Housing for an application, or e-mail their names to Chris Kaberline @ KaberlineC. We'll invite them to apply based on your recommendation.

National Student Exchange Program

The National Student Exchange (NSE) is a program administered by the Office of Housing and Residence Life. This program enables UNCW students to travel to other colleges and universities within the United States to study for a semester or a year. The cost of attending school remains the same, because students are not charged with out-of-state costs.

This year, the NSE program has brought 23 students to UNCW, students from schools such as the University of New Hampshire, the University of Hawaii-Manoa, and Puerto Rico-Cayey. In addition, the NSE program has allowed UNCW students to travel to such institutions as Hawaii at Hilo, Florida State University, and Louisiana State University. This program can offer exciting and wonderful opportunities for students to travel and to meet new people. If you are interested in this program, contact the Office of Housing and Residence Life at 962-3241. We will be happy to send a representative to you or to your class to discuss this program in detail.

Sue Cody, interim director of library services, was one of 30 librarians selected to participate in the first Biennial Leadership Institute of the North Carolina Library Association. The institute met in Brown Summit, N.C., Oct. 9-13.

Fred Hornack, chemistry, published "Thermodynamics of Air," a laboratory experiment in the October issue of *Journal of Chemistry*.

Richard Huber, curricular studies, and **Michelle Howard-Vital**, Public Service and Extended Education, received funding for their partnership with 10 county school districts in southeastern North Carolina to develop teacher leaders in environmental education at the middle school level through intensive seminar training and follow-up during the 1996-97 year.

Ann Pabst and **William McLellan**, biological sciences, received funding for their project "Marine Mammal Health and Stranding Response Program."

Mike S. Adams, sociology and anthropology, had his article titled "Ecuadorian Justice: Inside the Gates of El Centro de Rehabilitacion Social de Varones #2" accepted for publication in *Humanity & Society*.

Richard D. Dixon, sociology and anthropology, presented a session-long demonstration, "Population On Line: Integration of Multimedia and the Internet in Social Demography Instruction," at the 27th annual meeting of the Southern Demographic Association, Oct. 17-19 in Memphis, Tenn.

Steven Miller, NURC and biological sciences, had an article titled "How an Underwater Habitat Benefits Marine Science, published in the October issue of *Scientific American*.

Paul G. Shotsberger, mathematical sciences, recently attended WebNet 96, the World Conference of the Web Society, held in San Francisco where he presented a paper co-authored with Christopher G. Spell titled "Professional Development on the World Wide Web: Training Secondary Mathematics Teachers." It summarizes efforts in the Mathematical Sciences Department to develop and pilot a web site called INSTRUCT for providing practicing mathematics teachers with just-in-time training at their school or home. INSTRUCT is located at <http://instruct.cms.uncwil.edu>.

Ned Martin, chemistry, had his book review of *Braving the Elements* by Harry B. Gray, John D. Simon and William C. Trogler published in the October issue of the journal *The Chemical Intelligencer*.

Kimion Bird, biological sciences, attended the Southeastern Phycological Colloquy. He presented a paper on "Development of *Gracilaria* Cultivation in the Philippines." **Wilson Freshwater**, CMSR, presented a paper on "Differential Evolution of rbcl and SSU in the Red Algae." Graduate student **David O'Brien** presented a paper on "Genetic Diversity Between *Spartina Alterniflora* Populations." Former students, now research assistants, **Jennifer Woodhead** and **Jennifer Johnson** presented respective papers on "Acclimation of In Vitro Propagated *Ruppia Maritima* for Outplanting" and "Population Dynamics of Southern *Zostera Marina*."

Keith Newlin, English, published "Hamlin Garland and the 'Illegitimacy Bill' of 1913" in the fall 1996 issue of *American Literary Realism*. He presented a paper, "The Curious Case of Hamlin Garland's Last Novel, *The Mystery of the Buried Crosses*" at the Western American Literature Association meeting in Lincoln, Neb., Oct. 5.

Barry A. Wray, production and decision sciences, presented his paper "A Simulation Model of an Operational Control Problem in a Stochastic Just-In-Time Production System" at the 1996 Southeast INFORMS meeting in October. The paper will be printed in the proceedings for the conference.

Joan D. Willey, chemistry, and **Arthur J. Spivack**, earth sciences, had a manuscript accepted for publication in the journal *Marine Chemistry*. The article is titled "Dissolved Silica Concentrations and Reactions in Pore Waters from Continental Slope Sediments Offshore from Cape Hatteras, North Carolina, USA."

Carol Thysell, philosophy and religion, presented a paper titled "Gendered Virtue and Vernacular Theology in the Heptameron of Marguerite de Navarre" at the 16th Century Studies Conference held in St. Louis, Oct. 24-27.

Kim Key, accountancy, had the paper, "New Legislation Clarifies Employment Tax Audit Relief," accepted for publication by *The CPA Journal*. The paper is coauthored with Mark Levenfus.

William Overman, psychology, had his paper "Children's Performance on 'Animal Tests' of Oddity" published in the *Journal of Experimental Child Psychology*. It was coauthored with former UNCW psychology majors, **Mark Miller** and **Kim Moore**, with J. Bachevalier of the University of Texas. "Cognitive Gender Differences in Young Children Parallel Biologically-Based Cognitive Gender Differences in Monkeys" appeared in *Behavioral Neuroscience* and was coauthored with Bachevalier and former UNCW psychology major, **Elena Schuhmann** and **Patricia Ryan**, student.

Nursing Program Receives Highest Recommendation from National League of Nursing

UNCW Nursing School Dean Virginia Adams announced last week that the Board of Review of the National League for Nursing has continued the accreditation of the UNCW School of Nursing's bachelor of science degree program for another eight years, the highest recommendation a school can get. The decision was made at the National League for Nursing's annual meeting Oct. 23 and followed an intensive week-long site visit to UNCW by two representatives of the NLN in March.

The National League for Nursing is officially recognized as the national accrediting agency for nursing education by the Council on Postsecondary Accreditation and by the Department of Education.

Provost and Vice Chancellor for Academic Affairs Marvin K. Moss congratulated Dean Adams and the nursing faculty for the excellent review.

"The team repeatedly said that they were impressed with the quality of the scholarship our UNCW nursing students display; they cited glowing reports from a variety of health care agencies in the area that provide sites for clinical training as well as employ our graduates, and they commended our faculty for their excellence in teaching, research and professional development," he said.

"This reaffirms the high quality of our nursing program and indicates that UNCW is providing excellent nurses for our community, state and nation," Moss said.

Mathieu's Book: A Manufacturers' Guide to Navigate the Internet

The Internet and World Wide Web are influencing many aspects of modern life including the way manufacturers will do business in the future, a UNCW information systems professor states in his new book, *Manufacturing and the Internet*.

Perhaps the greatest explosion has occurred in electronic commerce over the Internet, Mathieu believes. Manufacturers are posting colorful and informative catalogues on the World Wide Web. These on-line catalogues give the consumer real-time access to the most recent prices and models, as well as detailed product information and e-mail to customer services representatives.

In his new book, Mathieu attempted to organize that mass of information available at the fingertips of manufacturers worldwide. More than 420 manufacturing-related sources are identified and indexed in the book.

Visiting Professor Writing Script for Mel Gibson

Bob Reiss from New York is the writer-in-residence at UNCW's English Department this fall. He has published nine books, including *Frequent Flyer* and *The Last Spy*, which was on the *Washington Post*'s best-sellers list, as well as articles for *Rolling Stone*, *GQ* and the *Washington Post*. He was also the finalist in the 1991 National Magazine Award in reporting, and he is currently writing a script for actor Mel Gibson.

Reiss wrote his first novel at the age of 13, and although it was rejected for publication, he continued to submit his work. He was working as a freelance writer when he sold his first novel, *Summer Fires*, at the age of 25. *Purgatory Road*, his latest novel, was published in February. Reiss has held numerous lectures and readings on rain forests and the Amazon at the Universities of Illinois and California.

Best-selling Author Susan Power Comes to UNCW

Best-selling author Susan Power will read from her fiction at 8 p.m., Nov. 12, in Bryan Auditorium, Morton Hall. Power, a member of the Standing Rock Sioux tribe and a native of Chicago is the author of *The Grass Dancer*, a national best-seller for which she received the Ernest Hemingway First Novel Award. Her short fiction has appeared in *The Atlantic Monthly*, *The Paris Review*, *Story*, *The Voice Literary Supplement*, *Ploughshares* and *The American Short Stories 1993*. The reading is free and open to the public. It is sponsored by the Graduate English Association, a funded organization of SGA, and the Office of Minority Affairs.

UNCW Loses Valued Professor and Friend

Kimond Bird, professor of biology and research scientist with CMSR, died suddenly Oct. 29. Bird joined CMSR and the biological sciences department in 1989. He developed and served as coordinator for the Marine Biotechnology and Aquaculture Program. Bird carried out an active research program that yielded numerous publications and taught plant biology courses. His national and international connections helped him bring to the University a diversity of visiting research scientists that enriched the educational experience at UNCW. His numerous funded research projects contributed significantly to the University's research efforts and also provided opportunities for many undergraduate students to participate in Honors research projects. His prolific research activities created many opportunities for graduate student projects.

Because of his commitment to students, Kimond and his wife Susan extended the walls of the University by frequently inviting students into their home where they encouraged scholarship and communication. Bird's cheerful positive approach and his enthusiasm for his work continuously encouraged students, staff and fellow faculty members. His contributions during these past seven years as a faculty member, scholar and friend have been significant and will be greatly missed.

Faculty and staff are encouraged to share comments and suggestions with these members.

FACULTY/STAFF PROFILE:

CAROLE TALLANT

UNCW should be thankful that Carole Tallant was shut out of the freshman French classes that she wanted to take her first year of college because if she had gotten into them, she may never have had the opportunity to take her first performance of literature class, a course which changed the direction of her life.

Instead of teaching in the Communications Department at UNCW, she would have been an interpreter at the United Nations.

"In the eighth grade I wanted to be an interpreter in the U.N.," she said.

Tallant said that first performance class exposed her to a new and better way of understanding literature.

"Once you've ever taken a performance of literature class you don't read the same way," she said, admitting that today when she reads, the stories run like movies through her head.

Tallant, who holds her doctoral degree in oral interpretation from Louisiana State University, was hired by UNCW in 1980 to teach performance of literature and voice and diction.

"I think a lot of people like me come here thinking they will stay a few years," she said.

Falling in love with the area and the university, however, have kept her here longer than she ever intended. Tallant feels fortunate to be a part of the UNCW Communications Department and a teaching university. "The people I get to work with are wonderful," she said.

"I love the freedom that teaching enables me to have." Tallant credits her students as the people who keep her "constantly challenged and stimulated." She gets great joy from watching basic-level students blossom as they tap into something within themselves that they didn't know existed.

Tallant, the voice of Sealine, will get a break from day-to-day teaching when she goes on research reassignment for a semester.

"The semester will give me the opportunity to get a lot of things done," she said. Tallant plans on revising a chapter of a book she has been working on and creating a senior seminar which will be based on the roles of elders in fairy tales.

Instead of

teaching during the summer, Tallant, her husband, James, and their son, Ryan, often go on extended summer vacations. Last summer they

traveled to Scotland.

Tallant has also gone on many mini-vacations which center around sports. She is a huge sports fan. Because of that, her husband has been known to fly Tallant, as birthday and Christmas presents, to various cities throughout the country so she could see her favorite players and teams play.

She is a "die-hard" Boston Celtics fan, which is evident when you walk into her office and see the pictures of Larry Bird and Boston Garden which decorate her walls.

"There's something about watching professional athletes at the pro-level that is like theater," she said. "The mind set and psychology that pushed these people to achieve what they do boggles my mind."

Intercultural Festival

UNCW's Intercultural festival is going on now through Nov. 3. The festival is a five-day celebration of the diverse people and cultures found at UNCW and within the Wilmington community.

- **Intercultural Film Festival**, tonight in the University Center Ballroom. *Farewell My Concubine* will be shown at 7 p.m. and *The Postman* will be shown at 9:50 p.m.

- **World Beat Celebration and International Dinner Featuring OJ Ekemode and the Nigerian All-Stars** will be held at 8 p.m., tomorrow, in the University Center Ballroom.

UNCW Scientist Receives Prestigious Fellowship

Ronald Sizemore, chair of the Biological Sciences Department, is the first professor at UNCW to be named a Fellow of the American Association for the Advancement of Science (AAAS). New AAAS Fellows will be recognized Feb. 15 in Seattle, Wash.

According to Marvin Moss, provost and vice chancellor for academic affairs, "This is another indication that UNCW has excellent people on our marine science faculty who continue to receive national recognition."

"Having this honor bestowed on Dr. Sizemore is another feather in UNCW's cap and another salute to our outstanding faculty."

- Provost Marvin K. Moss

Sizemore has been teaching at UNCW since 1980, and he has been chair of the Biological Sciences department for the past seven years. As chair, he has seen the number of biology majors increase from 300 to 600, and the graduate program double in size.

The marine biology program has also had a significant increase in size and quality, now ranking fifth in the *Gourman Report*.

In 1990, Sizemore was named a Fellow of the American Academy of Microbiology, a branch of the AAAS.

Sizemore was one of five North Carolinians named an AAAS Fellow since 1996. Individuals receiving this award have made significant efforts toward advancing science or fostering applications that are deemed scientifically or socially distinguished.

Primetime Live's Senior Producer Will Speak at UNCW Tomorrow

Ira Rosen, senior producer of ABC News' *Primetime Live*, will speak at UNCW at 3:30 p.m., tomorrow, in Morton Hall's Bryan Auditorium.

With seven years experience with *Primetime Live* and nine years previous experience with *60 Minutes*, Rosen will discuss television investigative journalism and then open the floor to questions.

Rosen has produced nearly 200 investigative stories. Rosen and the *Primetime Live* staff earned eight Emmys, two RFK awards and three National Press Club awards as well

as the Investigative Reporters and Editors Award for four years in a row.

On the *60 Minutes* team, Rosen won an Emmy for outstanding investigative journalism for the May 1982 report called "The Nazi Connection," a look at how highly placed U.S. officials granted sanctuary to Nazis in exchange for information on the Soviet Union.

Students, faculty, staff and the general public are invited to attend this free presentation.

UNCW Alumni Association Seeks New Board Members

The alumni association is looking for men and women to serve on its board of directors beginning in January.

Anyone who attended classes and/or graduated from UNCW or Wilmington College is eligible to apply. Potential board members must be active in UNCW alumni events, be contributing members of the alumni association and attend four annual board of directors meetings and special alumni events.

Interested UNCW alumni should forward their resumes no later than Nov. 30 to the Wise House, 1713 Market St., Wilmington, N.C. 28403. Call 251-2682.

Hunger Banquet

The UNCW Volunteers are sponsoring a Hunger Banquet from 6 to 8 p.m., Nov. 14. This highly experimental program explains and demonstrates issues surrounding local and international famine relief. One of the speakers is Anne Jennings from NC Hunger Network. Dinner will be provided. There is no fee, but individuals must register by calling ext. 3925 or by stopping by the Leadership Center, University Union 212.

Coin Drive

The UNCW Volunteers are sponsoring a coin drive to raise money for local and international hunger relief. The drive is called "Spare Change for Change" and will take place Nov. 1-14. Change receptacles will be located at all residence hall desks and at the Information Center in the Union.

NetDay '96 Thanks

The Division for Public Service and Extended Education would like to thank all faculty, staff and student teams that assisted on NetDay. Together, they helped wire schools in Bladen, Brunswick, Columbus, Duplin, New Hanover, Pender and Sampson counties. With more than 60 volunteers, UNCW was well represented throughout the Southeast. Special thanks to Telecommunications and the Office of Information Technology for providing much needed technical expertise to the school systems.

Call for Connectivity

Distance Learning announces an open call of courses and seminar series for the 1997-1998 academic year. Course and/or seminar proposals must be received by Nov. 15. UNCW is a member of the North Carolina Research and Education Network, the North Carolina Information Highway and publicly switched global dial-up networks. UNCW can conduct video classes/conferences with 130 NCIH/NCREN sites statewide and thousands worldwide. Call ext. 3138.

Room Number

The Distance Learning classroom in Westside Hall is in Room 160, not 106. For more information, call ext. 7074.

Combined Campaign Update

The State Employees Combined Campaign is coming to an end. Many thanks to the numerous staff and faculty who have been actively involved with this year's campaign. Pledge forms must be turned in by tomorrow. Call ext. 7074.

Printer Needed

Linda Moore, development, needs a Macintosh printer. If any department has one to spare call 251-3159.

Patrons and Censorship in the Arts

"Patrons and Censorship in the Arts" will be presented by John Frohnmayer, former chairman of the National Endowment for the Arts, as part of the 1996 Satellite Seminar series. The teleconference will begin at 7:30 p.m., Nov. 19, in the University Center Ballroom. It is free. Call ext. 4181.

RN's Input Needed for Master's Program

Registered nurses are invited to an open forum at 5:30 p.m., Nov. 11, in the University Center, Ballroom One, to share their ideas and needs for graduate education for the next five years with UNCW School of Nursing faculty. The School of Nursing seeks input from registered nurses about their future education needs and goals. The school has included in its five-year strategic a plan to develop and initiate a new Master of Science in Nursing program at UNCW. The goal of the program will be to educate family nurse practitioners for rural and urban settings.

Campus Recreation Events

Kayak Roll Clinic will be held 6:15 to 8:30 p.m., Nov. 13 in the pool in Trask. Cost is \$3.

Alumni Lecture Series

The School of Nursing sponsored Tamara Reavis Tripp '78 and '85 as guest speaker for the fall '96 UNCW Alumni Lecture series, the first seminar to be presented at the Wise House by an alumni chapter. She spoke on challenges facing graduates today in nursing, including being a travel nurse, an ED nurse and a clinical nurse specialist. Tripp became certified as a gerontological nurse practitioner in May '95 and is employed in that role at the Nalle Clinic in Charlotte. A native Wilmingtonian, Tamara resides in Davidson, N.C.

Chemistry Seminars

The following students will present papers at 3 p.m., Nov. 8, in the Science Building, Room 132: Jennifer Coston, "New Techniques in Marine Analytical Research;" Katherine Faircloth, "Effects of UV Radiation on DNA;" Lynn Horton, "Primary Steps of Photolysis;" and Luong Vo, "Recent Research Using Molecular Modeling." Everyone is invited to attend.

Celebrate Wilmington Events

Tuna and Mackerel Development Become Catch of the Day for UNCW Scientists

Tuna and mackerel development off the coast of Cape Hatteras is being studied by UNCW scientists.

David Lindquist and Frederick Bingham, biological sciences and physics, received \$2,500 to study tuna and mackerel off Cape Hatteras. Although these fish are not endangered, they are heavily fished both commercially and recreationally. One of the main objectives of the study is to determine the reproductive success of these species by examining the early larval stages and how they associate with the Gulf Stream.

Because some larvae are attracted to light, the UNCW scientists will use light traps for three days to collect samples from the Point, located off of Cape Hatteras in the Gulf Stream, and compare their findings to other samples from waters further inshore. By comparing the species captured at these locations, as measured in fish per hour, Lindquist, Bingham and three graduate students will be able to determine if the Gulf Stream is an important habitat for these larval stages.

Potential Telephone Fraud

Information regarding potential telephone fraud was relayed to telecommunications by the Office of State Controller. Please read the following because it could affect the university as well as employees while at home.

Returning telephone calls to the 809 area code creates the potential for incurring very expensive toll charges. The 809 area code looks like a normal telephone area code within the U.S., but it is used for calls to the Caribbean. Telephone calls to the 809 area code are billed at international rates and may include surcharges. These charges could be as high as \$25 per minute. Individuals and companies have developed schemes that trap the unsuspecting into making calls to the 809 area code at these outlandish rates to the caller. Some of the scams utilize, but are not limited to, the following practices:

- A company identifying itself as "Global Communications" has been sending unsolicited and tersely worded messages and letters to individuals threatening legal action unless the recipient pays an unspecified overdue account. The message then gives a name and telephone number in the 809 area code to call for further information.
- A message is left on voice mail or answering machine claiming to have information on a family member who is ill, has died or has been arrested. The message leaves an 809 area code and telephone number for the person to call.
- A message or letter promises a prize to the recipient if they call the 809 area code and telephone number to collect the prize.
- Messages are sent to pagers for the recipient to call 809 area code and telephone number.

The Federal Communications Commission requires U.S. carriers to state up front the cost of a pay-per-call service, but there is nothing the U.S. government can do about foreign companies operating in the Caribbean. Every government employee needs to be aware of this situation.

If you should receive a message to call an unfamiliar 809 number, do not return the call. We must prevent this fraudulent activity because we will be responsible for all charges incurred.

Student Hosts Chosen for "On Campus"

By Melissa Shaw

For a few UNCW students, the 1996-97 basketball season is more than just dunks and dribbles, it is also the beginning of their time as television stars.

Lisa Oliva, Todd Squires and Jaya Spencer have been chosen to be the student hosts of "On Campus," the three-minute segment of *The Jerry Wainwright Show* devoted to informing the community about student and campus life.

Twelve segments will air throughout the season. Topics will include UNCW students and faculty abroad, hypermedia on campus, the theater and art departments and the new Center for Marine Science Research facility.

The three students are communication studies majors who share a common interest - being in front of the camera. They also want to gain experience in other areas of television production, which they will, since each is in charge of organizing and developing every aspect of his/her segment. This includes script writing, interviewing and choos-

ing video footage.

The first segment of "On Campus" will air during *The Jerry Wainwright Show*, which begins at 12:30 p.m., Nov. 17, on WWAY TV-3. During this segment, the hosts will introduce themselves and one aspect of the campus. On Dec. 8, the Class of 2000 will be explored. UNCW's production of the *Grapes of Wrath* will be uncovered from beginning phases to final production on Dec. 15 and on Dec. 22, "On Campus" will highlight UNCW's "spirit of giving" during the Christmas season.

UNCW Holds Public Open House at Ev-Henwood Nature Preserve

UNCW's best kept secret is now open to the public. No longer just for UNCW faculty and students, Ev-Henwood Nature Preserve is having an open house for the public from 2 to 4 p.m., Nov. 17.

Ev-Henwood, a 110-acre tract in rural Brunswick County, was donated to UNCW in 1991 by Troy Henry, whose family had owned the land since the 1790's. Henry's descendants used the property primarily for farming and logging.

The woods, mostly uplands, are dominated by oaks and hickories, with loblolly pine and other hardwoods. Several small creeks drain the upland area of Ev-Henwood. The lowlands

along the blackwater Town Creek have a canopy of bald cypress, black gum, tulip, red maple, swamp chestnut oak and other flood plain species. The forest is a relatively undisturbed example of this important coastal plain forest type.

Features that add to the diversity of vegetative and animal communities are grassy fields and man-made ponds that are important habitats for many species including alligators.

Ev-Henwood is open to the public from dawn to dusk, seven days a week. It is located about 10 miles south of Wilmington. Follow the signs from the intersection of U.S. 17 and Old Town Creek Road. Brochures with maps are available on site.

Faculty Art on Display

The art program in the Department of Art and Theatre

is sponsoring its first exhibition featuring works from UNCW faculty collections.

This exhibit will be on display in Randall Library through Dec. 15.

A reception will be held at 2 p.m., Nov. 24, in the Kenan Hall lobby. Following the reception will be a walk-through tour of the exhibit, during which time some of the faculty will speak about works from their collections which are on display. The reception and exhibit are free and open to the public.

All are welcome to attend.

Magdolna Hargittai, chemistry, presented three posters with her graduate students at the Eotvos University in Budapest, Hungary and collaborators at the University of Paul Sabatier in Toulouse, France, and at Jackson State University, Jackson, Miss., on "The Free MnF₃ Molecule - A Beautiful Example of the Jahn-Teller" and "Molecular Geometry of Chromium Dichloride - Monomers, Dimers and Trimers: A Joint Electron Diffraction and Quantum Chemical Study."

Bruce C. McKinney, communication studies, presented his paper "Men from Mars? Women from Venus?: Communication Research and Popular Theories of Relational Communication" at the annual convention of the Carolinas Speech Communication Association convention in Raleigh. McKinney presented Vol. 12 of the *Carolinas Speech Communication Annual* of which he is the editor.

Hunter Thompson, Division for Public Service and Extended Education, participated in a panel discussion on Oct. 31 at Cape Fear Community College on "Technology - Changing How We Teach and Serve Students in the 21st Century." The panel was comprised of technology experts from the fields of education and health care who discussed the future trends in educational technology, distance learning and telemedicine.

Doretha Stone, School of Nursing, was chosen to receive the Leadership North Carolina Stanley Frank Class Award for outstanding accomplishments in her profession and community. Stone was honored at the graduation dinner Oct. 25 in Asheville.

Paul Shotsberger, mathematical sciences, and **Karen Shafer**, Science and Mathematics Education Center, received funding for their project "Mathematics Teacher Professional Development Using the World Wide Web." The grant will fund professional development during 1997 in applications of the World Wide Web and implementation of the NCTM Professional Standards for 21 high school math teachers in Brunswick, New Hanover and Pender counties.

Kathy Rugoff, English, was secretary at the meeting of the Society for the Study of Multi-Ethnic Literature of the United States of the South Atlantic Modern Language Association Conference. She was elected chair for the meeting of MELUS for the 1997 SAMLA Conference. Rugoff presented the paper "American Poetry and Europe's Holocaust" in the fifth Conference of the International Society for the Study of European Ideas, hosted by the University for Humanist Studies in Utrecht, Holland.

George Schell, production and decision sciences, made a presentation on the Internet to the North Carolina Shorthand Reporters annual conference.

Khoon Koh, HPER, presented the paper "Understanding Touristic Enterprise Births in Small Communities: A Pilot Study" at the annual conference of the Resort and Commercial Recreation Association, held Nov. 2-5, in Kiawah Island, S.C.

Marsha Dowell, School of Nursing, had her article "Issues in Recruitment and Retention of Minority Nursing Students" published in the Oct. volume of the *Journal of Nursing Education*.

Lee Johnston, political science, used a hyper-media presentation for his research, "North Carolina: V.O. Key's Progressive Plutocracy, Almost 50 Years of Janus-Faced Politics" to the Southern Political Science Association, Nov. 6-9, in Atlanta, Ga.

Dave Allen, HPER, was a guest speaker for the North Carolina chapter of the American Swimming Coaches Association in Pinehurst, N.C. Allen's talk was titled "The Recruiting Process of the High School Athlete."

Mike Mallin, CMSR, presented a paper titled "Hurricane Effects on Water Quality of the Cape Fear Estuary" at the annual meeting of the Southeastern Estuarine Research Society held in November in Atlantic Beach, N.C. His co-authors were **Chris Shank**, **Matt McIver** and **Scott Ensign**, CMSR.

Joanne Nottingham, Watson School of Education, and **Veronica Holcomb**, president of VJ Holcomb Associates in N.Y., conducted *Discovering Diversity*, a professional development seminar for education majors, students teachers and local public school teachers twice on Nov. 2. The seminars were sponsored by the Watson School of Education.

Elizabeth Hines, earth sciences, presented her research in a paper titled "Cousin Jacks and the Tarheel Gold Boom: Cornish Miners in North Carolina, 1830-1880," at the Pioneer America Society meeting in Austin, Texas on Nov. 8.

Brooks Dodson, English, spent four days reading essays written for the most recent SAT exam. More than 100 college and high school English teachers gathered in New Jersey to read 39,000 essays.

Barry Wray, production and decision sciences, had his paper "Identifying Critical Factors in a Dynamic JIT Environment Using Neural Networks" accepted for publication in the *Journal of Intelligent Manufacturing*. The paper was co-authored with **Terry R. Rakes** and **Loren Rees**.

Diane Levy and **Patricia Turrisi**, Honors Scholars Program, attended the annual meeting of the National Collegiate Honors Council in San Francisco. They presented a session "Offering an International Experience: The London Honors Enrichment Seminar" describing the honors course which featured a study trip to London last spring.

Biological Sciences Seminars

The following will present papers: Martha Powell, Biological Sciences Department Chair at James Madison University, "Discovering the Role of K Bodies in Zoospores of Oomycetes: It's a Sticky Issue," 2 p.m., Nov. 15, Science Building, Room 103; Meredith Becker, "The Effect of Nutrient Loading on Benthic Microalgal Biomass and Taxonomic Composition" at 2 p.m., Nov. 18, Science Building, Room 103; Douglas Hansen, Naval Research Laboratory, marine biologist candidate, "Metal Complexing Biopolymers and Compounds: Natural Product Ligands and Their Effect on the Electrochemical Behavior of Metals," 3 p.m., Nov. 18, Science Building, Room 103; Gary J. Whiting, Christopher Newport University, coastal plant biology candidate, "Wetland Functioning and the Greenhouse Effect: Do Wetlands Contribute to Global Warming?" 2 p.m., Nov. 19, Science Building, Room 134; Patrick J. Walsh, Rosenstiel School of Marine and Atmospheric Science, marine biologist candidate, "Evolution of Ureotely in Batrachoidid Fishes," 2 p.m., Nov. 21, Science Building, Room 134 and Marta Jean Klespath, "The Reproductive Biology of the Spottail Pinfish: A Histological Analysis of Gonads," 2 p.m., Nov. 22, Science Building, Room 103.

Staff Development

- **Compensation Issues**, 2 to 4 p.m., today.
 - **Prepare for Tomorrow**, 8:30 a.m. to 1 p.m., Nov. 20-22.
- Please refer to the *Staff Training and Development Booklet* for registration information or call ext. 3712.

UNCW Jazz Ensemble to Perform

UNCW's Jazz Ensemble will perform at 8 p.m., tomorrow, in Center Stage Cafe.

Community of Science

Rich Linton from General Administration will be on campus at 9 a.m., Nov. 20, in Hoggard Hall, Room 212, to provide an overview of the procedures and background for the Community of Science (COS). Please contact Bonnie Smith at ext. 3810 by Nov. 18 if you plan to attend.

NC Flex Employee Benefits Program

Nov. 15 is the deadline to submit NC Flex enrollment forms to Human Resources to participate in 1997. Employees do not have to enroll in a flexible spending account to take advantage of the free vision discount plan, but they must complete section A and D on the NC Flex enrollment form to ensure participation. Call ext 3713.

Relocation

The Science and Mathematics Education Center and the Summer Ventures Program in Science and Math offices have moved. These offices are now located in Friday Hall, Room 141. Telephone numbers remain the same.

Welcome

Please welcome the following new employee: Janet Beyma/VCPS.

Student Timesheet Deadline

The deadline for student timesheets for Dec. 13th payment is 3 p.m., Nov. 26. Students who will not be present to pick up checks need to fill out a form in the Payroll Office to have their checks mailed home.

Shared Leave Donations

Send your shared leave donations to Human Resources to help Lisa Troy, Physical Plant/Housekeeping, avoid leave without pay in November. She is recovering from surgery. Call ext. 3161.

WLOZ Adds to Programming

UNCW's campus radio station, WLOZ, is adding a news broadcast to its programming schedule at 12:30 p.m., every Wednesday. It will cover local and campus news.

Shells on Display

The North Carolina Shell Club in conjunction with the Cape Fear Museum presents "Shells of the World" Nov. 15-17 at the Cape Fear Museum. Hundreds of shells from North Carolina to Australia will be on display.

Praxair to Donate Bald Cypress to UNCW

The positive response after Hurricane Fran continues to touch Wilmington. At noon, Nov. 21, on the west side of the University Union, Praxair will donate a bald cypress tree to UNCW.

Praxair is in charge of "Rooting for America," a nationwide tree planting program that has a 10-year commitment to plant half a million trees. Praxair is involved with the planting and survival of trees as part of the movement to save the environment.

In its first three years, more than 20,000 Praxair employees and community volunteers in 41 communities across the country participated in the program. They planted more than 90,000 trees and seedlings.

Although Praxair usually donates trees during the spring, in light of Hurricane Fran, they decided that now would be a more appropriate time.

Tim Necaie, arboretum curator of UNCW's Physical Plant, was contacted by Help Keep America Beautiful to make the arrangements with Praxair.

Faculty Development Awards

Academic Affairs is pleased to announce the following recipients of faculty development awards for 1997-98. Recipients of the CTE Summer Teaching Initiative will be announced at a later date.

Charles L. Cahill Awards: Robert Blundo and Donna King, sociology and anthropology; David Carter, economics and finance; Elizabeth Ervin, English; Jocelyn Gaudet and Lynn Leonard, earth sciences; Hathia Hayes, Hengameh Kermani and Mahnaz Moallem, curricular studies; Russell Herman and Ram Vedantham, mathematical sciences; James Kiddle, Pamela Seaton and Stephen Skrabal, chemistry; Len Lecci and Raymond Pitts, psychology; Michael Mallin, David Padgett and Thomas Shafer, biological sciences; Patricia McGee, Randall Library; Carol Thysell, philosophy and religion; Barry Wray and Zhaohui Zeng, production and decision sciences.

Faculty Reassignment Awards: William Cleary, earth sciences; John Haley, history; Robert Hakan, psychology;

Kathleen Halme, English; Stephen LeQuire, art and theatre; Martin Posey, biological sciences and Thomas Schmid, philosophy and religion.

Summer Research Initiatives:

Robert Argenbright, earth sciences; William Bolduc and Louis Buttino, communication studies; Todd Berliner, Paula Kamenish, Kathy Rugoff and Christopher Gould, English; Catherine Campbell and Diane Hobbs, foreign languages and literatures; Yaw Chang, Ron Vetter and Ibrahim S. Sadek, mathematical sciences; Ann Conner, art and theatre; Wei Feng, mathematical sciences; Khoo Koh, HPER; Len Lecci and Ray Pitts, psychology; Michael Seidman and Robert Toplin, history.

UNCW is pleased to be able to support faculty development in a variety of ways and believes that such support enhances not only the quality of its faculty but through them the quality of the educational experience available to our students.

Fall Commencement Begins at 9 a.m.

Leroy T. Walker, immediate past president of the U. S. Olympic Committee and chancellor emeritus of N.C. Central University, will be the commencement speaker at UNCW's December graduation, 9 a.m., Dec. 7, in Trask Coliseum. **The 9 a.m. start time is a change from the traditional 10 a.m. beginning.**

The graduation ceremony will feature 164 graduates who met graduation requirements over the summer, some 582 students anticipating graduation at the end of fall semester 1996, and 100 graduate students.

Walker, who has been involved with the Olympics for more than 30 years as a coach and official, was the 22nd president of the U.S. Olympic Committee. During his career he coached 77 All-Americans and eight Olympians. His teams have won more than 30 national championships at N.C. Central University, and the university has had at least one member to compete in every Olympics since 1956. Walker coached or consulted members of the Olympic track teams of Israel, Ethiopia, Trinidad-Tobago, Jamaica and Kenya.

Commencement Day Schedule

The Commencement Day schedule is as follows:

7 a.m., Bookstore opens for late pickup of graduation tickets and regalia.

8:15 a.m., Graduates report to Hanover Hall to robe and prepare.

8:15 a.m., Ticket window at Trask opens for tickets not picked up.

9 a.m., Processional begins.

10:30 a.m., Commencement expected to end.

Departmental receptions will follow ceremony in 30 minutes or at 1:30 p.m. as noted.

- Anthropology, DeLoach, Room 114
- Art/Theatre and Music, Kenan Hall
- Biological Sciences, 1:30 p.m., Kenan Auditorium
- Cameron School of Business, Trask
- Chemistry, Science Bldg., Upstairs lobby and Room 202
- Communication Studies, Center Stage, University Union
- Earth Sciences, Hawk's Nest
- English, Cameron Auditorium
- Foreign Languages and Literatures, Morton Hall Commons Room
- History, University Union Living Room
- HPER, Golden Hawk Room, Trask
- Mathematical Sciences, 1:30 p.m., Cameron Auditorium
- P&R/Political Science, University Union, Room 100
- Physics, DeLoach, Room 218
- Psychology, Kenan Auditorium
- Sociology/Criminal Justice, 1:30 p.m., University Center Ballroom
- Social Work, 1:30 p.m., Center Stage

Affirmative Action Debate

The Honors Division will sponsor a debate on "Resolved that Justice Requires the Continuation of Affirmative Action Policies for Minorities in the Areas of Education and Employment" at 7 p.m., today, in Cameron Auditorium. Students from the Honors Seminar "Debating Race and Social Justice" taught by Lloyd Rohler and Tom Schmid will participate.

Recreational Swim

There will be no recreational swim on Nov. 23 due to a home swim meet at 2 p.m.

CTE Brown Bag Luncheon

The last of the workshops in the "Brown Bag" luncheon series, organized and sponsored by the Center for Teaching Excellence, will be held noon to 2 p.m., tomorrow, in the University Union, Room 103. This session will highlight the joys of returning to the classroom after years of administrative work. Presenters will include Charles Cahill, chemistry; Roy Harkin, specialty studies; James McGowan, philosophy and religion; and Norm Kaylor, accountancy and business law. Bring or buy lunch. CTE will provide beverages and dessert. To register, call ext. 3034 or e-mail CTE@uncwil.edu.

Chancellor's Christmas Party

The Chancellor's Holiday Party will be held 7 to 9 p.m., Dec. 18, in Wagoner Hall. Invitations will be mailed in early December.

Chemistry Thesis Defenses

Martin Bullock will defend his thesis, "A Comparison of Instructional Methods for Introductory College Chemistry," at 3 p.m., Nov. 25, Science Building, Room 205, and Andrea Li will defend her thesis, "Dissolved Inorganic Nitrogen Production from the Photodegradation of Humic Substances in Natural Water," at 2 p.m., Nov. 26, in the Science Building, Room 132.

Health Fair

All UNCW faculty and staff members are invited to a health fair sponsored by the School of Nursing, Human Resources, Student Health Center, Student Development Center, New Hanover County Health Department and Columbia-Cape Fear Hospital. Free tetanus shots will be provided. Cholesterol screening (fasting) will be available for \$15. Appointment times for cholesterol screening can be made by calling the University Union Information Desk, ext. 3841, Nov. 21, 22, and 25. Walk-in appointments are possible.

Blood pressure checks, nutrition assessment and self-breast and testicular exam instruction will also be available.

Sigma Xi Luncheon

Sigma Xi, Scientific Research Society, will hold its annual luncheon 11:30 a.m. to 1 p.m., tomorrow, in the Madeline Suite. The guest speaker will be Steven Dworkin who will present "Assessment of the Reinforcing Effects of Cocaine: A Meta-Analysis." Membership applications to Sigma Xi will be available at the luncheon. All faculty and graduate students are invited to attend. Attendees can bring their own lunch or purchase the buffet for \$4.10.

Easy Money

Five hundred dollars can be yours for the price of a \$1 raffle ticket. The University Women are raffling \$1 tickets to raise money for female student scholarships. The drawing will be held at a social on Dec. 5 at the Wise Alumni House. Ticket holders do not have to be present to win. Contact ext. 3546, 3194, 3099 or any member of the University Women.

UNCW Student Development Center: An Overview

The Student Development Center, on the second floor of Westside Hall, houses the Counseling Center, Disability Services, and the National Testing Program.

Our staff at UNCW's Student Development Center provide consultation with all faculty and staff. We rely on a well-informed and active university community in supporting students who seek counseling, disability, and national testing services. We seek your assistance in the following view of our programs will hopefully encourage your continued participation as a reference and resource.

Some Reasons to Seek Counseling

- Feeling depressed and/or anxious
- Roommate problems
- Alcohol or other drug use concerns
- Feeling inadequate, isolated, or lonely
- Concerned about sexual behavior or sexuality
- Suicidal thoughts or feelings of despair
- Difficulty in adjusting to UNCW
- "Stressed" and overwhelmed feelings
- Dealing with eating problems
- Surviving sexual assault/incest
- Working through the loss of another
- Relationship difficulties
- Family conflicts
- Financial concerns
- Learning difficulties
- Anger management
- Self-understanding
- "Just needing to talk to someone"

COUNSELING CENTER

Confidential one-on-one counseling and consultation with trained professionals. Students seek counseling for a wide range of personal concerns including self-acceptance, interpersonal relationships, depression, anxiety, sexuality, and family. Our counselors assist students in sharing feelings, exploring thoughts and developing effective problem-solving skills. Individual counseling is provided at no cost to students.

Students can set an appointment for an individual consultation by calling 962-3746. Walk-in services are available for urgent concerns (Monday-Friday: 10 am-12 pm and 2 pm-4 pm).

Group Counseling

An array of group counseling experiences are available for all students. Group counseling addresses student issues such as co-dependency, eating issues, self-esteem, sexual survivors, and substance abuse.

Substance Abuse Services

Offers assessment, intervention and counseling to students who are affected by their own substance abuse or by the abuse or dependency of someone else. Consultation and referral services are also available for students, staff, faculty and parents.

Workshops/Consultation

Workshops and presentations are conducted by counselors and directed to a variety of student, faculty, staff and community groups. Workshops include: Co-Dependency, Sexual Abuse Survivors, Eating Issues, Substance Abuse, and Self-Esteem.

In addition, counselors are available for consultation with students, families, and faculty/staff in consideration of an individual student's concerns.

Referral

Referrals are available to emotional, physical, academic and financial support/people. Psychiatric and psychological services are available at the Counseling Center in Westside Hall.

DISABILITY SERVICES

Assistance: Assists all students with disabilities in gaining appropriate accommodations and adaptation to the UNCW learning environment.

Consultation: Consult with students, faculty, staff and community members in disability related concerns. Counseling students with physical, learning and emotional disabilities include information and resources for learning accommodation.

Advocacy: Advocacy for students with disabilities and promotion of the university's ongoing commitment to equal opportunity in all academic programs for students with disabilities.

Services: Academic support services include: tutoring, readers, note-taking, test accommodation, assistive technology, and priority registration.

NATIONAL TESTING PROGRAM

The National Testing Program offers certification and national exams for entrance into graduate and professional schools. The following are some of the tests offered: Graduate Records Exam (GRE), Graduate Management Exam (GMAT), Law School Admissions Test (LSAT), PRAXIS Series (Core Battery, PPST, Specialty Area), Allied Health Professional Admissions Test (AHPAT), Miller Analogies Test (MAT), and College Level Examination Program (CLEP).

The National Testing Program offers test registration information and guidelines.

If you are interested call 962-3065 or stop by the 2nd floor of Westside Hall.

Insights and Information from SDC

Concerned? Try CARE-ing by Dee Hamilton

Often, faculty and staff are concerned about more effective ways to encourage students (or others) to get help for alcohol or other drug problems. Many times you may feel unsure about the need for someone to seek help.

In order to briefly screen for possible problems with alcohol or other drugs, try asking these **CARE** questions:

1. Have you ever felt the need to **C**ut down or **C**ontrol your drinking/drug use and had difficulty doing so?
2. Have people close to you expressed **A**nxiety or **A**nger about your drinking/drug use?
3. Have you had difficulty **R**emembering what you did or said while drunk/high?
4. Has your drinking/drug use had negative **E**ffects in any of the following areas?
 - physical • academic • work
 - financial • social • legal

A person who answers "yes" to two or more of these questions may be substance abusing. A more complete assessment will be needed.

In order to successfully refer to appropriate assessment intervention services, keep in mind the following guidelines:

- You can "plant a seed," even if the student does not immediately follow through.
- There is no guaranteed formula for successful referral to services. Be realistic in your expectations.
- Stay nonjudgmental and express concern and caring rather than anger and shock.
- Cite specific, concrete behaviors or conditions you know about rather than generalizations.
- Give a name and phone number for referral.
- Stand firm especially in the face of denial.
- Know your limits and ask for help.

At the Student Development Center, we provide alcohol and other drug-related counseling for students concerned about their own or another's use. We can also consult with staff, family members and friends about effective intervention techniques. Please call us for more information at 962-3746.

WHO USES? WHO ABUSES? by Dee Hamilton

Don't be misled by popular stereotypes about which students are likely to use or abuse certain drugs. For example, did you know the following facts (from a 1994 survey) about UNCW students?

- While alcohol use is prevalent among most college students, not "everybody" drinks-14% of UNCW students are not drinking at all. Over 30% report drinking fewer than 6 times in the past year.
- Marijuana users can be athletes, Greeks, skateboarders or scholars. Over 24% of UNCW students have used this drug in the past month; over 38% have used marijuana in the past year.
- Hallucinogens (mostly acid and mushrooms) were tried by over 16% of students during 1993-94. That use cuts across gender, academic rank and social identity lines, with more than 6% reporting hallucinogen use within the current month.
- Although most UNCW students deny driving while impaired, 40% of those who use alcohol or other drugs admitted driving while "under the influence." Many of these students have high GPA's but will be cognitively impaired if you "run into them" on College Road.
- People in trouble with alcohol or other drugs may appear to be high functioning or may be more obviously affected by changes in grades, habits, appearance, mood, or social interactions.

How can we tell who needs help? Students can get assessment for possible substance abuse at the Student Development Center. Although some assessments are mandated by Residence Life or the Office of the Dean of Students, most voluntary assessments are the result of leverage exerted by concerned others. Negative consequences may motivate students to get professional feedback.

The purpose of a substance abuse assessment is to identify signs of abuse or dependency and to recommend ways to begin making changes. A SDC assessment is a structured interview with an experienced substance abuse counselor. Follow-up counseling, 12-step support, or more intensive treatment may be recommended. Often students who originally strongly resisted our recommendations, later return to use SDC substance abuse counseling services.

"Power in Perspective"

by Barbara Jackson

There is no magical formula for leading a rewarding and fulfilling life. A strong sense of self and awareness of one's personal potential to accept the challenge to influence or impact circumstances can enhance the quality of life experiences. Recognizing the power within, through affirmation of personal rights, strengths and abilities cannot only contribute to greater self confidence but healthier and more meaningful relationships and goal-directed activities.

Enhancing personal power and esteem is an ongoing process facilitated by:

- a willingness to change
- the courage for self-evaluation and examination
- the acceptance of the challenge to assume risks
- the responsibility to persevere in the face of fear and adversity
- the ability to maintain self appreciation, values and worth despite the outcome

Group and individual counseling experiences are provided through the SDC to assist students in exploring ways to cultivate and enhance self acceptance, appreciation and understanding. Effective ways of owning and exercising personal power are examined along with issues of:

- esteem
- ethnic/gender identity
- self-expression
- communication
- self-definition
- body image
- interpersonal relationships

Bookstore Announcements

The Bookstore will have a pre-thanksgiving sale beginning Nov. 23. The following items will be 20 percent off: posters and framed artwork, Nov. 23; running and wind suits Nov. 25; sweaters, Nov. 26; sweatshirts, Nov. 27 and tradebooks, Nov. 23-26. During December the Bookstore will have an unadvertised sale item each day.

The UNCW Bookstore will hold a Christmas Open House for faculty and staff from 4 to 6 p.m., Dec. 3. Philip Gerard will hold a book signing, and Dale Lockwood will have art for sale. All clothing, gifts and trade books will be 20 percent off.

Televised Basketball Game

UNCW's season opener will be televised on Channel 11 and Home Team Sports, Channel 47, at 5 p.m., tomorrow. UNCW will play Alabama in the "Top of the World Classic" in Alaska.

Biological Sciences Seminars

Michele Nishiguchi of the University of Southern California will present "Redezvous in the Dark: Cospeciation Between Sepiolid Squids and Their Bioluminescent Symbionts" at 2 p.m., Nov. 26, in the Science Building, Room 134. Stephen Kinsey of the National High Magnetic Field Laboratory will present "Molecular Transport in Cells of Selected Marine Organisms" at 2 p.m., Dec. 2, in the Science Building, Room 103. Paul Zimba of the U.S. Department of Agriculture will present "Comparative Roles of Primary Producers in Shallow Water Marine and Freshwater Subtropical Systems" at 2 p.m., Dec. 5, in the Science Building, Room 134. Michael Durako of the Florida Dept. of Environmental Protection will present "Seagrass Die-Off in Florida Bay: History, Hypotheses and Hope" at 2 p.m., Nov. 25, in the Science Building, Room 103.

Library Hours

The Randall Library schedule for Thanksgiving break is as follows: 7:30 a.m. to 9 p.m., Nov. 26; 8 a.m. to 5 p.m., Nov. 27; closed, Nov. 28; 9 a.m. to 5 p.m., Nov. 29; 10 a.m. to 5 p.m., Nov. 30; and 1 p.m. to midnight, Dec. 1.

The library schedule for the final examination period is as follows: 1 p.m. to 2 a.m., Dec. 8; 7:30 a.m. to 2 a.m., Dec. 9-12; 7:30 a.m. to 9 p.m., Dec. 13; 8 a.m. to 7 p.m., Dec. 14; 1 p.m. to 2 a.m., Dec. 15; 7:30 a.m. to 2 a.m., Dec. 16; and 7:30 a.m. to 6 p.m., Dec. 17.

Reading by Eddy Harris

Eddy Harris, author of *Still Life in Harlem*, will read from his work at 7:30 p.m., Nov. 25, in Morton Hall's Bryan Auditorium. A question and answer session will follow. The reading is sponsored by the English Department.

QUALITY FACULTY . . . QUALITY STAFF

Lawrence Cahoon, biological sciences, received \$134,776 from South Brunswick Water and Sewer Authority for "Water Quality Analysis for the South Brunswick Water and Sewer Authority."

Paul Shotsberger, mathematical sciences, received \$28,281 from MSEN/US for "Mathematics Teacher Professional Development Using the World Wide Web."

Eleanor Wright, curricular studies, received \$2,556 from UNCC/US for "NC Transition Services Cooperative Preparation Program."

Simona Bartl, biological sciences, received \$17,270 from McDiCa. for "The Development of HL-60 Cells as a Substrate for the Detection of Antineutrophil Cytoplasmic Autoantibodies."

Lu Huntley-Johnston, English, received \$500 from N.C. English Teachers Association for "Sharing Worlds: Preservice Teachers Meet Veteran Teachers."

Ned H. Martin, chemistry, and two students **Noah W. Allen III** and **Luong Vo**, co-authored a paper "An NMR Shielding Model for the Face of a Phenyl Ring" which was presented using multimedia by Noah W. Allen III at the Southeast Regional Meeting of the American Chemical Society Nov. 10-13 in Greenville, S.C. The work summarizes more than three years of research involving computations on the North Carolina Supercomputer.

Earl Sheridan, political science, had an article titled "The New Accommodationists" published in the Nov. issue of *The Journal of Black Studies*.

William J. Cleary, **Jack Hall**, **W. Burleigh Harris**, **Paul A. Thayer** and **Michael S. Smith**, earth sciences, along with graduate students **Kalliopi Angelidaki** and **J. David Green, Jr.** attended the 1996 national meeting of the Geological Society of America (GSA) in Denver. Cleary organized and chaired a special technical session with Orrin Pilkey of Duke and Stan Riggs of ECU titled "Hurricane Fran: How Underlying Geology and Antecedent Topography Can Influence Storm Processes." Hall was elected to the National Council of the Paleontological Society at this meeting and will serve as chairman for the southeastern section for 1996-97. Harris, the GSA representative to the North American Stratigraphic Commission (NASC), composed of representatives from Canada, the U.S. and Mexico, attended the 51st annual meeting of the NASC in Denver where the commissioners met to work on revisions to the Code Bill. Thayer organized and chaired Theme Session 29 "Hydrogeology of Confining Units I: Sampling, Analysis, and Interpretation." The session was sponsored by the Hydrogeology Division of the Geological Society of America and the Society for Sedimentary Geology. Thayer co-authored a paper in the session - "Characterization of Confining Units for Hydrologic Models" and attended a meeting of the Committee on Environmental Geology and Hydrology of the Society for Sedimentary Geology. Smith presented "Colonowares from the 18th Century Broom Hall Plantation, South Carolina: Characterization and Separation by

Ceramic Petrology and Acid Dissolution Chemistry," and his graduate student J. David Green, Jr., presented "The Cordierite-Orthoamphibole Rocks of Fishtail Lake, Ontario: A Re-evaluation of the Restite Hypothesis." Kalliopi Angelidaki presented "Sediment and Nutrient Transport Over Individual Tidal Cycles in a Tidal Creek in North Carolina."

Granetta Richardson, English, presented a paper, "Questing for the True Knight: Code-of-Honor Films of Summer, 1996," for the Film/Literature Association Conference in Baltimore, Md.

Sridhar Narayan, mathematical sciences, had his paper "On the Behavior of K-out-of-N Hopfield Networks" accepted for publication in *Intelligent Systems*.

Richard Mathieu, production and decision sciences, had the paper "Data Integrity and the Internet: Implications for Management" published in the most recent edition of *Internet Research: Electronic Networking Applications and Policy*. The paper was co-authored with Robert L. Woodard.

W. Frank Ainsley, geography, presented a paper titled "Resettlement Landscapes: From Van Eden to Penderlea, North Carolina," at the annual meeting of the Pioneer America Society, held in Austin, Texas, on Nov. 8. Ainsley published a paper titled "Evolution of the Chattel House: Folk Housing of Barbados" in *Pioneer America Society Transactions*, Vol. XIX.

Staff Development

UNCW Volunteers! Make a Difference

By Melissa Shaw

Thanksgiving marked the beginning of the holiday season. For many people the holidays are a time for giving; to family, friends and even strangers.

But this is not the only time people should be giving. That is the message the Leadership Center at UNCW tries to get across to students, faculty and staff. "You have to think about the other times of the year when people are still in need," says Julie Owen, Leadership Programs coordinator.

The Leadership Center, located in the University Union, Room 212, consists of three different areas: leadership development, clubs and organization services and UNCW Volunteers! The leadership development area helps to promote leadership skills and development programs through programs, speakers and events. The clubs and organization service help the different campus groups with paperwork for events and fundraising activities.

UNCW Volunteers!, established in 1990, is one of the most popular services in the Leadership Center. "We serve as a clearing house for events in the community," says Owen. UNCW Volunteers! works to get students and organizations on campus involved in things going on outside of UNCW.

The different types of volunteer services include plunge opportunities, one-time volunteering activities; on-going services, on-going volunteer

opportunities (like tutoring, Hospice help); and Global Volunteers, an international volunteer experience that happens once a year. Volunteers help with home building and disaster relief.

Owen says there are a lot of different community organizations that need help, and, as a result, there are many opportunities that the UNCW community can take part in. If a person wants to volunteer, all he or she has to do is go into the Leadership Center and sign up. The office helps interested people get in contact with organizations that need volunteers. They try to match volunteers with organizations which are suited to their interests and that have quality volunteer programs.

"You always get back more than you give," Owen says. "Volunteer work becomes a way of life."

Owen strongly believes that everybody can be a part of leadership. "It's a group process, not a person."

This year, students, especially freshmen have been doing a lot of volunteering. "This is a really active freshman class," she says.

Volunteer activities this year have included the Wrightsville Beach Cleanup after Hurricane Fran, The

UNCW Volunteers! were given special access to Wrightsville Beach Park to help clean up. A Halloween carnival was held in the ballroom for underprivileged children, and shortly before Thanksgiving, clubs and organizations "adopted" families to whom they delivered food.

On December 4, the volunteers sponsored a Seahawk Helpers Holiday Party for children who were tutored by UNCW students.

Even though the Leadership Center is a student-oriented, student-run organization, Owen says the activities offered through it are open to everybody. "We haven't captured the faculty interest yet," she says. "It would be neat to have more interaction with faculty and students."

Chancellor's Trim the Tree Party

Chancellor James R. Leutze would like to invite faculty and staff to join him for the annual "Trimming of the Tree" from 2 to 4 p.m., today, in the lobby of Alderman Hall. Enjoy hot cider and homemade cookies to kick off the holiday season.

Jazz Bands to Perform Holiday Concert

The UNCW Big Band and Supersax Group, under the direction of Frank Bongiorno, as well as the UNCW Jazz Combo, under the direction of Rudy Tyson, will present a concert at 8 p.m., Dec. 6, in Kenan Auditorium. General admission is \$4, UNCW faculty/staff \$2 and UNCW students are admitted free. Tickets are available at the Kenan Auditorium Box Office. Call ext. 3500.

Art Exhibit

The Museum of World Cultures invites the UNCW community to view the new student exhibit, "False Faces," now on display in the University Center. Museum studies students Jennifer Lane, Kelly Lide and Traci Williams designed and installed the exhibit with the help of museum lab assistant Jeff Bell.

Hitler's Perspective of Franklin D. Roosevelt

Professor Detlef Junker of the German Historical Institute in Washington, D.C., will speak at UNCW on "Hitler's Perspective of Franklin D. Roosevelt and the United States" at 7:30 p.m., Dec. 9, in Morton Hall Auditorium, Room 100. The talk is sponsored by the Phi Kappa Phi Honor Society and the History Department. The presentation is free and open to the public.

Professor Junker is in the United States for one year on a special assignment with the German Historical Institute in Washington. He is a distinguished German scholar who has written a great deal about U.S.-German relations in the twentieth century.

Poinsettia Sale

Girls Inc. is holding its annual fundraising poinsettia sale. Plants are available in red, white and pink in six-inch foil-covered pots for \$7. Free delivery service is available to the university Dec. 6, 13 and 20. To order, call Jan Lion, ext. 3227 or Girls Inc. at 763-6674.

Thank You

The Office of Admissions would like to thank everyone who participated in Minority Visitation Day. Because of you, the program was a tremendous success. UNCW is lucky to have such knowledgeable faculty and staff. It is a privilege to work with such dynamic people.

Seahawk Athletic Program Certified by NCAA

UNCW received notification that it has been certified by the NCAA Committee on Athletic Certification, joining a growing list of schools determined to be operating in full conformity with the operating principles of NCAA Division I membership.

UNCW received the highest designation possible from the committee. A designation of certified means that an institution has shown itself to be conducting its athletics program in substantial conformity with operating principles adopted by NCAA Division I membership.

UNCW concentrated on four areas during its year-long study: academic integrity, fiscal integrity, governance and commitment to rules compliance and commitment to equity. After concluding the study and submitting a self-study document to the NCAA committee, UNCW was visited by an external team of reviewers who conducted a site visit and reported back to the NCAA Committee on Athletics Certification.

Telephone Correction

Christopher Gould's telephone number is 962-3268. It is incorrectly listed in the University Telephone Directory as 962-3368.

Honors Recital

The Department of Music will present the student Honors Recital at 8 p.m., Dec. 7, in Kenan Auditorium. The Honors Recital features some of the department's finest student performers, as chosen by the music faculty. Admission is free.

Communique News

Following the Dec. 12 publication of the *Campus Communique*, the next issue will be published Jan. 9, 1997.

Randall Library Special Collections Addition

Randall Library Special Collections recently added the Barden Family Private Papers, 1822-1920, to the manuscript collection. The Barden {Bardin} Family were planters who farmed in the Sampson and Duplin county area of southeastern North Carolina before and after the Civil War. While this collection contains few items of correspondence, the contents provide a rich source of economic information. The many receipts for mercantile transactions, medical bills, blacksmith jobs, hire and sale of slaves, land sales, tax payments as well as wills and estate papers provide a clear picture of the varied and comprehensive economic activities of the Barden Family. QUALITY FACULTY . . . QUALITY STAFF

Stephen Meinhold, political science, and **Mitzi Kepley**, student, presented their research in a paper titled "Presidential Rhetoric and the Least Dangerous Branch" at the annual meeting of the Southern Political Science Association, Nov. 6-9, in Atlanta.

Pam Whitlock, Office of Research Administration, received notification that she passed the exam to be recognized as a "Certified Research Administrator." This is a national certification exam testing knowledge in the many areas of the research administration profession. She joins fewer than 200 people nationwide in receiving this certification. Whitlock attended the National Council of University Research Administrators conference in Washington D.C. where she moderated a panel discussion on Department of Education funding opportunities and co-presented a workshop titled "Challenges Facing Research Administration Offices in Smaller Institutions" with Julie Cole, Wake Forest University.

Robert Argenbright, earth science, presented a paper titled "The Glorious Name of Trotsky's Train: Honor Among Communists" at the national convention of the American Association for the Advancement of Slavic Studies, held Nov. 14-17, in Boston.

Brooks Dodson, English, spoke to the Encore Club of Wilmington about changes in the English language.

Russell Herman, mathematical sciences, has co-authored a paper with A.J. Jerri of Clarkson University. The paper, titled "The Poisson-Boltzmann Equation and Other Boundary Value Problems: Modified Iterative Methods," has appeared in *Trends in Chemical Engineering*, Vol 3 (1996) pp.103-113. He attended the 16th Southeastern-Atlantic Regional Conference on Differential Equations, which was held at Emory University in Atlanta. He presented a talk titled "Symmetry Reductions of the Two-Dimensional KdV-Burgers and Zabolotskaya-Khoklov Equations."

Gabriel Lugo and **Russell Herman**, mathematical sciences, attended the ninth annual international conference on Technology in Collegiate Mathematics and presented a talk, "Assessing Learning in The MCP Project," in which they described efforts in using multimedia and computer-based laboratory instruction in their calculus courses during the last several years at UNCW. They also offered a two-hour workshop, "Electronic Data Acquisition in Calculus and Differential Equations."

Robert Toplin, history, has been serving as a commentator for "Movies in Time," a series on the History Channel. He commented on the Hollywood movie, *Battle of the Bulge*, and in December he will comment on *We Dive at Dawn*.

William McLellan, biological sciences and CMSR, attended the invitational meeting on Mid-Atlantic Pinniped Stranding Response and presented the paper "Mid-Atlantic Marine Mammals: The Next Generation of Stranding Response and Research" held by the National Marine Fisheries Service at the Virginia Marine Science Museum in Virginia Beach.

Four members of the English Department read papers at a special session on Postmodern Ethics at the Southern Modern Language Association in Savannah Nov. 8-11: **John Clifford**, "Ethics after Postmodernism"; **Janet Ellerby**, "The Shipping News and the Viability of Communal Ethics"; **Dan Noland**, "Keeping all the Parts: The Ethics of Rehabilitation in Contemporary Nature Writing"; and **Lindsay Pentolfe Aegerter**, "Postcolonial Pluralism: An Ethical Engagement with the Subject as Personal and Cultural Matrix."

Nancy J. Jones, graduate student, English, had her essay, "Dancing My Way into Wholeness: An Exploration of Female Sexuality," accepted for publication in the fall/winter 1996 issue of *So To Speak: A Feminist Journal of Language and Art*.

Ned H. Martin, chemistry, presented a research seminar "Applications of Computational Chemistry" at Salem College in Winston-Salem Nov. 21.

David Lindquist, CMSR and biological sciences, presented a paper titled "Larval and Pelagic Juvenile Fishes Collected with Three Types of Gear in the Gulf Stream and Shelf Waters off North Carolina" at the 11th annual Duke/UNC Oceanographic Consortium Symposium held at the Duke University Marine Lab. The paper resulted from a collaboration with Allyn Powell and Jon Hare of the National Marine Fisheries Service in Beaufort, N.C.

Steve Harper, management and marketing, had his article "An Analysis of the Prerequisites to Growth in Emerging Firms" published in the fall issue of *The Journal of Business and Entrepreneurship*.

Joanne Nottingham, education, presented "Understanding Your Personal Behavioral Style to Enhance Your Professional Development" at the Nov. 13-16 National Social Science Association Conference in New Orleans, La. The seminar was one of two in the "Discovering Our Style: Teaching and Learning" session. Nottingham's seminar was centered on a multi-level instrument that helps participants assess to what degree they use specific dimensions of their behavior as educators.

William Overman, psychology, and two psychology graduate students, **Kim Epting** and **Krista Barbour**, made a presentation at the annual meeting of the Society for Neuroscience in Washington titled "Failure to Find Variations in Performance on Gender Specific Cognitive Tasks as a Function of Menstrual Cycle Phase in College Women."

Ritt Deitz, foreign languages and literatures, published a French translation of Scott Russell Sanders' 1995 essay, "Beneath the Smooth Skin of America," in the summer/fall issue of the Montreal journal *Interculture*.

Amy Zeng, production and decision sciences, attended the 27th annual meeting of the Decision Sciences Institute Nov. 24-26 in Orlando, Fla. She presented her paper titled "Three Perspectives of Customer Service" and participated in a discussion about the Service Quality Management track.

To UNCW Faculty and Staff:

The Friends of the Library was founded in 1963 to assist in the accreditation of Wilmington College. As our college grew to a University, we followed, becoming Friends of UNCW and we now support and promote educational, scientific and charitable projects on behalf of the University.

The Friends seek proposals from you for projects which will directly benefit your department but will not require substantial amounts of money. As in years past, we anticipate receiving more requests than can be funded, but be assured that our selection process will involve careful study and evaluation of each proposal.

Please complete and return the enclosed request form by January 27. It would be appreciated if you would print the name and telephone number of the individual to be contacted.

Thank you for your support of the Friends of UNCW.

Sincerely,

UNCW Students Get Nation's First Competitive Police Corps Scholarship Awards

Secretary Richard Moore, N.C. Department of Crime Control and Public Safety, awarded three UNCW students the nation's first competitive Police Corps scholarships valued at up to \$30,000 for four years of schooling. The students were Lisa Kolm of Ocean Isle Beach, sponsored by the Leland Police Department; Paul Johnson of Snow Camp, sponsored by the Southport Police Department; and Bryan Thompkins of Hope Mills, sponsored by the Cumberland County Sheriff's Department. The scholarships are funded by the U.S. Department of Justice.

The UNCW students received three of the 20 Police Corps scholarships to be awarded at North Carolina colleges and universities. The funds cover education expenses, including tuition, fees, books, supplies, transportation, room and board and other expenses. Part of a national pilot program funded in six states by the U.S. Department of Justice, Office of Community Oriented Policing Services, the scholarships are the centerpiece of a program for students who agree to work in a state or local police force for at least four years after graduation. Policing agencies that employ Police Corps officers will receive \$10,000 per participant for each of the four years of service.

Students Win First Prize and Creative Scholarships in Movie Competitions

William "Bill" Gamble, a UNCW junior, took home first prize for best student film at the North Carolina Film and Video Festival at an awards dinner held in Raleigh, Nov. 2. His jointly produced comedy is titled "Well-Heeled." Gamble plans to attend graduate school after graduation and pursue a career as a director.

Gamble was one of three students nominated by Lou Buttino, communication studies, to participate in a hands-on filmmaking experience at the Future Arts IV conference at Piedmont Community College, Sept. 19-20.

Two other UNCW students were nominated and selected to participate in the program. Becky Hepler and Adrian Varnan assisted in the creation and production of two short films.

In addition, Gamble, Hepler, Varnan, David Spears and Douglas Gast, were nominated by Buttino and selected to receive creative scholarships by a Hollywood-based screenwriting agency for an intensive workshop in Raleigh Nov. 2-3.

Student Receives Tribal Lands Environmental Science Scholarship

Maryellen Sault, a geology graduate student, has been awarded the \$4,000 Tribal Lands Environmental Science Scholarship for the 1996-97 academic school year. The scholarship is funded by the U.S. Environmental Protection Agency.

UNCW Logs 70 Millionth Interlibrary Loan Request

Randall Library has been part of the Online Computer Library Center's interlibrary loan system since 1979, but this year it took its place in the annals of history. Mary Corcoran, library technical assistant, made UNCW's first millionth interlibrary loan request, by doing so, she also made the 70 millionth request in the international system.

Interlibrary loan is a service that allows students, faculty and staff to locate books and other materials from more than 23,000 libraries in 63 countries and territories. The use of interlibrary loan services continues to increase with the department averaging more than 8,000 requests each year.

First Year of Water Quality Monitoring Reveals Cape Fear River Facing Severe and Increasing Threats

For the first time, scientific data collected through a collaborative effort of industry, regulatory agencies, business interests and university scientists have documented that the Cape Fear River is under severe threats. At a news conference Chancellor James R. Leutze released the first year's findings from the water quality monitoring program in the Lower Cape Fear.

"The good news about the Cape Fear River," said Dr. Leutze, "is that our community has come together in recognition of its importance as a critical economic and environmental resource. However, the data summarized in this report indicates that the river is under severe and increasing threats. We need additional research to probe the underlying reasons for the decrease in water quality; in particular, the algal bloom, fish kills and high turbidity concentrations that plague our river." He also challenged decision-makers to make the health of the Cape Fear River a priority during the next legislative session.

Initiated by Wilmington Industrial Development, Inc., the Cape Fear River Program was established by UNCW in April 1994. The goal of the Cape Fear River Program is to preserve and restore water quality in the river while allowing continued utilization for recreation, commerce and industry in the region. The Cape Fear River in southeastern North Carolina is one of the most important resources in the region. It has been the focus for economic development since the 17th century. Water

quality has been and remains central to commercial fishing, industry, transportation, tourism, recreation, public drinking supplies, real estate development and quality of life.

Michael Mallin, research associate at UNCW and principal research scientist for the Cape Fear River Program, detailed the findings of the program to date:

"We are pleased to have initiated the collection by UNC Wilmington of baseline information that allows us to better understand the natural processes of the Cape Fear River."

*-Greg L. Pitillo Chair,
Wilmington Industrial Development*

Designed by scientists at the Center for Marine Science Research, industry and regulatory agencies, the research program monitors and tests river water for such characteristics as salinity, light attenuation, microscopic plants and animals and productivity in addition to the basic monitoring for chemicals required by the state. Monitoring has been in place at 15 stations (primarily in the immediate vicinity of the point source discharges) in the Lower Cape Fear River Basin since August 1995. Additional stations (primarily in the vicinity of non-point source discharges in the Black River and the Northeast River) were added in February 1996, for a total of 33 stations. In addition, the team of scientists carries out "rapid response" sampling following "pollution events," such as last summer's fish kills along the Northeast Cape Fear River and this summer's hurricanes and flooding that followed.

summer.

- There are dramatic differences in water quality in the estuary, the main-stream of the Cape Fear River and the blackwater tributaries, where extensive riverine wetlands serve as efficient pollutant filters.

- Several animal waste lagoon spills in summer 1995 were followed by high nutrient loading into receiving waters which led to algal blooms, fish kills, high fecal coliform counts and high turbidity concentrations. Elevated nutrients from the spills were found at a downstream location 55 miles from the waste input into the river.

- Prior to this summer's hurricanes, the river could be generally characterized as healthy, although there were some stretches that were areas of concern and some parameters that tested above state levels. Also, the lower river and upper estuary suffered from sub-standard dissolved oxygen levels during the

The Chancellor's Staff Advisory Committee will meet Dec. 11. If you have issues or concerns that you would like committee members to discuss with the chancellor, contact one of the following committee members: Annette Anderson, Public Service; Mike Arnold, University Advancement; Claude Brown, Purchasing; Mary Browning, Bookstore; Dolores Harvey, Institutional Research; Jeff Hunnicutt, Office of Information Technology; Mary Kelly, Watson School of Education; Sherry King, Chemistry; Dianne Matthews, Student Development Center; Joanne McDowell, Human Resources; Sandy Rogers, Sociology and Anthropology and George Syles, Moving Services.

Christmas U.P.S. Shipments

Mail packages early to avoid the rush and ensure delivery before Christmas. Central Stores is available to handle U.P.S. shipments of personal packages for faculty, staff and students, 8 a.m. to 5 p.m., Mon.-Fri. The package must be in Central Stores no later than 3 p.m. in order for it to go out that day. Boxes and tape are available for customers to use. Call ext. 3180.

Welcome

Please welcome the following new employees: Martha Cheek/Physical Plant, Mickie Elliot/Library Services, Grover Henry/Physical Plant, Mack Moore/Athletics, Lydia Murray/CSBA, Dean's Office and Judy Mincey/Physical Plant.

Changes to Examination Schedule for Fall

To compensate for the class days lost to Hurricane Fran, the following changes have been made to UNCW's Fall '96 calendar in order to provide both students and faculty the class time required to address adequately the academic requirements of the semester's scheduled courses:

- The final examination period will be shortened by two days. Exams will begin Wed., Dec. 11, with four three-hour exams scheduled each day, beginning at 8 a.m., 11:30 a.m., 3 p.m. and 7 p.m.
- Three additional class days have been added to the fall calendar. Mon., Dec. 9, will be a replacement day for classes that normally meet on Mondays; and Tues., Dec. 10 will be a replacement day for classes that normally meet on Thursdays. Thursday, rather than Tuesday, is specified for the benefit of once-a-week classes and labs, since no Tuesday classes were lost.
- No student will be required to take more than two exams on the same day. Students scheduled for more than two exams on a single day should consult the Final Examination Policy on page 65 of the 1996-97 undergraduate catalogue for procedures to be followed to reschedule exams so that no more than two are taken on the same day.

University-Owned Equipment

Departments are not authorized to discard, trade-in, give away or donate to other institutions university-owned assets. Call ext. 3875.

Student Information System

The Student Information System (SIS) will not be available Dec. 5-9 and possibly the 10th for purge activities. Offices will not be able to access, retrieve or print information. We apologize for the inconvenience. Please plan your workload accordingly.

Payroll News

UNCW will be processing payrolls in-house utilizing the Human Resources System (HRS) effective Jan. 15 for undergraduate students (hourly and flat pay), graduate students (hourly only) and temporary SPA (hourly and flat pay).

The schedule for conversion of all other payroll types is April 1997. There will be a new check format with more information that will be easier to read. The new check format will be shown at a later date.

There will be new consistent deadlines for student timesheets as well as new student payroll timesheet processing and associated record keeping. Students must turn in timesheets to their central time keeping location. Department representatives will forward student timesheets with the departmental recap sheet to payroll. The recap sheet will be used in an effort to assist departments with tracking timesheets and necessary HR payroll actions. Training sessions were held on Nov. 22 and 25 to inform department representatives about how to complete the recap sheets and the associated new payroll procedures. If your department representative could not attend notify Jan Lion at ext. 3227 or Kathy Reeves at ext. 3163 for instructions.

Accounting, Systems and Procedures, Budget, Human Resources, the Provost's Office and Management Information Support staff have worked together on this project for several months. Through their efforts, they hope to provide a more efficient and effective payroll system for the university.

Faculty/Staff Profile:

Tim Necaïse

By Melissa Shaw

Everyone knows that UNCW's campus is considered to be one of the most beautiful in the UNC system, and with Tim Necaïse's help, it will stay that way.

Necaïse is UNCW's first arboretum curator. As curator Necaïse is responsible for monitoring vegetation collections on campus and creating an arboretum.

"The arboretum will better the educational opportunities of the university and improve aesthetics while promoting conservation and preservation," says Necaïse.

The plans for the arboretum aren't anything new, he says. Committees have been meeting about it since 1992, the same year Necaïse began working at UNCW as a horticulturist. His current position, arboretum curator, was created last August and gives the project a focus.

The changes to UNCW's campus for the arboretum will be subtle. There will be specialty gardens and other arboretum spots throughout campus, even in outlying areas.

He hopes to model UNCW's arboretum after other university arboretums around the state and nation. He just returned from a trip to the University of Nebraska-Lincoln, a great example of a campus arboretum. "I got many good ideas. I hope to use their campus as a model," he says.

Necaïse, who holds a degree in landscape horticulture from N.C. State, has been around landscaping his whole life because his father was a landscape contractor.

He says arboretums are centered around a collections policy, which gives them a focus. Arboretums in this area feature plants indigenous to the Southeast. "The purpose of an arbore-

tum is to show how those plants will grow within a landscape," he says. "There will be other ornamentals (plants) added for interest."

"The arboretum will give students a re-treat within campus where they can go," he says. It will also allow students to be in a learning environment as they walk to their classes.

Currently, Necaïse is trying to gather as much information as possible about campus arboretums for possible application at UNCW. Once he gathers the information, Necaïse will speak with faculty, staff and students to see how they want to be involved.

Beginning next semester, Necaïse will be going to specific campus groups, like the Biology Club, to pitch arboretum ideas to them in an effort to get feedback and opinions. Because he is a one-man office, Necaïse says he will probably rely a lot on student groups and volunteers for help.

"When you take something from the ground floor and build it up, it's exciting," he says.

"So far the idea for an arboretum has been very well received," he says. "Because space is becoming more and more limited, people want to preserve garden spots."

Most people see the obvious benefits of the environment, he says. "If we can build upon that they'll benefit even more."

He hopes to make the plans for the arboretum public in the fall of 1997.

If you have ideas for or questions about the campus arboretum, E-mail Tim Necaïse at NECAISET.

UNCW-TV

UNCW's on-campus television station is broadcast on Channel 77. The channel provides information about student activities, meetings, lectures and sporting events.

Kate Walsh is the part-time staff member who gathers information for the channel. She is located in University Relations in Alderman Hall, Room 108 and can be reached at ext. 4082, 10 a.m. to 2 p.m., Mon.-Fri.

There's More to Retirement than Having Enough Money, Two UNCW Researchers Discover

As people plan for retirement, most focus on making sure they will have enough money to live comfortably after they leave their jobs.

But once they retire, money is often the least of their worries.

A comprehensive study of the perceptions 1,600 working men and women had before retirement and the life changes they experienced after retiring shows "there's a great deal more to retirement

than retirement income," said Marlene Rosenkoetter, School of Nursing.

Rosenkoetter and John Garris, Cameron School of Business, found that "what people said they did to prepare for retirement and what they thought was important after retirement were vastly different."

Adjusting to retirement, planning with the family, planning for use of time and stress management were among those activities that a significant number of those studied found were important after retirement.

The UNCW study surveyed 1,600 men and women living in seven Southeastern states (66 percent of whom

had worked for the same company for 25 or more years) to the Retirement Assessment Questionnaire which consisted of 72 multiple response items on demographics, use of time, pre-

retirement planning, changing life patterns and adjustment to retirement.

Few of the retirees

studied realized how much their lives would change after they left work, but the majority faced changes in their relationships, roles, use of time, support groups, self-esteem and overall life structure.

While some of the study's conclusions may seem obvious, Rosenkoetter said they apparently weren't to those retirees studied.

"If it made perfect sense to people before they retired, they would have done it," she said. But it appears that most of the men and women studied hadn't thought ahead about the personal changes they would face upon retirement and therefore didn't make any plans to adapt.

"What people said they did to prepare for retirement and what they thought was important after retirement were vastly different."

Underwater Website at UNCW-Managed *Aquarius* Wins National Technology Award

Two of the 10 National Information Infrastructure (NII) Awards being presented in New York City were Charlotte's Web, an interactive community in Charlotte, and the JASON VII Project which used the UNCW-managed *Aquarius* undersea laboratory as the site of the world's first and only underwater website.

The world's only undersea research laboratory, *Aquarius*, is owned by the National Oceanic and Atmospheric Administration (NOAA) and managed by UNCW through its National Undersea Research Center. At the time of the two-week JASON VII Project last April, *Aquarius* was situated on Conch Reef off the coast of Key Largo, Fla. The site featured graphics, live shots from the lab's porthole as well as chat sessions with scientists living aboard *Aquarius*. Currently, *Aquarius* is dismantled and on land at Harbor Branch in Fort Pierce, Fla., being totally refurbished. Plans call for it to be resubmerged during late summer 1997.

Chancellor's Christmas Party

The Chancellor's Holiday Party will be held 7 to 9 p.m., Dec. 18, in Wagoner Hall.

Retirement Party

There will be a retirement party for Ethel McCrary 2:30 to 4:30 p.m., Dec. 19, in the James Hall Conference Room. Everyone is invited.

Human Relations Advisory Committee to Meet

The Chancellor's Human Relations Advisory Committee will meet 9 to 11:30 a.m., Dec. 13, in the University Center, Room 104. Anyone with suggestions or comments for the committee can share them with the following members: Kathleen Benzaquin, Denis Carter, Yaw Chang, Sam Connally, Robert Haywood, Robert Miller, Elaine Penn, Stephanie Richardson, Earl Sheridan, Alisa Sofield, Bonnie Smith, Robert Smith, Doretha Stone, Dorothy Taylor, Matthew Tenhuisen, Li-Shing Wang and Diane Edwards. Your input is appreciated.

Angel Tree

The Residence Hall Association is sponsoring an Angel Tree in Wagoner Hall. Names of angels were collected from the Salvation Army for adoption. Feel free to adopt any of the angels and then provide an unwrapped present. Presents for angels are being delivered to the Salvation Army and are due by Dec. 14. The collection site is the Office of Housing and Residence Life. If you adopt a child and can't get to the Housing Office, presents can be delivered to Independence Mall by December 14. Call ext. 3241.

University Women Raffle Winners

The lucky winners of the University Women's raffle are Mark Furr, \$500; Mary Nell Anderson, \$200; Donna Pope, \$100; and Brad Maready, \$100. Thanks to everyone who purchased tickets.

Spring Semester Reserve Reading Lists

Faculty are asked to submit reserve reading lists for Spring 1997 before Dec. 20. Send lists to Carolyn Andrews in Randall Library or e-mail ANDREWSC. To renew previous lists, call ext. 3790.

University Union Hours of Operation

Due to increased usage by students, faculty, staff and the general public, the University Union and the Information Center will change hours of operation effective Jan. 2. The hours will be as follows: 7 a.m. to midnight, Mon.-Fri.; 8 a.m. to midnight, Sat.; and 11 a.m. to midnight, Sun. Call ext. 3285 for more information.

Computer Manuals Available at Bookstore

The Office of Information Technology and the Bookstore have worked together to order a wide variety of computer manuals that are now available at the Bookstore. The books are published by Que and cover the following software in various versions: Excel, Word, PowerPoint, Toolbook, PageMaker, FileMaker Pro, Photoshop, Access, Windows '95, Microsoft Office and HTML. The manuals can be purchased by interdepartmental invoice and range in price from \$19.99 to \$49.99. Please call Mary Browning at ext. 3188 for more information or to order other computer manuals.

Communicate

The next *Communicate* will be published Jan. 9, 1997.

Raffle Tickets

The UNCW Cheerleaders are selling raffle tickets to raise money for their trip to national competition in January. The \$1 ticket gives you a chance to win a 12-week course of personal training from The Physiological Edge. The winner will be drawn at the Dec. 22 men's basketball game. Tickets can be purchased from cheerleaders at basketball games or Marti Wyatt in Athletics, ext. 3042.

Cape Fear River Program Featured on UNC-TV

UNC-TV's "North Carolina Now" news program will feature a segment about the Cape Fear River Program at 7:30 p.m., Dec. 19, on cable Cchannel 6.

A segment titled "Aquarius Undersea" will be aired on "Crossroads" at 8 p.m., Jan. 16, on all public broadcasting stations in Florida.

Seahawk Basketball

Watch "Seahawk Basketball" at 12:30 p.m., Dec. 15, on WWAY-TV3 Cable Channel 10. This week's student segment, "On Campus," will highlight UNCW's production of *The Grapes of Wrath*.

Summer Stipends

The Center for Teaching Excellence is proud to award Summer Stipends for Course Development to the following faculty: T. David Evans and Liz Marie Marciniak, sociology and anthropology; Tom Macie, art and theater; Sridhar Narayan, mathematical sciences and Laela Sayigh, biological sciences. See the upcoming CTE newsletter.

Thesis Defense

Jesse Clark Gaither will defend his chemistry honors thesis "Quantitative Structure-Activity Relationships of Clonidine and Related Drugs Using Molecular Mechanics and Molecular Orbital Calculations" at 2 p.m., today, in the Science Building, Room 202. It is open to the public.

ANNOUNCEMENTS

McNab Appointed Director of Office of International Programs

Academic Affairs announces the appointment of James P. McNab as director of the Office of International Programs effective Jan. 1. McNab, who has served as chair of the Department of Foreign Languages and Literatures and president of the Faculty Senate, has been involved in UNCW's International Program for a number of years.

UNCW Alumni Night with the Raleigh Ice Caps

The UNCW Triangle Alumni Chapter of the UNCW Alumni Association sponsored UNCW Alumni Night at the Raleigh Ice Caps game. More than 80 alumni, from Raleigh, Durham and Chapel Hill areas got together and enjoyed a catered UNCW pre-game party in the Igloo Club at Dorton Arena and then watched the Raleigh Ice Caps game.

The Triangle Chapter established a \$10,000 pledge to benefit the renovation of the UNCW Wise Alumni House. The sitting room downstairs in the Wise Alumni House will be named "The Triangle Alumni Sitting Room" in honor of the chapter's donation.

HTML Authoring

The Office of Information Technology (OIT) is offering an HTML authoring session from 9 a.m. to noon, Jan. 7, for faculty and staff. This workshop is designed for faculty who have some experience using the World Wide Web and are interested in creating their own Web pages (syllabi, homework, "handouts," etc.) or staff who have been assigned the responsibility of maintaining their department's Web pages. The basic elements of the World Wide Web will be discussed and participants will have the opportunity to create their own Web pages during this session. To register, call ext. 4357.

Campus Dining Services Holiday Hours

Wagoner Hall will close at 6:30 p.m., Dec. 17, and reopen at 10:30 a.m., Jan. 6, serving on weekend until Jan. 9 with brunch 10:30 a.m. to 1 p.m. and dinner 4 to 7 p.m. The Hawk's Nest will be open 7:30 a.m. to 3 p.m., now through Dec. 20, and will be open noon to midnight, Jan. 2-3 and 6-8. The Campus Recreation schedule for Dec. 11-31 is as follows:

• Dec. 11 and 12: Aerobics, noon, 5:15 p.m. and 6:30 p.m.; Fitness Center, 11 a.m. to 2 p.m. and 5:30 to 10 p.m.; Recreational Swim, 11 a.m. to 1 p.m. and 6:15 to 8 p.m.; • Dec. 13: Aerobics, noon and 5:15 p.m., Fitness Center, 11 a.m. to 2 p.m. and 5:30 to 7:30 p.m.; Recreational Swim, 11 a.m. to 1 p.m.; • Dec. 14: Aerobics, noon; Fitness Center, noon to 4 p.m.; Recreational Swim, 1 to 3 p.m.; • Dec. 15: Aerobics, 5:15 p.m., Fitness Center, 5 to 8 p.m.; Recreational Swim, 6 to 7:30 p.m.; • Dec. 16: Aerobics, noon; Fitness Center, 11 a.m. to 2 p.m. and 5:30 to 8 p.m.; Recreational Swim, 11 a.m. to 1 p.m.; • Dec. 17: Aerobics, noon; Fitness Center, 11 a.m. to 2 p.m.; Recreational Swim, 11 a.m. to 1 p.m.; • Dec. 18-20: Aerobics, noon; Fitness Center, 11:30 a.m. to 1:30 p.m., Recreational Swim, 11:30 a.m. to 1 p.m.

UNCW Professor Earns Nursing Fellowship

Sally P. Cummings, School of Nursing, is one of four Kellogg fellows studying in ECU's family nurse practitioner program. After completing their fellowships next summer, the fellows will work on family nurse practitioner master's degree programs at their own institutions. These programs are needed to meet increased demand for primary care providers.

QUALITY FACULTY ... QUALITY STAFF

William Overman, psychology, received a grant of \$3,500 from the Babies Hospital Foundation, Inc., to study the effects of hormonal changes during puberty on mental problem solving in middle school children in New Hanover County

Donald Furst, art, has been awarded an \$8,000 Visual Artist's Fellowship by the North Carolina Arts Council in its biennial grant program. The grant will support continued research in mezzotint, glass-plate printmaking and computer-aided photo-etching.

Joan Willey, chemistry, received \$40,000 from the Camille and Henry Dreyfus Foundation.

Barry A. Wray, production and decision sciences, presented "Determining the Important Relationships among Determinants of Customer Loyalty: A Rule Induction Approach" at the 27th annual meeting of the Decision Sciences Institute in Orlando, Fla., Nov. 24. The paper will be printed in the proceedings for the conference. The paper was co-authored with **Richard G. Mathieu**, production and decision sciences.

Seven members from HPER made presentations at the North Carolina Alliance of Health, Physical Education, Recreation and Dance conference in Greensboro in November: **Sharon Bourque** and **Deborah Dowd**, "Investigation of Muscular Fitness, Flexibility, Body Composition, and Self-Esteem Changes in Older Adult Females Engaged in a Strength/Flexibility Class"; **Judy Peel** and **Bruce Ragon**, "Perceptions of Secondary School HIV/AIDS Education"; **Sue Combs**, "Inclusion is Not a 4-Letter Word" and **John Bennett** and **Randal Schober**, "Inclusion Ensures Continued Participation."

QUALITY FACULTY... QUALITY STAFF

Dave Carter, economics and finance, attended the 1996 Southern Finance Association annual meeting, Nov. 20-23, in Key West, Fla. He presented his paper titled "The Effect of Interest-Rate Derivatives on the Common-Stock Returns of U.S. Commercial Banks" and was a discussant for the Market Discipline in Banking session.

Janet Ellerby, English, published "Out of Control: TA Training and Liberation Pedagogy" in *Sharing Pedagogies: Students & Teachers Write about Dialogic Practices*, Boynton/Cook Publishers. The article was co-authored with former graduate student, Mary Anne Brock.

Robert Tyndall, dean, Watson School of Education, was recognized by the American Association of Colleges for Teacher Education (AACTE) for outstanding contributions to teacher education for 1996-1997.

Chester Loeffler-Bell, art and theatre, designed the lighting for the First Stage Milwaukee (Milwaukee's only resident professional theatre for young audiences) production of *The Best Christmas Pageant Ever*. He was one of the first designers to use the just installed, state-of-the-art, Strand 530 lighting control board. This production was Loeffler-Bell's first project with First Stage.

Leslie King and **Megan Silvey**, graduate students, Watson School of Education master of school administration program, presented a paper "Reinventing the Alternative School: From Juvenile Detention to Academic Alternative" at the Southern Regional Council on Educational Administration, annual meeting Nov. 10-12 in Savannah, Ga.

Joseph Pawlik, biological sciences, received \$20,000 from Monsanto Company for his project titled "Collaborative Research Agreement with Monsanto Company."

Allen Gray, nursing, received \$42,171 from Duke University/NIH for his project titled "Developing Patient Outcomes Clinical Observation/Applied Medical Informatics Fellowships."

Patricia Comeaux, communication studies, presented her paper "Technology and Change: Faculty Perceptions of a Distance Learning Network" at the Speech Communication Association Conference in San Diego, Nov. 25.

Stephen Skrabal, chemistry, presented a paper titled, "The Flux of Copper-Complexing Ligands from Chesapeake Bay Sediments," at the 11th annual Duke/UNC Oceanographic Consortium Symposium held at the Duke University Marine Lab in Beaufort, N.C., November 22-23.

OFFICIAL NOTICES

Christmas U.P.S. Shipments

NC School of Science and Mathematics Joins UNCW in Effort to Improve Math and Science Education in the Southeast

UNCW and the North Carolina School of Science and Mathematics (NCSSM) have joined forces to strengthen the quality and increase the scope of science and math education in public schools in the Southeast. The four-year agreement between the university and NCSSM will provide students and teachers with quality math and science instruction through the use of new technologies.

In Sept. 1995, a Public School Forum Study Group published a report, "A State of Disconnectedness: An Examination of Math and Science Instruction in the North Carolina Public Schools," which called for increased cooperation among the state's educational entities. In southeastern North Carolina, the Watson School of Education has been a state leader in developing innovative partner-

ships leading to the creation of such successful organizations as the Consortium for the Advancement of Public Education (CAPE) and the Southeastern Professional Development System. The UNCW Science and Math Education Center provides excellent programs for public school teachers, and through programs like Summer Ventures, has worked to extend opportunities for high school students. The College of Arts and Sciences, the Graduate Dean and the Office of Public Service and Extension Programs have aggressively sought new partnerships to address regional needs.

UNCW and the NCSSM have combined their resources to focus on improving math and science education.

A public signing of the collaboration agreement between the institutions was held Tuesday evening at Kenan House.

Beginning in the fall '96 semester, the two institutions have committed to the following:

- Establish a series of math and science institutes which provide public school teachers with high quality inservice credits or graduate level courses delivered by UNCW's Watson School of Education, and its Science and Math Education Center and NCSSM.
- Make an array of enrichment, non-credit courses available to elementary, middle and secondary schools in southeastern North Carolina.
- Develop a credit transfer agreement which allows high school students who take selected courses on the NCSSM/UNCW network to transfer credits to UNCW if they meet other admissions requirements.
- Develop a "cyber campus" centrally located in southeastern North Carolina that is a sophisticated resource center which can assist area schools in the development of model programs.
- Explore faculty exchanges and joint research ventures and provide residential, mini-internships at the NCSSM.
- Seek to strengthen the use of information technologies to serve regional education needs.

UNCW Seeks Public Comment on Proposed Master of Arts in Liberal Studies

UNCW is seeking to expand opportunities for adult scholars in the community who wish to participate in graduate education with a liberal arts focus. To assess the level of interest in such a program, the Graduate School this week will be mailing surveys to nearly 1,000 senior scholars in the Wilmington area as well as running the ad in the Sunday, Jan. 12, *Star-News* to get maximum public comment.

"The proposed Master of Arts in Liberal Studies program will bridge traditional academic boundaries," Neil Hadley, Dean of the Graduate School, explained. "The interdisciplinary curriculum, which will include core courses, electives and a capstone experience, will be flexible and self-planned with careful faculty guidance."

Contact ext. 4117 for a survey.

The Library on the World Wide Web

As the World Wide Web increases in popularity and availability, Randall Library is implementing many innovations to take advantage of the technology. We have just celebrated our first anniversary of offering the library system (the online catalog and other links) through the Web.

To connect to the WebPac version of the Library catalog, in Netscape go to the URL:
<http://rock.uncwil.edu/>

The WebPac continues most of the features of the text-based (telnet) system--you can still:

- ▶ Search by Keyword, Author, Title, **Subject Heading**, and Call Number, including limiting searches, sorting by year of publication, and using Scoping to view only materials that are at UNCW.
- ▶ Print search results using Netscape print commands or send them to your email account.
- ▶ Repeat searches in the ERIC database, or the catalogs of the Western North Carolina Library Network (UNCA, ASU, & WCU) and the UNC Central Library Consortium (NCA&T, WSSU, & NCSA) without having to rekey your search.
- ▶ Consult Library Information screens to learn the library schedule or how to use the catalog.
- ▶ View Your Own Circulation Record. See what you have checked out. Renew any materials that are NOT overdue. Check the status of materials you have on hold or of your ILL requests.
- ▶ Initiate InterLibrary Loan requests. Ask us to borrow for you materials we don't own. You can enter requests for materials you see in the ERIC database or in other libraries, such as the Library of Congress, UNC-CH, NCSU, and Duke University, you access using the Z39.50 interface, or you can **complete a form for materials you saw somewhere else that you would like to borrow.**
- ▶ Request the library to purchase particular items you think we should acquire. For this, you have to tell us who you are, so we can notify you when the book has been cataloged.
- ▶ Place holds on materials that are currently checked out or even send us suggestions on how we can improve our services to you.

Additionally, the WebPac allows access to many resources available only via web servers, such as:

- ▶ View Web pages of journal publishers
- ▶ Web sites of companies whose annual reports we own
- ▶ Libraries that have Web-based catalogs
- ▶ Search full text databases, such as the Encyclopedia Britannica and Webster's Dictionary, and search indexes such as the National Library of Medicine MedLine, and Cambridge Scientific Abstracts
- ▶ Continued access to Web versions of our old standby's, **InfoTrac** and **UnCover**.
- ▶ View the lists of New Books added to the Randall Library collections.

Journals and Newspapers in the WebPac

Publishers offer a wide range of services through their Web pages, including instructions to authors, access to tables of contents, full text of current and past issues, previews of forthcoming issues, search engines that access their archives, and links to sites related to readers' interests.

To view current issues you can perform a Journal Title search for *Time* or **Atlantic Monthly**, and to view past issues search *Slavic Review*. For full text and graphics of current and past issues try *Byte* or *Inc*. To view Tables of Contents search *Developmental Psychology*, **Marine Chemistry**, or *American Journal of Political Science*. *Billboard's* link takes you to a site that provides features from their current issue and audio samples of music from their charts, and *Science's* special features include video clips that accompany articles. Home pages for *Popular Mechanics*, *Astronomy*, and *Columbia Journalism Review* provide links to related sites, and the *News and Observer* and *Washington Post* provide extensive news coverage.

There are currently about 900 links to web sites through the WebPac, and more will be added as sites are identified. Library staff monitor and update links since URL's change frequently. If you notice a link that is not working, or if you discover a journal publisher's site that does not have a link, please send an email message with the title and URL to Arlene Hanerfeld (hanerfelda@uncwil.edu).

Databases in the WebPac

There are several electronic databases available to the UNCW community through the Randall Library Web Catalog. These databases can be searched in the library or from any Internet computer on campus. Users can access the databases from the UNC Coastal Library Consortium **Electronic Databases** Web page at <http://rock.uncwil.edu/screens/database.html>

The databases available include:

- ▶ Britannica Online -- The online version of Encyclopedia Britannica, including Merriam-Webster's Collegiate Dictionary.
- ▶ Uncover Web -- Periodical Index to nearly 17,000 periodicals.
- ▶ InfoTrac -- Periodical Index for academic, general, business, health periodicals 1980-
- ▶ Cambridge Scientific Abstracts —Index to Aquatic Sciences & Fisheries Abstracts, Oceanic Abstracts and Pollution Abstracts, 1991-.
- ▶ ERIC -- Index to ERIC Journals (EJ) 1969 and ERIC Documents (ED) 1966-.
- ▶ MathSciNet -- Index to Mathematical Reviews, and Current Mathematical Publications. Coverage begins with 1940, full text reviews from 1980-.
- ▶ Medline -- Index to life sciences and bi-medical periodicals 1965-.
- ▶ Institute of Physics Journals — Full text of the Institute's journals to which we subscribe.

Britannica Online, InfoTrac, Cambridge Scientific Abstracts, MathSciNet, and Institute of Physics journals are restricted to users on the UNCW campus. UNCW students, faculty and staff who use CoastalNet as their Internet Provider, however, can access most of these databases from their home computers.

CD-ROM Databases

The library's collection of CD-ROM databases continues to grow. Some databases are cheaper now on CD-ROM than in print form. Most recently, the library has acquired several of our long standing H.W. Wilson indexes in the familiar SilverPlatter CD-ROM format. They are:

- *Biological and Agricultural Index*, 1983-
- *Business Periodicals Index*, 1982-
- *Humanities Index*, 1984-
- *Social Sciences Index*, 1983-

Besides bibliographic databases, the library also has several reference-type CD-ROMs, including *SelectPhone*, a nationwide telephone directory for businesses and residences, and *CollegeSource*, the full-texts of college catalogs. Multimedia CD-ROMs include *A.D.A.M.* (Animated Dissection of Anatomy for Medicine) and DeLorme's *MapExpert* and *Global Explorer*. Hundreds of U.S. government CD-ROMs are also available. They are especially strong in providing statistical data.

In other CD-ROM news, *NewsBank*, which includes full-text articles from hundreds of U.S. newspaper and wire services, has enhanced its service with *Global NewsBank*, foreign news summaries, broadcast transcripts and other international sources. A list of the library's CD-ROMs (excluding U.S. government CDs) is available through the library computer system. Choose "Information about the Library" to find the list. On the WebCat you can go directly to <http://rock.uncwil.edu/screens/libinfo.12.html>

The CD-ROMs are not networked or available by remote access, so we look forward to seeing you at the library. We will gladly show you how to use these amazing research tools.

Student Spotlight: Cheryl Toney-Jones

Randall Library relies heavily on their student assistants. One of the brightest is Cheryl Toney-Jones, who works for Circulation Services. Cheryl began her work with us in 1986-87 and again in spring of 1994.

Being a single mom to daughter Kyemira, age three, the library hours allow her to work and attend classes. Cheryl claims that it is not easy to work here, but "it is the best place to work if you are a student; the hours are flexible and very convenient"; plus she adds that the library staff is very friendly and caring.

Since she is an elementary education major, Cheryl hopes to teach after graduating in the spring. The library staff salutes this great student assistant!

Courses for Credit Offered By Instructional Services

The Instructional Services Department of the library offers two one-credit hour elective courses: UNI 102, Library Literacy and UNI 103, The Electronic Library. Library Literacy focuses on basic information organization and classification, with units on call numbers, subject headings, the stages of the publication cycle, monographs and periodicals (including the library system and CD-ROM searches), and the reference collection.

The Electronic Library focuses on advanced search techniques, especially for bibliographic indexes. Units include selecting appropriate databases for given topics, writing search statements with correct boolean operators, acclimating to diverse software, and navigating the World Wide Web.

Neither course requires prerequisites; both have broad applicability and usefulness in using Randall Library and other libraries.

These courses enhance the other facets of the library instruction program. We also offer course-related sessions, designed specifically for your students' library research needs to fulfill class assignments. Please call Donna Gunter at 3688 to discuss your needs. We continue to offer several workshops at the beginning of each semester. The schedule is sent to all students and faculty members, and posted as a library information screen on the library system, at <http://rock.uncwil.edu/screens/libinfo.html>

UNCW Exhibits Work of African American Artist

Paintings by African American artist Olivia Gatewood will be on exhibit in the University Center through Feb. 28. The title of the exhibit is "Brilliant Ideas." A "Meet the Artist Reception" will be held from 2 to 3:30 p.m., Jan. 12, in the University Center lobby. Gatewood will also conduct a gallery walk in the University Center at noon, Feb. 28.

Financial Help for Day Care

If you live in New Hanover County and have children under 13 years of age, you may be eligible for financial help with day care. Families earning no more than 75 percent of the state's median income, adjusted for family size, are encouraged to apply. Maximum gross monthly incomes are as follows: family of two, \$1,895; family of three, \$2,341; family of four, \$2,786; family of five, \$3,232; family of six, \$3,678; family of seven, \$3,762 and family of eight, \$3,845; For more information call the New Hanover County Department of Social Services at 341-4700 ext. 3304.

African American Leadership Conference

The Leadership Center is hosting the fifth annual African American Student Leadership Conference Jan. 31-Feb. 2. The conference originated at UNCW with the help of a grant from the Z. Smith Reynolds Foundation. The conference hosts high school and college students from all over the Southeast.

Faculty, staff and public are invited to join the student leaders for a dinner theater at 7:30 p.m., Feb. 1, in Wagoner Hall. Tickets are \$20 and must be reserved by Jan. 28. The featured performance titled "From the Gallows to the Gavel" will highlight the lives of six influential African Americans including Nat Turner and Thurgood Marshall. For more information, or to reserve tickets call ext. 3877.

Stephen Skrabal, chemistry, presented a paper titled "The Flux of Copper-Complexing Ligands from Chesapeake Bay Sediments" at the 11th annual Duke/UNC Oceanographic Consortium Symposium held at the Duke University Marine Lab in Beaufort, N.C.

Leslie King and **Megan Silvey**, graduate students, Watson School of Education, master of school administration program, presented a paper "Reinventing the Alternative School From Juvenile Detention to Academic Alternative" at the Southern Regional Council on Educational Administration annual meeting in Savannah, Ga.

Joseph Pawlik, biological sciences, received \$20,000 from Monsanto Company for a collaborative research agreement with Monsanto Company.

Allen Gray, nursing, received \$42,171 from Duke University/NIH for "Developing Patient Outcomes Clinical Observation/Applied Medical Informatics Fellowships."

Patricia Comeaux, communication studies, presented her paper "Technology and Change: Faculty Perceptions of a Distance Learning Network" at the Speech Communication Association Conference in San Diego Nov. 25.

Karen Thompson, career services, reported as vice president at the annual conference of the Southeastern Association of Colleges and Employers in Atlanta, Ga. The following committees report to the vice president's office: marketing, new members, membership, newsletter and directory development.

Terry Theodore, art and theatre, wrote an article on Frank Capra, Jr., film producer and new studio president of Wilmington's Screen Gems, for the latest issue of *Wilmington Magazine*.

Troy Alphin and **Martin Posey**, biological sciences, attended the Marine and Estuarine Shallow Water Science and Management Conference hosted by the U.S. Environmental Protection Agency in Atlantic City, N.J. They presented two talks titled "Habitat Function of Intertidal and Shallow Water Oyster Reefs" and "Influence of Top-Down and Bottom-Up Controls on Estuarine Benthic Communities."

Deborah Dowd, HPER, had the article "Competitive Orientations and Motives of Adult Sport and Exercise Participants" published in the December issue of the *Journal of Sport Behavior*. The article was co-authored by Diane Gill and Lavon Williams, UNC Greensboro; Christina Beaudoin, Pfeiffer College, and Jeffrey Martin, Wayne State University.

Phillip Furia, English, was a guest at New York's Carnegie Hall Centenary Celebration of Ira Gershwin. He has signed a contract with Schirmer Books, the music division of Simon & Schuster, to write a critical biography of Irving Berlin.

William Overman, psychology, gave an invited address to the psychology department at his alma mater, Wake Forest University, titled "Cognitive Gender Differences in Young Children Are Similar to Biologically Based Cognitive Gender Differences in Young Monkeys." Overman also taught an honors class in developmental psychobiology.

Khoon Koh, HPER, presented the paper "Developing Indigenous Tourism Entrepreneurs in Small Communities" at the National Conference on Recreation in Small Communities, Strategies for Success, held in Myrtle Beach, S.C., in December.

Ned Martin, chemistry, was awarded 1997 Cray Grant for \$8,000 by the North Carolina Supercomputing Center and 392 cpu hours of Cray T90 supercomputer time in support of his research "Development of a Proton NMR Shielding Model for the Face of a Phenyl Ring and Other Functional Groups with Application to DNA Intercalation Geometry." The funds will support a graduate student, **Noah W. Allen III**, as a Cray Fellow for 1997.

William A. Bryan, Specialty Studies, was a keynote speaker on Dec. 6 at the 25th Anniversary North Carolina College Personnel Association (NCCPA) Conference in Asheville, N.C. The title of his speech was "Student Affairs Challenges Yesterday, Today, and Tomorrow." He was presented with the first NCCPA Distinguished Scholar Award. This award honors professionals within the state of North Carolina who have made significant contributions to the field of student development in higher education.

Marlene M. Rosenkuetter, nursing, had her article "Changing Life Patterns of the Resident in Long-Term Care and the Community-Residing Spouse" published in the Nov.-Dec. issue of *Geriatric Nursing*.

Karan B. Smith, mathematical sciences, had her paper "Guided Discovery, Visualization and Technology Applied to the New Curriculum for Secondary Mathematics" published in the *Journal of Computers in Mathematics and Science Teaching*, 1996, Vol. 15, No. 4, pp. 383-399.

Richard Veit, **Christopher Gould** and **John Clifford**, English, had the fourth edition of their book *Discovering English Grammar* published on Jan. 1 by Allyn & Bacon. Veit contracted with Allyn & Bacon to publish the second edition of his book *Research: The Student's Guide to Writing Research Papers*, which will appear in the fall.

Sally Sullivan, English, won a writer-in-residence award for a month's stay at the Vermont Studio Center in Johnson, Vt. The contest was open to North Carolina poets and was co-sponsored by the North Carolina Arts Council and the Vermont Studio Center.

Joanne Nottingham, education, presented "Using Teamwork to Capitalize Your Role in the Workplace" for the United States District Court employees in the U.S. Pretrial Services Office of the Eastern (N.C.) District. The seminar was conducted in New Bern Dec. 3. Her seminar included a presentation of several factors which affect workforce effectiveness and efficiency, completion of an instrument that helped the employees assess the degree of their use of specific behavioral dimensions in their work environment and a discussion of how to best use the findings to improve staff effectiveness and efficiency.

Payroll News

UNCW will be processing payrolls in-house utilizing the Human Resources System (HRS) effective Jan. 15 for hourly and flat pay undergraduate students, hourly graduate students and hourly and flat pay temporary SPA employees.

The schedule for conversion of all other payroll types is April 1997. There will be a new check format with more information that will be easier to read. The new check format will be shown at a later date.

Student timesheets will have a new consistent deadline. There will be new student payroll timesheet processing and associated record keeping. Students must turn in timesheets to their central time-keeping location. Department representatives will forward student timesheets with the departmental recap sheet to payroll. The recap sheet will be used in an effort to assist departments with tracking timesheets and necessary HR payroll actions. Training sessions were held Nov. 22 and 25 to inform department representatives about how to complete the recap sheets and the associated new payroll procedures. If your department representative could not attend, notify Jan Lion at ext. 3227 or Kathy Reeves at ext. 3163 for instructions.

Accounting, Systems and Procedures, Budget, Human Resources, the Provost's Office and Management Information Support staff have worked together on this project for several months. Through their efforts, they hope to provide a more efficient and effective payroll system for the university.

Faculty Senate Meeting

The Faculty Senate will meet at 2:30 p.m., Jan. 21, in the new Science Building, Room 103. Anyone with senate business should contact senate President Richard Veit or a member of the steering committee at least one week prior to the senate meeting.

Shared Leave Donations

Please send shared leave donations for Lisa Troy/Physical Plant to Human Resources. Call ext. 3161 for more information.

Computer Support Building Reassignments

Due to staffing changes, some building reassignments are being made for computer support. These took effect Jan. 2. The following buildings now fall under Stephanie Kiddle's support: Alderman Hall, Randall Library, Westside Hall, Academic Support, Residence Life and Wagoner Hall. Stephanie Kiddle's ext. is 7359 and her e-mail is kiddles. Computer Support will have a Web address for employees to access in early January that provides buildings and contact information for each support person.

Staff Development

- **Yoga**, noon to 1 p.m., every Fri., Jan. 10-June 27.
- **Personality Types and Team Building**, 9 a.m. to noon, Jan. 23 and 30.
- **Beyond the Cornucopia Kids: How to Raise Healthy Achieving Children**, 9 a.m. to noon, Jan. 27.

Please refer to the *Staff Training and Development Booklet* for registration information or call ext. 3712.

Financial Aid Book Money

Students with financial aid grants and scholarships in excess of their spring on-campus charges may use a portion of this aid to purchase books at the University Bookstore effective Jan. 9. Students relying on federal and private educational loans will be offered the same privileges effective Jan. 9. Students who will receive refunds after their fall charges will be allowed a credit on their UNSea card (Student ID).

3/4-Inch Deck Needed

Kate Walsh, UNCW-TV, is in need of a 3/4-inch deck. Call ext. 4082.

Administrative Procedures Update

The *UNCW Administrative Policies and Procedures Manual* is now accessible via the UNCW home page at the following address: <http://busaff.uncwil.edu/admproc/admproc.htm>. The Policies and Procedures site is linked off of the UNCW home page under Administration.

Accessing the Administrative Policies and Procedures Manual via the Web will allow increased print capabilities as well as links to other administrative procedures. New features will continually be added.

All forms currently in the Administrative Systems Reference Manual will soon be available to be printed to your local printer or downloaded directly into Microsoft Word or Word Perfect.

Your comments are welcome and encouraged. Contact Virginia Pyrtle at ext. 3257 or e-mail pyrtle.v.

University Union Hours of Operation

Due to increased usage by students, faculty, staff and the general public the University Union and the Information Center have changed their hours of operation. The hours will be 7 a.m. to midnight, Mon.-Fri.; 8 a.m. to midnight, Sat. and 11 a.m. to midnight, Sun.

Welcome

Please welcome the following new employees: Edward Delpezzo/Project Design and Management; Mary Simmons/Dean of Students; Todd Curry and Jeffrey Steiner/University Police; Sandy Easley/CMSR.; William Ellegood/Mathematical Sciences; Jeffrey Fullwood/Physical Plant; Laura Hardaway/HPER.; Evelyn LaGoe/Institutional Research. Teresa Lee/VCSA and Norval Smith, Jr./Physical Plant.

Gift from C.D. Spangler, Jr. Helps to Endow Frank H. Kenan Chair in Marine Sciences

To enhance its exceptional undergraduate marine sciences program, UNCW announced a distinguished professorship in marine sciences.

Named for Frank Hawkins Kenan, this distinguished professorship in marine sciences was made possible by gifts totaling \$333,000 from the family of C.D. Spangler, Jr. and the C.D. Spangler Foundation.

The gift is a collaboration with a challenge grant from the UNC Board of Governors, provided by the Distinguished Professors Endowment Trust Fund established by the N.C. General Assembly. The \$333,000 and the challenge grant of \$167,000 will provide an initial endowment of \$500,000 to support this chaired professorship.

"My family and I are particularly pleased to honor Frank in this way because of his extensive and successful efforts on behalf of higher education in North Carolina," said C.D. Spangler, Jr. "Frank's family roots are deep in Wilmington, and he thoroughly enjoyed his frequent visits to that area."

Kenan, who was widely recognized for his philanthropic leadership in higher education in North Carolina, passed away in June, 1996. He founded several companies including Kenan Oil and Kenan Transport and was co-owner of

the Landfall development near Wrightsville Beach.

The Frank H. Kenan Distinguished Professorship will be assigned to the

College of Arts and Sciences, either in the Department of Biology, Chemistry, Physics or Earth Sciences, depending on the area of expertise of

the person selected. This individual will work in close cooperation with the students and faculty of the Center for Marine Science Research. The Kenan Professor will also work with administrators at UNCW to ensure that UNCW stays in the forefront of marine science teaching and research, particularly as it relates to coastal issues in North Carolina.

The Frank H. Kenan Distinguished Professorship will give students and faculty from UNCW and other UNC institutions the opportunity to work with another recognized expert in the area of marine sciences and will permit UNCW to further enhance its reputation as a leader in marine science teaching and research and continue its contribution in the training of our state's and country's future educators and scientists.

A national search for the best available marine scientist in the country will be conducted to fill this chair.

"My family and I are particularly pleased to honor Frank in this way because of his extensive and successful efforts on behalf of higher education in North Carolina."

- C.D. Spangler, Jr.

UNCW Alumni Go "Totally '80s" for Homecoming

A day full of activities is planned for UNCW alumni and friends on Sat., Jan. 25, as the UNCW Alumni Association goes back in time for the "Totally '80s" Homecoming celebration.

The schedule of events is as follows:

- Alumni Board Annual Board Meeting - Open to all alumni of Wilmington College and UNCW. The meeting begins at 8 a.m. in the Madeline Suite, Wagoner Hall.
- AAGA, the African American Graduates Association, will host a reception for Ralph Parker, retired director of minority affairs at UNCW, at 2 p.m., in Center Stage Cafe.
- Communication Studies Chapter Homecoming Social - This new chapter invites all individuals who received a degree in communication studies from UNCW for the party that begins at 5:30 p.m. at the Hawk's Nest. The

chapter's new charter will be unveiled at that time. The cost is \$7 and includes a full buffet, beverages and door prizes.

- Pregame Social - Alumni and friends will gather at 5:30 p.m., in the Hawk's Nest to gear up for the big basketball game against UNCW's rival, East Carolina University. Food and drinks will be served. Admission is \$7 a person.
- UNCW Seahawks vs. the ECU Pirates - Game time is 7:30 p.m. in Trask Coliseum. Call ext. 3232 for tickets.
- Homecoming Dance - The annual homecoming dance will begin at 9:30 p.m. in the University Center Ballroom. DJ Craig Thomas of 103 GNI will provide the musical entertainment. Food and drinks will be available. Tickets are just \$10.

For more information call 251-2682.

300 Expected for Southeastern African American Conference

Highlighting UNCW's fifth annual Southeastern African American Student Leadership Conference will be a performance by actor Daryl Van Leer who will bring to life six courageous leaders. This intriguing performance will include the man who said in his "I Have a Dream" speech, "We will not be satisfied until justice rolls down like waters and righteousness like a mighty stream." Along with Dr. Martin Luther King, Jr., Van Leer will also bring to life Malcolm X, Frederick Douglass, Nat Turner, Marcus Garvey and Thurgood Marshall.

Conference keynoter Leer received nominations for three national awards including best lecturer and best performing artist for the National Association for Campus Activities. His stunning 90-minute performance titled "From the Gallows to the Gavel" can be seen at 7:30 p.m., Feb. 1, in Wagoner Hall. The cost of \$20 will include dinner and the performance.

Leer's performance is just one feature of the conference which focuses on the theme "Study the Past, Live the Present, and Prepare for the Future." Approximately 300 participants are expected to attend from colleges across the southeastern U.S. The conference is designed to show young African Americans how they can grow and prosper as productive leaders of the future.

Check in for the conference will be from noon to 6 p.m., Jan. 31, in the lobby of the University Center. Workshops begin at 9 a.m., Feb. 1, in the University Union and end Feb. 2. Registration fee is \$15 for UNCW students, \$65 for faculty and \$55 for students. Call ext. 3877 to register.

Call for Volunteers

The Salvation Army Woodlot Project needs volunteers to cut and deliver wood to families who need it. All ages and skill levels are needed. The Woodlot Project runs every Saturday through March 8. UNCW Volunteers! will take groups Feb. 8 and March 1. Transportation will be provided. Call ext. 3925 to sign up.

Faculty Recital

The Ryoangi Duo, UNCW saxophonist Frank Bongiorno and guitarist Robert Nathanson, will be performing the first program of the Department of Music Recital Series at 8 p.m., tomorrow, in Kenan Auditorium. Also performing on this program will be guest visiting artists, saxophonist Tom Myers and pianist Greg Dyes from the University of Colorado at Boulder.

Admission is \$5 for general public; \$2.50 for senior citizens, children under 12 and UNCW faculty and staff; and free for UNCW students with a valid ID. Proceeds from ticket sales are used to support the Department of Music through scholarships for UNCW music students.

Valentine Balloon Special

The UNCW Bookstore will celebrate Valentine's Day by offering a balloon and candy special. One mylar Valentine's balloon, two latex balloons and an ounce of jelly beans is \$2.14. Stop by the Bookstore beginning Feb. 3 to select and pay for balloons. They will be ready for pick up on Feb. 14. The Bookstore also has a wide selection of gifts, cakes, cards, candies and stuffed animals. Orders of \$10 or more can be delivered on campus.

Wendy Brenner to Give Public Reading

Wendy Brenner, award-winning author, will read from her work at 7:30 p.m., Jan. 30, in Bryan Auditorium. Brenner teaches creative writing at the University of New York, Brockport. Her awards include the Flannery O'Connor Award for Short Fiction and the Associated Writing Programs Intro Award. Brenner is the author of a collection of stories, *Large Animals in Everyday Life*, that tells 11 tales of ordinary people who are obsessed with the desire to live the American Dream, but convinced that their flaws are keeping them from doing so.

Position Open

The College of Arts and Sciences is seeking applications for the position of associate dean for academic policies. The position is responsible for the enforcement of UNCW policies governing course and university withdrawals, academic eligibility, grade changes, internships, independent studies, waiver/substitution of degree requirements, drop/add, overhours and transient study as these policies affect students majoring in CAS disciplines. The associate dean serves as the dean's representative on various committees and teaches one course each semester.

The successful candidate will have a thorough understanding of academic policies, a record of excellence in student advising and the requisite interpersonal skills for interacting with students, parents, faculty and department chairs, as well as with administrators and staff within the divisions of Academic and Student Affairs. Tenured faculty status at the rank of associate or full professor is required.

Applicants should submit a letter of application, current curriculum vitae and letter of recommendation from the department chair to Dean Jo Ann Seiple by Feb. 21. The appointment will begin July 1, 1997.

Reminder from Dean of Students Office

A reminder to all faculty and staff: the Office of the Dean of Students cannot and does not excuse student absences. In cases of emergency (extended illness, hospitalization, death in family, etc.) when the student or parents are unable to contact instructors directly, a member of the Dean of Students Office staff will pass along to the department the information that is provided to them. The Dean of Students Office notification serves to relay the information and is not a verification.

Student Media Board Recruiting

The Student Media Board is currently recruiting three student media managers for the 1997-98 academic year. Positions open are: editor of *The Seahawk*, editor of *The Atlantis* (annual student literary journal), and general manager of WLOZ (cable radio). All are paid positions. The board is seeking candidates for these positions who are energetic, interested in media-related careers and who want to take a leadership role in shaping student media at UNCW. Faculty and staff are asked to encourage students to apply for these positions. To apply, students should submit a completed application form, resume and any supporting materials to the Office of the Dean of Students, University Union, Room 209 by Feb. 12. Application packets can be picked up in that office or from faculty in English and Communication Studies. Call ext. 3119 or 7141.

Applications Accepted for Alumni Scholarships

Applications are being accepted for 10 scholarships offered by the UNCW Alumni Association. The \$1,500 scholarships are open to incoming freshmen, returning students and transfers. Nine are for undergraduates, and one is given to a graduate student.

Awarded annually, the scholarships are based on academic achievement, demonstrated financial need and school and community involvement. Students who continue to meet the criteria can renew their scholarships each year. For more information call Pat Corcoran at 251-2682.

FRS System Will Be Down

The FRS system will be down from 7 a.m., Jan. 24, until noon, Jan. 27, due to system maintenance.

UNCW Unveils 50th Anniversary Logo and Banners

UNCW unveiled its 50th anniversary logo and a 6' x 16' banner at the Wise Alumni House Friday.

The ceremony served as an enhancement of Homecoming '97 and a prelude to the celebration of UNCW's 50th anniversary which will officially take place during the academic year from August 1997 through June 30, 1998. It is a special milestone in the life of this young institution and an opportunity for recounting the impact UNCW has had on this region, state and nation.

Two banners were also installed on campus, one at Kenan Auditorium and the other at Trask Coliseum. This week

a banner was also placed in the University Union. All three banners were made by Signs of Success.

Symbolically, the logo portrays UNCW beginning a new dawn as the 21st century approaches.

Wise Alumni House

Friends of UNCW Contribute to University Community

By Melissa Shaw

The Friends of UNCW have given a lot more than friendship to the school in the past 34 years. The organization has raised almost \$200,000: money which goes back to the faculty, staff and students at UNCW.

Friends of UNCW was founded in 1963 by Sylvia Schwartz. Its original purpose was to give more books to the library in an effort to help Wilmington College achieve accreditation.

Today the organization has more than 300 members including UNCW

alumni. "They are people who are interested in volunteering...interested in helping UNCW," says Katherine Lea, a member of Friends.

The group usually raises about \$10,000 every year; most of that money is recirculated back to the university. Anyone on campus who has a need can submit a grant proposal to the organization for consideration. "We seek proposals that directly impact the university, but do not require a lot of money," says Janice Kingoff, adviser to Friends of UNCW. Friends contributions touch every aspect of campus,

from the international flags in the Hawk's Nest to chairs in the music department and a breathalyzer for Campus Police. "We fill a need," says Kingoff. "We give departments things that bigger grant money doesn't."

The Friends have branched out this year, giving a student merit scholarship. The recipient of the award will have tuition paid for his/her entire education.

Department heads are reminded to remit their gift requests to Jean T. Poole, chair of the gift committee, at P.O. Box 34335, Wilm., N.C. 28406.

Nine More Days Until GMC Jimmy Give-Away

The countdown has begun for the UNCW Alumni Association GMC Jimmy give-away on Feb. 8. The money raised will go toward retiring the \$400,000 note on Wise Alumni House. Tickets will be available for just nine more days. Only 2,857 tickets will be sold. They can be purchased from alumni association board members, at the UNCW Information Center and at Bob King Automall for \$35. Tickets will also be sold at home men's basketball games and can be purchased with Visa or MasterCard by calling Wise Alumni House at 251-2682. Tickets can be delivered.

Leadership Film Series

The Leadership Center is seeking a moderator for its Feb. 17 showing of *Malcolm X*. Interested faculty and staff are asked to call Julie at ext. 3797.

Chancellor's Student Hours

The Chancellor will hold student hours 3:30 to 4:30 p.m., today, and Feb. 7, 13 and 21 in Alderman Hall, Room 110.

The Seahawk Provides Tear Sheets

The Seahawk, UNCW's student newspaper, now provides tear-sheets to all on-campus groups or departments running paid advertisements in the paper. Advertisers should call Diane Edwards at ext. 3119 to receive them.

Valentine Balloon Special

The UNCW Bookstore will celebrate Valentine's Day by offering a balloon and candy special. One mylar Valentine's balloon, two latex balloons and an ounce of jelly beans is \$2.14. Stop by the Bookstore beginning Feb. 3 to select and pay for balloons. They will be ready for pick up on Feb. 14. The Bookstore also has a wide selection of gifts, cakes, cards, candies and stuffed animals. Orders of \$10 or more can be delivered on campus.

Interim Director for CTE Appointed

Academic Affairs announces the appointment of Gabriel Lugo of the Department of Mathematical Sciences as interim director of the Center for Teaching Excellence. Lugo replaces Jimmy Reeves of the Chemistry Department who resigned the position to pursue an exceptional opportunity to work with a major publisher on the development of instructional CD-ROMs. Prior to his appointment as interim director, Lugo served as a faculty associate with the center. A search for a permanent director of the center will be conducted later this spring, with the individual selected taking office June 1.

Professional Development Courses for the Internet

Michelle Howard-Vital, Vice Chancellor of the Division for Public Service and Extended Education, would like to work with faculty to design professional development courses for the Internet and other flexible delivery modes. Course development work must be completed this academic semester. For more information or to discuss a proposal, call ext. 4138.

Public Service and Extended Education Recognized for Excellent Course

The UNCW Division for Public Service and Extended Education was cited by the Learning Resources Network (LERN) in its January 1997 edition of *Lifelong Learning Today* for its 1996 course, "The South for Beginners." The course was picked as the "Number One Unusual Course Title of the Year." The course was under the direction of Jan Johnson, program director for Adult and Continuing Education. LERN is the leading organization in lifelong learning programming, offering information and consulting services to providers of lifelong learning programs. Founded in 1974, LERN is a nonprofit educational association with more than 4,000 members in eight countries. Members and participants come from a variety of institutional settings.

Former CFMH Fund Raiser Joins UNCW Staff

The UNCW Division for University Advancement announce the appointment of Frank J. Russell as development officer. He will focus his efforts on School of Nursing funding needs as well as other campus health-related programs. Russell comes to UNCW from Cape Fear Memorial Hospital where he served for six years as president of the Cape Fear Health Care Foundation.

UNCW Alumni Honor Achievements of Pollards and Boney

UNCW alumni John Manly Pollard '70 and Caroline Smith Pollard '73 and Wilmington residents Leslie N. Boney, Jr. and Lillian Bellamy Boney were honored for their contributions to UNCW, the alumni association and the community during UNCW's homecoming week celebration.

The Pollards are recipients of the UNCW Alumni Association's 1997 Distinguished Alumni Award. The Boneys are recipients of the alumni association's award for Distinguished Citizens for Service to the University.

John and Caroline Pollard have been instrumental in helping the alumni association retire its \$400,000 Wise Alumni House renovation loan. The Boneys have contributed greatly to UNCW over the years. Most recently they established a scholarship to the university in memory of Mr. Boney's father, Leslie N. Boney.

Attention State Employees

The discussion will consider the character of European Classical Liberalism and comment upon the nature and fortunes of American Liberalism since Woodrow Wilson. The round-table discussion is free and open to the public.

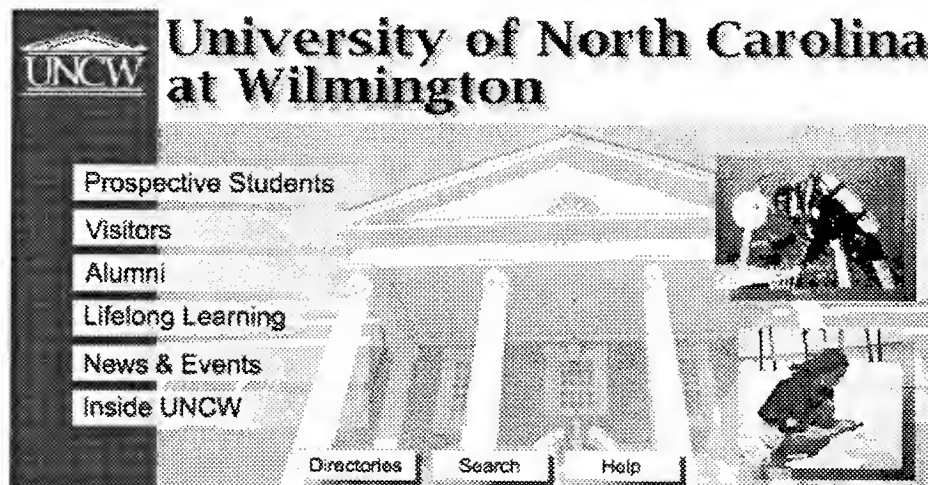

UNCW Home Page Gets New Look

With graphically appealing sites abounding on the Internet, UNCW decided it was time to redo its home page to have greater aesthetic value and be easier to navigate. Even though UNCW's home page was only two years old, the original site wasn't visually attractive or organized for the way people use the Web says Dick Ward, assistant vice chancellor for academic

stimulated interest among others to get things on the web," he says.

From student organizations to departments on campus, the interest in getting information on the Web is incredible says Steve Perry, a computing consultant with the Office of Information Technology. There are 52 individuals and departments on campus who maintain active sites. "The beauty of the system is that they can make changes

affairs and director of the Office of Information Technology.

Seeing the need for a new site, the chancellor appointed a Web committee composed of 15 members from all areas of campus and given the tremendous task of redoing UNCW's home page. The first step was to take a look at other university home pages and find ideas that would be successful for UNCW.

The committee decided to create two home pages. One for the general public and the other strictly for the university community. Both contain the same graphics, just different areas to navigate. The page for outside interests has categories for visitors, prospective students and alumni. The page for UNCW students and employees contains categories including academics and administration. "We redesigned the page to minimize top-level categories which cuts down confusion on where you want to go," says Ward. "We've gotten really good feedback. The new design has

and updates as needed," says Perry. There are roughly 4,000 searchable pages.

As the popularity of the Internet grows by leaps and bounds, UNCW continues to work toward having all its information on-line. All student information will be on the Internet soon including the catalogue and administrative functions such as transcripts, grades and schedules. Currently, course listings are updated every two hours. "The site will become more interactive rather than just browsing," says Ward.

The home page is an evolving process, he says. The pages will have to be kept up-to-date with the rest of the Internet, but the style of UNCW's home page will basically remain the same. The Web team encourages comments by clicking on the web team icon at the bottom of each page to send e-mail.

Two UNCW Alumni Join Rotary Team in India

Four area health professionals and a team leader left for Madras, India, for a month-long group study exchange mission Jan. 15. The visit is sponsored by Rotary District 7730 which represents 43 clubs and more than 2,000 Rotarians from Brunswick to Carteret counties and from Scotland to Lenoir counties. Hosts in India are from Rotary District 3231 in Madras which has 64 clubs and 2,749 Rotarians.

Selected through a competitive nomination procedure across the district, the four delegates include individuals from Wilmington, Raleigh, Jacksonville and Morehead City. Two delegates from the Wilmington Rotary Club are UNCW alumni. Paula Yvonne Jones received a bachelor of science degree in nursing from UNCW in May '96 and works for Duke University Medical Center as a nurse in intensive care. Craig E. Webb is a May '96 graduate of UNCW with a bachelor's degree in biology in preparation for attending medical school. He works as a cardiac sonographer with New Hanover Regional Medical Center.

The Rotary Group Study Exchange program is sponsored annually by District 7730 in southeastern North Carolina. The purpose of the mission is to provide young professionals the opportunity to visit another country to study its institutions and ways of life. Team members will also observe their own professions as practiced in the host country. Upon their return to the United States, team members will be available to provide programs about their experience for Rotary clubs throughout District 7730.

QUALITY FACULTY . . . QUALITY STAFF

Arthur Spivack, earth sciences, spent one week at the University of Minnesota as visiting lecturer in the Department of Geology. He presented two lectures, "Paleoceanographic Applications of Boron Isotope Geochemistry: Implications for Global Climate Change" and "The Atmospheric Chemistry of Chlorine Isotopes."

Stephanie Richardson, English, had her article "Walt Disney's *Aladdin* and the Resurgence of the American Power Myth," accepted for publication in the Proceedings of the Florida State University Conference on Literature and Film.

Faculty/Staff Profile:

Hengameh Kermani

By Melissa Shaw

When Hengameh Kermani first came to the United States from Iran in 1980, she didn't know the language, or much about the culture; she certainly didn't know where Wilmington was.

Seventeen years later she is an assistant professor of curricular studies at UNCW and has become immersed in American culture.

Kermani came to UNCW after graduating in 1995 from the University of California at Santa Barbara with a Ph.D. in educational psychology and an emphasis in human development. "I've been very fortunate to be able to get an education in this country," she says. When she first came to the United States, Kermani says she didn't like the country very much.

"People had a notion that whoever was from Iran was a terrorist," she says. Over the years, however, things have gotten much better. She now has many American friends in addition to friends from all over the world.

Kermani came to the university because of its small size, the opportunity to teach and do research at the same time and because of the early childhood program which was, at the time, in the planning stages. The program, which is now in its second semester of offering courses, is interdisciplinary with classes coming from the education department, as well as sociology, psychology, the School of Nursing and the health, physical education and recreation departments.

Not many universities have a program like this. "This state...is becoming more concerned with the quality of education in early years," Kermani says and as a result, programs like this one are being created.

"We're hoping to prepare our educators to provide quality education to young children."

One of her goals as a professor is to help teachers become better at what they do. This has been a goal of hers ever since high school.

"I always felt teachers knew content area," she says, but in terms of understanding children, they didn't always know that.

"My goal was to be a teacher so I could train teachers to understand the differences in children.

"I am more aware of my differences in this part of the country," she says. One of the reasons for this is because of the lack of multiculturalism. "It's very homogenous here," she says.

When Kermani was in California she was around people from other countries all the time, especially in graduate school. "Every time we (she and her friends) went somewhere we had our own United Nations," she says. Most of the research work that she did in school was cross-cultural, as she tried to see how parent-child relationships are affected by culture.

Kermani believes that it is important to be exposed to other cultures and ways of life. "This doesn't mean you have to adopt (the other) culture, just understand it," she says. It is important to realize there is more than one way of doing things, she says.

"I've been lucky that I have had students who are open to learning about different cultures," she says.

Construction Underway on New Campus Commons

Weather permitting, UNCW expects to have its new Campus Commons completed by April 15. The idea for the commons was conceived by Chancellor James R. Leutze as being the new centerpiece for the campus and a visually attractive meeting place for students, faculty and staff.

"Students have never been able to say 'meet me at the clock tower,'" says Dave Girardot, assistant vice chancellor for Business Affairs. But now with the Campus Commons, students will have an identifiable, outside gathering place that has a park-like atmosphere.

The Campus Commons project has been planned for more than a year. It was originally supposed to be completed last spring, but delays at the state construction office prevented ground breaking until last month. The entire project is costing \$600,000 which is being funded through private donations.

As for the parking lot that was destroyed due to the project, contracts to begin work on a 200-space lot on Randall Drive are being negotiated, said Dick Scott, assistant vice chancellor for Business Affairs and chairman of the Parking Improvement Committee.

The nine-acre Campus Commons is located between Morton Hall, Randall Library and the University Union. It will include many things for the campus community to enjoy year-round. A three-armed lake with bridges connecting the shores will be located in the center of the project. Lighted fountains in each of the arms of the lake, along with sidewalk lighting, will provide area illumination at night. There will be a sculpted hillside leading to a stage at the southernmost portion of the water. Surrounding the lake and stage will be grassy hillsides, a variety of different kinds of trees and flowers, including the North Carolina state flower, dogwood, benches and a network of sidewalks.

UNCW Hosts Annual Guest Artist Jazz Festival

The 15th annual UNCW Guest Artist Jazz Festival will be held Feb. 21 and 22 in the University Center Ballroom. This year's guest artist is bassist Rufus Reid. Reid received a bachelor of music degree from Olympic College in Bremerton, Wash. in 1969 and received a Bachelor of Music degree as performance major on the double bass from Northwestern University in Evanston, Ill.

His professional career began in Chicago and continues in New York. He has traveled, performed and recorded with most of the jazz masters including Gene Ammons, Kenny Dorham, Sonny Stitt, Don Byas, Thad Jones and Dizzy Gillespie, to name a few. Reid has

recorded over two hundred albums as both a leader and sideman. He currently co-leads a quintet, TANAREID, with percussionist Akira Tana, has four recordings with this group and has performed throughout the world.

Events for the jazz festival include high school and college band performances with clinics by Rufus Reid from 1 to 5 p.m., Feb. 21 and 22. All afternoon clinics are free and open to the public. Rufus Reid will be featured with the UNCW Big Band under the direction of Frank Bongiorno at 8 p.m., Feb. 21, and with the UNCW Combo, at 8 p.m., Feb. 22, in the University Center Ballroom. Call ext. 3390 for ticket information.

Williams Appointed Financial Aid Director

UNCW would like to welcome Mark S. Williams as director of financial aid. Williams brings with him a positive vision for future

developments of financial aid services and more than 18 years of experience, including six years at Appalachian State University.

ANNOUNCEMENTS

Two More Days Until Jimmy Give-Away

The countdown has begun for the UNCW Alumni Association's GMC Jimmy give-away Feb. 8. Tickets will be sold for only two more days. They can be purchased from alumni association board members, at the UNCW Information Center and at Bob King Automall for \$35. Tickets will also be sold before Saturday's home men's basketball games and can be purchased with Visa or MasterCard by calling the Wise Alumni House at 251-2682. Tickets can be delivered. The Jimmy will be awarded during half-time of the UNCW-Old Dominion Game Feb. 8.

Campus Recreation: An Overview

The Office of Campus Recreation organizes and administers a variety of recreational services that are either structured or self-directed and enhance the overall wellness of the University community. The primary goal of the program is to provide for quality recreational experiences within the University environment and direct this toward the individual's physical, cognitive and social life thus enhancing the educational experience. This goal is accomplished by offering a wide variety of recreational activities, conducting educational workshops and

providing professional training for our employees. Currently we share the Trask and Hanover facilities with Athletics and HPER classes. Facilities are utilized daily from 6:00 am-12 (midnight).

Sport Clubs

Open to all students, faculty and staff, the Sport Club program's primary goal is to promote and develop interest in a particular sport. Clubs may be instructional, recreational, competitive or a combination of these elements. The clubs are organized, developed and governed by students with administrative assistance from the Office of Campus Recreation. These clubs compete with club teams from other universities. Current Sport Clubs include: Crew, Equestrian, Karate, Men's and Women's Lacrosse, Paintball, Roller Hockey, Rugby, Sailing, Women's Soccer, Table Tennis, Men's and Women's Ultimate, Men's Volleyball, Waterski and Wrestling.

Intramural Sports

The Intramural Sports Program provides students, faculty and staff with the opportunity to participate in organized individual and team sports. The program promotes sportsmanship and teamwork as well as friendly competition and the opportunity to develop leadership skills. A variety of sports are offered including: flag football, volleyball, softball, tennis, basketball (indoor and outdoor), soccer (indoor and outdoor), ultimate frisbee, racquetball, bowling, billiards and table tennis. Intramural sports are open to all currently enrolled students (3 hours), faculty and staff. Everyone is encouraged to participate, either on a team or as an individual.

Heart & Sole Fitness

The Office of Campus Recreation offers a variety of fitness programs on a non-competitive, self-paced basis. Heart & Sole Fitness includes Aerobics Classes, Fitness Center and Recreational Swim. The fitness center provides the use of nautilus equipment, free weights and life fitness equipment such as ergometers, lifecycles, step machines and a treadmill. Aerobics classes offered include step, sweat & sculpt, multi impact, low impact, abs & toning, combo and changing paces. The aerobics studio and the fitness center are located in Hanover Hall. The Office of Campus Recreation provides Recreational Swim at lunch, in the evenings and on weekends. The swimming pool is located in Trask Coliseum.

Discover Outdoor Programs

Discover Outdoor Programs offers the UNCW community opportunities for learning about and participating in outdoor adventure activities, including hiking, camping, kayaking and rock climbing. Discover also provides team building programs for campus groups on the UNCW Challenge "Ropes" Course.

Through the Discover Outdoor Center, students, faculty and staff can take advantage of outdoor equipment rentals and an outdoor resource library that includes books, maps, videos, journals and internship and job listings. In addition Discover offers outdoor leadership and education training for those interested in facilitating adventure programs.

Discover invites everyone to participate regardless of prior experience in outdoor recreation activities. Stop by the Discover Outdoor Center (University Center 138, 962-4052) to find out more about the variety of programs offered.

Special Events

In addition to the traditional sports offered in the Intramural Sports Program, the Office of Campus Recreation sponsors several Special Events each semester. Events include: Doubles Sand Volleyball Tournaments, Southern Atlantic Flag Football Tournament, Schick Super Hoops 3-on-3 Basketball Tournament, 5K Homecoming Run, Par 3 Golf Tournament, March Madness NCAA Prediction and the Home Run Derby.

Seahawk Fitness Club

Campus Recreation challenges students, faculty and staff to set a personal fitness goal. After setting a goal, individuals track their progress as they integrate fitness into their lives. Individuals are responsible for tracking their progress and turning in their points on the last working day of each month. This program runs from August 1 to June 30 each year. Rewards include waterbottles, T-shirts, coffee mugs and Campus Recreation shorts. Come by and join the Seahawk Fitness Club today!!

SPRING 1997 ACTIVITIES AND EVENTS SCHEDULE

Faculty and Staff are encouraged to create teams and participate in Intramural activities with our students. For those of you that are not interested in competitive events, our Discover Program has had incredible success with interaction between faculty/staff and students in the following settings: trips, clinics, workshops and on the Challenge "Ropes" Course. Please take advantage of our programs and meet our students in a new setting. Come out and learn with us, experience from our programs, make some new friends and have fun!

Position Open

The College of Arts and Sciences is seeking applications for the position of associate dean for academic policies. The position is responsible for the enforcement of UNCW policies governing course and university withdrawals, academic eligibility, grade changes, internships, independent studies, waiver/substitution of degree requirements, drop/add, overhours and transient study, as these policies affect students majoring in CAS disciplines. The associate dean serves as the dean's representative on various committees and teaches one course each semester.

The successful candidate will have a thorough understanding of academic policies, a record of excellence in student advising and the requisite interpersonal skills for interacting with students, parents, faculty and department chairs, as well as with administrators and staff within the divisions of Academic and Student Affairs. Tenured faculty status at the rank of associate or full professor is required.

Applicants should submit a letter of application, current curriculum vitae and letter of recommendation from the department chair to Dean Jo Ann Seiple by Feb. 21. The appointment will begin July 1, 1997.

Welcome

Please welcome the following new employee: Crystal Greene/earth sciences.

Lost ID Cards

The Auxiliary Services Office requests that anyone who finds a student or faculty/staff ID (department or individual) to return the ID immediately to Auxiliary Services. The office has replaced several ID cards since the beginning of school, only to receive the original ID card in the mail days later. Each card is \$10 to replace. Call Debbie at ext. 3560.

Free Scratch Pads

To have free scratch pads delivered, call Printing Services at ext. 3183. A reminder, papers that are printed on one side only can be picked up from offices to be made into scratch pads. Call ext. 3183 if you have paper to be picked up. Small amounts may be sent through campus mail.

Gauthier Reassumes IRB Chair

Candace Gauthier, philosophy, has reassumed the IRB (Institutional Review Board) chair. All proposals for research using human subjects by faculty, staff or students, should be sent to her. Her ext. is 3558.

Degree Audit Training Session

Computer training sessions on the ON-COURSE degree audit and advising system will be held at 9 a.m. and again at 10:30 a.m., Feb. 26 and 27, in Hoggard Hall, Room 212. These are introductory sessions on the SIS and ON-COURSE system designed for any interested faculty member. Call Becky Fancher at ext. 3036 to register.

Biological Sciences Graduate Thesis Defense

Christopher Martin will defend his biological sciences graduate thesis at 2 p.m., Feb. 7, in the new Science Building, Room 103, titled "An Agarose Gel System to Investigate the Influence of Blue Crab Cuticular Extracts on Calcium Carbonate Crystal Formation."

Summer Study Abroad Fair

The Office of International Programs will hold a Summer Study-Abroad Fair 3 p.m. to 5 p.m., Feb. 12, in the University Center lobby. Study-abroad leaders will provide information on a wide range of programs from Australia to Barbados, Italy, Spain, Germany, England, Ecuador and Costa Rica. Free refreshments, prizes. For information, call ext. 3685.

Visitation Day

On February 15, from 12:30 to 5 p.m., the university will host its annual Visitation Day for admitted and prospective students and their parents. Position Open

The College of Arts and Sciences is seeking applications for the position of associate dean for academic policies. The position is responsible for the enforcement of UNCW policies governing course and university withdrawals, academic eligibility, grade changes, internships, independent studies, waiver/substitution of degree requirements, drop/add, overhours and transient study, as these policies affect students majoring in CAS disciplines. The associate dean serves as the dean's representative on various committees and teaches one course each semester.

The successful candidate will have a thorough understanding of academic policies, a record of excellence in student advising and the requisite interpersonal skills for interacting with students, parents, faculty and department chairs, as well as with administrators and staff within the divisions of Academic and Student Affairs. Tenured faculty status at the rank of associate or full professor is required.

Applicants should submit a letter of application, current curriculum vitae and letter of recommendation from the department chair to Dean Jo Ann Seiple by Feb. 21. The appointment will begin July 1, 1997.

Landscape Architects Tour UNCW, Recommend Changes For Future Hurricanes

While hurricane-proofing the campus is nearly impossible, better planning for the future will help protect the campus' hundreds of trees, concluded a committee of noted landscape architects that toured the campus Feb. 16-17.

Chancellor James R. Leutze invited the committee members to help UNCW develop a hurricane-proof planting plan and strategies for a campus-wide arboretum. George Briggs, executive director of the North Carolina Arboretum in Asheville and former executive director of the American Association of Botanical Gardens and Arboreta, helped UNCW assemble the team.

During the summer and fall of 1996, Hurricanes Bertha and Fran toppled more than 500 trees in the developed area of the campus as well as extensively damaged the Bluethenthal Wildflower Preserve, property along Masonboro Loop Road where the new

Center for Marine Science Research will be built and in the undeveloped wooded section of the eastern campus.

The two-day UNCW Charette, a meeting to solve architectural or landscape design problems, resulted in the recommendation that the university hire a landscape architect to develop a master plan in conjunction with the facilities master plan that is under development, said Tim Necaie, UNCW arboretum curator. He said that the committee's recommendations for helping to preserve the campus' landscape against future hurricanes included grouping trees in groves, which gives better protection, and correcting drainage problems to reduce water saturation, which lessens the risk of uprooting trees. Necaie said the committee recommended planting appropriate species, such as bald cypress, live oaks and magnolias. They noticed that these species survived the storms more successfully. The commit-

tee also suggested planting pine trees on a staggered basis. Necaie said it would create a staggered age block of trees.

The committee concluded that the younger trees would be more flexible and more likely to survive high winds, he said.

Committee members included Robert Warren, UNCW director of landscape services; Dave Girardot, assistant vice chancellor of Business Affairs; Fernando Magallanes, professor of landscape architecture at N. C. State; Perry Howard, professor of landscape architecture at N. C. A&T; Virginia Wall, curator of horticulture at the N. C. Zoological Park in Asheboro; Bruce Williams, New Hanover County Extension Service Director and arboretum director; Jay Smith of O'Brien, Adkins Associates, a landscape architecture firm from Research Triangle Park; John Jefferies, an architect from Jefferies and Faris Architects in Wilmington; Briggs and Necaie.

History Professor Moderates Conference with Oliver Stone

Robert Toplin, professor of history, chaired a panel discussion session featuring filmmaker Oliver Stone that was broadcast nationwide on C-SPAN. C-SPAN taped the session at the American Historical Association's convention in New York City. More than 1,000 historians attended the session.

Toplin introduced Stone and assessed the importance of the filmmaker's work. Stone described his personal interest in

history and his purposes in making the film, *Nixon*.

The discussion panel members also included George McGovern, the 1972 Democratic candidate who lost to Richard M. Nixon, and Arthur Schlesinger, Jr., a close advisor of John F. Kennedy and author of numerous books on American politics.

McGovern praised the movie, congratulating Stone for designing an insightful personality sketch of the former president. Schlesinger thought

Nixon was a better movie than Stone's earlier film, *JFK*, but objected to some of the conspiracy references in both films. Following the discussion, Stone answered audience questions.

Professor Toplin is a member of the Historian Film Committee with the American Historical Association. Toplin said he was impressed with the discussion and felt that "Stone was very courageous for stepping outside the Hollywood environment and entering a room full of historians."

Construction Scheduled Near James Hall

Several site improvements have been scheduled in the area near Hinton James Hall beginning Feb. 24. The work includes new sidewalks along C Street and Wagoner Drive facing the building's east and south sides, new mahogany benches and bike racks, fountain lighting and other minor work improvements. Existing pedestrian routes will be maintained when possible. Work should be completed prior to May commencement. Parking spaces facing James Hall will be temporarily barricaded during spring break holiday. For more information, call project and design management at ext. 4169.

Chancellor Responds to Accusation of UNCW Student Making Racial Slur

UNCW Chancellor James R. Leutze responded Tuesday to an accusation aired on national television that a racial slur was made by a UNCW tennis player to an American University tennis player nearly a year ago. The incident was discussed during an *ESPN Town Meeting* on race relations. Dr. Leutze explained during the press conference the comments implied that "racism is prevalent in athletics and that this racial slur was tolerated, neither of which are true."

During a tennis match an international student from UNCW who was being heckled by a tennis player from American University sitting on the sidelines shouted a racial slur at the student. The student from American reported this to his coach who informed UNCW's tennis coach, at the time Larry Honeycutt. Coach Honeycutt and the coach from American agreed that a letter of apology from the UNCW student was appropriate.

Two days later, a letter was in the mail to the American University student, but on the show that aired Feb. 28 it was stated that the apology was "half-hearted" and received two to three months later. Coach Honeycutt received confirmation from the American coach that the letter was in the hand of the student no more than two to three weeks after the incident (the delay was due to spring break). Dr. Leutze described the letter as "a very sincere refutation of the incident and a genuine heart-felt apology."

The letter closed the incident in the coaches' eyes, but resurfaced on national TV on the Feb. 28 show. Dr. Leutze and Paul Miller, director of athletics at UNCW, knew nothing about the incident until this past weekend. Both stated that they were shocked and outraged.

"UNCW does not condone this activity," stated Dr. Leutze. He said that if an incident like this were to occur again, coaches have been instructed to report it immediately to the director of athletics who will then inform the chancellor. At that time the appropriate actions will be taken, which may include suspension from the team.

"You can be assured that in the future such a matter will be dealt with at the highest level. I want the message to be very clear that we will not tolerate this. Players need to understand that they are representing the university," he said. Miller and every UNCW coach will meet with the athletes to make sure they understand that this kind of behavior is not tolerable.

Larry Honeycutt, former coach of the UNCW men's tennis team, stated that in his 27 years of coaching at UNCW he had never encountered an incident such as this one. He and the American tennis coach felt the matter had been handled appropriately with the apology and no other discipline was necessary.

"I think the incident is closed. We have learned from it and are changing our policy," said Dr. Leutze. Before this incident there was no policy in place to deal with the issue.

Policies on Closings Due to Inclement Weather

The university recently experienced some unusual weather called "snow" which prompted several phone calls regarding the closing of the university. Unlike hurricanes where the closing of the university is tied to the evacuation of the beaches, other inclement weather, leading to the closing of the university, is determined on a case-by-case basis by the chancellor in consultation with the provost and university police.

Students, faculty and staff should watch local news media for announcements regarding the closing of the university. Where it is possible, deans, directors and department chairs will be notified in advance by phone or e-mail of any closing of the university for inclement weather.

Chancellor to Hold Campus Forum

Faculty and staff are invited to the Chancellor's Campus Forum for updates on current and future university issues at 11 a.m. and again at 2 p.m., March 7, in the University Center Ballroom. Two one-hour sessions have been scheduled to accommodate office coverage and to provide the opportunity for everyone who wishes to attend.

ANNOUNCEMENTS

Applications Accepted for Alumni Scholarships

Applications are being accepted for 10 scholarships offered by the UNCW Alumni Association. The \$1,500 scholarships are open to incoming freshmen, returning students and transfers. Nine are for undergraduates and one is given to a graduate student.

Awarded annually, the scholarships are based on academic achievement, demonstrated financial need and school and community involvement. Students who continue to meet the criteria can renew their scholarships each year. For more information, call Pat Corcoran at 251-2682. The deadline is March 14.

Graduation Regalia

Faculty needing to order rental regalia for the May 17 graduation should call Jessiebeth Geddie at ext. 3054 to place orders. All orders must be in prior to March 17 to assure proper school colors for hoods.

SEANC Scholarship Award

This year SEANC will give five scholarship awards in three categories: four-year merit based on financial need; two-year technical merit based on financial need and SEANC employee going to school. The deadline to apply is April 1. Call Eli Smith at 762-4207 for an application.

CTE Workshops

CTE will hold three workshops during spring break. "PowerPoint and Skills Essential to Developing Effective Classroom Computer Presentation" will be held 8 a.m. to noon, March 10, in Bear Hall, Room 160. A follow-up to this workshop will be held the same day from 2 to 4 p.m. in Bear Hall, Room 160. The third workshop will take place from 8 a.m. to noon, March 11, in Bear Hall, Room 160. Call ext. 3034 to register.

Communique News

The *Campus Communique* will not be published next Thursday, March 13, due to spring break.

Expert Database

Don't forget to return forms for the authority database and speakers bureau to Jan Raby in Alderman Hall, Room 108. Call Vickie Yearby at ext. 7223 or Jan Raby at ext. 4082 for more information.

Graduate Students Receiving *Communiques*

Graduate students will no longer receive *Communiques* because they change every semester, making it impossible to keep labels up to date. If graduate students would like to receive *Communiques*, call Vickie Yearby at ext. 7223, and she will them to her mailing list.

Feminist Colloquium

The Feminist Colloquium will meet at noon, March 21, in the Faculty Common of Morton Hall. The discussion will center around "Gender as Seriality: Thinking About Women as a Social Collective" by Iris Marion Young. The reading is on reserve in the library under "Ellerby" or call ext. 3764 for a copy. All are welcome.

Campus Recreation Spring Break Schedule

The following is the Campus Recreation spring break schedule: aerobics - noon to 1 p.m., fitness center - 10 a.m. to 1 p.m., and recreational swim - 11 a.m. to 1 p.m., March 7; facilities closed March 8-9; aerobics - noon to 1 p.m., fitness center closed due to painting and recreational swim - 11 a.m. to 1 p.m., March 10-14; aerobics - 5:15 to 6:15 p.m., March 11 and 13. Facilities closed March 15-16.

Many Women, Many Stories Retreat

The "Many Women, Many Stories" retreat is a full day of scheduled events that will take place April 5 in the University Center. Call Yael Gold at ext. 3746 for more information. Registration is required.

The Wall

Watch for The Wall between 11 a.m. and 1 p.m., March 25 and 26, in front of the University Center. Call ext. 4136.

Farewell Reception

A farewell reception will be held for Nancy Fauser from 3:30 to 5 p.m., today, in the University Union Living Room. All are invited.

Hurricanes and Their Impact on N.C.

Lian Xie, North Carolina State University, will present a lecture titled, "Hurricanes and Their Impact on North Carolina," at 3:10 p.m., March 7, in Bear Hall, Room 200. Refreshments will begin at 3 p.m. The lecture will use general terms understandable to an audience with no meteorological background.

Randall Library Spring Break Hours

The following is Randall Library's spring break schedule: 10 a.m. to 5 p.m., March 8; closed, March 9; 8 a.m. to 8 p.m., March 10-14; 10 a.m. to 5 p.m., March 15; and 3 p.m. to midnight, March 16.

Biological Sciences Seminar

Heather N. Koopman, Duke University Marine Laboratory, will present "Structure and Function of the Blubber of the Harbor Porpoise" at 2 p.m., tomorrow, in the Science Building, Room 103. Everyone is invited.

Citizens for International Understanding Meeting

The Citizens for International Understanding will meet at 2 p.m., March 16, in the conference room of the New Hanover County Library. For more information call Beverly Cree at 458-4136.

Orientation: An Overview

Freshman Sessions Increased

As undergraduate enrollment increases, many different areas across campus are impacted. We have increased the number of summer freshman orientation programs as a result of changing enrollment numbers. Instead of three sessions this year, five freshman and parent sessions will be offered during the month of June. Many factors were considered in making this significant change such as impact on faculty advisors, university staff and offices, student orientation leaders, facilities and summer conferences, and program format. The Orientation Advisory Committee and the vice chancellors approved the change so that we can be proactive in continuing to meet the needs of our new students. We hope to continue to offer small group experiences that allow students to build connections that will enhance their academic success.

New Academic Advising Model During Orientation

With the growth of the freshman class and the number of orientation sessions also comes significant changes in our processes to better meet the needs of students and staff. The Student Academic Support Programs staff has proposed a new advising model that impacts the freshman advising during summer orientation as well as the comprehensive freshman advising experience. All academic advising activities have been moved to the second day of orientation allowing students to build a class schedule around already scored placement tests. New students will interact with a team of academic advisors throughout the orientation advising process in a group format. Multi-media presentations will enhance the quality of the material presented. A special thanks to the SASP staff for all of their hard work on these program changes.

Orientation Leaders Selected

During the Fall term, 19 undergraduate orientation leaders were selected to help freshmen and transfers with their transition to UNCW. Selection was based on a minimum 2.00 cumulative GPA, good standing with the university, leadership and communication skills. Students participated in interactive group and individual interview processes before being selected as summer orientation staff. Staff from Student Academic Support Programs, the University Union, and the Dean of Students office assisted in the selection process since the orientation leaders work closely with their areas.

The orientation leaders are trained throughout the Spring semester and one week prior to orientation. During this time, they enhance their knowledge of the university as well as their public speaking skills, leadership styles, and counseling skills.

The orientation team is a diverse group of students who will serve as role-models and guides to new students this summer and fall. Please congratulate the following orientation leaders when you see them.

SUMMARY OF AN ORIENTATION WEEKEND

On-Campus Resource Guide Published

The Orientation office has published an internal guide for university staff who frequently respond to new student concerns. The guide, "UNCW for New Students: A Reference Guide for the Rest of Us," was designed to provide answers to commonly asked questions so that all staff will feel more informed regarding the orientation policies in accessing students' needs. If you would like a copy of this brochure, please contact Karla Carney at the Orientation Office, 3089.

Family Programs

In addition to responsibilities for incoming students, the Orientation office has also taken on the new responsibility of coordinating year-round family programs. Family Weekend is sponsored by the Seahawk Parent's Association and coordinated through the Orientation office. Family Weekend is scheduled for September 20-21. If you have ideas regarding the involvement of faculty and staff, please contact Karla Carney at the Orientation office, 3089.

Orientation Advisory Committee

The Orientation Advisory Committee will meet on Thursday, March 6, at 1:30 pm in University Union room 100. If you would like to attend, please contact Karla Carney at the Orientation office, 3089.

Michelle R. Howard-Vital, vice chancellor of the Division for Public Service and Extended Education, published her article "Graduate Education and African-Americans," in the 1996 *Encyclopedia of African-American Education*, edited by Faustine C. Jones-Wilson and published by Greenwood Publishing Group. Howard-Vital plans to donate a copy of the Encyclopedia to the Randall Library Collection.

Dianne Matthews, Student Development Center, state director for the Southeastern Testing Association, attended a planning workshop in Williamsburg, Va., in February. "Old Traditions, New Ideas" is the theme for the fall conference in Williamsburg.

Terry Theodore, art and theater, has been invited to deliver a paper on playwright Robert Anderson at the fifth annual Edward Albee Conference held in Valdez, Alaska. The conference honors the American dramatist for his contributions to the theater.

Janet Ellerby and Barbara Waxman, English, had their article "Collaboration + Feminism = New Voices, New Truths, New Discourses" published in the current issue of *Women Studies*. The article discusses how pioneering feminist teams forge new truths and prepare us for a society where communal values are in jeopardy.

Bill McCartney, director of Housing and Residence Life, was selected by the Department of Education to be part of the grant review team for the Student Support Services Grant Program.

Bruce C. McKinney, communication studies, published the article "A Critical Analysis of Transformative Mediation" in the February issue of *The Canadian Journal of Peace Studies*.

Bob Buerger, HPER, had his paper "Wilderness and Working Landscapes: Protecting Biological Diversity in a Developing World" presented at the International Symposium on Human Dimensions of Natural Resource Management in the Americas held in Belize.

Istvan Hargittai, distinguished visiting professor of chemistry, visited the A. A. Noyes Laboratories of Chemical Physics of the California Institute of Technology in Pasadena, Calif., in February to discuss the application of ultrafast electron diffraction experiments to femtochemistry. He also gave the Fuel Science Seminar in February at the University of Kentucky, Lexington, titled "Perspectives in Molecular Structure Research." Hargittai's visit was sponsored by the Center for Applied Energy Research.

Paul Shotsberger, mathematical sciences, has written a chapter for a book, *Web-Based Instruction*, published by Educational Technology Publications. In the chapter, titled "Emerging Roles for Instructors and Learners in the Web-Based Instruction Classroom," he discusses ways in which instructor and student roles are changing based on his experience with piloting a web site for the distance training of practicing mathematics teachers.

Associate Dean of Graduate School Position Open

The Graduate School is seeking applications for the position of associate dean. The primary responsibilities of this position will include recruiting and enrollment management for graduate students, financial aid, student affairs and fund-raising. More information on specific activities and opportunities under each of these categories has been sent to deans and chairs. The associate dean will also assist the dean with special projects.

The position is intended for a UNCW graduate faculty member who has the appropriate mix of experience, skills and enthusiasm required to carry out these responsibilities. The successful candidate must be a tenured full or associate professor with extensive experience in graduate education, have a strong record of research or other creative activity and possess excellent communication skills. Prior administrative experience, service on the Graduate Council or as a graduate coordinator, and existing working relationships with the broader Wilmington community are desirable.

Initially the position will be part-time, allowing the person to continue some of his/her departmental responsibilities. The appointment begins July 1, 1997. Applicants should submit a letter of application that addresses both the above qualifications and reasons for seeking this position, along with a current curriculum vitae to Dean Hadley by March 17.

Shared Leave

Shared leave donations are needed for Carol Mueller, financial aid, and Eloise Andrews, central stores, to help them avoid leave without pay because of illness. Send vacation leave requests to Human Resources and indicate which employee should receive the donation. Thanks for your support. Call ext. 3161 for more information.

Human Subjects Review

A proposal must be submitted to the IRB (Institutional Review Board) for all research using human subjects. This includes surveys and questionnaires for on and off-campus use. Protocol forms are available in all departmental offices and are to be submitted to Candace Gauthier, philosophy and religion.

Name Change

Dee Hamilton, assistant director of the Student Development Center, has changed her name to Dee Casey. Her new email address is Caseyd.

Fire Alarm Testing

The annual fire alarm inspection/test for the following buildings will be conducted from 7 a.m. to 4 p.m., March 10-14: Burney Student Center, Print Shop, Telecommunications, University Center, University Police, University Union, Wagoner Hall, Westside Hall and the Wise House. Call ext. 3100.

Deposits to UNSea Accounts

Deposits to UNSea Accounts (flex) can now be made in the new Value Transfer Station located in Schwartz Hall. This new VTS will accept cash deposit of \$5, \$10 and \$20. Call Auxiliary Services at ext. 3560.

Welcome

Please welcome the following new employees: Susan Barco and Ari Friedlander/Biological Sciences/CMSR; Whitford Hayden/Physical Plant; Paulo Key/Postal Services; John Sawyer/Printing Services and Gina Watkins/Accounting.

Quick Reference for New Student Questions

The Quick Reference for New Student Questions booklet has quick and easy answers to questions commonly asked by new students, prospective students, parents and visitors to campus. Call ext. 3089 to receive a copy.

At the Hawk

The Hawk's Nest will be open 7:30 a.m. to 2:30 p.m., March 10-14. Wagoner Hall and Courtside Snack Shop will be closed during the week of spring break.

Faculty/staff dining room buffet:

March 7 - Chicken Dijon, vegetarian lasagna with white sauce, wild rice, collards, honey glazed carrots, assorted desserts and beverages.

Reimbursement of Health Care Spending Accounts

March 31 is the deadline for submitting all 1996 out-of-pocket expenses for Health Care and Dependent Care Spending Accounts to Aon Consulting. Any money not claimed by March 31 will be forfeited. Call ext. 3006 for claim forms.

Director of CTE Position

Academic Affairs is seeking to fulfill the position of director of the Center for Teaching Excellence. All tenured full-time UNCW faculty are eligible to apply. Candidates for the position should have a demonstrable record of excellence in teaching and a record of involvement in efforts to improve classroom instruction. Candidates should have a knowledge of the applications of electronic/computing technology to classroom instruction, although a knowledge of the technology is not required. The position also requires an understanding of the manner in which disciplinary considerations require a variety of instructional methodologies. Applications should be submitted to the provost's Office by April 11. All applications will be reviewed by an ad hoc faculty committee, which will forward its recommendations to the Provost for final selection. The duties of the new director will begin June 1.

Vickie L. Yearby, editor

Ralph Nader, Consumer Activist/Corporate Community Watchdog, to Speak at UNCW

The Honors Scholars Program will present Ralph Nader in a Leadership for the 21st Century lecture. His lecture, "Growing Up Corporate," will take place at 7 p.m., April 2, in Cameron Auditorium. It is free and open to the public.

Ralph Nader historically has stepped in to help the "little" people. He describes himself as working for "justice, peace, tolerance, diversity and opportunity." His journey began in 1964, as a college student at Princeton University, he felt the DDT used on campus was very harmful, although professors and officials claimed it was safe. From this experience he decided to question authority, and he began to fight for consumers' rights. He has proven that one person can make a difference.

His first publication was *Unsafe at Any Speed*, which exposed GM for selling the Corvair, a popular college car that was small, sporty and a death trap. He also campaigns on issues affecting ethics and human safety, environmental pollution, atomic energy plants and health hazards.

He is known for living a simple life and trying to relate to those for whom he is fighting. As a general rule, the proceeds from Nader's lectures go to organizations he started, such as the Student Public Interest Research Groups, Pension Rights Center and the Coalition for Universities in the Public Interest. Call ext. 4181 for more information.

Gov. Hunt to Speak at Conference in Wilmington

Gov. James B. Hunt, Jr. will be the keynote speaker at the March 24 conference which will feature North Carolina's educational leaders and draw more than 300 area teachers and principals.

Hosted by UNCW's Watson School of Education at the Wilmington Hilton, the conference titled "What Matters Most: Teaching for North Carolina's Future" is a regional follow-up to the National Commission on Teaching and America's Future. Chaired by Gov. Hunt, this commission called for dramatic changes in both the structure and quality of the teaching profession from initial preparation through senior career status.

The conference, which will explore a number of innovative ways educators are working together to improve the teaching profession and student performance, will begin with morning sessions for PDS principals, site coordinators and superintendents. Gov. Hunt will be the featured speaker at the noon luncheon.

Educators from 47 public schools in the 10 districts which are working in partnership with the Watson School of Education are expected to attend. The conference is co-sponsored by the Consortium for the Advancement of Public Education and the Professional Development System.

CHANCELLOR'S FORUM UPDATE

Two hundred seventy employees attended the Chancellor's March 7, 1997 campus-wide forum. Dr. Leutze and administrative officers reported or answered questions on miscellaneous university topics including the following:

SEAHAWK KUDOS: RECOGNITION FOR EXCEPTIONAL CUSTOMER SERVICE

Seahawk KUDOS offers a way to recognize employees for exceptional customer service. Students, faculty, and staff are encouraged to nominate employees for a special "thank you" KUDOS CARD which will be personally presented to the KUDOS recipient by the Chancellor, Provost, or a Vice Chancellor. Kudos recipients will be honored at periodic receptions at Kenan House. Nomination forms are available in Human Resources and at the Information Desk in the University Union.

The **2020 MASTER PLAN** emphasizes UNCW's pedestrian campus with peripheral parking and additional buildings and facilities. Several questions were raised about the Traffic Study and the Long-Range Facilities Plan. Both plans have been reviewed by Faculty Senate Building and Grounds Committee, Trustees, each university division, the City Council, and County Commissioners. Both Chancellor Leutze and Vice Chancellor Walton emphasized that the plans are "road maps" and that changes to the campus depend on receiving funds from the General Assembly.

Completion of the **Campus Commons** Area is projected for April. The Commons will provide an aesthetically inviting meeting

place and feature an amphitheater for musical, theatrical, or public events.

The 200 space Randall Drive parking lot is scheduled for completion in June and will replace the 140 parking spaces consumed by the Campus Commons enhancements.

An outsourcing study of five job categories has been requested by General Administration: Housekeeping, Information Systems, HVAC, Trash Disposal, and Hazardous Waste Disposal.

50TH ANNIVERSARY ACTIVITIES

UNCW's 50th Anniversary Celebration will begin with Convocation on August 19 at 5pm. The year will highlight the university's achievements through special events for students, faculty, staff, and the public. Homecoming 1998 will center around successful alums and featured faculty.

PROJECTED ENROLLMENT

The university expects to enroll approximately 9,100 students this fall. Freshmen enrollment will be reduced from last year's 1,670 to about 1,400. This reduction is primarily due to the larger than projected spring enrollment. Future enrollment growth is dependent on the availability of additional classroom and office facilities. With additional buildings, enrollment could reach about 12,000 students by the year 2005. Without these facilities, the student body cannot increase much beyond current levels. There are no plans for weekend classes at this time.

UNIVERSITY HIRING PRACTICES AND PROCESSES

Human Resources, in following UNCW and state policy, advertises all newly established or vacant permanent and time-limited positions to provide a competitive pool of applicants from which the hiring official selects the "best matched" individual for the position. The Employment Services Coordinator discusses policies and procedures concerning the recruitment process with the hiring official or department head at the onset of the process to fill the vacancy. Temporary appointments are not subject to the same advertising policies as permanently funded positions due to the nature of the assignment.

Each hiring official has the option of advertising the vacancy "internally" (only current UNCW permanent or time-limited employees are eligible to apply), or "publicly" (open to anyone who wishes to apply). Internal postings are likely when it can reasonably be predicted that a "viable" pool of applicants will be attracted among the current UNCW employees and the predicted pool meets the diversity objectives of the Chancellor as well as federal compliance affirmative action goals. If an internal posting would fail to attain a viable pool, the hiring official would be best advised to recruit with a public posting.

Once hiring officials are prepared to make a decision, they discuss the recruitment process with Human Resources and provide a letter of rationale to the Employment Services Coordinator. At this point, any remaining recruitment policy issues and compliance objectives and goals are addressed. The Employment Services Coordinator determines the qualifying salary for the selected applicant. Then, the

employment offer is extended to the successful applicant by the hiring official or department head with commitment letters being issued by Employment Services. Prior to processing commitment letters, Employment Services notifies the remainder of the candidates with a letter thanking each applicant for considering UNCW as a place of employment or internal candidates for seeking the opportunity to advance their knowledge and skills and encourage them to consider other opportunities with UNCW in the future.

[A position would not need to be advertised if documentation exists stating that a subordinate position is "next in line" and the incumbent has received special training as an understudy to move into the supervisory position if it becomes vacant in the future -- not after the fact.]

CAMPUS EVENTS

Information about campus events can be obtained through the EVENTS program on the VAX, from TV monitors strategically placed throughout the campus or by watching channel 11 on the Time Warner TV cable network which serves Wilmington and the surrounding area. The campus also plans to add information about events to the university's web pages.

It is hoped that the legislature will approve a **2-4% salary increase** for July 1997.

MAKING THAT "MAJOR" DECISION

Well, it's preregistration time again, and time to think about declaring or changing your academic major. Like most campuses, about 25% of UNCW students are "deciding," and another 25% may change their major before they graduate. It can be a confusing and frustrating decision process— "How can I decide?" "What if I make the wrong decision?" What careers might I pursue with that major?"

Career Services staff can help with these questions. Free career assessments are available to any student— inventories

like the *Self-Directed Search* that explores your career interests and related occupations; and computerized career assessments like SIGI-Plus (see ad).

You also can review one of our new "What can I do with a major in....?" handouts on most UNCW majors.

Individual appointments are available with our Career Counselors. Just call 962-3174 to schedule a convenient time.

UNCW Hosts Atlantic Coastal Dolphin Conference

UNCW will host the fifth annual Atlantic Coastal Dolphin Conference April 4-6. More than 150 participants including faculty and students from Canada to Florida will attend.

The keynote address will be given by John E. Reynolds III of the Marine Science Department at Eckerd College in St. Petersburg, Fla. He will speak on "Biology and Conservation of Florida Manatees: Lessons for Marine Mammalogists" at 7:30 p.m., April 4, in Cameron Hall Auditorium. His presentation will describe ways manatees have been studied, the importance of interactive research programs, the utility of certain databases for management and the roles of various players in developing and maintaining programs that have been used as models for other marine mammal conservation efforts. He will also stress that the continued success of conservation and management efforts ultimately depends on committed, knowledgeable people who perform well as team members.

The keynote address is open to the university community. It is free; however, tickets are required for admission due to limited seating. Less than 100 seats are available to the campus community. Tickets can be picked up between 2 and 5 p.m.,

April 4, at a table in the lobby of the new Science Building.

The Atlantic Dolphin Conference began five years ago with 15 scientists as a photo identification swap. The conference served as a way for scientists to share photographs of animals they had spotted and find out if others had identified the same mammals.

Five years later, the conference has expanded to include students presenting their research, a keynote speaker and various sessions on Atlantic Coast crustacean research. The conference began with a bottlenose dolphin focus because so many were dying off the coast. Most of the work presented at this year's conference focuses on bottlenose dolphins and harbor porpoises.

"The conference is an important and supportive opportunity for undergraduate and graduate students to make presentations early in their scientific careers," stated Ann Pabst, conference coordinator and assistant professor in UNCW's Biological Sciences Department.

The conference is hosted by UNCW's Biological Sciences Department, the Center for Marine Science Research and strongly supported by the Office of the Dean of the College of Arts and Sciences.

Comedian Does Two Benefit Performances for Wise Alumni House

You've seen him on TV hawking pizza for Aponte's and gyros for the annual Grecian Festival. You've heard him give O.J. Simpson trial updates on WGNI and tell Rocky the Flying Squirrel, "Watch me pull a rabbit out of my hat," for Universal Studios.

On April 1, Basile will be live at the University Center Center Stage Cafe.

The comedian, who was born in New Jersey, raised in Long Island, educated in Cleveland, travels around the country and calls Wilmington home, is doing

BASILE

two benefit performances for the UNCW Alumni Association, with proceeds going toward the repayment of the Wise Alumni House renovation loan. Shows are at 7:30 and 9:45 p.m. Tickets are \$15 and are available at the UNCW Information Center, Wise Alumni House and City Market Cafe on Front Street.

ANNOUNCEMENTS

SEANC Scholarship Award

This year SEANC will give five scholarship awards in three categories: four-year merit based on financial need, two-year technical merit based on financial need and SEANC employee going to school. The deadline to apply is April 1. Call Eli Smith at 762-4207 for an application.

Award for Faculty Scholarship Nominations

Nominations for the Award for Faculty Scholarship must be in the Chancellor's Office by March 31. The award is designed to underscore continuing commitment to scholarship and creative work. Nominees must be a current full-time faculty member and have exhibited genuine interest in scholarship, research and creativity; earned the respect of colleagues and peers; maintained high standards of quality and integrity; fostered interest and involvement of students and colleagues in scholarship and creative work; and demonstrated a significant contribution to scholarship, research and creativity to the university. Nomination letters, limited to one page, may be submitted by any faculty member.

YWCA Cape Fear Women of Achievement Awards

The 13th annual YWCA Cape Fear Women of Achievement Awards Dinner will be held at 6 p.m., **May 15**, in Wagoner Hall. This year's moderator will be Audrey Cates Bailey from UNC public television. The organization honors outstanding contributions and public service by women from New Hanover and surrounding counties through their Women of Achievement awards and certificate of recognition awards. For ticket information, call the YWCA at 799-6820.

Newspapers from Foreign Countries Needed

Contributions of single copies of newspapers from countries worldwide are needed for a global education project in the Watson School of Education. A variety of dates and languages are welcomed including English language editions from areas where it is not the primary language. Send to Ann Lockledge, Curricular Studies.

Dance Marathon

Register for UNCW's first dance marathon, a 24-hour fundraising event to benefit the Children's Miracle Network, April 25-26. Register at the Leadership Center, University Union, Room 212. Call ext. 3877.

University Union and Center Reservations

The deadlines to reserve rooms in the University Union and University Center for fall '97 and spring '98 for regularly scheduled meetings are as follows: Tier I, which includes governing student body organizations (SGA, ACE, CJB, NPHC, IFC and Panhellenic), is April 2 for fall and on-going academic year and Aug. 21 for spring; Tier II, which includes registered student organizations and university departments, is April 9 for fall and on-going academic year and Aug. 28 for spring; and Tier III, which includes university-sponsored and external groups, is April 16 for fall and on-going academic year and Sept. 4 for spring. Summer reservations are now being accepted for all three tiers. Call ext. 3833 or go to University Union, Room 202, to make reservations. In person requests will receive priority over e-mail or phone requests on April 9.

Southeast Regional Science Fair

The Southeast Regional Science Fair will be held April 5 in Hanover Gym. One hundred and fifty students in elementary, middle and high schools from 11 counties will present their projects for judging. Scientists, engineers and university professionals will select top projects for medal awards in eight categories. First and second-place winners will advance to state competition at North Carolina A&T University in Greensboro on April 25. The public is invited to view the projects from 1 to 2 p.m. Awards will be presented from 2 to 3 p.m. in Cameron Hall Auditorium. The event is sponsored by the Science and Mathematics Education Center.

Financial Aid Information

To better serve the student population, active and prospective, the general public, faculty and staff, the Financial Aid Office now offers financial aid information and guidance on the Internet. A link to the Financial Aid home page is provided under Prospective Students on the UNCW home page. Click on Financial Aid and Scholarships. The Financial Aid home page internet address is <http://www.uncwil.edu/finaid/>.

Concert Cancellations

The Jazz Concert on March 28, in Center Stage Cafe, has been cancelled. The campus will be closed on this day. The Jazz Ensemble Concert scheduled for 8 p.m., April 4, in Kenan Auditorium has also been cancelled.

Earth Sciences Mineral, Rock and Fossil Collection

On December 20, the Department of Earth Sciences received a gift of a mineral, rock and fossil collection donated by Arlene and Fred Porter of Oak Island, N.C. The collection was given to the people of the state of North Carolina in honor of their daughter, Linda June Porter, a 1991 graduate of the Watson School of Education. The department now refers to the donation as the Porter Collection. One-half of the collection was donated during December; the remainder was donated during the spring semester. The collection contains approximately 10,000 specimens, many museum quality, representing rocks and minerals native to North Carolina as well as samples from type localities from around the world. This 50-year-old collection was originally assembled over several decades by Rex Hollifield of Spruce Pine, N.C. The collection was recently appraised to be worth \$40,000. In addition to the collection, the Porters contributed nine wooden display cabinets to the department. Upon completion of its move to DeLoach Hall, various rock and mineral suites from the collection will be placed on display. A subset of the collection is currently on display in Friday Hall.

Location for Ralph Nader Speech Changed

Due to the tremendous interest in Ralph Nader's visit, the location of the event has been changed to Kenan Auditorium. Nader's "Growing Up Corporate" speech, sponsored by the Honors Scholars Program, will be presented at 7 p.m., April 2, in Kenan Auditorium. The talk is free and open to the public. Refreshments will be served.

Carolina Colloquy for University Teaching Programs

Carolina Colloquy for University Teaching will offer three programs this summer. The multi-campus retreat at Wildacres Retreat in Little Switzerland, N.C., will take place June 2-5. The theme for the retreat is Sights and Sounds of Appalachian Culture. The cost is \$105 per person and includes three nights lodging and eight meals. Spouses and friends are welcome. The registration deadline is May 15. Call 704-227-7278 or e-mail lcut-info@wcu.edu. The new faculty seminar on exemplary teaching at WCU will be held July 14-18. The annual summer Colloquy Conference at NCSU will be held July 24-25. Call ext. 3034.

A Bringing Together of the Arts

The first Spring Happening: A Bringing Together of the Arts will take place at 8 p.m., April 11, in Center Stage Cafe. Admission is free. The celebration of the arts, centered around the theme "Bending Limitations," will feature an art exhibit, vocal music, modern improvisational dance, poetry readings, artworks, live jazz, classical piano and special guests. The event is sponsored by the Division for Public Service and Extended Education in cooperation with Campus Activities.

Chapter of Sigma Xi Annual Meeting

The annual meeting of the UNCW Chapter of Sigma Xi, the Scientific Research Society, will be held from 6 to 9 p.m., April 10, on the first floor hall and Room 134 in the new Science Building. All faculty, students and staff are welcome to attend. The guest presentation will be given by John Ogden, director, Florida Institute of Oceanography and professor of Biology at the University of South Florida. His presentation is titled "The Role of Science in the Management of Marine Resources."

Two awards will be presented at the meeting. Provost Marvin K. Moss will be presented with an award for recognition of support for research. This award is in recognition of Dr. Moss's efforts on behalf of the UNCW faculty for the appropriation of funds for the new Myrtle Grove Marine Science Center, for the pursuit of equity funding for UNCW within the state and for the general promotion of faculty research efforts.

An award for the 1997 Outstanding Science Teacher will be presented to Elizabeth Lawson Greenwood, Hoggard High School chemistry teacher and Science Department chair.

Artist Recital Series Concert

John Holmquist, classical guitarist, will present a concert as part of the UNCW Artist Recital Series at 8 p.m., April 1, in Kenan Auditorium. Call ext. 3390 for ticket information.

Supervision 201 Series of Classes

A Supervision 201 series of classes to help managers do their jobs better will be offered in April by the Division for Public Service and Extended Education. Classes include team building, creating positive employee performance, powerful presentation skills and mastering change. Call ext. 3195 to register. There is a fee for each class.

Marine Studies Summer Camps

Three summer camps focusing on marine studies will be offered beginning in June by the Division for Public Service and Extended Education. The camps, with multiple sessions, include Coast Trek, OceanLab and Summer Science by the Sea. Call ext. 3578 for fees and registration information. Brochures are available through Public Service.

An Evening with

North Carolina playwright and poet Steve Willis and actors Rhe Baldwin Markham and Tim Austin will present two original productions at 7 p.m., April 7, in Cameron Hall Auditorium. "By Her Side" and "Good Sense" are about the life of the young and not so young in North Carolina. The two monologues are part of Willis' Notso Plain Folks series of monologues dealing with contemporary issues as seen through the eyes of "ordinary" North Carolinians. The monologues are sponsored by the Office of the Dean of Students and P.R.I.D.E. Call ext. 3119 for more information.

The New Public University Videoconference

The Division for Public Service and Extended Education will broadcast the national videoconference "The New Public University: How Do We Compete in a Changing Environment" from 1 to 3 p.m., April 10, in Cameron Hall, Room 105. The videoconference will address the need for change in public higher education and will feature reformers and motivated change agents who will discuss the need for rethinking and restructuring public higher education. Panelists and participants will provide strategies to assist campuses in adapting to competition from outside the academy, to develop new delivery systems, to restructure systems and campuses, to ensure diversity, to meet community and corporate needs and to use learning assessment. Faculty, staff and administrators are invited to attend.

Biological Sciences Seminars

Meg Bash will defend her graduate thesis titled "Primitive Host Defense: Evidence for Complement-Like Molecules in a Protochordate" at 2 p.m., March 31, in the new Science Building, Room 103. Robert Prezant, professor and chair of the Department of Biology at Indiana University of Pennsylvania and UNCW Biological Sciences Department chair candidate will present "Dispersal Dynamics and Dynamic Dispersal in Sedentary Bivalve Molluscs: An Adjunct to Supply Side Ecology" at 2 p.m., April 1, in the new Science Building, Room 103. Jason Rogers will defend his graduate thesis titled "Age and Growth of Larvae and Pelagic Juveniles of *Monacanthus Hispidus*" at 2 p.m., April 2, in the new Science Building, Room 103. Martha Powell, professor and head of the Department of Biology at James Madison University and UNCW Biological Sciences Department chair candidate, will present "An Inside View of Fungal Zoospores: What Ultrastructure Can Reveal About Function" at 2 p.m., April 3, in the new Science Building, Room 103.

David Bevington to Speak at UNCW

Professor David Bevington of the University of Chicago will speak on "Love and Friendship in Hamlet" at 7:30 p.m., April 1, in Cameron Auditorium. The program is part of the Buckner Lecture Series sponsored by the English Department and is free of charge and open to the public. Bevington is the editor of two separate editions of the *Complete Works of Shakespeare*, which is used at universities across the country, including UNCW.

Students with Diabetes

The Students with Diabetes group will meet from 4:30 to 5:15 p.m., April 2, in Westside Hall Student Health Center. Foot care will be discussed.

BRIDGES: Academic Leadership for Women

BRIDGES, an academic leadership program for women sponsored by UNC Chapel Hill, provides an opportunity for women faculty and senior administrative staff from North Carolina colleges and universities to identify, understand and move into leadership roles in the academy. The program, which will take place Sept. 26-Dec. 3, opens and closes with an overnight weekend retreat. In between, participants meet during weekly sessions on Wednesday evenings and Saturdays.

This year's class will consist of 36 women. Applications are due May 9. The program fee is \$1,250. Call 919-962-2643.

Learning Through Music

The Watson School of Education presents Learning Through Music. The series will feature two performances. The Cape Fear Brass Quintet will perform at noon, April 8, outside King Hall, and "Let's Write an Opera," featuring computer technology and music, will take place from 3 to 5 p.m., April 10, in King Hall Auditorium.

History Public Program

Harry Dickinson, Richard Rodge Professor of British History at the University of Edinburgh, will present a speech titled "Sovereignty and Empire: The British Imperial Case Against the American Colonists" at 7:30 p.m., April 14, in Morton Hall's Bryan Auditorium. Dickinson is a leading scholar of 18th-century British history and the author of 10 books and numerous articles. The speech is free and open to the public.

QUALITY FACULTY . . . QUALITY STAFF

Istvan Hargittai, distinguished visiting professor of chemistry, was interviewed in the CUNY Graduate Center, N.Y., for public television, for the program "Science and the Written Word" about his book co-authored by **Magdolna Hargittai**, titled *Symmetry: A Unifying Concept* (Random House). Hargittai gave a departmental seminar at the Department of Chemistry, Princeton University, titled "Symmetry: The Chemical Connection." He also presented "Personal Symmetry" at Moravian College, Bethlehem, Pa., and "Perspectives in Molecular Structure Research" for the Lehigh Valley section of the American Chemical Society.

Steve Christophe, economics and finance, had his paper titled "Hysteresis and the Value of the U.S. Multinational Corporation" published in the *Journal of Business* (July 1997). An earlier version of the paper was published in the summer 1994 proceedings of the Center for Research in Security Prices (CRSP) Seminar at the University of Chicago Graduate School of Business. He presented his paper "The Information Content of Geographic Segment Disclosures" at the Finance Department Seminar Series at the Indiana University School of Business.

Pat Corcoran, Alumni Relations, presented "Let's Give Them Something to Talk about . . . Exciting Alumni Events" at the Alumni Leadership Conference at East Carolina University in March.

Wei Feng, mathematical sciences, published a research article titled "Coexistence, Permanence and Stability in a Three Species Competition Model" in *Acta Mathematicae Applicatae Sinica*, Vol. 12. This paper was co-authored by W.H. Ruan at Purdue University Calumet.

Xin Lu, mathematical sciences, presented a paper titled "Persistence, Periodicity and Stability in a Predator-prey Model with Discrete Delays" at the 13th annual conference on Applied Mathematics in Edmond, Okla., in February.

Mike Mallin, CMSR, presented a paper titled "Environmental Health Effects of Large-scale Swine Farming Operations" at the meeting of the Environmental Health Section, Southeastern District, held in March in Wrightsville Beach.

Randy Hanson, accountancy and business law, had an article titled "What Accountants Should Know about Health Care Directives" published in a recent issue of *The CPA Journal*.

William Cleary and **Chris Freeman**, CMSR, presented a paper about the impact of Hurricane Fran and how the influence of adjacent inlets dictated the storm response to Figure Eight Island at a session of the Geological Society of America's northeastern sectional meeting in Philadelphia in March. Cleary also presented a paper concerning the impact of Hurricane Fran on the North Carolina shoreline.

Magdolna Hargittai, visiting scientist, chemistry, presented an invited lecture titled "Metal Halide Molecular Structures" at Moravian College, Bethlehem, Pa. in March.

UNCW faculty and students presented four posters at the 17th annual Symposium on Sea Turtle Conservation and Biology in Orlando, Fla. They are **D.M. Barnes** and **H.M. Woodson**, "The Turbulent 1996 Nesting Season on Bald Head Island, North Carolina"; **E. Redfearn**, **G.S. Grant** and **J. Beasley**, "The Effects of Hurricanes Bertha and Fran on Sea Turtle Nesting Activity on Topsail Island, North Carolina"; **L. Creech** and **P. Allman**, "Stomach and Gastrointestinal Contents of Stranded Kemp's Ridley (*Lepidochelys kempii*) Sea Turtles in Georgia"; and **G.S. Grant** and **J. Beasley**, "Correlation of Loggerhead Turtle Nesting Activity with Beach Erosion Rates on Topsail Island, North Carolina."

Steve Pullum, communication studies, signed a contract with Greenwood Press to publish his book *Foul Demons, Come Out!: The Rhetoric of Twentieth-Century American Faith Healing*.

Bill Atwill and **Barbara Waxman**, English, presented papers at the Southern American Studies Association Conference on "American Communities: Past and Present" held in Seaside, Fla. Atwill's paper was titled "Spaceport, U.S.A. and the Technocratic Community: Growing Up with Rockets in Cocoa Beach." Waxman's paper was titled "Old and Young Women Together: Age, Gender and Community in Late 19th and Early 20th-Century American Literature."

William Overman, psychology, gave an invited address to the faculty and students of Emory University's Department of Psychology and Yerkes Regional Primate Center in March. The talk was titled "Cognitive Gender Differences in Children Parallel Biologically Based Cognitive Gender Differences in Infant Monkeys."

Arlene Hanerfeld and **Ron Johnson**, Randall Library, attended the Innovative Users Group conference in Oakland, Calif., in March. Hanerfeld, Johnson and Miekko Yamaguchi of the University of Wales at Bangor presented a joint program titled "Innovative Use of INNOPAC Statistics and Creative Create Lists." This program, which experienced standing-room-only attendance, was mounted on the World Wide Web for viewing by those who were unable to attend. Its address is: <http://coast.lib.uncwil.edu/ronj/innopac/>. Johnson also facilitated an open discussion program on the Interlibrary Loan Module of the Innovative Interfaces Library system, the latest release of which Randall Library is currently beta-testing. Johnson serves as a Functional Expert for the Interlibrary Loan module and attended Enhancements Committee meetings in conjunction with the conference. This committee will present its report for system enhancements to Innovative User Group members in April and to the vendor in June.

Gary Faulkner, sociology, addressed the Fulbright Forum, North Carolina Central University, in March, on the topic, "The Fulbright Program: Issues and Opportunities." The forum was sponsored by the North Carolina Fulbright Association, an organization of Fulbright Alumni.

Peggy Shaffer, history, commented on a panel titled "Women, Park Landscapes and Resource Policy," at the American Society for Environmental History biennial conference in March. She also chaired a session on "Material Culture, Landscape and Environment in America."

Philip Furia, English, had his book titled *Ira Gershwin: The Art of the Lyricist* featured by WNET in New York City, WXXI in Rochester and other PBS television stations as a membership gift during their recent fund-raising drives in conjunction with the "Great Performances" broadcast of the Carnegie Hall celebration of Ira Gershwin's 100th birthday.

Bob Kieber and **Joan Willey**, chemistry, had a paper published in the most recent edition of the *Journal of Atmospheric Chemistry* titled "Coastal Rainwater Hydrogen Peroxide: Concentration and Deposition." **Richard Lancaster**, a former graduate student, was a co-author on the paper.

In Memorium

Joseph G. Yan, a member of the Mathematical Sciences Department since August 1988, died on March 19. Faculty and staff are invited to stop by the Mathematical Sciences Department Office to write a few words about memories of Joe in the remembrance book for his wife Gloria and their children to read later. Contributions to the Mathematical Sciences Department Trust Fund may be made in memory of Joe.

Lewis E. Nance, professor of chemistry, died March 19 at New Hanover Regional Medical Center following a year-long battle with lymphoma. Nance had been on the faculty of this institution since 1963, when it was known as Wilmington College. Lewis was a dedicated teacher who thrived on and excelled in one-on-one contact with his students. He was extremely well-liked by students and colleagues, and exemplified the ideals of faculty scholarship. He served as secretary of the academic honor society Phi Kappa Phi for many years. Lewis Nance was a friend to many and an enemy to none. He will be missed.

Associate Dean of Academic Policies Named

The College of Arts and Sciences is pleased to announce the appointment of Stephen J. Pullum, associate professor of communication studies, as associate dean for academic policies, effective July 1. As associate dean, Pullum will be responsible for oversight enforcement of university academic policies governing course and university withdrawals, academic eligibility, grade changes, internships, independent studies, waiver/substitution of degree requirements, late drop/add actions, overhours and transient study. He will also serve as the college's liaison with various offices on campus and will be replacing Sue Lamb, who will return to her home, the Department of Psychology, after eight years of exceptional service in college administration.

Staff Development

- **Walking for Wellness**, noon to 1 p.m., April 2, May 7 and June 4.
- **Come Sign with Us**, 2 to 3:30 p.m., every Thurs., through June 26.
- **Your Boss Is Not Your Father/Mother**, 9 a.m. to noon, April 2.

Please refer to the *Staff Training and Development Booklet* for registration information or call ext. 3712.

Interim Chair of HPER Appointed

Following an internal search, Judy C. Peel has been appointed interim chair of the Department of HPER for the 1997-98 academic year. She will replace Robert Buerger, who will resign his position as chair June 30 to assume coordination of the bachelor of arts program in environmental studies. An associate professor, Peel has served as assistant chair of HPER for the past two years and is a recent graduate of Chapel Hill's BRIDGES leadership program for women.

Anti-Virus Software

The university has purchased a site license for Dr. Solomon's anti-virus software covering all faculty and staff computers as well as computers in the student computer labs. Check with your departmental liaison for more information and installation disks. If your department does not have a liaison, call the Help Desk at ext. 4357 for more information. The site license also allows faculty and staff to install the software on their home computers. Copies of disks for home use are available at the Help Desk in Hoggard Hall, Room 218. Please bring the following **new, unformatted high density disks** to the Help Desk for each version: Macintosh-one disk, DOS- three disks, Windows 3.x - four disks, Windows '95- three disks and clean-up boot disk-one disk. For best service, call ahead and inform the Help Desk at ext. 4357 of the disks you will need.

University Librarian Appointed

The provost and vice chancellor for Academic Affairs is pleased to announce the appointment of Sherman Lee Hayes as university librarian, effective Aug. 4. Currently, director of the Solomon R. Baker Library, Bentley College, in Waltham, Mass., Hayes has also served as assistant to the director of University of North Dakota Libraries, assistant director, administration, for the Atlanta Public Library and assistant to the director of Kalamazoo, Mich., Public Library. From 1993 to 1996 he was also associate director of the New England Heritage Center at Bentley College. Hayes received his B.A. in History from the University of Iowa and holds a Master of Library Science degree from Indiana University. He holds an MBA from Western Michigan and an MS in Taxation from Bentley. Widely published in professional journals, he is also the author of *Yunnan Province, China Business: A Trade, Business and Investment Encyclopedia with Major Companies Directory*, published in 1995 by the Business Connections Group and distributed by Yankee Book Peddler. In a recent telephone conversation, Hayes expressed his appreciation for the professional manner in which the Library Search Committee, ably chaired by Roger Lowery, conducted the search, and for the warm welcome he received from library personnel and others on campus. He said it was "amazing to find an institution at which people had such positive attitudes" and that he was looking forward to working at an institution with such a promising future. He was a bit nervous about coming South, he said, and wanted to remind everyone that his middle name is Lee.

Introduction to Windows

The Office of Information Technology is offering Introduction to Windows '95 workshops from 3 to 5 p.m., April 8 and 10 to noon, April 9. To register, call the Help Desk at ext. 4357.

Faculty/Staff Profile: *Denis Carter*

If you spend any amount of time in UNCW's Enrollment Affairs Office you are bound to hear laughter coming from the office of Denis Carter, associate provost for Enrollment Affairs.

Carter, a Kingston, Jamaica, native, has a joy and energy about him that seems to rub off on others around him. Most of the people seem happy; of course, it could be because of the fully-stocked cookie jar on the conference table in his office, but most likely it is because of the man with whom they work.

"We are a bunch of gangsters," Carter says about the Enrollment Affairs staff. "We have fun...we're not scared of anything. No problem is too big," he says.

Carter began his career at UNCW in 1978 as an assistant professor of economics. "I thought I'd last two or three years, and then they'd tell me to find another job," he says. "I never had any idea it'd be such a good trip."

Carter has occupied a variety of positions at UNCW from assistant dean of the Cameron School of Business, where he helped Norman Kaylor establish the school, to serving as interim provost/vice chancellor of Academic Affairs. In September 1995 he was appointed to his current position.

As an administrator, Carter managed to continue teaching.

"That's my first love," he says. "Actually, it's my second love. My first love is at home."

The professor hopes for his career to go "full-circle," to eventually return to the classroom. "I like seeing students get turned on to learning about the whole world," he says. "It's great to hear a

student say 'you made a difference in my life.'"

In 1991 Carter received the Phi Eta Sigma award for outstanding teacher. He says this is his most significant achievement to date.

"It's a heck of a feeling to know students you've taught and others think that much of you," he says.

Carter not only makes a difference in his students' lives, but also helps underprivileged children. He says such work is "near and dear" to him. He is involved in many organizations, including the Coalition of Success, a type of head start program for children living in public housing.

Carter received his doctorate in international economics from the University of Florida-Gainesville. Before UNCW, he briefly worked with the Jamaican Prime Minister's Economic Office and with a private consulting firm in south Florida. He originally came to UNCW because it was a good place to raise his two small children.

With his job in Enrollment Affairs and all his volunteering, Carter says he is always on the go, although he occasionally finds time for a little home improvement and some Calypso singing with a brother who lives in town.

Healthy for Life Expo

The Healthy for Life Expo, will be held from 9 a.m. to 4 p.m., April 5, in Trask Coliseum. The expo is free and open to the public. Free seminars on acupuncture, child safety, diabetes, basic first aid, child safety and choosing a nursing home will be held. Free screenings for blood pressure, diabetes, hearing, nutrition and glaucoma will also be available. The event is sponsored by UNCW, New Hanover Regional Medical Center, BlueCross/Blue Shield of North Carolina, WGNI, WECT-TV6, Greater Wilmington Chamber of Commerce and the Coastal Coalition for Health Care. UNCW nursing students will be available for blood pressure screenings. The Division for Public Service and Extended Education will have an exhibit on technology outreach with an Internet hookup. The American Red Cross will also be conducting a blood drive that day from 9 a.m. to 2 p.m. in Trask Coliseum. Anyone interested in donating blood can call Annette Coneglio Anderson at ext. 3547 by March 3. Leave your name and work and home telephone numbers. She will pass these on to the Red Cross.

Glaxo Wellcome Foundation Sponsors Environmental Awareness Conference

The Glaxo Wellcome Foundation has generously awarded the Watson School of Education and the Science and Math Education Center a three-year grant to develop innovative educational programs to enhance awareness and proactive understanding of critical water pollution problems affecting North Carolina's rivers, estuaries and coastal shorelines. Many

exciting and cutting-edge programs will be offered through this grant beginning this spring with a one-day environmental awareness conference will include speakers, roundtable discussions and afternoon field trips to threatened resource areas in and along the coast.

UNCW faculty and staff are invited to attend "Eco-Update '97: Protecting Our Natural Resources for Tomorrow" from 8:30 a.m. to 4 p.m., Saturday, April 19 in King Hall and outdoors along the coast. Join scientists, environmental policy

POLLUTION PREVENTION THROUGH EDUCATION

experts and environmental education curriculum specialists who will present the latest information on the status of water resources, involve participants in problem and solution analysis and provide ideas on how to integrate this subject matter into K-12 classroom curriculum. Participants will take an active role in this conference, so be prepared to discuss opinions with Dan Besse, a leading N.C.

environmental policy expert, to visit "at risk" areas along the Cape Fear River with Michael Mallin and Wrightsville Beach with coastal geologists, to get hands-on with Lundie Spence, curriculum specialist at Sea Grant and to enjoy good food at a teaching excellence awards luncheon.

Registration is required. For more information on the speakers, agenda or to register, call ext. 3168. A \$25 stipend will be given to each teacher who attends the conference.

Board of Trustees to Meet at UNCW

The regular quarterly committee meetings of the UNCW Board of Trustees will take place April 8-9. The Business Affairs Committee will meet at 7:30 a.m., April 8, in Alderman Hall, Room 215. The Student Affairs Committee will meet at 9:45 a.m., April 8, in University Union, Room 100-A.

Lunch and discussion of the campus master plan in conjunction with Long Range Planning Committee will be held at 11:30 a.m., April 8, in the Golden Hawk Room, Trask Coliseum. The Academic Affairs Committee will meet at 2:30 p.m., April 8, in Alderman Hall, Room 215. University Advancement Committee will meet at 2:30 p.m., April 8, in the University Union Classroom. The full board meeting will be held at 8:30 a.m., April 9, in the Madeline Suite.

Dolphin Conference Keynote Address

The campus community is invited to the keynote address at the fifth annual Atlantic Coastal Dolphin Conference. John Reynolds III will discuss "Biology and Conservation of Florida Manatees: Lessons for Marine Mammalogists" at 7:30 p.m., tomorrow, in Cameron Hall Auditorium. The event is free, but tickets are required for admission. Tickets can be picked up between 2 and 5 p.m., tomorrow, at a table in the lobby of the new Science Building.

An informal gathering for faculty and students to speak to McCorkle will be held at 4 p.m., April 11, in the Faculty Commons of Morton Hall.

Campus Human Relations: A New Focus, An Important Challenge

In July 1996, the office of the Dean of Students assumed formal responsibility for initiating student programs and services to address human relations issues on our campus. This new focus presents special challenges:

- To define those issues or topics which must be addressed
- To identify a means to effectively address them, and
- To initiate programs and services that can both mesh with existing University activities and help form a foundation for what could eventually become an institution-wide effort.

One of the greatest challenges this year in this area has been to define the scope and purpose of the human relations component in our office. Will we focus purely on educational programming for students? Or will we work toward a broader vision of human relations and begin to build a systematic approach? And where and how must we begin?

Our progress has been much slower than we would have liked. But we have begun to take the first steps this semester:

1. A student advisory group on campus relations has begun to meet. Our goal for this group is to develop a forum where students can both share their concerns about our campus and become personally involved in changing the campus environment. This group is open to all students and will meet every other week. We will be asking for their help in identifying human relations issues of concern at UNCW and in finding ways to make this a safer, more welcoming campus for all persons, regardless of their race, ethnicity, sexual orientation, affiliations or beliefs, or gender.

2. We are sponsoring or co-sponsoring several special programs this semester which address issues of human relations:

- March 22: co-sponsored a screening and discussion of the film *The Color of Fear*.
- March 24: co-sponsored the film *Rosa Parks: The Path to Freedom* as part of Women's History Month.

• April 7: will co-sponsor the presentation of two North Carolina theatrical productions – two short monologues addressing the very human issues of aging, loneliness, and vulnerability.

• *By Her Side* features veteran Triad actress Rhe Baldwin Markham as Ida, an elderly woman facing a life crisis.

• *Good Sense* features Winston-Salem actor Tim Austin in a play about a young man's struggles to find acceptance and support when he "comes out" with his family in rural North Carolina.

These are all First Steps toward developing a campus-wide project for examining and addressing human relations issues. During 1997-98, we hope to solidify the role of the student advisory group, offer an on-going program series and begin to identify critical issues for our campus and seek ways to address them.

Tackling issues of human relations on our campus is a huge undertaking. It presents a challenge for both our institution and for us as individuals. We hear from our students that our campus does not feel welcoming to everyone. That reality presents our challenge – to make UNCW a place where all are welcomed and affirmed for who they are. How we get there is not clear, but the challenge is. Another point is clear, too – that it is imperative that we must work together as a community, and that alone may be our most demanding challenge.

What's New with Non-Traditional Students?

A second new responsibility for the office of the Dean of Students this year has been that of serving as liaison for non-traditional students. We think we've made substantial progress in getting back in touch with this segment of our student population. Some of our small but important victories include:

- A monthly non-trad newsletter, now edited by students.
- Fall and spring semester "Welcome to UNCW" receptions.
- Four informal get-togethers during the fall semester as a way to help students get acquainted and to help our office learn more about the challenges our non-trads face.
- Establishing the office of the Dean of Students as a resource and advocacy center for non-trads.
- Proposal to the Vice Chancellor for Student Affairs for the formation of a special university advisory group to identify and address issues of particular relevance to non-traditional students.
- Formation of the Non-Traditional Student Organization.

There is much more that remains to be addressed, but we have been very pleased with the interest and support we have found as we have worked to organize and better serve non-trads. In the coming months, we will work with all areas of the university to identify university practices and services that do not serve non-trads and develop ways to address and improve them. With non-trads comprising over 22% of our student body, our efforts have the potential for impacting a significant part of our population, with our goal being to make this a campus that consciously responds to all students.

Office Changes

During the 1997-98 academic year the office of the Dean of Students will have a change in office structure. Leah Payne, assistant dean of students, will take on primary responsibility for coordinating judicial affairs and developing programs and services for off-campus students. Diane Edwards, assistant dean of students, will take on the responsibility of providing oversight for the daily operation of the office of the Dean of Students. We are excited about this change. As a result we hope to provide better advocacy for our off-campus students, promote the development of a model greek system, and continue to provide responsive service for the UNCW community.

Housing Fair

The office of the Dean of Students hosted the 1997 Student Housing Fair Wednesday, March 26, in the University Center Ballroom. Fifteen local landlords participated in the program. Scott Sherman of Sherman and Smith offered legal advice to students attending the fair. Representatives from Career Services and Auxiliary Services were also available to assist students. Approximately 800 students attended the fair. Domino's distributed free pizza and Coca Cola provided free Mello Yello to all attendees.

This fair was the first step in a new initiative by the office of the Dean of Students to better address the needs and concerns of students living off-campus. Next year the office plans to develop a wide variety of new programs and services that will assist our off-campus students.

Greek Summit

The office of the Dean of Students is planning the first ever UNCW Greek Summit late this coming summer. The purpose of the summit is to set minimum expectations for our Greek system and develop goals for the next 10 years. We currently have 22 fraternities and sororities, three governing councils, and two honorary societies as part of our Greek community. The summit will be composed of all the executive members for each member group, all chapter advisors, at least one representative from each national office, and university administrators who play a crucial role in the success of our system.

The Greek system is at a critical stage of its development. The Division of Students Affairs is committed to having a system that is a vital aspect of our university. Our Greek system has made much progress during the last few years but improvements must continue. A successful Greek system encompasses the development of leadership and social skills while contributing to the academic mission of UNCW.

Scholarship Fund Established

The Department of Chemistry has established a scholarship fund for an outstanding chemistry major in memory of Lewis E. Nance and invites donations from those who wish to remember him in this way. Donations may be sent to Ned Martin, Department of Chemistry. Checks should be made out to the Chemistry Trust Fund with a note earmarking the donation for the Lewis E. Nance Scholarship Fund.

Jazz Combo Performs at Jazzfest USA

The UNCW Jazz Combo, under the direction of Frank Bongiorno, has been invited to perform as a national finalist at the Jazzfest USA competition in Orlando, Fla., April 2-5. Jazzfest USA is a national jazz competition that seeks to recognize and identify new and young jazz talents throughout the country.

Chemistry Seminars

The following seminars will be presented at 3 p.m., tomorrow, in the new Science Building, Room 132: Ruby Casanova, "Determination of Anticancer Vitamin K3 Using HPLC," John Soles, "The Process of Olfactory Receptors with Certain Chemical" and Hunter Joh, "Methyl Phenidates's Function as a Dopamine Blocker."

The Chemistry Department will sponsor a seminar by Christopher Halkides, Institute of Molecular Biology, University of Oregon titled "Synthesis of a Stable Analo of CheY-Phosphate, a Component of Bacterial Signal Transduction" at 4 p.m., tomorrow, in the new Science Building, Room 132.

Biological Sciences Seminars

Louise M. Weber, Human and Nature Program at Emory University and UNCW ornithologist candidate, will present "Shorebird Ecology and Conservation in South Carolina Coastal Managed Wetlands" at 2 p.m., April 8, in the new Science Building, Room 103. Kathleen Williams will defend her thesis titled "Bacteria in the Blood of an Ascidian, *Ascidia Interrupta*" at 10 a.m., April 7, in the new Science Building, Room 226. Michael Hosey will defend his graduate thesis titled "Biology of Burrowing Mudshrimp, *Upogebia Affinis*" at 2 p.m., April 9, in the new Science Building, Room 103. Gilbert S. Grant, UNCW ornithologist candidate, will present "Shorebird Incubation: Egg Temperature, Nest Humidity and Behavioral Thermoregulation in a Hot Environment" at 2 p.m., April 10, in the new Science Building, Room 103.

QUALITY FACULTY . . . QUALITY STAFF

Steve Christophe, economics and finance, had his paper "U.S. Multinational Corporations as Vehicles for International Diversification" accepted for inclusion in the program at the summer 1997 International Financial Management Association meeting in Zurich, Switzerland. The paper is co-authored with Richard McEnally, UNC-Chapel Hill.

William Cleary, Lynn Leonard and five graduate students from earth sciences and CMSR's Coastal Study Unit presented the following papers at the Northeastern Section meeting of the Geological Society of America held in King of Prussia, Pa: "Hurricane Fran: Coastwise Impacts and Recovery in Southeastern N.C." (**W. Cleary**); "Contrasting Inlet Histories and Storm Response: Figure Eight Island, N.C." (**C. Freeman** and **W. Cleary**); "Inter-Relationships Between the Inherited Geologic Framework and Shoreface Sediment Distribution, Southeastern NC" (**M. Johnston, W. Cleary** and **B. Nigro**); "Erosion Mitigation on Headland Controlled Beaches: The Influence of the Inherited Geologic Framework" (**D. Marcy** and **W. Cleary**); "Coastwise Variations of Inlet Types-A Preliminary Report on North Carolina's Inlet Initiative" (**T. Marden** and **W. Cleary**); and "Overwash Sedimentation in a Backbarrier Environment, Masonboro Island, N.C." (**E. Mondalexis, L. Leonard** and **W. Cleary**).

William A. Bryan, Specialty Studies, was appointed to the editorial board of the *Journal of College Student Development* by the Executive Committee of the American College Personnel Association at its annual conference in Chicago. It is a three-year appointment.

Pam Whitlock, Shelley Cavanaugh and **Bonnie Smith**, Office of Research Administration, attended the first North Carolina Chapter meeting of the Society of Research Administrators. Whitlock served as program chair for this inaugural conference and will serve as president for the next year. At the meeting she also presented a workshop titled "Fundamentals of Research Administration" with Julie Cole, Wake Forest University.

Kevin Kain, history, presented the paper "Alexander Nevsky: A Paradigm for Rule" at the Association of Historians in North Carolina meeting at High Point University, High Point, N.C., in March.

Richard Veit, English, presented his paper "Transformational Grammar and Writing" at the Conference on College Composition and Communication in March in Phoenix.

Sondra Roark, financial reporting, served as a discussion leader on "The Fixed Assets Panel" and **Diana Bellamy**, purchasing, served as discussion leader for the purchasing roundtable at the 1997 FRS users conference in Kill Devil Hills, N.C., in March.

Khoon Koh, HPER, had his paper "The Tourism Entrepreneurial Process: A Conceptualization and Implications for Research and Development" published in the latest issue of *The Tourism Review*, 51(4):24-41.

Kathleen Halme, English, was awarded a National Endowment for the Arts Fellowship in Poetry for \$20,000.

Robert Smith, Mahnaz Moallem and **Deborah Sherrill**, Watson School of Education, had their article "How Preservice Teachers Think about Cultural Diversity: A Closer Look at Factors which Influence Their Beliefs Towards Equality" accepted for publication in the Spring '97 issue of *Educational Foundations*.

Joseph Pawlik, biological sciences, received funding for his project "Chemical Ecology of Caribbean Demosponges" from NURC/UNCW/NOAA.

Magdolna Hargittai, visiting scientist, chemistry, along with J. Molnar and M. Kolonits at Eotvos University, Budapest, had their manuscript "Molecular Structure of SbF₃ and BiF₃: An Electron Diffraction Study" accepted for publication in *Journal of Molecular Structure*.

Staff Development

- **Walking for Wellness**, noon to 1 p.m., May 7 and June 4.
- **Come Sign with Us**, 2 to 3:30 p.m., every Thurs., through June 26.
- **Your Boss Is Not Your Father/Mother**, 9 a.m. to noon, April 30.
- **Connections**, 8:30 to 10:30 a.m., May 6, 13 and 20.
- **Positive PM for Supervisors**, 9 a.m. to noon, April 9.
- **Positive PM for Employees**, 9 a.m. to noon, April 15.

Please refer to the *Staff Training and Development Booklet* for registration information or call ext. 3712.

Shared Leave

Shared leave donations are needed for Carol Mueller, financial aid, and Eloise Andrews, central stores, to help them avoid leave without pay because of illness. Send vacation leave requests to Human Resources and indicate which employee should receive the donation. Thanks for your support. Call ext. 3161 for more information.

Director of CTE Position

Academic Affairs is seeking to fill the position of Director of the Center for Teaching Excellence. All tenured full-time UNCW faculty are eligible to apply. Candidates for the position should have a demonstrable record of excellence in teaching and a record of involvement in efforts to improve classroom instruction. Candidates should have a knowledge of the applications of electronic/computing technology to classroom instruction, although a knowledge of the technology per se is not required. The position also requires an understanding of the manner in which disciplinary considerations require a variety of instructional methodologies. Applications should be submitted to the provost's Office by April 11. All applications will be reviewed by an ad hoc faculty committee, which will forward its recommendations to the Provost for final selection. The duties of the new director will begin June 1.

Human Resources Advisory Committee

The Human Resources Advisory Committee will meet from 9 to 11 a.m., April 11, in the Human Resources Training Room. This committee reviews information and issues regarding ADA, benefits and insurance, performance management, training and staff development, workplace violence prevention and recognition programs. If you have any ideas or questions regarding these topic areas, contact one of the following members: Sue Lamb, Kent Schenkel, Jeff Hunnicutt, Suzanne Helms, Ellie Covan, Nancy Spirakis, James Ford, Dorothy Taylor, Carol Strickland, Leslie Langer, Diane Edwards, Susie Goodrum or Patsy Larrick.

Ready to Retire

The State Retirement Systems Division will conduct a conference for members planning for retirement from 9 a.m. to noon, April 10, in University Union, Room 100. Employees who are 60 or older, or who are otherwise eligible to retire, will find this conference particularly beneficial. Complete information on eligibility for retirement, selection of optional payment arrangements, designation of beneficiaries, eligibility requirements for Social Security benefits, hospital/medical coverage and other issues will be provided. Call Elizabeth at ext 3713.

Welcome

Please welcome the following new employee: Jennie Price/Registrars Office.

Host Families Needed

Tourisme Scolaire, a non-profit high school exchange organization, is looking for families willing to share their homes and culture with a high school student from France for a few weeks this summer. Host families will provide room and board and a loving environment. Call Amy Keith at 762-8725 for more information.

Purchasing Deadlines

Each year at this time, Purchasing sends out a reminder to university departments to forward requisitions promptly for items to be purchased out of the current year's budget. Finalize year-end state fund procurement plans this month. Purchasing requests that state-funded requisitions for furniture and printing be submitted by April 18; equipment by April 25 and supplies by May 30. Your cooperation will enable Purchasing to do a better job of processing orders.

Purchasing T-shirts

UNCW has a convenience contract with Seaspray Designs for making t-shirts. This is not an exclusive contract; therefore, it is not mandatory that you use Seaspray for t-shirts. The benefit of the convenience contract is that price and quality are established for short sleeve silkscreened t-shirts. If you would like to use another vendor, contact Gail Batten in Purchasing at ext. 7058. She can recommend a vendor to meet particular requirements. Comments on service received from Seaspray is requested. Documentation, by e-mail or memo, would help Purchasing evaluate the present contract.

FRS System Training

Training sessions will be held from 2 to 5 p.m., April 7, and 9 a.m. to noon, April 10, in University Center Ballroom Four to explain the new enhancements to the FRS system. A few of the new enhancements are on-line encumbering, electronic budget revisions and a "quick" requisition screen. Call Purchasing at ext. 3158 to register.

Introduction to Windows

The Office of Information Technology is offering Introduction to Windows '95 workshops from 3 to 5 p.m., April 8, and 10 a.m. to noon, April 9. To register, call the Help Desk at ext. 4357.

May Commencement to Feature Robert Scott as Speaker

UNCW will award 1,124 degrees at its 54th commencement exercises at 10 a.m., May 17, in Trask Coliseum. Giving the commencement address will be former North Carolina Governor Robert Scott.

In this graduating class, 974 will receive bachelor's degrees, while 150 will be awarded graduate degrees.

Serving from 1969-1973, Robert Scott was the governor of North Carolina when Wilmington College became the University of North Carolina at Wilmington. His speaking at the May 1997 commencement is particularly noteworthy as UNC Wilmington is celebrating its 50th anniversary during 1997-98.

Bob Scott of Haw River presently serves as a Senior Fellow with the North Carolina Rural Economic Development Center, Inc. He also serves as Educator in Residence with North Carolina State University in the College of Education and Psychology and is a consultant on economic development and workforce training for business and industry.

Scott retired in December of 1994 after 11 years as president of the North Carolina Community College System during which time the system received state, national and international recognition. His long distinguished career of public service also includes serving as Lt.

governor and governor of the state of North Carolina, executive vice president of the North Carolina Agribusiness Council and federal co-chair of the Appalachian Regional Commission. Scott also serves as a corporate member of the Research Triangle Foundation and the Research Triangle Institute.

Among Scott's many honors and awards are six honorary Doctor of Laws degrees from North Carolina public and private colleges and universities and the 1987 University Award presented by the University of North Carolina for his "illustrious service to higher education." In 1988 the North Carolina Citizens for Business and Industry recognized Scott as one of the state's finest and most valuable citizens by awarding him its citation for distinguished public service. The National Association of Community College Trustees in 1994 awarded Scott the Chief Executive Officer Award for his "leadership in innovative programs and services for the adult learner." He received the state's highest civilian award, "The North Carolina Award," in 1996.

He is the son of the late Governor and United States Senator W. Kerr Scott and the late Elizabeth White of Haw River.

Azalea Festival to Add \$4.5 Million to Local Economy

The 1997 North Carolina Azalea Festival, in its 50th year, will contribute approximately \$4.5 million to the New Hanover County economy during the second week of April, according to forecasted figures released by the Cameron School of Business Economic Development and Forecasting Office. Approximately \$4.2 million of this impact will occur within Wilmington itself. This economic impact forecast was prepared by Claude Farrell and William W. Hall Jr., economists in the Cameron School of Business.

The forecasted economic impact of the 50th anniversary of the festival will be approximately 25 percent or \$1 million greater than last year's impact. While a number of factors, such as increased tourism, will contribute to the increase, a major driver is the rapid growth in the number of retail and other service outlets who benefit the most from the festival and in the number of local product and service suppliers to these outlets. The growth in local suppliers keeps more of the festival's sales dollars in the county and city.

UnCover representative Stuart Clark will demonstrate his company's service at 2 and again at 4 p.m., April 16. EBSCODoc will be demonstrated by Mary Sue Hoyle from 9:30 to 11 a.m., April 22. Faculty are invited to attend these demonstrations to see how access to journal articles not owned by Randall Library can be obtained quickly.

Chemistry Senior Seminars

The following students will defend their thesis: Davin Madden, "Management/Treatment of Chemical Presence and Toxicity in Sewage Sludge Deposit"; Kathy Furr, "Stereochemical Advances in Thalidomide: Drug Design"; and Fred Jaeger, "Neurological Effects of Steroids" at 3 p.m., April 11, in the new Science Building, Room 132. Bruce-Burnham of UNC-Asheville, chemistry organic/biochemistry candidate, will present "The Synthesis and Pharmacological Activity of Amine-Boranes" at 2 p.m., April 11, in the new Science Building, Room 132.

Spring Faculty Meeting

The spring faculty meeting will be held at 4 p.m., April 17, in Cameron Auditorium. All members of the faculty are encouraged to come.

QUALITY FACULTY . . . QUALITY STAFF

Jan Johnson, program director for adult and continuing education, will participate in the Summer Symposium on Aging in July at the Friday Center in Chapel Hill. The conference theme is "New Horizons in Aging," Colleges and Communities Working Together. She will discuss College-Based Models for Senior Community Leadership: Success and Limitations. Johnson directs UNCW's Adult Scholars Enrichment Series and Adult Scholars Leadership Program, two programs that bring the retired and semi-retired community to UNCW to participate in discussion and leadership programs.

Lee Schweninger, English, delivered a paper on Susan Power's novel *The Grass Dancer* and participated in the international European American Indian workshop held in March in Frankfurt, Germany.

Chester Loeffler-Bell, art and theater, and **Jennifer Elder**, mathematical sciences, were selected as UNCW's representatives in the New Faculty Seminar at Western Carolina University. They are sponsored by the Center for Teaching Excellence.

Deborah Packer, **Rose Breslau**, **Lucille Mills**, **Pat McGee**, **Ruth Roazen**, **Sophie Williams** and **Ron Johnson**, Randall Library, attended the Carolina Innovative Users Group meeting at Winthrop University in Rock Hill, S.C., in April. Johnson presented two concurrent sessions titled "Innovative Use of Innopac Statistics." Williams and Johnson facilitated and led the Interlibrary Loan Open Discussion Group session.

Amy Zeng, production and decision sciences, was selected by her doctoral degree-grant school, Penn State University, as a member of Beta Gamma Sigma National Honorary Society due to her outstanding scholastic record. Beta Gamma Sigma is the only scholarship society recognized by the American Assembly of Collegiate Schools of Business (AACSB) and nomination for this membership is one of the highest honors a person in a school of business or management can achieve.

Keith Newlin, English, published "Hamlin Garland: A Bibliography (1896-1940)" in the March issue of *Bulletin of Bibliography*.

Peggy Shaffer, history, presented her paper "Private vs. Public Nature: Representing the National Parks," at the The Association of American Geographers annual meeting, in Fort Worth, Texas, April 4.

Paul Shotsberger and **Ronald Vetter**, mathematical sciences, presented a panel titled "Web-based Teacher Professional Development: Current Implementations and Future Prospects" at the eighth International Society for Information Technology and Teacher Education (SITE) Conference held in April in Orlando, Fla. Shotsberger also presented a session titled "Just-in-time Professional Development Using the World Wide Web" at the same conference. Papers based on both presentations have been published by the Association for the Advancement of Computers in Education (AACE) in their 1997 Technology and Teacher Education annual.

Stephen Meinhold, political science, presented the paper "Supreme Court Decisions and Presidential Rhetoric" and led a discussion of three papers on a panel titled "Influencing the Courts" at the annual meeting of the Southwestern Political Science Association in New Orleans, La., in March.

Jonathan Williams, art and theatre Honors student, is exhibiting a suite of four oil paintings titled "Seascapes" at the St. John's Museum of Art in the Collector's Gallery during the month of April. Williams is a junior studio art major.

Robert Argenbright, earth sciences, presented a paper, "Communist Morality on Kalinin's Train," at the annual meeting of the Southern Conference on Slavic Studies in Lexington, Kentucky.

Joseph Kishton, psychology, received funding from Burroughs Wellcome Fund for the Cape Fear Science Camp.

Marlene Rosenkoetter, nursing, and **John M. Garris**, production and decision sciences, had their article "Psychosocial Changes Following Retirement" accepted for publication in the *Journal of Advanced Nursing*, an international research journal published in the United Kingdom.

Ann Lockledge, Curricular Studies, had her article "Portfolio Assessment in Middle School and High School Social Studies Classrooms" published in the March/April edition of *The Social Studies*.

Chris Fonvielle, history, had his book titled *The Wilmington Campaign: Last Rays of Departing Hope* published by Savas Publications. He will hold book signings at the Cape Fear Museum, April 15, Barnes and Noble, April 19 and the New Hanover County Public Library, April 20.

Virginia W. Adams, dean of the School of Nursing, chaired the interest group on Collaboration Between Nursing Education and Practice at the American Association of Colleges of Nursing spring annual meeting. Several collaborative models between nursing and health/human service agencies were discussed. The group has a heavy interest in community partnerships. Strategies to facilitate collaboration were developed. Barriers to success of collaboration were evaluated.

Andrew F. Clark, history, had a review essay on "Democratization and the Protection of Human Rights in Africa: Problems and Prospects" published in the current issue of the *Journal of Third World Studies*, Vol. 13, #2.

Wei Feng and **Xin Lu**, mathematical sciences, published a research article "Harmless Delays for Permanence in a Class of Population Models with Diffusion Effects" in the March issue of *Journal of Mathematical Analysis and Applications*.

Ann Pabst and **William McLellan**, biological sciences, received funding for the North Carolina Coastal Net Fisheries Observer Program.

Physics Department Seminar

The Physics Department will sponsor a seminar by Professor Subir Bose, Department of Physics, University of Central Florida, titled "One-atom Maser" at 2 p.m., April 18, in Bear Hall, Room 206.

Honors Chronicles

The Honors Scholars Program and the Center for Teaching Excellence are sponsoring the "Honors Chronicles," a presentation of student work in honors at all undergraduate levels, enhanced by the hypermedia program, Toolbook, prepared by students. The "Honors Chronicles" will take place at 7:30 p.m. in the new Science Building, Room 103. Faculty, students and staff are invited.

Steven Harper Receives Board of Governors' Teaching Excellence Award

The Board of Governors of the 16-campus University of North Carolina system recognized its best teachers last week with its third annual Awards for Excellence in Teaching. A faculty member from each campus received a bronze medallion and a \$7,500 cash prize.

Stephen Harper, professor of management in the Department of Management and Marketing at UNCW, was presented with this award.

Harper joined the UNCW faculty in 1976. A former department chair and founder and director of UNCW's Small Business Institute, he has won several campus teaching awards and was named a Distinguished Teaching Professor in 1995.

Harper considers himself an "educational entrepreneur" and attempts to give his students real-world management experience through case analysis and research projects. To prepare his management students for life in the world of business, he supplements classroom discussion with student presentations, research projects, case

analysis and guest speakers.

"Experiential learning provides greater insight and longer retention than textbook chapters and 50-minute lectures," says Harper. Students describe him as tough but caring. He meets one-on-one with every student in his introductory courses and willingly offers

academic and career advice. Many of his former students continue to correspond with him and seek his counsel long after they graduate.

The profes-

sor is author of *The McGraw-Hill Guide to Starting Our Own Business*, one of the leading books on entrepreneurship in the United States. It was the featured selection by the Fortune Book Club the first month it was published. Harper's book *Management: Who Ever Said It Would Be Easy?* was published in 1983. He is also the author of dozens of articles that have appeared in national and international magazines.

Harper holds a bachelor's degree from the University of New Mexico, an M.B.A. from the University of Arizona and a doctorate from Arizona State University.

"Experiential learning provides greater insight and longer retention than textbook chapters and 50-minute lectures,"

Reach Out! Clothesline Project

The UNCW Reach Out! Clothesline Project will be displayed from 10 a.m. to 3 p.m., April 19, at the entrance to the soccer field on Brooks Field. There will be a short ceremony to add new shirts at noon. If the weather is bad the display will be held in Hanover Gym. The Clothesline Project is a visual display of shirts with written messages and illustrations that graphically demonstrates the impact of violence against women. These shirts are designed by women survivors of violence, their family or friends. The purpose is to educate, to mourn those who have died as a result of this violence and to bear witness to a woman's courage to survive and heal.

Simply viewing the shirts is often enough to encourage a survivor to make a shirt and thereby "break the silence" that has held her prisoner for so long. It is an important step to ending the vicious cycle of abuse. By hanging their shirts out in the open, women can leave behind some of the pain from their past and continue their healing.

Materials and shirts will be provided at the event free of charge for anyone wishing to make a shirt that day. Local agencies will also be at the display with information.

He can be reached at ext. 7223. E-mail submissions for *Campus Communique* to the address: *Communique*. Please do not send e-mail to the account Yearhyv. This account will no longer be active as of April 24.

Chemistry Seminar

William Walkenhorst of Foxchase Cancer Center in Philadelphia, Pa., and UNCW chemistry organic/biochemistry candidate will present "Molecular Recognition in Ligand Binding and Protein Folding" at 2 p.m., tomorrow in the new Science Building, Room 132. Donald Dancy will present "Catalyzed Hydrosilation Reactions of Alkenes and Alkynes," and Mike Byers will present "Pharmaceutical Formulation" at 3 p.m., tomorrow in the new Science Building, Room 132.

Interdisciplinary Seminar

The Graduate Student Association will sponsor an Interdisciplinary Seminar at 7 p.m., April 22, in the Cameron Hall Auditorium. Joann Burkholder, associate professor of aquatic botany and marine science at N.C. State University will discuss her research involving the toxic algae *Pfiesteria piscicida*, which she co-discovered in 1991. The recent release of her book *And the Waters Turned to Blood* brought national attention to her conflicts with state regulatory and funding agencies and to water quality problems in North Carolina.

Fail-Safe Techniques for Women

The Division for Public Service and Extended Education will host a free seminar on "Fail-Safe Techniques for Women: Counter Measures to Protect Yourself" from 5:30 to 7:30 p.m., April 24, in the Madeline Suite. The seminar is free, but space is limited. Call ext. 3195 to reserve a spot.

Great Expectations

Thirty African American male high school students will be recognized for their accomplishments at the annual Great Expectations banquet at 7 p.m., April 17 in the University Center Ballroom.

Great Expectations, now in its third year, seeks to inspire, nurture and challenge rising seniors from high schools in New Hanover, Pender, Brunswick, Columbus and Onslow counties. The Great Expectations awards banquet recognizes the achievements of these young men in the presence of their mentors, family, school principals and community leaders.

Feminist Colloquium

The Feminist Colloquium will meet for its last colloquium of the year at 3:15 p.m., April 25, in Bear Hall, Room 261. Kathleen Berkeley, history, will lead a discussion on "The Political Breast" from Marilyn Yalem's *A History of the Breast*. The reading is on reserve in the library under "Ellerby." All are welcome.

Your Student Career Journal

UNCW Career Services • Vol 1, No 5 • April 1997

ATTENTION JUNIORS!

How does it feel to be called a "Rising Senior"? You soon will be starting that Senior year that you've been looking forward to for years—so begin your preparation now. If you haven't gotten your UNCW Careers Registration disk from Career Services yet, this is an ideal time.

With your disk in hand, you can use a few minutes of your summer to register with Career Services and develop and polish your resume and cover letters.

UNCW Careers is the new electronic registration program begun last Fall. It's an easy to use system that allows you to:

- produce a crisp, professional, typeset-quality resume
- register with the Career Services student database
- be referred to job openings in small and large companies across the nation
- gain access to on-campus interviews
- put your resume on the internet's Web Resume Book.

The registration portion of the disk only takes about five minutes, and prompts you for your name, address, telephone, email, degree program and specific job targets. This information is used by Career Services to quickly identify students who fit employers criteria for specific job openings. These students' resumes can then be sent electronically or by fax to the employer within hours of the job being listed.

The other portion of the UNCW Careers disk allows you to build four versions of your resume from basic information that you enter. The system creates professional resumes in the formats that employers demand. The system also allows you to create your own resume format, enhancing the provided formats with unique elements that can set your resume apart from the crowd.

The disk has an on-line tutorial for each section, allowing you to concentrate on content of your resume rather than format details. The typical student this year spent about 45 minutes developing a good, basic resume. You will probably want to spend some additional time pol-

ishing your resume, adding those details that can highlight your unique experience and skills.

Your UNCW Careers disk also contains a template for cover letters, allowing you to develop all your job search correspondence on your disk.

Once you have completed your disk, bring it to Career Services for uploading into the student database. You retain your disk for any future additions and updates. You can upload the revised version of your information at any time. Stop by 106 University Union this week to get your UNCW Careers disk.

IT'S A JUNGLE OUT THERE

Right at the peak of its summer season, a zoo lost one of its main attractions, a giant mountain gorilla. Determined to continue to satisfy the public's interest, the director located a young man who had been a college gymnast and fitted him with a gorilla suit. His instructions were to wear the costume all day, keep his mouth shut, and demonstrate the gorilla's climbing skills.

After a few days, the young man really got into the gorilla thing. He swung from trapeze to trapeze in the gorilla cage, ate bananas and oranges, and enthralled a steadily growing number of admirers.

However, one day he overdid the trapeze thing and swung so high and wide that he flew over the fence and landed in the neighboring lion's cage. He was in big trouble.

The lion started growling and coming toward him. The "gorilla" moved away but was finally backed into a corner. Things looked bad for the "gorilla" and he decided to break the rule and at the top of his lungs yelled, "Help!"

The lion stopped in its tracks, leaned over, and whispered to the gorilla. "Shut up, you damn fool, or you'll get us both fired."

UNCW Students Board the Intern Ship

UNCW Senior Holly Roughton is interested in a career in public relations. To augment her classroom studies, she sought out an internship that would give her a "real world" taste of the fast-paced field of PR. And she found such an experience right here in Wilmington with the UNCW Alumni Office. Holly works as Associate Editor of the Communications department newsletter, honing her writing skills and her ability to meet real publication deadlines. A unique aspect of her internship has been to assist in the development of an Alumni Chapter of UNCW Communications Studies graduates, which now boasts a membership of over 100. Holly now has valuable skills and experiences to sell to an employer, three additional hours of academic credit, as well as a perfect job hunting network of 100 communications professionals.

Bradley Bolick, a Junior Business Finance major at UNCW, has taken a different "intern ship"—one that has him counting Mickey's money. Bradley works over 40 hours per week as Assistant Comptroller in the Currency Office of Walt Disney World in Orlando, FL. Bradley earns a salary and three hours academic credit overseeing national and international currency exchanges, operating a cash window with \$28,000 in currency, and accompanying armored vehicles on bank deliveries. Bradley especially enjoys assisting international guests at Disney with currency questions.

Jennifer Simmons, a UNCW Senior in Social Work puts in a lot of hours too. She's a group facilitator for Turtle Island Ventures, Inc. in Wilmington. Working approximately 18 hours

a week for no pay would discourage some students, but for Jennifer this internship moves her closer to her career goal—group work in a therapeutic outdoor environment.

A typical day may find her helping a disabled person accomplish a kayaking trip, or coordinating a canoeing and camping trip to the barrier islands. With her support, the group becomes a productive team, and individual participants develop greater self confidence and pride in their accomplishments. That same process works for Jennifer as well.

Christian Oyarzun, a UNCW Senior in Computer Science and Marine Biology, is using his internship experience to further refine his computer skills. He troubleshoots the computer network for Wilmington Internet Service Enterprises, Inc. (WISE). By monitoring modem pools and other network resources, he helps users gain prompt access to email and news services, as well as that modern sport—internet surfing.

UNCW Psychology Senior Abdul Sykes works his internship in Duplin County as an appointed officer of the North Carolina Court System to protect and advocate for two abused and neglected children. Abdul earns academic credit and work experience for his efforts, making court appearances and meeting with doctors and counselors to help meet the medical, emotional and social needs of the children.

These diverse internship experiences are just a sample of the wealth of opportunities available to UNCW students. Talk with your faculty advisor and Career Services about possible learning experiences for you.

Shared Leave

Shared leave donations are needed for Carol Mueller, financial aid, and Eloise Andrews, central stores, to help them avoid leave without pay because of illness. Please send vacation leave requests to Human Resources and indicate which employee should receive the donation. Call ext. 3161 for more information.

Purchasing Deadlines

Each year at this time, Purchasing sends out a reminder to university departments to forward requisitions promptly for items to be purchased out of the current year's budget. Finalize year-end state fund procurement plans this month. Purchasing requests that state-funded requisitions for furniture and printing be submitted by April 18, equipment by April 25 and supplies by May 30. Your cooperation will enable Purchasing to do a better job of processing orders.

Purchasing T-shirts

UNCW has a convenience contract with Seaspray Designs for making t-shirts. This is not an exclusive contract, therefore, it is not mandatory that you use Seaspray. The benefit of the convenience contract is that price and quality are established for short-sleeve silkscreened t-shirts. If you would like to use another vendor, call Gail Batten at ext. is 7058. Comments on service received from Seaspray is requested. Documentation, by e-mail or memo, would help Purchasing evaluate the present contract.

Product Catalogs and Fabric Cards

Please return product catalogs and fabric cards to Purchasing as soon as selection is made. Purchasing needs cards and catalogs so they can quickly be passed on to other departments with year-end orders. Purchasing agents are available to assist.

Special Report Requests

The Registrar's Office requires one week advance notice to process requests for special reports such as lists and labels for any campus departmental use.

Change in Mileage Reimbursement Rate

The Office of State Budget and Management has changed the allowable rate of reimbursement for employee travel for official business to 23 cents per mile for trips exceeding 60 miles round-trip when a state-owned vehicle is available and the employee or officer of the state elects to drive his/her personal vehicle.

Temporary Relocation

The Office of the Director of Accounting will be located in Alderman Hall, Room 211, through May 16.

Student Timesheet Deadline

The deadline for student timesheets and departmental recaps for May 15 payment is 3 p.m., April 30, in the Payroll Office. Students should submit timesheets to their department representatives, not to Payroll. Students not listed on departmental recap sheets may require additional paperwork. Check with Frances Carr in Career Services to make sure that all paperwork has been received prior to adding students to your recap sheets.

Welcome

Please welcome the following new employees: William Deale and Patricia Kline/ Physical Plant and Daniel Dunnagan/Printing Services.

Summer Work Assistants

Departments hiring work assistants for the summer need to get job orders to Career Services as soon as possible so a list of openings can be published for the students.

New Number for Reporting Work-Related Injuries

The new number for reporting work-related injuries to Human Resources is ext. 3162. All employees injured at work by accident, including student workers, should follow the university's procedures (Administrative Procedure HR 5.10) to protect benefits under the North Carolina Workers' Compensation Act. Call ext. 3162 for a copy of UNCW's Workers' Compensation pamphlet.

Governor's Award for Excellence

Each year UNCW selects an outstanding staff employee who exemplifies service to the campus and the community. Any permanent career status SPA or 12-month EPA employee may be nominated for this award. Pick up nomination forms in Human Resources and return to Kimberly Best-Tuten, Human Resources, by tomorrow.

Chancellor's Faculty Advisory Committee to Meet

The chancellor's faculty advisory committee will meet at 7 a.m., April 29, in Alderman Hall, Room 215. Committee members are:

Eleanor Byington, English; Sue Combs, HPER; Ronald Copley, economics and finance; Andrea Deagon, foreign language and literature; Marsha Dowell, School of Nursing; Donald Furst, fine arts; Art Gowan, production and decision Sciences; Sue McCaffray, history; Sally McKain, psychology; Joanne Nottingham, Specialty Studies; Martin Posey, biological sciences; Kenneth Spackman, mathematical Sciences; Carol Tallant, communications studies; Richard Veit, English and Cecil Willis, sociology and anthropology.

THE OFFICIAL BULLETIN OF UNCW

University Advancement

Vol. XXVI, No. 34 April 24, 1997

Phillip Brown, editor

University Advancement Coordinates Major Gift

Through the thoughtful generosity of Mr. and Mrs. John Pollock of Hendersonville, N.C., UNCW has been named beneficiary of a \$185,000 gift to provide for the higher education of a resident of the Boys and Girls Homes of North Carolina. The announcement of the gift to the university was made by Chancellor James R. Leutze, during the UNCW Board of Trustees meeting, April 9. The gift came as part of the estate of Mr. and Mrs. Pollock and was coordinated through the Division for University Advancement.

Several years ago Mr. and Mrs. Pollock adopted a boy who had been a resident at the Boys and Girls Homes. The young man was killed in Vietnam; however, the Pollock family never forgot about the Boys and Girls Homes

and provided in their wills for the memorial to their adopted son, Jack.

In his remarks to the Board of Trustees, Dr. Leutze said, "I am pleased that Stuart Sherman, executive director

"This gift will serve these young people for as long as this university exists"

-Chancellor James R. Leutze

of Boys and Girls Homes of North Carolina, is here this morning from Lake Waccamaw to help us recognize this wonderful gift of opportunity for a special group of young people. This

memorial is one more log on the fire of human warmth that the community and others helped us provide. This gift will serve these young people for as long as this university exists."

Any resident of Boys and Girls Homes who meets the necessary academic standards for admission to the university and exhibits the necessary character to proceed toward the goal of graduation from college will be eligible for benefits from the scholarship.

Sherman said, "This gift is a significant addition to our existing scholarship program available to graduating residents. This program has already helped produce many fine civic and business leaders throughout the state. The Pollocks were loyal supporters of the Boys and Girls Homes mission since their first gift in December, 1970."

BCC Grads Get Smooth Entry Into UNCW's Marine Biology Program

With the signing of an articulation agreement between Brunswick Community College and the University of North Carolina at Wilmington, aquaculture education has taken another step forward in southeastern North Carolina.

According to the agreement signed by Dr. Michael Reaves, BCC president, and Dr. James R. Leutze, students completing the two-year associate degree aquaculture program at BCC, one of only four programs nationwide, will be accepted as UNCW transfer students, provided they have a minimum 2.5 GPA. Credits earned at BCC will be

applied toward a bachelor of science degree in marine biology at UNCW.

"The program combines applied technical training at BCC with quality mariculture science at UNCW, thereby producing a very competent and highly employable graduate," Leutze said in announcing the agreement at the quarterly UNCW Board of Trustees meeting.

"This collaboration between the university and the community college meets a major economic need of the region providing knowledgeable individuals who will advance the state's

aquaculture industry, an industry that is viewed as environmentally sound," he added.

Last year, BCC received a \$2 million grant it had been pursuing for seven years and is using that money to construct 17 acres of ponds on the campus plus a 10,000-square-foot lab and training facility for the aquaculture program, which should be completed in the next 12 to 18 months, said Johnnie Simpson, vice president for instruction at BCC. The program currently enrolls 12-15 students with a goal of 40.

Legislative Day is April 24 in Raleigh. This provides state employees the opportunity to have lunch with and talk to legislators. A barbecue dinner on the grounds is \$5. Contact Gloria Sasser at ext. 4137 for tickets.

Stan Andrews Gives Scholarship in Honor Of Parents

Stan Andrews, a native of Alleghany County currently living in Wilmington, has established a merit scholarship at UNCW in honor of his parents, Mr. and Mrs. Edsel Andrews. Andrews received his bachelor's degree in biology and master's degree in marine biology from UNCW and is currently a consulting clinical research scientist for Glaxo Wellcome Pharmaceutical Company. The Mr. and Mrs. Edsel Andrews Merit Scholarship will be awarded to a student, undergraduate or graduate, enrolled in the biological sciences program. Nominations are made by faculty members David Roye, Robert Roer, Richard Dillaman and Timothy Ballard. The final selection is made by the department chair.

Host Families Needed

Tourisme Scolaire, a non-profit high school exchange organization, is looking for families willing to share their homes and cultures with high school students from France for a few weeks this summer. Host families will provide room and board and a loving environment. Call Amy Keith at 762-8725 for more information.

Earl Allen Scholarship Fund Golf Tournament

UNCW's Earl Allen Scholarship Golf Tournament will be played May 1 at Hampstead's Old Point Golf Club. Tee off is shotgun and will begin at 1 p.m. Greens fees are \$65, which includes cart and complimentary dinner. Call Debbie Dowd at ext. 3255 for entry forms.

Feminist Collquium

The Feminist Colloquium will meet for its last colloquium of the year at 3:15 p.m., April 25, in Bear Hall, Room 261. Kathleen Berkeley, history, will lead a discussion on "The Political Breast" from Marilyn Yalem's *A History of the Breast*. The reading is on reserve in the library under "Ellerby." All are welcome.

Last Day of Class Drop-In

All supporters of the Office of Minority Affairs and the Upperman African-American Cultural Center are cordially invited to a Last Day of Class Drop-In, noon-4 p.m., April 30, in the Upperman African-American Cultural Center, University Union, Room 208.

Wolves ... Myths and Reality

Jim Saviano, from the Peoples Program of Endangered Species, will give a presentation focusing on the role of the gray timber wolf in the environment at 7:30 p.m., tonight, in Cameron Auditorium.

Jazz Ensemble Performances

The UNCW Jazz Ensembles, under the direction of Frank Bongiorno, will present two concerts for its *Jazz Celebration* week today in Kenan Auditorium and tomorrow in the University Center's Center Stage Cafe. Both concerts begin at 8 p.m. General admission is \$4, faculty is \$2 and the concert is free to UNCW students with valid ID. Call ext. 3390.

Awards Program for Minority Students

The Office of Minority Affairs will sponsor its 12th annual awards program for minority students at 7 p.m., May 1, in the University Center Ballroom. Approximately 300 minority students will receive awards for outstanding academic achievement and/or leadership during the spring and fall semesters. The guest speaker will be Paz I. Bartolome of curricular studies. Call ext. 3439.

The Quilted Art

The Department of Art and Theater and the Museum of World Cultures invite faculty, students, staff and the general public to visit the new exhibition in Randall Library, "The Quilted Art—Works by Deborah Doucett and Others." The exhibit will run through May 18. Also in Randall Library, the Museum of World Cultures presents "Eastern Woman, Western Woman," a display of women's clothing, jewelry and household items from China, the South Pacific, Indonesia, ancient Mediterranean and Roman cultures and modern Cyprus.

Wilmington Education Forum

The North Carolina School Improvement Panel (NCSIP) will hold a Wilmington Education Forum from 4 to 6 p.m., April 29, in the new Science Building Auditorium.

School of Nursing Gets Degree Reapproval

The North Carolina Board of Nursing recently reapproved the School of Nursing's bachelor of science degree program for another five years. The decision followed a two-day site visit to the school by two representatives from the board of nursing. The board visitors commended the curriculum, faculty, academic administrative support and the student academic support program.

Biology Seminars

William Giuliano, California University of Pennsylvania and UNCW ornithologist candidate, will present his speech, "Research in Avian Ecology and Management," at 2 p.m., today, in the Science Building, Room 103.

Chris Kilroy will present his graduate thesis defense, "Morphology and Distribution of Interneurons that Mediate Antennal Behaviors in the Blue Crab, *Callinectes sapidus*," at 2 p.m., April 25, in the Science Building, Room 103.

These seminars are free and open to the public.

UNCW JAZZ COMBO WINS GOLD AT NATIONAL COMPETITION

Two years of hard work and many hours of practice paid off for the four students who make up the UNCW Jazz Combo, under the direction of Frank Bongiorno.

Brad Merritt on tenor saxophone, Vince Beard on trumpet, Doug Irving on bass, Israel Bannerman on drums and part-time faculty member, Jim Schneider on piano proved that goals can be reached. They won the first place gold in the College/University Jazz Combo category at the Jazzfest USA, a competition sponsored by *Down Beat* magazine, National Association of Music Merchandisers and Universal Studios in Orlando, Fla.

The victory came against four other universities competing, including the

New School Mannes Jazz and Contemporary Music College in New York, whose entire program revolves around jazz musicians' success. Other competitors were Northern Illinois and Macon University.

Each university sent a performance tape for regional competition. After a series of eliminations, the UNCW Jazz Combo was invited to the national finals by *Down Beat* magazine, where members gave a live performance for a panel of internationally recognized judges. David Baker, director of the Smithsonian Jazz Masterworks Orchestra and Jazz Studies at Indiana University, headed this panel that included some of the nation's top jazz educators and musicians.

Brad Merritt, playing tenor saxophone, won four individual awards including "Overall Outstanding Soloist" given by the International Association of Jazz Educators, "Outstanding Solo" from *Down Beat* magazine and two graduate scholarships.

JazzFest USA is known as "the ultimate jazz education experience." It offers more than \$150,000 in scholarships, adjudication by master jazz educators and musicians, an opportunity to perform for professional talent scouts, top-flight educational clinics and workshops and meetings with the nation's educators and student musicians.

Jessie Rehder and Sam Ragan Prize Winners

The Jessie Rehder Short Story Prizes and Sam Ragan Poetry Prizes are awarded annually to undergraduate students by the English Department.

This year's Rehder Prize entries were judged by Bob Reiss, novelist and Fall 1997 semester writer-in-residence. First prize was awarded to Merry Lynn Komegay for "Suck-Creek Mountain;" second prize went to Michael Alwine for "Jenny;" and there was a tie for third, which went to Art Pickering for "Water" and Randy Connor for "Eulogy."

Poet Alison Hawthorne Deming of the University of Arizona judged the Ragan Prize entries. First prize went to Don Lashley for his "Fifteen Haiku to the Madonna's Veil;" second prize went to Rachel Newman for "Leopard," and third prize went to Randy Connor for "Summer's Worn-out Welcome."

Entries were judged in blind competition.

UNCW HOSTS GLAXO WELLCOME/EPA "TEACHING EXCELLENCE AWARDS"

The Science and Math Education Center and the Watson School of Education recently presented the 1997 "Teaching Excellence Awards" to six area elementary, middle and high school environmental education teachers.

These cash prizes, accompanied by personalized plaques, were funded by the Glaxo Wellcome Foundation and the Environmental Protection Agency and were presented during a luncheon on the campus.

The recipients were Calvin Evans, South Brunswick Middle School; Cinda Sue Cockrum, Burgaw Middle School; Shirley Chafin, Trask Middle School; Jean Talbert, Topsail Middle School; Robert Simmons, North Brunswick High School; and Beth Sell, Southport Elementary School.

The winners were nominated by colleagues who described their exceptional efforts in developing unique and dynamic curricula, projects and programs to promote the understanding, appreciation and conservation of southeastern North Carolina's natural resources.

ANNOUNCEMENTS

Annette Anderson, Public Service; Mike Arnold, Alumni Affairs; Claude Brown, Purchasing; Mary Browning, Bookstore; Jeff Hunnicutt, Computing and Information Systems; Mary Kelly, Watson School of Education; Sherry King, chemistry; Dianne Matthews, Student Development Center; Joanne McDowell, Human Resources; Sandy Rogers, sociology and anthropology and George Syles, Moving Services.

YWCA Cape Fear Women of Achievement Awards Dinner

The 13th annual YWCA Cape Fear Women of Achievement Awards Dinner will be held at 6 p.m., May 15, at Wagoner Hall. This year's moderator will be Audrey Cates Bailey from UNC public television. The organization honors outstanding contributions and public service by women from New Hanover and surrounding counties through their Women of Achievement awards and Certificates of Recognition awards. For ticket information, call the YWCA at 910/799-6820.

Awards Program for Minority Students

The Office of Minority Affairs will sponsor its 12th annual awards program for minority students at 7 p.m., tonight, in the University Center Ballroom. Approximately 300 minority students will receive awards for outstanding academic achievement and/or leadership during spring and fall 1996 semesters. The guest speaker will be Paz I. Bartolome of curricular studies. For more information, call ext. 3439.

College of Arts and Sciences Convocation

The Spring Convocation of the College of Arts and Sciences will be held at 4:00 p.m., today, in Bryan Auditorium. The convocation will recognize the achievements of college faculty, staff and students as well as celebrate the lives of three outstanding faculty who passed away this year: Kimon Bird, Lewis Nance and Joseph Yan.

No Small-Webbed Feat!

In recent moves to make the admission and registration process more accessible, the Office of Enrollment Affairs, with special thanks to Linda Ferrell and with the aid of the Office of Information Technology, has put the undergraduate catalogue, course schedules and all course descriptions on the UNCW website.

Faculty and staff are asked to encourage students to make use of the resource in planning future registrations.

The catalogue may be found in the "Prospective Students" heading on the UNCW home page or at: <http://www.uncwil.edu/catalogue/index/>.

The course schedule information link may be found by following the "Inside UNCW" button on the UNCW home page, then clicking on "Students," or more directly at the URL: [http://alpha1.ocis.uncwil.edu/sys\\$disk1/sislink/](http://alpha1.ocis.uncwil.edu/sys$disk1/sislink/).

Course descriptions may be found by following links from the catalogue page or through the individual pages for each academic department.

Reserve Reading Lists

Faculty teaching courses during Summer Sessions I and II should submit reserve reading lists before May 10. Faculty are also requested to submit reserve reading lists for fall 1997 before leaving for the summer. Lists may be sent to Carolyn Andrews at the library or via e-mail to Andrewsc. Previous lists may be renewed by calling the reserve desk at ext. 3790.

PowerPoint Workshops

The Center for Teaching Excellence is sponsoring two PowerPoint workshops. The first workshop, "PowerPoint and Skills Essential to Developing Effective Classroom Computer Presentation," will be held from 8 a.m. to noon, May 13, in Bear Hall, Room 160, and will address the issues of scanning slides and pictures, capturing videos and taking necessary materials from the WWW to create an original PowerPoint presentation. It will also discuss various features of the PowerPoint (special effects, animation, transition, etc.). The follow-up workshop will take place from 1 p.m. to 4 p.m. in the same location and will give the participants a chance to work on the "tricks of the trade" in PowerPoint and to master them.

Since both workshops are very popular, please contact the Center for Teaching Excellence at ext. 3034 or by e-mail at CTE@uncwil.edu as soon as possible to ensure your participation.

CPA Review Course Offered

A CPA review course for candidates preparing to take the November, 1997 UNIFORM CPA examination will be offered from 6-10 p.m., Tuesdays and Thursdays, August 7-October 30, Cameron Hall, Room 214. The "Conviser Duffy CPA Review" is offered through the Division for Public Service and Extended Education.

A substantial tuition discount is available to students who pay a \$25 refundable deposit before May 15; however, students may wait to enroll until after attending the first two classes free of charge. For more information or to register, call 1-800-274-3926 or contact Richard A. Roscher at ext. 3507.

Students with Diabetes Group Meeting

Students with Diabetes Group will have its annual luncheon, 11:30 a.m. to 1 p.m., today, on the second floor in Westside Hall. If attending, call Katie Gilbert at ext. 7128.

COMING SOON: Sherman Lee Hayes, University Librarian

Sherman Hayes, or as he likes to be called down south, S. Lee Hayes, has been named the new University Librarian for UNC Wilmington. Born in Kansas and reared in Newtown, Iowa, Mr. Hayes has been library director of Bentley College in Massachusetts since 1984. He recently published the book, *Yunnan Province: Business China*, and his articles have appeared in *Journal of Library Administration*, *Library Trends* and *The Bottom Line*. Mr. Hayes will be on board August 4th, 1997.

Mr. Hayes states that he is "really excited about this new opportunity to serve such a distinguished and friendly university." He continued, "we really look forward to living in your beautiful region and hope that we can become very involved in university and community life. The library seems like a very service oriented organization and I plan to continue that work with all the various customers on campus in helping them in their information pursuits." When arriving in Wilmington, Mr. Hayes plans to meet as many of the faculty, students, and staff as possible.

The library staff is looking forward to working with Mr. Hayes. His enthusiasm for excellent service will continue the library's long tradition of connecting users to information.

The implementation of new information technologies at Bentley College under his direction bodes well for Randall Library's similar efforts.

The staff also appreciates his sense of humor and boundless energy. In his letter of application and during his interviews, Mr Hayes said he wants the workplace to be fun. So, Sherm, Start your engines, and let the fun begin.

Student Spotlight: Johnnie Pippin

Sociology major and Havelock native, Johnnie Pippin has played a pivotal role in Randall Library's public service success. Johnnie has worked in all aspects of the library for three and half years. Graduating in May, he will work with "Pride of North Carolina" in Jacksonville, NC as a camp counselor for down-syndrome and physically challenged kids. Johnnie enjoys working with the library staff and says they taught him good communication and organizational skills, efficiency, and best of all TEAMWORK. He plans on staying in Wilmington and hopes one day to get a full-time job in Randall Library!

PsycInfo Added to Library System

The library is pleased to announce extended access to *PsycInfo*, the major database for psychology literature, covering the years 1967 to the present. This access replaces the CD-ROM *PsycLit*, which covered fewer years and had to be used in the library. The database is now accessible through **ROCK**, the online library system, in both World Wide Web and telnet (character-based) versions. After connecting to the library system [<http://rock.uncwil.edu/> or telnet rock.uncwil.edu], users can search the database from any networked workstation or terminal on campus. UNCW-affiliated customers of CoastalNet Internet Services may use the database off-campus. Other off-campus users may access only the telnet version. You will find *PsycInfo* listed on the library system's menu of "Other Library Systems and Databases."

Both the WWW and telnet versions of *PsycInfo* allow the searcher to combine search terms, to limit by such options as publication year or document type, and to select specific records for printing or e-mail delivery. The WWW interface also provides a "mapping" feature, automatically informing the user of official indexing terms (descriptors) related to the words searched.

To learn more about the system, please contact a reference librarian (962-3760.) If you would like to schedule a class for instruction in using *PsycInfo*, please contact Donna Gunter (962-3688 or gunterd@uncwil.edu.) *PsycInfo* on Ovid was made possible through a cooperative licensing agreement with fifteen of the sixteen UNC libraries. Such agreements allow UNCW to provide more access to information than is possible with single campus licensing.

NEW FACE IN REFERENCE: LYNN SHAY

Lynn Rebbeor Shay joined the library faculty as a Reference Librarian on March 17, 1997. She earned a BA from SUNY Oswego, her hometown, and a MA in Library and Informational Science from the University of Missouri-Columbia. Lynn was a Research Librarian at the U.S. Dept. of the Interior-USGS Biological Resources Division-Midwest Science Center in Columbia, MO. She created a bibliographic database on natural resource issues related to the Missouri River and its flood plain to be published by GPO later this year.

Lynn and her son David are learning their way around Wilmington and enjoying the many resources offered by the community and the university. David has made new friends at Myrtle Grove Middle School and is looking forward to a summer at the beach and to participating in the UNCW Coast Trek Program.

Serials Review Project

The library, in consultation with the faculty, is reviewing its subscriptions to periodicals, newspapers, yearbooks, and standing orders. The percentage of library materials funds spent on serials has been steadily increasing due to price inflation, requiring the library to reduce its spending in this area. The current proportion of the library materials budget spent on serials will exceed 80% this year. The standard library benchmark is a 60-65% serials share of the materials budget.

Most libraries have been faced with the need to reduce commitments for serials, but it has been several years since Randall Library made a significant cut. In 1990-91, the library cut 121 titles and in 1992-93, another 45 were cut to keep the serials share of the budget to 65-70%. Since then only a few titles were added each year to assist new programs or new faculty with specialties not included in the collection. The library hopes that by making the reductions planned for 1998 our collection can be realigned to be more responsive to changing needs of the curriculum.

The library is also investigating new options for document delivery or electronic access to the full-text of articles. Several vendors are responding to the needs of libraries and their users in providing rapid delivery or full-text online services for periodicals, conference proceedings, and other publications. As soon as a service is selected and funding is obtained, the library will provide information and training on the use of these new systems.

Campus Dining Services will observe the following end-of-semester hours: Wagoner Hall will close at 6:30 p.m., May 10, and reopen at 10:30 a.m., June 7; Hawk's Nest will be open regular hours through May 1, 7:30 a.m. to 3 p.m., Mon-Fri., May 1-23; Seahawk Station will close at midnight, May 9, and reopen from 2 p.m. to 9 p.m., May 25; and Courtside Snack Shop will close at 3 p.m., May 2.

Welcome

Please welcome the following new employees:

Cassandra Little and Joyce Marshall, Physical Plant and Beverly Stouffer, Office of Information Technology.

Procedures for Processing Donations

The Alumni Development System (ADS) is used to track all gifts made to UNCW. Per administrative procedures, it is imperative that all gifts to UNCW be processed through the Office of University Advancement. Any campus department that receives a donation, cash or check, from a donor must deliver the deposit with any attached information to Advancement Services for proper handling. This will ensure that donors receive receipts and their gift records are accurate. Once the deposit has been processed, a copy of the deposit will be returned to your department.

All honor or memorial gifts should include the name and address of the appropriate contact for notification of the gift. For all non-cash gifts, you must furnish a fair market value, together with the donor's name, address and description of the gift.

If you have any questions, contact Terri Joynes at ext. 3937.

VALIC Representative on Campus

VALIC now offers an expanded array of investment options for 403(b) participants with the addition of 12 new funds managed by Putnam Investments, American Century Funds, The Vanguard Group, Inc., Scudder Funds, Franklin Templeton, and T. Rowe Price.

David Haden, a VALIC representative, will be available from 8 a.m. to 4:30 p.m., May 7-8, in Human Resources to review your VALIC accounts or answer questions about starting a supplemental retirement plan with VALIC. All permanent employees, half time or greater, may participate in 403(b) plans. Call ext. 3006 to make an appointment.

Shared Leave Requests

Shared leave donations are needed for Charlotte Marion, physical plant/painting, and Alice Moten, physical plant/housekeeping, to help them avoid leave without pay during their recuperation from surgery. Thank you in advance for supporting this valuable program. Call Dale at ext. 3161 for further information.

Departmental Copier and Duplicator Billing Change

The date for reading copier and duplicator usage for billing has been changed from the last day of the month to the 25th of the month to provide more timely billing information for departments and to eliminate two billings in June due to the year's end. Charges through the 25th of the month will appear on FRS budget screens by the 30th and on the departmental FRS Account Statements issued at the end of the month. If you have questions, please contact Rhonda Franklin at ext. 3697.

Deadline for Fall Activity Calendar

The deadline for submitting events for the fall 1997 Campus Activities calendar is May 15. The calendar is distributed to all students in August and is available for faculty and staff to pick up at the University Union Information Center. Press photos and graphics representing the events may be submitted and will be included if there is space available. Submit the event, date, time and location to the Campus Activities Office or e-mail to BennettM.

Bookstore Announcement

The UNCW Bookstore now has a loan program for the purchase of computers. Loans are available for faculty, staff and students. For more information, call the bookstore at ext. 3188.

UNCW OFFERS TWO DEGREES IN ENVIRONMENTAL STUDIES

To better serve the educational needs of students seeking careers working with the environment, such as environmental planners, resource managers or environmental scientists, the University of North Carolina at Wilmington will be offering a bachelor of arts and a bachelor of science in environmental studies starting with the fall 1997 semester.

"While the previous program offered courses from both disciplines, we discovered that to better serve the educational needs of our students, the program would have to be divided into two degrees," said Jack Hall, director of the new environmental studies program. He added that the separate degree programs would provide students with better training in their chosen career paths.

The new program, which gained approval from the UNC General Administration in January, was announced at the College of Arts and Sciences spring convocation.

The bachelor of science in environmental studies program will prepare students for careers as field scientists, involving field work conducting tests and gathering and analyzing data. The bachelor of arts program will be designed for the social sides of environmental study preparing students for careers managing issues related to environmental planning and policy, such as environmental planners, environmental lobbyists, or environmental impact analyzers.

Robert Buerger, who will coordinate the bachelor of arts curriculum, said the

'A promising job market awaits future graduates because of the increasing attention the public and government is placing on environmental policy and planning.'

Robert Buerger

program will give students an exciting opportunity to deal with environmental issues facing southeastern North Carolina, such as water quality testing, hog waste management and estuarine management through field placement or other internship opportunities. Additionally, in the event of another hurricane, he said students would be able to work with agencies responding to the hurricane's aftermath.

The program will have two directions, said Buerger. It will prepare students for graduate study and produce graduates ready to enter the workplace.

He added that a promising job market awaits future graduates because of the increasing attention the public and government is placing on environmental policy and planning.

Hall said he looks forward to starting the program, expanding course offerings and developing a graduate program for environmental studies.

In addition to serving as program director, Hall will coordinate the bachelor of science curriculum, and Robert Buerger will coordinate the bachelor of arts curriculum. Robert Cutting will coordinate internships for the program.

Graduate Reception at Wise Alumni House

The Board of Directors of the UNCW Alumni Association cordially invite the faculty to attend a drop-in reception honoring this year's graduates. The reception will be at 6:30 p.m. and 8 p.m., May 16, at the Wise Alumni House, 1713 Market St. Please stop by during one of these times to honor our graduates.

Beginning with the May 15 edition, the *Campus Communique* will begin accepting ads for the summer. Ads must be submitted in writing, either by mail or fax. Fax ads to ext. 3847. Due to space restrictions, ads will be printed only on a space-available basis with priority given to ads submitted by faculty and staff.

Technology in the Classroom Conference at UNCG

The inaugural Academic Technology Tools Conference will be held Aug. 2-6 on the campus of UNC Greensboro. Sponsored by the Information Technologies Education Center and the Technology Tools Project, the conference will focus on the use of technology in the classroom. The event will include workshops, demonstrations, tutorials, discussion groups, panels, and paper and poster presentations on applications of advanced technologies for teaching and learning. The deadline for submitting presentation abstracts is May 15. Preregistration deadline for workshops is June 15, and June 30 for general attendance. For more information about registration and fees, contact the ITEC/Technology Tools office at 910/334-4217 or conference@curie.uncg.edu, or visit the Web site at <http://itec.uncg.edu/atl/>.

Applications for Rotary Scholarships

Applications for 1998-99 Rotary Foundation Ambassadorial Scholarships to be awarded worldwide are available from the local Rotary Club. The scholarships are designed to further international understanding and goodwill by providing study abroad in one of 150 countries and 35 geographical regions where Rotary Clubs are located. Scholarships are available to provide up to one academic year abroad. For more information, contact the local Rotary Club president or Mimi Cunningham, member of Wilmington Rotary Club, at ext. 3171. Deadline for applications is June 1.

UNCW Big Band Swing Dance and Dinner

The UNCW Big Band, under the direction of Frank Bongiorno, will transport its audience back to the 1930's and 1940's at 7 p.m. May 18 in the University Center Ballroom. The audience can dance to the sounds of big band swing music as played by the UNCW Big Band and enjoy a country fare dinner buffet of grilled chicken and barbecue beef rib for \$25 per person. In addition to an evening of dinner and dance, your support will help the UNCW Big Band raise funds for their upcoming European tour.

Due to limited seating, early reservations are recommended. Group seating can be arranged upon request. For more information, ticket and reservation information, contact the music department at ext. 3390.

YWCA Cape Fear Women of Achievement Awards Dinner

The 13th annual YWCA Cape Fear Women of Achievement Awards Dinner will be held at 6 p.m. May 15 at Wagoner Hall. This year's moderator will be Audrey Cates Bailey from UNC public television. The organization honors outstanding contributions and public service by women from New Hanover and surrounding counties through their Women of Achievement awards and Certificates of Recognition. **Judy Thomas**, public service, has been nominated. For ticket information, call the YWCA at 910/799-6820.

Reserve Reading Lists

Faculty teaching courses during Summer Sessions I and II should submit reserve reading lists before May 10. Faculty are also requested to submit reserve reading lists for fall 1997 before leaving for the summer. Lists may be sent to Carolyn Andrews at the library or via e-mail to Andrewsc. Previous lists may be renewed by calling the reserve desk at ext. 3790.

Fulbright Scholar Program

The Fulbright Scholar Program offers grants for lecturing and research in more than 120 countries. Opportunities are available in practically every discipline and specialization. The program is now accepting applications. Deadline is Aug. 1. The UNCW Fulbright representative is Gary Faulkner at ext. 3795. For information, write or call: USIA Fulbright Senior Scholar Program, International Exchange of Scholars, 3007 Tilden Street, NW, Suite 5M, Box GPOS, Washington, D.C. 20008-3009 or call 202-686-7877. Host Families Needed

Tourisme Scolaire, a non-profit high school exchange organization, is looking for families willing to share their home and cultures with high school students from France for a few weeks this summer. Host families will provide room and board and a loving environment. Call Amy Keith at 762-8725 for more information.

PowerPoint Workshops

The Center for Teaching Excellence is sponsoring two PowerPoint workshops. The "PowerPoint and Skills Essential to Developing Effective Classroom Computer Presentation" will be held from 8 a.m. to noon May 13 in Bear Hall Room 160, and will address the issues of scanning slides and pictures, capturing videos, and taking necessary materials from the WWW in order to create an original PowerPoint presentation. It will also discuss various features of the PowerPoint (special effects, animation, transition, etc.). The follow-up workshop will take place from 1 p.m. to 4 p.m. in the same location and will give the participants a chance to work on the "tricks of the trade" in PowerPoint and to master them.

Since both workshops are very popular, please contact the Center for Teaching Excellence at ext. 3034 or by e-mail at CTE@uncwil.edu, as soon as possible to ensure your participation.

Deadline for Fall Activity Calendar

The deadline for submitting events for the fall 1997 campus activities calendar is May 15. The calendar is distributed to all students in August and available for faculty and staff to pick up at the University Union Information Center. Press photos and graphics representing the events may be submitted and will be included if there is space available. Submit the event, date, time and location to the Campus Activities Office or e-mail to BennettM.

Congratulations

Mimi Cunningham, executive director of university relations, has been appointed assistant vice chancellor for university relations.

Procedures for Processing Donations

The Alumni Development System (ADS) is used to track all gifts made to UNCW. Per administrative procedures, it is imperative that all gifts to UNCW be processed through the Division for University Advancement. Any campus department that receives a donation, cash or check from a donor must deliver the deposit with any attached information to advancement services for proper handling. This will ensure that donors receive receipts and their gift records are accurate. Once the deposit has been processed, a copy of the deposit will be returned to your department.

All honor or memorial gifts should include the name and address of the appropriate contact for notification of the gift. For all non-cash gifts, you must furnish a fair market value, together with the donor's name, address and description of the gift.

If you have any questions, contact Terri Joynes at ext. 3937.

VALIC Representative on Campus

VALIC now offers an expanded array of investment options for 403(b) participants with the addition of 12 new funds managed by Putnam Investments, American Century Funds, The Vanguard Group, Inc., Scudder Funds, Franklin Templeton and T. Rowe Price.

CAMPUS COMMUNIQUE

THE OFFICIAL BULLETIN OF UNCW

University Advancement

Vol. XXVI, No. 37 May 15, 1997

Phillip Brown, editor

Former Gov. Bob Scott to Address Graduates at Commencement

UNCW will award 1,124 degrees at its 54th commencement exercises at 10 a.m. May 17 in Trask Coliseum. Giving the address will be former North Carolina Governor Robert Scott.

In this year's graduating class, 974 will receive bachelor's degrees, while 150 will be awarded graduate degrees. It is the university's largest graduating class.

Scott was governor of North Carolina when Wilmington College became the University of North Carolina at Wilmington, serving from 1969 to 1973. His participation at commencement is noteworthy as UNCW is celebrating its 50th anniversary during 1997-98. As

part of the 50th celebration, wall banners and flags flying on lampposts, emblazoned with the university's special commemorative logo, will be displayed. The banners will be displayed through freshman orientation and return for convocation.

Scott currently serves as a senior fellow with the North Carolina Rural Economic Development Center, Inc. He also serves as educator in residence with North Carolina State University in the College of Education and Psychology and is a consultant on economic development and workforce training for business and industry.

Scott retired in December 1994, as president of the N.C. Community College System during which time the system received state, national and international recognition. In addition to serving as governor, his career in public service includes serving as lieutenant governor, executive vice president of the North Carolina Agribusiness Council and federal co-chair of the Appalachian Regional Commission.

He is the son of the late N.C. Governor and U.S. Senator W. Kerr Scott and the late Elizabeth White of Haw River.

Commencement Day Schedule

Graduation breakfast on the lawn of UNCW Quadrangle, 8 a.m., rain or shine.

Graduates report to Hannover Hall to robe and prepare for processional, 9:15 a.m.

Processional begins at 10 a.m. in Trask Coliseum.

Commencement ends at noon.

ANNOUNCEMENTS

962 Prefix Reminder

In June 1996, telecommunications notified the campus that BellSouth would be converting all university telephone lines from 395 and 350 to the new 962 prefix. Any persons dialing into the university using the old 395/350 prefix would automatically be transferred to 962-xxxx without a recording. In February, BellSouth activated intercept recordings that stated 395/350-xxxx had been changed to 962-xxxx. Bell South will discontinue all 962 intercept recordings on campus phones on June 1. Please notify family, friends and colleagues of the change in our campus telephone prefix. It is our understanding that BellSouth will begin to assign our former prefixes, 395 and 350, to other businesses and households in the near future. 962 is the official prefix for the university.

Orientation Program Needs Equipment

Orientation program needs four monitors and keyboards in good working condition to use for freshman orientation sessions in June. Please contact Judy Gale at ext. 3089 if you can loan or donate any equipment.

Graduation Videos

The UNCW Alumni Association is sponsoring the videotaping of the commencement ceremony. Order forms will be available at commencement. Tapes are \$30 and proceeds benefit Wise Alumni House.

Summer Hours Begin

Summer hours for the university will begin May 19 and continue through Aug. 11. Official university hours for this period will be 7:30 a.m. to 5 p.m. Mondays-Thursdays and 7:30 a.m. to 11:30 a.m. Fridays. This schedule allows for an half-hour lunch break. With supervisory approval, employees may take an hour lunch and lengthen the workday by 30 minutes.

Alternate schedules must be submitted to human resources. During summer hours, casual dress is appropriate.

Men's Basketball Summer Camps

The UNCW men's basketball program will again be sponsoring summer day camps. There will be a shooting camp for boys and girls June 16-20. This is a half-day camp that will cost \$85 for the child of any UNCW faculty, staff or student. Otherwise, the cost is \$110 per child.

There will also be an all-day boys' camp the week of July 21-25. The cost will be \$175 for a child of any UNCW employee or student. Otherwise, the cost is \$200. Lunch is included in the day camp fee. For more information, call Sharon McCauley at ext. 3045.

UNCW Staff Bowling League

A mixed bowling league for UNCW staff is expected to begin August 28. The league will run approximately 30 weeks, excluding holidays and school breaks. At this time the league is limited to the first 56 interested bowlers. The league will be held at 6 p.m. Thursdays at Cardinal Lanes on Shipyard Boulevard. If you are interested, contact Paula Greene at ext. 3129 or Susan Chinnici at ext. 3127 before May 29.

Fire Alarm Inspection and Testing

The annual fire alarm inspection and testing for academic buildings will be done between 7:30 a.m. and 4:30 p.m. May 12 - 26.

The following buildings will be tested: Academic Support, Alderman, Bear, botany lab, botany trailer, Cameron, DeLoach, the field house, fine arts scene shop, Friday, Hinton James, Kenan Auditorium, King, the Masonboro property, Morton, Nixon Annex, physical plant crafts building, Randall Library, safety trailer, S&BS, Trask Coliseum, and warehouse/central stores. All work will be scheduled around activities in the buildings. If you have any conflicts or concerns, please call the UNCW Electric Shop at ext. 3100.

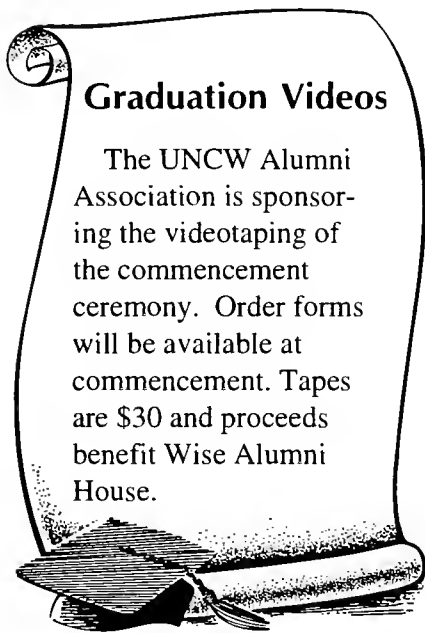

Service Awards Luncheon

The 1997 Service Awards Luncheon will be held from noon to 2 p.m. June 5 in Wagoner Hall. The keynote speaker will be John Bennett, professor in health, physical education and recreation. The master of ceremonies will be Ty Rowell, interim vice chancellor for university advancement.

There will be no charge for tickets to UNCW's 22nd Annual Service Awards Program. Tickets will be available on a first-come, first-served basis from 8 a.m. to 5 p.m. May 19 and 20 in human resources. If you have any questions, please call Kimberly Best-Tuten at extension 3712.

Summer Ads in *Communique*

Beginning with today's edition, the *Campus Communique* will begin accepting ads for the summer. Ads must be submitted in writing, either by mail or fax. Fax ads to ext. 3847. Due to space restrictions, ads will be printed only on a space-available basis with priority given to ads submitted by faculty and staff.

UNCW Public History Students Create Virtual Museum

You can now visit the Wrightsville Beach Museum without leaving home, but it's not a substitute for actually going there said Otis Graham, UNCW visiting professor of history during the unveiling of the museum's World Wide Web home page at a press conference last week.

"Virtual museums on the web provide people an opportunity to travel to museums in other cities and other countries," said Graham. However he stressed it is only a substitute and will encourage people to want to visit the museum in person.

The web site is the result of work by 13 students in the UNCW course Introduction to Public History: History 470/570 taught by Graham.

The UNCW public history program is history for the community said Graham. It is designed to train historians to work within the community through museums and preservation efforts.

Graham and his students worked with museum director Greg Watkins and his staff and JoAnna Wright from Wilmington Internet Service Enterprises (WISE) to achieve their goal of a virtual museum.

Wright donated 50 hours to work with students showing them the tools necessary to build the web pages that are in the site. The students, under Graham's direction, researched and wrote the 40 pages of text that accompany the graphics used on the museum website.

The web site is one of several WISE has prepared for the community as an educational service that accomplishes two things: teaching people how to

create web documents and providing information that portrays Wilmington and the surrounding community in a favorable light.

The Wrightsville Beach Museum was established in October 1995 and opened in May 1996. The beach cottage museum houses exhibits on Wrightsville Beach history. The house, built by Tidewater Power Company in 1907, is the fourth oldest cottage on the beach and is designated by Wrightsville Beach as a historic landmark. It is traditionally known as the John Q. Myers cottage. After its donation to the Wrightsville Beach Preservation Society, it was

moved to its present location at 303 W. Salisbury St. from its original location at 124 S. Lumina Ave.

After accessing the museum's web site, visitors use the museum's floorplan to take a virtual tour of the museum, viewing images and learning about the lifestyle of Wrightsville Beach around 1900. Other topics of interest include the history of Wrightsville Beach, Lumina Daze, Wynn Plaza and the Wrightsville Beach Preservation Society.

You can visit the museum at the address <http://www.wilmington.org/wbmuseum/>.

Get to Know Southern Culture, Local History, Flora and Architecture

While much of the nation has come to embrace Southern values, many people are still learning the basis of Southern tradition. Southeast North Carolina is no exception. With this in mind, UNCW's Division for Public Service and Extended Education and Cape Fear Museum are embarking on a joint program to explain the Cape Fear region's Southern heritage.

"Southern Heritage: Getting to Know the Cape Fear Region" is a two-day free program scheduled for 5-7 p.m. tonight and tomorrow at Cape Fear Museum, 814 Market Street. It is part of UNCW's After Five Series of short forums.

Melton McLaurin, associate vice chancellor of academic affairs and noted historian of the American South, will kick off the discussion with "Growing Up Southern" at 5 p.m. followed by Ed Turberg, a restoration consultant and recognized architectural historian, discussing "Southern Homes and Architecture" at 6 p.m.

Friday's speakers include military historian Everard H. Smith, former adjunct professor of history at UNCW, speaking at 5 p.m. on "Regional History: The Cape Fear Adventure" followed by Wilmington horticulturist Henry Rehder, author of the new book, *Growing a Beautiful Garden: A Landscape Guide for the Coastal Carolinas*, who will discuss "Coastal Flora."

Admission both days is free and will be on a first-come, first-served basis. Seating is limited. Refreshments, compliments of Front Street Brewery and Jackson Beverage, will be served at receptions following each night's discussions. For more information, call ext. 3195.

QUALITY FACULTY . . . QUALITY STAFF

University Announces Promotions, Addition to Advancement Staff

M. Tyrone Rowell, interim vice chancellor for university advancement, announces the promotion of two advancement personnel and the appointment of a director of development.

Mimi Cunningham was promoted to assistant vice chancellor for university relations, Donna Cameron was named director of development and Jennifer Elam was promoted to assistant director of development.

In her capacity as assistant vice chancellor, Cunningham will chair UNCW's 50th anniversary celebration, continue acting as university spokesperson and supervise a seven-person news and publications staff plus interns and volunteers.

Cameron of Raleigh, N.C., graduated from Appalachian State University with a bachelor's degree in business administration. She worked 12 years for Decatur Federal Savings and Loan in Atlanta, Ga., as a corporate sales manager. She previously worked at UNCW, chairing the 1995 NCAA Women's National Golf Championships. Most recently, Cameron worked for Centura Bank of Wilmington as a regional manager. As director of development, Cameron will supervise fund raising to support and enhance academics at the university as well as increase the size of the university's endowment.

Elam of Fayetteville, N.C., was promoted to assistant director of development, and her main priority will be the annual fund-raising campaign. After graduating from the University of North Carolina at Chapel Hill with a degree in speech communications, she worked at St. Catherine's School in Richmond, Va., as assistant director of admissions. She came to the university's Office of Advancement in 1995 as program assistant and was interim director of development. In the Development Office, she will organize direct mail campaigns, manage telemarketing programs and coordinate the university's annual gifts campaign.

Lavonne J. Adams, English, has a poem "Tornado Watch" published in the current issue of *Talking River Review* at Lewis-Clark State College, Lewiston, Idaho.

P. J. Lapaire, foreign languages and literatures, delivered a paper "Albert Camus et le jugement humain" at the 17th Annual Conference on romance languages and literatures May 8-10 in Cincinnati, Ohio.

Robert Riley and **Billy Dawson**, university police, received funding for their project "COPS Universal Hiring Program."

Dorothy Taylor, customer service/public relations coordinator, physical plant, received recognition at the YWCA Women of Achievement Awards Dinner May 15 for her significant contributions to the university.

William Cleary, earth sciences, received funding for his project "Inlet Influenced Changes Along North Carolina Shorelines: Phase II."

Watson School of Education Names Razor Walker Award Winners

The Watson School of Education awarded 14 North Carolinians the Razor Walker Award for distinguished service to the youth of this state at a reception and dinner on May 23 at Kenan House, residence of Chancellor James R. Leutze.

"These individuals have taken personal and professional risks and have put forth extraordinary effort to realize a vision that would improve their communities. They have walked the 'razor's edge' where things are not always safe and predictable because each believes in a dream greater than him or herself that could change the lives of children," said Robert Tyndall, dean of the Watson School of Education.

Tyndall founded this unique awards program in 1993 to honor individuals who have gone beyond normal expectations to create better services and opportunities for young people. He also noted that each year since its creation, up to 15 individuals have received the award.

Awards are given in the categories of art/literature, business, educational administration, law, medicine, public service/policy and teaching/research. Each honoree is presented a plaque and medallion.

The 1997 Razor Walker Award Winners are:

Eva Brown, president of Get Smart Inc., of Lee County - Public Service/Policy

Carolyn Braxton, president of Wake Technical Community College Staff Council, of Raleigh - Public Service/Policy

Suzanne Jamieson, creator of Carolina Mudcats Foundation: Mudcats for Kids, of Raleigh - Public Service/Policy

Jeffrey McInnis, director of Day Reporting and Restitution Center, of Greensboro - Public Service/Policy

Amber Parker, mayor, of Bessemer City - Public Service/Policy

Rick Price, vice-chairperson of the Ashe County Literacy League, of Jefferson - Public Service/Policy

Larry Bell, superintendent and community college trustee, of Clinton - Educational Administration

Toni Coggins Hill, principal, of Durham - Educational Administration

Gurney Chambers, education and psychology professor at Western Carolina University, of Cullowhee - Educational Administration

Eugene Wright, Jr., associate in medicine at Duke University, of Fayetteville - Medicine

David Tayloe, pediatrician, of Goldsboro - Medicine

Patrick Thomas, editor and owner of *The Pender Post*, of Burgaw - Business

Barden Winstead, Jr., president of the Boys and Girls Club of Rocky Mount, of Rocky Mount - Business

Monroe Watkins, co-owner of Bright Beginnings Preschool Centers, of Mount Airy, - Teaching/Research.

Wise Alumni House Dedication

The Board of Directors of UNCW's Alumni Association will officially dedicate Wise Alumni House at a formal ceremony at 7 p.m. June 7.

The ceremony gives the Alumni Association an opportunity to recognize the alumni and friends whose time, efforts and contributions helped restore the historic house to its former majesty and retire the \$400,000 renovation loan.

The Alumni Association made the final loan payment this month prior to the June 2 deadline. The association raised the \$471,799 necessary to retire the principal and interest through several fund-raising events and private donations.

For more information, please call 251-2682.

ANNOUNCEMENTS

Orientation Luncheons for Parents

Orientation luncheons for parents will be held in the Hawk's Nest from 12:30 p.m. to 1:45 p.m. on June 12, 19 and 26. Faculty and staff lunch menu in the Hawk's Nest will be the orientation menu on these days. Meals can be purchased at the door to the glass room. To avoid the rush, you may want to arrive before 12:30 p.m. Sorry for the inconvenience. We hope everyone will help welcome parents during this time.

CTE Secretarial Position

The Center for Teaching Excellence seeks to fill a three-quarter-time Office Assistant Level IV position. The duties of the position include maintaining financial records, processing orders for equipment and supplies, providing technical assistance to faculty using CTE equipment, arranging for the use of facilities for CTE workshops and other programs and maintaining informational files on all CTE programs. Candidates for the position should be familiar with personal computer operations, including word processing and desktop publishing software. Candidates should have good office management skills and the personal relations skills needed in a position that requires contact with faculty, students and the public. For full consideration applicants should submit their qualifications to the Center for Teaching Excellence's director by June 13. Applications accepted until position is filled.

Campus Communique Publication Schedule

The *Campus Communique* will continue its weekly publication schedule during summer hours. The deadline for submissions is noon Tuesdays. E-mail contributions to COMMUNIQUE.

UNCW-TV Broadcasts Globe Watch

Beginning June 3, UNCW-TV will broadcast Globe Watch, a current events television series on international affairs. The seven-part series will air at 8 a.m. and 10 p.m. Tuesdays on Time Warner Cable channel 11.

Host Chancellor James R. Leutze conducts in-depth interviews with a wide range of people from government officials to the average person on the street. Analysis and commentary by Chancellor Leutze, dealing with each episode's central issue, concludes the program. For more information, call Kate Walsh at ext. 4082.

Campus Dining Summer Hours

Campus Dining will observe the following summer hours at the Hawk's Nest and Wagoner Hall: 7:15 a.m. to 6 p.m. Monday-Friday and 10:30 a.m. to 6 p.m. Saturday and Sunday. Wagoner Hall hours are June 7-August 2. Summer hours for the Seahawk Station are 2 p.m. to 9 p.m. Sunday-Thursday.

UNCW Hosts String Music Camp

UNCW will host the 1997 Summer Strings Camp for high school and advanced middle school violinists, violists, cellists and bassists during the week of June 8-13. Participants may choose either residential or day camps. For more information about fees contact ext. 3195. Registration is through the Division of Public Service and Extended Education and requires a \$50 deposit by June 6.

Faculty for the camp will be Lynda Rolfes, violinist with the music department; Jack Budrow, former principal bassist, N.C. Symphony; David Oh, cellist, N.C. Symphony; Joby Brunjes and Rachel Thigpen, violist and violinists, Greensboro Symphony.

962 Prefix Reminder

In June 1996, telecommunications notified the campus that BellSouth would be converting all university telephone lines from 395 and 350 to the new 962 prefix. Any persons dialing into the university using the old 395/350 prefix would automatically be transferred to 962-xxxx without a recording. In February, BellSouth activated intercept recordings that stated 395/350-xxxx had been changed to 962-xxxx. Bell South will discontinue all 962 intercept recordings on campus phones June 1. Please notify family, friends and colleagues of the change in our campus telephone prefix. It is our understanding that BellSouth will begin to assign our former prefixes, 395 and 350, to other businesses and households in the near future. 962 is the official prefix for the university.

Men's Basketball Summer Camps

The UNCW's men's basketball program will again be sponsoring summer day camps. There will be a Shooting Camp for boys and girls, June 16-20. This is a half-day camp that will cost \$85 for the child of any UNCW faculty, staff or student. Otherwise, the cost is \$110 per child.

There will also be an all-day boys' camp the week of July 21-25. The cost will be \$175 for a child of any UNCW employee or student. Otherwise, the cost is \$200. Lunch is included in the day camp fee. For more information, call Sharon McCauley at ext. 3045.

UNCW Staff Bowling League

A mixed bowling league for UNCW staff is expected to begin August 28. The league will run approximately 30 weeks, excluding holidays and school breaks. At this time the league is limited to the first 56 interested bowlers. The league will be held at 6 p.m. Thursdays at Cardinal Lanes on Shipyard Boulevard. If you are interested, contact Paula Greene at ext. 3129 or Susan Chinnici at ext. 3127 today.

Summer Hours at Student Health

The Student Health Center will be open 9 a.m. to 4 p.m. Mondays-Thursdays and 8:30 a.m. to 12:30 p.m. Fridays during Summers Sessions I and II.

Use TV to Reach New Students

With the addition of televisions to the University Union and Center, there is a new opportunity to reach summer orientation participants. Channel 77 runs continuously in these areas and will be the main places new students and parents gather during orientation. This may be a great way to reach new students. Contact Kate Walsh, UNCW-TV, at ext. 4082 to post an announcement or information piece on Channel 77. All orientation specific announcements will have a special heading so that non-orientation viewers understand the target audience. Thanks for supporting orientation and UNCW-TV.

Living Arrangements for Visiting Professor Needed

An apartment/room is needed for a visiting professor from approximately July 7-31. Anyone with information on possible apartments/rooms should contact Wilson Freshwater, CMSR at 256-3721 ext. 214.

Summer Kayaking with Discover Outdoor Programs

Discover Outdoor Center will offer Friday afternoon tours from 1-5 p.m. May 30, June 13 and 27, and July 11 and 25. The \$10 cost includes equipment, transportation, and instruction. The June 13 and 27 dates are open to family and friends of UNCW students, faculty and staff. Sign-up in the Discover Outdoor Center, University Center, Room 138. For more information, contact Discover Outdoor Programs at ext. 4052.

Science Competition Winners

Lauren Shepard, daughter of Andy Shepard, NURC, won first place in the environmental science division for middle schools at the N.C. School of Math and Sciences annual statewide science project competition April 18 in Greensboro. Matt Hall, son of Jack Hall, earth sciences, won third place in physical science (middle school advanced division). Lauren and Matt received help from UNCW. In particular, Steve Skrabal, chemistry, and Michael Smith, earth sciences, gave time to patiently guide the students and make science more fun.

Applications for Rotary Scholarships

Applications for 1998-99 Rotary Foundation Ambassadorial Scholarships to be awarded worldwide are available from the local Rotary Club. The scholarships are designed to further international understanding and goodwill by providing study abroad in one of 150 countries and 35 geographical regions where Rotary Clubs are located. The Hawk's Nest will be open from 7:30 a.m. to 2:30 p.m. Monday through Thursday and to 1 p.m. on Fridays. We will serve board plan students dinner from 4:30 to 6 p.m. at the Hawk's Nest through June 6. Wagoner Hall will open June 7 with the following hours:

Monday - Friday, breakfast 7:15 - 9 a.m., lunch 11:15 a.m. - 1 p.m., and dinner 4:30 - 6 p.m. Hours may be extended to accommodate conference guests. Please note Wagoner Hall will not be serving continuous dining hours.

Any changes in hours of operation will be announced.

Orientation Luncheons for Parents

A parents' orientation luncheon will be held at the Hawk's Nest from 12:30 p.m. to 1:45 p.m. June 12, 19 and 26. Faculty and staff lunch menu at the Hawk's Nest will be the orientation menu on these days. Meals can be purchased at the door to the Glass Room. To avoid the rush, you may want to arrive before 12:30.

UNCW Bookstore Inventory

The UNCW bookstore will close at 11:30 a.m. June 27 to take inventory. It will reopen at 7:30 a.m. June 30.

Summer Kayaking with Discover Outdoor Center

Discover Outdoor Center offers Friday afternoon tours 1-5 p.m., June 13 and 27, and July 11 and 25. The \$10 cost includes equipment, transportation and instruction. The June 13 and 27 dates are open to family and friends of UNCW students, faculty and staff. Sign up in the Discover Outdoor Center, University Center, Room 138. Participants will kayak Fort Fisher Basin, Cape Fear River or N.E. Cape Fear River. For more information, contact Discover Outdoor Programs at ext. 4052.

Summer Jazz Workshop

The Music Department will offer a summer jazz workshop June 22-28. The workshop is designed to meet the needs of participants of varying abilities and experience levels, including middle school students and advanced players, and will cover virtually every aspect of jazz study.

The workshop provides a week of intensive jazz study covering various aspects of jazz including improvisation, history, theory, master classes on each instrument of the jazz ensemble and concerts by students and faculty. Participants will be assigned to ensembles and classes based on skills determined at a placement audition.

Workshop faculty include saxophonist Frank Bongiorno, trombonist Ken Foberg, jazz guitarist Robert Russell, drummers John Rack and Israel Bannerman, trumpeter James Brown and other guest faculty.

Workshop fees are \$275 for resident participants and \$175 for commuters. For additional information, contact the music department at ext. 3390. For registration information, contact the Division for Public Service and Extended Education at ext. 3195.

Aquarius Featured on Florida Public TV

Florida public television producer Martina Schmid dives down to *Aquarius* for a firsthand look at living and working in an undersea habitat in the public television special, "Aquarius Undersea."

Aquarius is an undersea habitat that allows scientists to live and work on the ocean floor and is the only one of its kind in the world. The habitat sat in 60 feet of water, nine miles off the coast of Key Largo, Fla. Scientists from all over the country compete to conduct research in this unique laboratory. The special airs on 13 Florida public television stations June 5-8.

UNCW-TV Broadcasts "Globe Watch"

Beginning this month, UNCW-TV will broadcast "Globe Watch" a current events television series on international affairs. The seven-part series will air at 8 a.m. and 10 p.m. Tuesdays on Time Warner Cable channel 11.

Host Chancellor James R. Leutze conducts in-depth interviews with a wide range of people from government officials to the person on the street. Analysis and commentary by Chancellor Leutze, dealing with each episode's central issue, concludes the program. For more information, call Kate Walsh at ext. 4082.

UNCW Hosts String Music Camp

UNCW will host the 1997 Summer Strings Camp for high school and advanced middle school violinists, violists, cellists and bassists June 8-13. Participants may choose either residential or day camp commuters. For more information about fees contact ext. 3195. Registration is through the Division for Public Service and Extended Education and requires a \$50 deposit by tomorrow.

Faculty for the camp will be Lynda Rolfes, violinist with the music department; Jack Budrow, former principal bassist, N.C. Symphony; David Oh, cellist, N.C. Symphony; Joby Brunjes and Rachel Thigpen, violist and violinists, Greensboro Symphony.

Campus Communique Publication Schedule

The *Campus Communique* will continue its weekly publication schedule during summer hours. The deadline for submissions is noon Tuesdays. E-mail contributions to COMMUNIQUE.

Men's Basketball Summer Camps

The UNCW's men's basketball program is again sponsoring summer day camps. A shooting camp for boys and girls is June 16-20. This half-day camp costs \$85 for the child of any UNCW faculty, staff or student. Otherwise, the cost is \$110 per child.

There is also an all-day boys' camp July 21-25. The cost is \$175 for a child of any UNCW employee or student. Otherwise, the cost is \$200. Lunch is included in the day camp fee. For more information, call Sharon McCauley at ext. 3045.

Use TV to Reach New Students

With the addition of televisions to the University Union and Center, there is a new opportunity to reach summer orientation participants. Channel 77 runs continuously in these areas and will be the main places new students and parents gather during orientation. This may be a great way to reach new students. Contact Kate Walsh, UNCW-TV, at ext. 4082 to post an announcement or information piece on Channel 77. All orientation specific announcements will have a special heading so non-orientation viewers understand the target audience.

Living Arrangements for Visiting Scientist Needed

An apartment/room is needed for a visiting professor July 7-31. Anyone with information on possible apartments/rooms should contact Wilson Freshwater, CMSR, at 256-3721 ext. 214.

QUALITY FACULTY . . . QUALITY STAFF

Mark Galizio, psychology, spoke on an invited panel discussion at the Association for Behavior Analysis Convention in Chicago, Ill. The title of the presentation was "Human and Nonhuman Operant Behavior: Issues of Sensitivity, Language and Interspecies Continuity." Galizio also served as discussant on two symposia at the meeting.

Lou Buttino, communication studies, received a finalist award from the Charleston International Film Festival for the documentary he wrote, directed, edited and coproduced titled "Hoover's Legacy: The Case of Frank Buttino." The internationally juried competition is one of the world's largest. It is Buttino's second award from the festival. A previous documentary earned a silver prize for Best Independently Produced Documentary.

Terri Schutte-Beck, bookstore, recently was notified by the National Association of College Stores that she has been certified as a College Store Professional (CSP). A manager must receive specific training, take a national test and have worked in various leadership and management positions in the bookstore association to receive this certification. Terri has been very active in the national and regional associations.

Two Researchers Join Million Dollar Club

Courtney Hackney, biological sciences, and Robert Wicklund, NURC, were inducted into the Million Dollar Club at this year's faculty reception.

The Office of Research Administration created the Million Dollar Club in 1994 as a way to recognize researchers that have continually plugged away at getting research funded. The club consists of those who have been a principle or co-principle investigator on cumulatively a million dollars' worth of externally funded projects. The other six members of the club are: Allen Halbert, NURC; Ted Jans, retired from SBTDC; Dick Ward, information technology; Steve Ross and James Merritt, CMSR; and Martin Posey, biological sciences.

SPA Performance Evaluations

SPA performance evaluations are due in human resources no later than June 16. Ratings must be submitted to the Office of State Personnel by June 20 to be eligible for any legislative salary increases.

CTE Changes Address

The Center for Teaching Excellence has relocated to Friday Hall, Rooms 102 and 103. The center resumed all general operations last week. The telephone numbers are ext. 3034 for the office and ext. 7093 for the director. All faculty and staff members are welcome to visit CTE's new location.

Year End Inventory

Central stores will be closed for inventory June 25-30. Electronic ordering will be discontinued at 5 p.m. June 24. Emergency and walk-in orders will be processed. Normal operations resume July 1.

Purchasing Reminders

Delivery requirement for state-appropriated purchases is June 30. All equipment and supply orders should already be processed so purchasing staff can devote its time to receiving and invoicing goods. If state fund-supported orders do not arrive by June 30, the expense will be carried over to next year's fiscal budget. Purchasing agents are available to answer your questions as necessary.

Any orders placed through the World Wide Web are considered personal and ought to be handled as such. Orders between \$50 and \$150 can be reimbursed to an individual employee with prior approval from a purchasing agent. If you have any procedural questions, call Mary at ext. 3154.

Staff Development

- **Walking for Wellness**, noon to 1 p.m., June 4.
- **Come Sign with Us**, 2 to 3:30 p.m., every Thurs., through June 26.

Please refer to the *Staff Training and Development Booklet* for registration information or call ext. 3712.

Shared Leave Requests

Shared leave donations are needed to help Larry Cartwright, physical plant/housekeeping, avoid leave without pay during his recuperation from surgery. Call Dale at 3161 for further information.

Welcome

Please welcome the following new employees:

Jay Alan and Michael Florant, NURC; Stephen Crandall, auxiliary services; Lisa Hedgecock, university police; Anne Hosea, curricular studies; Jeannie Hunt, physical plant administration; and Julie Weidmann, internal audit.

Carowinds Discount Coupons

Discount coupons for admission to Carowinds theme park are now available to UNCW faculty and staff. Valid dates are June 28-July 6 and August 30-September 1. Coupons may be picked up in human resources.

July 4th Holiday Pay

July 4th falls on Friday, a four-hour day for employees working the official university summer schedule. To ensure that employees receive eight hours holiday time, supervisors should work with employees to schedule an additional four hours off at another time, staggering time off as necessary to meet operational requirements. If possible, time off should be scheduled during July. Questions regarding timekeeping may be referred to Alice Maile at ext. 3392.

Administrative Procedures Update

The following revised policies for the Administrative Policies and Procedures Manual have been approved and are now accessible to university departments via the World Wide Web:

HR 3.30 - Establishment and Classification of Positions, Change in Position Requirements

Revisions have been made concerning establishment of new EPA and SPA positions. The revised HR 3.30 form should be used when requesting any of these position actions.

TEL 1.40 - Operator Services

This procedure has been revised to update the services offered by Telecommunications Operator Services, including services such as TDD (Telecommunications Device for the Deaf).

TRA 1.15 - Travel, Registration Fees and Other Expenses

Minor revisions only have made to this policy. If registration fees are paid by the traveler and claimed on the travel reimbursement rather than a check request having been prepared, the registration receipt should be attached to the travel reimbursement form. A copy of the brochure is no longer required in this case.

TRA 1.16 - Travel, Rembursement of Travel Costs

Minor revisions only have been made to this policy to (1) specify the documentation requirements for reimbursement of registration fees as indicated in Procedure TRA 1.15 above and (2) indicate when the original of the signed vehicle request and invoice form documenting the non-availability of a state-owned vehicle must be attached to the travel reimbursement.

The Administrative Policies and Procedures Manual is linked off the UNCW home page under Administration and is also accessible via the business affairs home page. It may also be accessed by typing INFO at the username prompt on VXA, VXB or VXC on the VAX.

UNCW NAMES MICHAEL LLOYD STAFF AWARD OF EXCELLENCE WINNER

Many people combine work, family and community service successfully, but Michael Lloyd handles them all far above normal expectations exhibiting a commitment to excellence in each.

In recognition of these efforts Lloyd received the 1997 Staff Award of Excellence presented by Provost Marvin K. Moss at the 22nd Annual Service Awards Program June 5 Wagoner Hall.

Lloyd said his nomination for the award surprised him. "I don't look at what I'm doing as extraordinary," said Lloyd. "It's just part of my job and my life."

A native of Chicago, Ill., and former marine, Lloyd combines work, community involvement and family. He has been married for 10 years and has three children, Michael, St. Anthony and Jonai, ages 11, nine and five.

Family is very important to Lloyd. Even though his wife Rachel undergoes home kidney dialysis, he said they don't let her illness affect the family environment.

"We don't change the family - we carry on as if everything is normal," said Lloyd.

The importance of the right family environment is a factor the Lloyds used to settle in Wilmington. As a marine stationed at Camp Lejeune, Lloyd and his family visited Wilmington regularly. When he left the military, Lloyd said he and his wife sought employment opportunities that would allow them to raise their children in Wilmington.

Lloyd said the Wilmington community offers children more exposure to youth activities than the inner city of a

Staff Award of Excellence winner Michael Lloyd congratulated by Provost Marvin K. Moss.

large city such as Chicago. He said his children can ride their bicycles without being afraid and have the opportunity to participate in sports such as little league baseball and soccer that would not be possible in the inner city of Chicago.

"It seems like there are always youth activities happening in Wilmington," said Lloyd.

Coaching youth sports started as a hobby but has become a labor of love for Lloyd. Even though none of his children participate on his teams, he coaches youth basketball and Pop Warner football. Coaching 11- and 12-year-olds gives him an opportunity to make a difference in their lives, he said. He emphasized coaching that age group gives him an opportunity to reach impressionable minds and try to instill

the "old school" family values of respecting elders and taking responsibility for one's actions. He said he brings his own unique rules to coaching youth: insisting that each child must have passing grades to play, showing adults courtesy by addressing them as Mr. or Mrs. and greeting every individual they meet with a firm handshake - values taught by his mother in Chicago, Ill., and reinforced in the military, he said.

More than 50 percent of the children he coaches are from single-parent families without a male role model. Lloyd acknowledges that it takes a lot of time, but the looks on the faces of the children and their parents when the child does something positive makes it worthwhile.

Lloyd, one of nine considered for the UNCW award, was nominated in the "devotion to duty" category. The honor recognized his efforts to protect university assets and meet workload demands while the print shop was understaffed. Lloyd's willingness to assume repair responsibilities involving routine maintenance not normally required in his position and eliminating the need to subcontract work saved the university a minimum of \$25,000. His nomination was also based on his volunteer efforts with youth.

"Mike has made a real and positive difference in many young lives," said Brenda Nelson, manager of printing services. "His outreach touches lives day to day as he gives of himself in a very personal and direct way."

HR 1.35 and HR 3.30 Workshop

EPA personnel action forms and processes have been revised to facilitate implementation of on-campus payroll and improve institutional reporting. Academic affairs, human resources and the budget office are holding a workshop 9 to 11 a.m. in Bear Hall, Room 105, to instruct employees how to prepare the new forms. Employees completing these forms are encouraged to attend and bring the old forms, which are outdated July 1, to trade for new forms. To reserve your space, call M. J. Carver at ext. 3876.

Printing Services Inventory Dates

The print shop and copy center will close June 27 and June 30 for inventory. Direct emergency printing needs to Brenda Nelson at ext. 3563.

Print orders for letterhead, envelopes and business cards billed from this year's funds will be accepted through June 16. Other printing requests from camera-ready copy will be accepted through June 26 at the Copy Center. After June 23, call printing services customer service at ext. 3563 to confirm delivery by June 30 for print shop orders.

Letterheads on Laser Bond

Letterheads are now available printed on white smooth or cream linen 25 percent cotton 24 lb. laser bond with the 50th anniversary logo watermark. Please indicate your choice of 24 lb. laser bond or 20 lb. rag bond when ordering letterhead printed on white paper. The rag bond is cheaper but does not usually feed well in laser printers. Questions concerning letterheads should be directed to Cathey Blake at ext. 3289.

CTE New Phone Numbers

The Center for Teaching Excellence's new phone numbers are ext. 3034 for the office and ext. 7392 for the director. The center's new location is Friday Hall, Rooms 102 and 103.

SPA Performance Evaluations

SPA performance evaluations are due in human resources no later than June 16. Ratings must be submitted to the Office of State Personnel by June 20 to be eligible for any legislative salary increases.

Year End Inventory

Central stores will be closed for inventory June 25-30. Electronic ordering will be discontinued at 5 p.m. June 24. Emergency and walk-in orders will be processed. Normal operations resume July 1.

Purchasing Reminders

Processing paperwork on receiving goods at fiscal year end is critical. Be attentive to receiving goods and signing PO pink receiving copies quickly. "Expected Delivery" dates should be printed in the upper right hand corner of your PO copy under the PO number. Purchasing is looking at all open PO's especially those with exceeded delivery dates. If you are concerned about a particular PO, do not call the vendor. Call the appropriate agent for that order. Inspect goods for proper operation as soon as possible. Most vendors have a 30-day exchange policy to resolve problems. Save original boxes and packing for four weeks. This ensures order discrepancies or defective items can be returned without complications. Many vendors will not accept returns without original packaging. Address receiving discrepancies with Tina at ext. 3156.

Shared Leave Requests

Shared leave donations are needed to help Larry Cartwright, physical plant/housekeeping, avoid leave without pay during his recuperation from surgery. Call Dale at 3161 for further information.

Randall Library Hosts South African Visitors

A delegation of five South African professionals from the Cape Library Cooperative (CALICO) consortium in the Western Cape Province toured Randall Library and attended information sessions about its advanced Innovative computer system June 5.

The visit ended a three-university tour that included the University of Wales in Bangor and the University of Missouri at Saint Louis, which have installed similar systems.

Randall Library is frequently visited by other universities seeking to upgrade their systems, said Ron Johnson, systems librarian. "Randall Library has all of the significant modules and all of the latest versions of the software that Innovative Interfaces Inc. sells," explained Johnson. UNCW's automated, integrated library computer system revolves around complete integration of the servers.

"All modules are completely integrated and there are no external servers that we have to maintain," said Johnson. He explained that the average library user benefits from this integrated system because it is convenient and easy to access.

CALICO decided to purchase an integrated library system, and the delegation is reviewing similar systems to answer their concerns and questions.

"The visit has been very valuable indeed. I think Randall Library is in the mode of stable methods. I find UNCW's library very similar to our library," said Duncan Martin, director of information technology at the University of Cape Town.

The delegation consisted of Martin; John Dovey, technical officer at Stellenbosch University Library; Nikki Davids, librarian at Peninsula Technikon; Magda Liebenberg, CALICO technical consultant; and Heather McBurnie, systems librarian at the University of Cape Town.

KEVIN JACQUES NAMED VICE CHANCELLOR FOR UNIVERSITY ADVANCEMENT

Kevin C. Jacques has been named vice chancellor for university advancement at the university following approval by the UNC Board of Governors at its Friday meeting in Chapel Hill.

Jacques comes to the university from Northern Arizona University where he is executive director of university development. He is also executive director of the Northern Arizona University Foundation. Northern Arizona University is located in Flagstaff.

"The UNCW Board of Trustees and I are delighted that Kevin will be joining our team to lead fund-raising activities here," said Chancellor James R. Leutze. "With his 18 years of exemplary development work in higher education, Kevin brings broad experience and proven leadership to us."

"Fund-raising is becoming increasingly important for universities who want to distinguish themselves with outstanding faculty and other opportunities for students. We look forward to having Kevin and his family join us in the Wilmington area," Leutze said.

Jacques, a native of Tacoma, Wash., has double undergraduate majors in psychology and anthropology, cum laude, from Western Washington University in 1977. He attended the master's program in anthropology there in 1977-78.

After college, he worked in private business and began his fund-raising career at the University of Puget Sound where he was prospect researcher and then was promoted to director of annual giving. In 1984 he was named director

of development for campaigns and major gifts at Washington State University, and from 1983-85 he was director of development for the College of Liberal Arts at Washington State. He moved to Northern Arizona in 1995.

His career covers an extensive record of strategic campaign and academic planning in higher education, bringing corporate, foundation and individual donor interests together with priority academic programs. At Northern Arizona he was responsible for a comprehensive reorganization of fund-

raising activities, resulting in a nearly 300 percent increase in total gifts and a 66 percent increase in endowment and assets under the university's management.

At Washington State University he was responsible for more than \$45 million in gifts, including a significant part of its centennial campaign. Alumni giving participation there ranked first among public colleges and universities.

Jacques and his wife Janet have two daughters, Cathy and Molly.

SEANC ANNUAL MEETING SCHEDULED

The State Employees Association for North Carolina (SEANC) will hold its annual meeting from 6 to 9 p.m. June 24 in the Madeline Suite at Wagoner Hall.

On the agenda is the election of officers for 1997-98 and announcing the recipient of the \$500 District 62 SEANC Scholarship.

Anyone interested in SEANC is encouraged to attend. Hors d'oeuvres will be served from 6 to 7 p.m. followed by the business meeting.

ANNOUNCEMENTS

Speakers Bureau and Profnet

University relations is preparing a 50th anniversary edition of the Speakers Bureau, which is sponsored by the chancellor's office and university relations. During the spring semester, university relations contacted faculty and staff members to volunteer as participants in providing presentations to professional organizations, civic groups and other interested parties. It is not too late to join the Speakers Bureau. Membership forms can be obtained by calling Phillip Brown at ext. 7223.

In conjunction with the membership forms for the Speakers Bureau, university relations has developed a database of faculty and staff members and their fields of expertise. It is the university's authority database. University relations subscribes to *Profnet*, an Internet resource journalists and other media professionals use to seek authorities on varying subjects. *Profnet* is an excellent opportunity for faculty and staff authorities to gain recognition by being quoted in newspaper or magazine articles, books, journals, documentaries and television programs. For more information or to request a membership form, contact Phillip Brown at ext. 7223.

Final Notice for 962 Prefix Reminder

BellSouth has deactivated all intercept recordings that previously stated 395/350-xxxx had been changed to 962-xxxx. Calls placed to the 395 or 350 prefix will state that the number has been disconnected or is no longer in service. This is the final notice to inform everyone that the 962 prefix is our official university exchange. Call ext. 3099 with any questions or concerns.

Summer I Faculty Payroll

Faculty payroll checks for the Summer Session I will be available from 7:45 a.m. to 4:15 p.m. June 30 at the Cashier's Office. Proper identification is required.

Hawk's Nest Update

The Hawk's Nest will be closed for a la carte business June 25 due to freshman orientation, but will offer a lunch buffet from 10:30 a.m. until 2:30 p.m. for only \$5. Call ext. 3073 for menu information.

Bowling League Update

A mixed bowling league for UNCW staff is still planned to begin August 28. The league will run approximately 30 weeks, excluding holidays and school breaks at 6 p.m. Thursdays at Cardinal Lanes on Shipyard Boulevard. At this time the league is limited to 56 bowlers. As of June 1, 28 persons have joined. Organizers are opening registration to include staff members' spouses. If you are interested, contact Paula Greene at ext. 3129 or Susan Chinnici at ext. 3127.

New HR 1.60 Forms

Begin using the new HR 1.60 form July 1. The new form will be available using the printing services forms catalog July 1. If you have questions, call Kathy Reeves at ext. 3163.

Public Service and Extended Education Seeks Proposals

The Division for Public Service and Extended Education seeks innovative proposals from individuals wishing to teach non-credit courses that focus on professional and career development, general enrichment for adult learners and appealing, educational classes for its growing children's program.

Proposals should include the course title, a description of the program, the number of suggested sessions, the intended audience, recommended fee structure and salary requirements.

Send proposals to Michelle R. Howard-Vital, vice chancellor for public service and extended education. Deadline for submission is June 23. Fax submissions to ext. 7249. For more information call ext. 4138.

Invoice Deadline

All interdepartmental invoices to be paid for fiscal year 1996-97 must be processed and forwarded to accounting by June 27. If you have questions, call Sondra Roark at ext. 3150.

New Campus Communique Editor

I would like to take the opportunity to introduce myself, Phillip Brown, as the new editor of the *Campus Communique*.

I have served as interim editor since April and have actually worked in university relations since August, 1996, beginning as a volunteer public relations intern. In January, I began coordinating publicity for the university's newest documentary about the North Carolina coast titled "Treasure Coast," which is scheduled to air this fall. I am a graduate of the School of Journalism and Mass Communications at the University of North Carolina at Chapel Hill.

In addition to writing and editing the faculty/staff newsletter, I will assist university relations in publicizing news, events and accomplishments of the university, its faculty and staff to the local, state and/or national media. Additionally, I will maintain and coordinate the university's authority database, or expert list. Faculty and staff members who volunteer for inclusion in the database get the opportunity of national exposure in a multitude of media outlets through university relations' subscription to *Profnet*. I will also assist in coordinating the university's Speakers Bureau.

If you have suggestions that will help me keep you more informed of university news and events, call me at ext. 7223, fax suggestions to ext. 3847, or send e-mail to COMMUNIQUE.

I have thoroughly enjoyed working at the university thus far and look forward to continuing in my new position.

Application Deadline Nears for Redesigned Leadership Wilmington Program

Leadership Wilmington, a program sponsored jointly by the Division for Public Service and Extended Education and the Greater Wilmington Chamber Foundation, Inc., has been redesigned by last year's participants to be a more focused and innovative program.

"Its mission is to provide our community with a diverse supply of creative leaders," explained Carter McKaughan, vice president of Wachovia Bank in Wilmington and a 1996 graduate of Leadership Wilmington who chaired the redesign committee.

Starting with a two-day overnight retreat in the fall, the leadership schedule calls for 11 weekly community sessions featuring a panel of current leaders, activists and other concerned

citizens who will discuss issues that the Leadership Wilmington participants identified during their retreat. Moderators will keep the three-hour sessions moving through discussion, question-and-answer period and an informal reception following each program.

Session topics will include regional demographics and vision, community diversity, communications, effective leadership, health care trends, law enforcement and justice system, cultural life, planning for growth and housing challenges, education, transportation and business growth.

At the end of the 12-week program, LW '97 participants will develop a report outlining conclusions and their solutions to the identified problems. The report will be presented to the

chamber of commerce board of directors. After graduating, participants can join the active alumni group and/or serve on chamber or other community committees.

Nominations are currently being sought from corporate, business, education, professional, non-profit and governmental sectors. A committee of past participants will select this year's class of 30. Tuition is \$495 and can be paid by the participant, a sponsor or by scholarship. The fee covers expenses for the opening retreat, classes, speakers, breaks, notebooks, materials and graduation.

Deadline to apply is July 15. For more information, contact Paul Laird at 762-9765.

Summer Jazz Workshop Faculty Concert

The Summer Jazz Workshop faculty will present a jazz combo concert at 8 p.m. June 25 in Kenan Auditorium. General admission is \$3. Tickets are available at the Kenan Auditorium Box Office.

The UNCW Summer Jazz Workshop offers participants a week of intensive jazz study and interaction with the jazz faculty June 22-28. In addition to teaching at the workshop, each member of the summer jazz faculty also maintains a busy performance schedule as a soloist and supportive musician.

The faculty combo is composed of saxophonist and workshop director Frank Bongiorno, trombonist Ken Foberg, guitarist Bob Russell, bassist Vince Stout, drummer Israel Bannerman, and pianist Brad Merritt. Compositions to be performed include mainstream jazz in the post-bebop tradition, as well as original compositions by band members.

Contact the music department at ext. 3390 for additional concert information.

Pat Cochran, financial aid, is retiring after 30 years of state service. In honor of her service the Office of Enrollment Affairs will host a reception from 9 to 11 a.m. June 27 in the James Hall conference room.

Warren Gulko, SBTDC, will be one of 100 small business leaders from across the United States to take part in the National Federation for Independent Business (NFIB) Small Business Leadership program in Washington, D.C., June 19-21.

Philip Furia, English, published the main essay and edited tributes by Sheldon Harnick and others for "The Ira Gershwin Centenary" in the *Dictionary of Literary Biography Yearbook 1996*. Oxford University Press published the paperback edition of his book, *Ira Gershwin: The Art of the Lyricist*. He was interviewed June 8 by New York radio station WBAI about his research on Irving Berlin.

Ethics Policy Reminder: Conflict of Interest

Administrative procedure MSC 1.50 is designed to assist employees in avoiding situations where conflict of interest may arise. Conflict of interest situations could arise, for example, whenever: university resources are utilized for personal gain; an employee utilized the influence of his or her position to profit personally; an employee knowingly fails to uphold the trust of the state or agency by which he or she is employed.

This procedure also identifies specific areas where conflict of interest situations would more likely occur. Examples include vendor relationships, secondary and dual employment, use of university resources, such as supplies, equipment and facilities, contractual arrangements, political activities, management of contracts and grants; and management and use of financial resources.

Administrative procedure MSC 1.50 is the primary source to assist employees in identifying and avoiding conflict of interest situations. Faculty employees can find additional guidance in the *Faculty Handbook* and in guidelines provided by UNC General Administration.

HURRICANE SEASON RETURNS; TIME TO REVIEW READINESS PROCEDURES

With the hurricane season underway, faculty and staff should take the time to review hurricane preparedness procedures.

When the area is in a hurricane watch, usually 2-5 days in advance of adverse weather, the university sets up its emergency operations center and begins daily briefings. When the hurricane watch changes to a hurricane warning, which is usually 24 hours

before hurricane landfall, the emergency operations center is manned. If New Hanover County issues a mandatory evacuation of Wrightsville and Carolina beaches, Chancellor Leutze will close the campus. Classes will be dismissed until the campus is reopened. Faculty and staff will also be dismissed until the campus reopens. Students will be encouraged to return home or depart campus to stay with friends.

If the campus closes, Rose Avenue, WoodDale Drive, McMillan Avenue and Riegel Drive entrances will be blocked. If the campus loses power, all entrances will be closed; however, Randall Drive will be open for through traffic.

Faculty and staff will be encouraged to watch local media for updates or call ext. 3991 for the latest information.

Deadline for Student Timesheets and Departmental Recaps

The deadline for student timesheets and departmental recaps for July 15 payment is 3 p.m. June 30 in the payroll office. Students should submit timesheets to their department representatives, not to payroll. Students not listed on the departmental recaps sheets may require additional paperwork. Check with Frances Carr in career services to make sure that all paperwork has been received prior to adding students to your recap sheet.

Purchasing Reminder:

Partial or complete purchase order receiving paperwork should be in campus mail by tomorrow. Fiscal year end receiving paperwork must reach purchasing by June 30. If you cannot deliver it, call Teri at ext. 3158. She will arrange for pick up.

Shared Leave Requests

Shared leave donations are being accepted for the following employees to help them avoid leave without pay: Bonnie Clements, physical plant/administration; David Wuske, physical plant/housekeeping and Joanie Beasley, biology/greenhouse. Please send your vacation leave slip to Dale at human resources and indicate the employee to receive the donated leave. Questions call ext. 3161.

In-House Payroll Update

Beginning in July, all university employees will be paid on the in-house payroll system. The new check stub format provides detailed information that should make it more understandable. Statements have been sent to permanent employees to verify social security number, tax withholding, banking information, home address and deductions. Review this statement carefully. Each record in the new system was compared against current data in the state payroll system.

As the changeover project nears completion, a word of thanks is in order for the team who made the implementation possible: Tammy Blizzard, Jan Lion Riemersma and Donna Chi, accounting; Kathy Reeves, Patsy Parker and Lisa Allred, payroll; Kay Ward, Cindy Hucks and Anne Howell, budget office; Sharon Boyd, Carol Strickland, Kevin Ulmer, Steve Swart and Virginia Purtle, systems and procedures; Suzanne Helms and Sandie Ward, academic affairs; Stephanie Haley and Art Goodwin, management information support; Frances Carr, career services; Kay Fryar, Dale Lockwood and Alice Maile, human resources; Ginny Evans and Laura Young, General Administration; and Tim Jordan, Paul Hosier and Sam Connally.

Moving Requests

Departments can process moving services requests electronically on the web under the business affairs homepage.

Holiday Deadline for SPA Recruitment Requests

Due to the July 4 holiday, the *Star-News* classified advertising deadline for the July 8 edition is 4 p.m. July 3. Requests for SPA recruitment (HR 1.10) to initiate recruitment for a vacant SPA position must be in human resources by 4 p.m. July 2. Call ext. 3162 with questions.

Performance Evaluations

Employees with concerns regarding their performance rating must notify human resources within 15 days following their evaluation.

July 4th Holiday Pay

July 4th gives full-time employees eight hours of holiday time. Employees working the summer schedule of four hours on Friday should work with their supervisors to schedule an additional four-hour holiday at another time. Questions regarding timekeeping may be referred to Alice Maile at ext. 3392.

River Run Broadcast

UNCW-TV will broadcast the award-winning documentary *River Run: Down the Cape Fear to the Sea* at 8 a.m. and 10 p.m. June 30 and July 3 on Time Warner Cable Channel 11.

Explore North Carolina's largest river basin with host Chancellor James R. Leutze.

Reference Librarian Celebrates 30-Year Anniversary and 'Keeps on Going'

A corner of Alderman Hall housed the library's 50,000 volume collection tracked by a staff of six and a card catalog when librarian Louise Jackson began her career at UNCW in 1967.

Thirty years later, Jackson is still on the job heading up the reference section in the 128,000 square foot Randall Library that has grown to 500,000 volumes managed by 37 and tracked by a computer catalog system.

And while she's not planning on going anywhere right away, friends, co-workers, faculty and staff gathered Friday to celebrate Jackson's first 30 years and presented her with a remembrance book to mark the occasion.

"Louise works long and hard and is always looking to see how she can help people," Sue Cody, interim library director said, explaining the surprise celebration. "I've spent years following her around trying to learn all she knows. Her unfailing helpfulness to everyone she encounters is a wonderful example to us all. Louise is like the Energizer bunny at the reference desk - after hours of fielding questions, she just keeps running. UNCW has a treasure in her, and we look forward to many more years of working with and learning from her."

Some of the thousands she's helped welcomed the opportunity to thank Jackson for her assistance through the remembrance book. Comments echoed Jackson's willingness to help:

"Always willing to go the extra mile... If Louise can't find it, it doesn't exist. Your generosity with staff and patrons is unforgettable - nevermind 'be like Mike' - 'be like Louise.'"

Helping people search for information suits Jackson. "Reference is where I want to be. I enjoy the search for information and the interaction with the people," she said.

During 30 years of searches, Jackson has seen many changes, the most notable - computer technology.

"Computer technology has opened up information making it more readily available," explained Jackson. "However, there is the expectation that anything is available, but that is not always the case."

Jackson admits the technology makes it easier to find and track information, but is saddened by the loss of the card catalog system. Most libraries can't maintain both, she said, nobody misses the old system until the power goes out.

Chancellor James R. Leutze also presented Jackson with a certificate honoring her 30 years of service to the university and community thanking her for helping thousands of individuals through the years and in the future.

"Life at the Edge of the Sea" Conference

There will be a three-day conference focusing on "Life at the Edge of the Sea" July 10-13 at the university. This fifth annual Southern Coastal Heritage workshop will examine how men and women have adapted to, interacted with and learned from the life forms and natural forces unique to the coastal environment.

Tuition for residential participants is \$325 and includes lodging, meals, admission fees and handout materials. Commuter fee of \$295 includes all activities and lunch only. Registration deadline is June 30. For more information call the Division for Public Service Extended Education at ext. 3195.

Conference faculty include Harry Warren, historian and assistant director of the Cape Fear Museum; Marie Millis, Cape Fear Community College; Mark Ramsing, North Carolina Underwater Archaeology Museum; Lawrence Cahoon, Kathy Gormly and Sherrill Martin, UNCW; and Spencer Rogers and John Bridgers, North Carolina Aquarium.

Medical Insurance Annual Enrollment

Annual enrollment for medical insurance is in August. Human resources has been advised by the state health plan that there is no planned increase in rates for the indemnity plan. However, rates will increase for both PCP (BC/BS HMO) and UHC (formerly PHP).

If you participate or plan to change to an HMO during the annual enrollment, pay attention to the "It's Your Choice" brochure delivered to your home address. Premium rates, coverage summaries and toll free numbers for questions are included in the booklet. Faculty and staff seeking health plan changes must submit change forms in August.

During the last two weeks, two dozen chairs and two tables have been removed from the Hawk's Nest patio. Anyone with information regarding their whereabouts, call auxiliary services at ext. 7062.

International Friendship Program Seeks Volunteers

The Office of International Program is seeking faculty, staff and community members to participate in the International Friendship Program by hosting an international student attending the English as a Second Language Program in July. The program is for anyone who would like to participate in a cultural learning experience and help an international student feel welcome in a new environment. Hosts are asked to engage in a minimum of three activities with the student during July, such as a family meal, movie or sightseeing trip. For more information, call Heather Smith at ext. 7009 or e-mail smithh.

Students Needed for English as a Second Language Program

The Office of International Programs needs students to serve as conversation partners for international students attending the English as a Second Language Program in July. Conversation partners will spend four hours a week with international students to help with general speaking and listening skills. Each student will receive a stipend for their participation. Refer interested students to Heather Smith ext. 7009 or e-mail: smithh.

Assistant Financial Aid Director Retires

Travel is the next order of business for Pat Cochran, assistant financial aid director, who is retiring after 30 years of state service - the last 20 years at UNCW.

Cochran said that although she looked forward to her retirement, she would miss the students and her co-workers. "But I won't miss all the financial aid changes from the state and federal governments."

She has seen a lot of change in financial aid and the growth of the campus. Financial aid has increased from \$5-7 million for 1,500 students in 1979 to \$31 million for 4,200 students this year, and the office staff had grown from four to 14 people, she said. Grant restrictions at one time prevented students from having cars on campus or owning a stereo for their dorm room, she noted.

Even with all the regulation changes, financial aid is essential to the university, said Cochran. "There would be a big dent in student population without financial aid. Some students might be able to continue, but the majority couldn't."

Cochran received a plaque honoring her state service at a reception June 27 in James Hall, which she remembers as being home to the first student union. Prior to her UNCW service, Cochran worked for the N.C. Department of Revenue and ECU's financial aid office. She also spent two years with UNCW's registrar's office.

Financial aid director Mark Williams presents plaque to retiree Pat Cochran.

Peggy Shaffer, history, served as chair and commentator for the panel "Places of Commerce, Exhibition, and Interaction" at the Vernacular Architecture Forum's annual meeting June 14 in Portland, Ore.

Charlotte Marion, physical plant/painting, thanks everyone who contributed time to the shared leave program on her behalf.

Joseph Pawlik, biological sciences, received funding for his project "Non-fouling Netting for Aquaculture."

Courtney Hackney, **Martin Posey**, biological sciences, and **James Merriitt**, CMSR, received funding for their project "EMAP Demonstration Project Year 4."

Terry Theodore, art and theatre, is offering an unusual course this summer - *Seminar in Filmmaking* - in conjunction with, and at, Screen Gems Studio. Structured like a film camp, the course familiarizes students with the basic fundamentals of cinematography, script development, editing, sound, casting, catering, costumes, make-up, etc. utilizing the facilities, equipment and personnel at the studio.

Steve Harper, management and marketing, had his paper "In the Dance with Elephants It Pays to Play Two Markets Ahead" accepted for presentation at the International Conference for Management of Technology being held February 1998 in Orlando, Fla.

COMMUNITY NEWS

Sixth Annual Steak-n-Burger Banquet

The Community Boys and Girls Club of Wilmington will hold its sixth annual Steak-n-Burger Banquet 7 p.m. July 10 at the Coastline Convention Center. Children eat steak while the adults eat burgers. Boys and Girls Clubs across America use this turnabout dinner to give supporters an opportunity to meet the young people that they are helping. For more information, call 910/762-1252.

Spotlight On: Endless Summer

Cape Fear Museum's Spotlight On exhibit features *Endless Summer*, a retrospective on Wilmington's beaches, with a focus on Kure Beach. The exhibit continues through Sept. 1 and includes photographs, artifacts and other memorabilia from one of America's favorite vacation spots: local beaches.

Vacationing at the beach is relatively a new idea. Until the second half of the 19th century, it was common for people to have six-day workweeks and 10-hour workdays. As transportation improved and leisure time grew, more families were able to vacation along the sandy shores of local beaches.

Internet Workshops for Kids

The New Hanover Public Library is offering workshops to introduce 10-to-14-year-olds to the Internet from 10:30 a.m. to noon July 8 and 15. Each session covers Internet basics, how it works, how to use Microsoft Internet Explorer software and how to use the Internet safely. Kids will get an introduction to some fun websites and learn how to find kid-friendly sites through guidebooks such as the *Internet Kids Yellow Pages* and Internet search engines like "Yahooligans."

Through the workshops, the library hopes to identify young people who will serve as "KidCorps@NHCPL" computer volunteers, assisting with public access computers in the main library's Children's Room and helping maintain a kid's interest page at the library's Internet website.

Preregistration is required. To register or obtain more information, call 341-4392.

UNCW Hosts Cape Fear Science Camp for Community Students

The rockets flying over the UNCW campus are not leftover Fourth of July fireworks, but are part of the Cape Fear Science Camp under the direction of Joseph Kishton.

The science camp for New Hanover County middle school students that ends today was funded by a \$111,449 grant from the Burroughs Wellcome Fund.

"The main objective of our camp was to increase the students' appreciation and awareness of science among two groups: women and minorities," said Kishton.

The grant funds the four-week summer camp through 1999. Kishton had 26 students for this year's camp.

Science camp instructors selected students through discussions with

middle school teachers and counselors. Selected participants expressed a real interest in science. The 26 campers were from Trask, Virgo and Williston middle schools.

The camp integrated mathematics and science programs for the students and enabled them to learn through both classroom and laboratory experiences. The camp used programs adapted to the coastal environment.

Participating students went on field trips to science centers such as the Fossil Museum in Aurora, Solar House in Raleigh and the Discovery Place in Charlotte. They also met in the classroom to share findings and design and conduct experiments such as the rockets or solar cars.

Each week was designed around a different topic: geology, light and solar energy, computers and rockets. Kishton said the various topics gave the students an opportunity to do a lot of hands-on work.

In addition to fostering an appreciation of science, the camp rewarded those members who made an extra effort by doing a report or volunteering to help.

Kishton decided to begin the Cape Fear Science Club after his association with the Cape Fear Inner City program. He said he wanted to begin a program that was more education-based as well as better funded.

Local Educators Attend UNCW Water Institute

Forty-five teachers from southeastern North Carolina attended a 5- and 10-day instructional institute on water resources education in June hosted by the Watson School of Education and the Science and Math Education Center and funded by the Environmental Protection Agency and the Glaxo Wellcome Foundation.

This institute was part of a three-year statewide project "Students as Scientists: Water Pollution Prevention Through Education" that focuses on students in scientific roles conducting field research to better understand water and wildlife resources and their health, management, use and conservation in North Carolina's diverse freshwater and marine habitats.

The local educational professionals took part in the teacher instructional program learning to collect biological and chemical data on water quality, direct their data onto the World Wide Web and design water education curricula to integrate into their grade level subject areas.

Cameron School of Business Reports Continued Strength for Local Economy

The Cameron School of Business recently released first quarter 1997 performance data for the 11-county southeast North Carolina area showing continued strong economic growth at record levels reached during the last quarter of 1996.

For the 12-month period ending March 1997 (April 1996-March 1997), the area economy produced \$13.9 billion in output, almost 10 percent above the level for the year ending March 1996.

Unemployment rates averaged 5.2 percent during first quarter 1997 compared to 6.2 percent during fourth quarter 1996 and 6.5 percent during first quarter 1996. The 5.2 percent rate was the lowest since second quarter 1990.

William Hall, Jr., director of Cameron's Economic Development and Forecasting Office, and Claude Farrell emphasized the region's ability to continue to outperform both the national and state economy. Although growth was not evenly distributed across the 11 counties, Farrell and Hall noted that "in no part of the 11-county region was real output less than four percent above the comparable year-earlier level."

The strong first quarter 1997 performance for the area exceeded expectations and may signal the need to revise upward the full-year 1997 forecast of economic growth of \$500 million or four percent for the area.

ANNOUNCEMENTS

Organizational Changes in Technology Office

Charles Ward announced his resignation as assistant vice chancellor for academic affairs effective July 1. Ward will resume teaching responsibilities in the Chemistry Department but will serve as a part-time technology consultant to the Provost's Office. Since coming to UNCW in 1980, Ward served in several administrative capacities including director of the Science and Mathematics Education Center, director of the Summer Ventures in Science and Mathematics Program and director of the Center for Teaching Excellence. Most recently, Ward served as head of the Office of Information and Technology.

The Office of Information Technology was reorganized to provide computing services through two departments that both report directly to the provost. The Office of Management Information Support, directed by Bill Pate, is responsible for applications development including support for SIS, FRS, HRS, ADS and the World Wide Web. The Office of Information Technology, directed by Bobby Miller, is now responsible for network support, the VAX cluster, support for personal computing, training and the computing Help Desk.

Letterheads on Laser Bond

Letterheads are now available printed on white smooth or cream linen 25 percent cotton 24 lb. laser bond with the 50th anniversary logo watermark. Please indicate your choice of 24 lb. laser bond or 20 lb. rag bond when ordering letterhead printed on white paper. The rag bond is cheaper but does not usually feed well in laser printers. Questions concerning letterheads should be directed to Cathey Blake at ext. 3289.

Purchasing Problems

Problems with goods received need to be reported to purchasing within 30 days of receipt. Ideally, inspections are done within three days and before signing off on receiving. Purchasing needs to return defective items with a damage assessment within the first 30 days for vendor replacement. After the first 30 days, many vendors may repair, not replace a damaged item. In some cases, vendors will not replace or repair an item after 30 days. After 30 days, purchasing must go to the manufacturer for satisfaction. This is a time-consuming process. Inspect goods as soon as possible. Inform purchasing of goods received within three days by signing the pink PO copy. If a problem occurs with an item within 30 days, call Tina Sloan at ext. 3156.

Performance Evaluations

Employees with concerns regarding their performance rating must notify human resources within 15 days following their evaluation.

Shared Leave Requests

Shared leave donations are being accepted for the following employees to help them avoid leave without pay: Bonnie Clements, physical plant/administration; David Wuske, physical plant/housekeeping and Joanie Beasley, biology/greenhouse. Please send your vacation leave slip to Dale at human resources and indicate the employee to receive the donated leave. Questions call ext. 3161.

Welcome

Please welcome the following new employees:

Roman Gabriel Tabbed as First Walk of Fame Inductee

Celebrate Wilmington! will kick off the new Walk of Fame with its first inductee, National Football League star Roman Gabriel, at ceremonies scheduled for 10 a.m. July 26 at the Cotton Exchange, Water Street. Master of ceremonies will be Joe Augustine, former football standout at UNC Chapel Hill and retired executive director of the Greater Wilmington Chamber of Commerce. The ceremony is free and open to the public.

A reception for Gabriel and his wife Lisa will be held from 7 to 9 p.m. July 25 at the Hilton. Tickets are \$25 and can be purchased by calling the Arts Council of the Lower Cape Fear at 762-4223 or the Cotton Exchange, 251-1040. Tickets can also be purchased at the Community Arts Center at Second and Orange Street. Annette Anderson in public service and extended education also has tickets for the reception. If interested, call her at ext. 3547.

Gabriel, who had a 16-year career in the National Football League as the star quarterback for the Los Angeles Rams for 11 years and the Philadelphia Eagles for five years, was born in Wilmington and attended New Hanover High School where he was all-state in football, basketball and baseball. Although he was offered a professional contract by the New York Yankees, Gabriel accepted a scholarship to attend North Carolina State University where he was a scholastic All-American as well as a two-time football All-American. As a professional football player, Gabriel was all-Pro for four years, the Rams' Most Valuable Player three times, the 1969

NFL Most Valuable Player and Pro Bowl MCP. While with the Eagles, he was voted the NFL's Comeback Player of the Year and chosen Man of the Year in Philadelphia in 1973, '74 and '75. When he retired in 1977, he had accumulated 31,000 total yards and completed 201 touchdown passes.

Gabriel is a member of the North Carolina Sports Hall of Fame and the National Collegiate Football Hall of Fame. He operates Roman Gabriel Sports Connection and Roma-Lisa All Pro Arabians. He is the color analyst on WBT for the NFL's Carolina Panthers.

"The purpose of the Walk of Fame is to create a prestigious permanent record of notables who have lived, worked and/or enriched the Cape Fear Coast community," said Charlotte Cohen, chairman of Celebrate Wilmington!. As an inductee, Gabriel will be immortal-

ized with an individually-designed star engraved with his name and date of induction.

The Walk of Fame recognizes people who have a national reputation in their field: i.e., are recognized by the general public or their peers as being nationally important or have a national reputation in their field and have a local association. Fields include the arts, business, education, literature, broadcasting/television/journalism, sports, science, medicine, religion, politics/government and the military.

Celebrate Wilmington! is a collaborative effort between the Arts Council of the Lower Cape Fear, the University of North Carolina at Wilmington and the community to promote and publicize artistic and culture ventures in the region.

School of Nursing Receives \$720,199 Three-Year Grant to Plan Master's Degree

The School of Nursing plans to attack major health problems in southeastern North Carolina with the help of a three-year \$720,199 grant from the U.S. Department of Health and Human Services.

Chancellor James R. Leutze announced the grant award at a news conference July 16 from the steps of Hoggard Hall. Also on hand were Provost Marvin Moss, Dean Virginia

Adams and Associate Dean Perri Bomar, primary author of the grant proposal.

The grant, from the department's Bureau of Health Professions, Health Resources and Services Administration Nurse Practitioner Programs, will provide \$234,633 the first year to plan a master's degree program for rural and urban family nurse practitioners. Once planning is completed, the proposed program will be submitted to the UNC Board of Governors for approval. Following approval an additional \$485,566 in grant money is available to fund implementation during the next two years.

According to the N.C. Center for Nursing, which conducted a survey of community nursing employers and hospitals in 1996, there is a strong demand in eastern North Carolina for family nurse practitioners. A majority of the 800 surveys returned expressed an

Associate Dean Perri Bomar discusses proposed master's degree, above. Left, Dean Virginia Adams responds to reporters' questions.

interest in the establishment of a family nurse practitioner program at UNCW.

In seeking the grant, the School of Nursing cited higher than state and national incidence rates of heart disease, diabetes, stroke, cancer, substance abuse, teen pregnancy and motor vehicle accidents among uninsured and underinsured citizens in southeastern North Carolina. Also noted were the unmet needs of Hispanic, Native American and African-American minorities.

The area needs more advanced nursing professionals, said Dean Bomar, because residents have inadequate health care, poor access to health care professionals or no insurance.

"In the past, most health care took place in hospitals, but now more care is being done in the community by a variety of health care professionals," she said.

Nursing school officials at UNCW report that they regularly receive inquiries concerning the establishment of a master's degree program at UNCW.

The UNCW program would provide more accessible advanced training for area health care professionals. Currently the closest nurse practitioner graduate programs are offered at East Carolina University, approximately 120 miles away by rural roads or Duke University and UNC-CH, which are 150 miles away by I-40.

Although still in the planning stages, the proposed 50-credit-hour, four-semester program will prepare students to take the American Nurses Association's certification exam and apply for North Carolina licensure as a family nurse practitioner. Two additional components of the program will be a competence in Spanish and approximately 700 hours of clinical practice time primarily in rural and urban health settings under faculty supervision. Ability to converse in Spanish would prepare the family nurse practitioners to provide culturally sensitive health care to the growing migrant Hispanic population.

Receiving the grant was the culmination of a very competitive process, said Dean Bomar. Eighty-three universities from around the country sought the grant for the nurse practitioner programs; however, UNCW's School of Nursing was one of approximately 20 universities funded. Receiving funding for the planning stage is unusual, said Dean Bomar. "Most universities do not receive money to plan new programs."

UNCW-TV Airing "Globe Watch" Series on Hong Kong

Hong Kong has entered a new era following Britain's relinquishment of authority to Chinese rule. The events that led up to this historic moment and helps shape its destiny are the focus of the "Globe Watch" programs airing on UNCW-TV.

Moderated by Chancellor James R. Leutze, the episodes were filmed in 1994 in anticipation of the changeover to Chinese rule this year.

"Hong Kong Today: The Cult of Money" airs at 8 a.m. and 10 p.m. July 29 on Time Warner Cable channel 11. This second episode focuses on Hong Kong's entrepreneurship, its booming economy and the exciting business climate of Asia's financial capitol. The final episode, "Hong Kong Tomorrow: The Future of Freedom," airs the same times August 5. In this program Chancellor Leutze talks to people affected by the end of British rule.

Communication Studies Alumni Set Scholarship Goal

First Chapter Mission to Honor Professor Betty Jo Welch's Memory

Providing leadership and guidance to those around her is the legacy of the late Betty Jo Welch, communication studies professor whose life and work impacted not only UNCW, students and colleagues, but the entire university system.

Helping others in Welch's memory is the goal of the UNCW Communication Studies Alumni Chapter. The chapter, chartered November 1996 by the UNCW Alumni Association, set as its first mission an endowment of the Betty Jo Welch Scholarship to assist communication studies majors.

"Dr. Welch was a special person," remembers WWAY-TV news producer Tom Lamont '80 and chair of the scholarship committee. "She was instrumental in my working in the media and influenced my time at UNCW."

As UNCW's first full-time faculty member in speech communications, Welch worked at fostering its development into the Communication Studies Department, said current department chair, Professor Frank Trimble.

"Dr. Welch was extremely concerned about students," said Trimble. "She knew the financial constraints that some students experienced seeking their degree." He said the proposed scholarship was an appropriate tribute to Welch's own great interest in students' development.

To endow the scholarship, Lamont said the chapter must raise \$25,000. He added that while fund-raising efforts are underway, much work is left to reach the endowment goal. Welch's family has pledged to match the initial \$5,000

raised by the chapter. Laura Butcher, Welch's daughter and GE's manager of Employee and Community Relations, said the family was excited at the opportunity to support the chapter's efforts.

"The family views the scholarship as an extension of our mother's work. The scholarship will enable a high-achieving student to complete his or her degree in communication studies," said Butcher.

"As a lifelong educator, she'd be proud that not only her former students, but all students would recognize her contributions through this scholarship."

Welch, a native of Nashville, Tenn., began her UNCW career in 1970. She was very involved in the university system, serving on and chairing numerous faculty committees. In 1986, Welch was the first woman elected chair of the UNC Faculty Assembly and presented greetings from the faculties of the 16 constituent campuses at the inauguration of C.D. Spangler, Jr. as system president.

Welch was also active in the Wilmington community working with such organizations as the New Hanover County Heart Association, New Hanover Council of PTA, the Wilmington Civic Ballet and St. James Church. She was also a member of the American Business Communication Association, National Association of Parliamentarians, Women in Communications, as well as many other professional organizations.

Year-end Gifts Total More Than \$2.8 Million

Gifts to the university's capital campaign for fiscal year 1996-97 totaled \$2,882,949.59 according to advancement reports.

While the majority of gifts were made by corporations and organizations, 32 and 30 percent respectively, alumni gifts accounted for 17 percent of last year's gifts. Alumni gifts totaled \$431,688.14 which included \$26,187.58 from out-of-state alumni. Friends of UNCW was the fourth largest givers accounting for 15 percent of contributions. Faculty and staff contributions totaled two percent.

Cumulative total of the university's capital campaign, started in 1990 with a \$25 million goal, is \$19,711,305.42.

ANNOUNCEMENTS

Welcome

Welcome Kevin Jacques, vice chancellor for university advancement. His office is located in Alderman, Room 108, and he can be reached by phone at ext. 3666.

Farewell Reception

A farewell reception for Dale Wright, coordinator of the minority enrichment, minority student achievement and academic enrichment programs, will be held at 4 p.m. August 14 in Wagoner Hall at the advising center, south wing. Wright is leaving UNCW to pursue her doctorate degree in language, literature and culture at the University of New Hampshire.

Fifth Session Added

Human resources has added a fifth session for their Connections Customer Service program. This session will be held from 8:30 to 10:30 a.m. September 3, 10, 17 in human resources. The program's goal is to help faculty and staff remain proactive in attending to student customer service. To register call Brenda Jordan at ext. 3274, e-mail Jordanb or fax ext. 3840.

Cataloging Effort by Museum of World Cultures

The Museum of World Cultures needs help locating pictures, textiles, masks, clothing, jewelry, et cetera loaned to faculty or staff by Jerry Shinn. Locating these items is part of the museum's cataloging efforts. Also, any faculty member with museum material, if the museum has not photographed this material within the last two years, call Joyce Morden at ext. 7233 to arrange an appointment to catalog. Anyone unsure if they might have museum material should also contact ext. 7233. The museum is also in need of a non-frostfree freezer.

Free Seahawk Shuttle on the Way

Free shuttle bus service for faculty, staff and students is expected to begin August 18. Shuttle buses will operate two routes from 7:30 a.m. to 6:30 p.m. Monday through Friday.

The north loop route goes from Randall Parkway to Lullwater Drive, down Market Street to New Centre Drive, across South College Road, down Racine Drive and back to Randall. The south loop route, which will have a stop in front of the University Union, goes out Hamilton Drive onto MacMillan Avenue, turns on Cedar Avenue, comes up South College Road and back onto campus using Hamilton.

The Wilmington Transit Authority will designate Seahawk shuttle stops along each route in August, said Towana Moore, auxiliary services director.

The bus stop at the Union and an additional stop on Randall Parkway are currently under construction. Each shuttle will run on a 15-minute round trip schedule.

All faculty, staff and students may ride the shuttle bus free of charge by showing a valid UNCW identification card. Also, Moore added that faculty, staff and students will be able to ride any WTA route free of charge with a valid UNCW ID.

UNCW-TV Airing Final "Globe Watch" Episode on Hong Kong; Schedules Broadcast Featuring Roundtable Discussion

Hong Kong has entered a new era following Britain's relinquishment of authority to Chinese rule. The events that led up to this historic moment and help shape its destiny is the focus of the "Globe Watch" programs airing on UNCW-TV.

Moderated by Chancellor James R. Leutze, the episodes were filmed in 1994 in anticipation of the changeover to Chinese rule this year.

The final episode of the three-part series, "Hong Kong Tomorrow: The Future of Freedom," airs at 8 a.m. and 10 p.m. August 5 on Time Warner Cable channel 11. In this program Chancellor Leutze talks to people affected by the end of British rule.

A roundtable discussion will air at 8 a.m. and 10 p.m. August 12 on Time Warner Cable channel 11. The participants, Chancellor Leutze; Yixin Chen, history; Li-Shing Wang, political science; and Wei Feng, mathematical sciences, will discuss the economic, societal and political impact of Hong Kong's new life under Chinese rule.

Medical Insurance Annual Enrollment

Annual enrollment for medical insurance is in August. Human resources has been advised by the state health plan that there will be no increase in rates for the indemnity plan. However, rates will increase for both PCP (BC/BS HMO) and UHC (formerly PHP).

If you participate or plan to change to an HMO during the annual enrollment, pay attention to the "It's Your Choice" brochure delivered to your home address. Premium rates, coverage summaries and toll-free numbers for questions are included in the booklet. Faculty and staff seeking health plan changes must submit change forms in August.

Last Issue for Summer Ads

With summer hours ending August 9, the last issue of the *Campus Communique* to publish personal advertisements will be the August 7 issue.

Faculty/Staff Golf Tournament

This year's Faculty/Staff Golf Tournament will start at 1 p.m. August 7 at Olde Point Golf and Country Club. Tournament format is four-player teams of any combination of men and women, including all-male or all-female. Single players will be assigned to a team. Teams will have A, B, C, D players with the A player as the better player and the D player as the one with highest handicap.

Refreshments and a meal will be served at the conclusion of play. First and second-place teams will receive trophies. Prizes will be awarded for closest to the pin, longest drive and most accurate drive. Other prizes will be awarded through drawings.

Cost to enter is \$27 per player. For more registration information, contact Jim Harris at ext. 3405 or e-mail Harrisj. Registration forms must be returned to Harris by August 4.

FOCUS ON FACULTY AND STAFF

Convocation Regalia

Anyone needing to rent regalia for convocation should call Jessiebeth Geddie at ext. 3054 before August 8.

Safety Shoes

Effective July 1 the state of North Carolina established a term contract for the purchase of safety shoes. Any individual needing safety shoes cannot purchase the shoes and obtain reimbursement. Safety shoes must be purchased from a state contract vendor via requisition/purchase order. Copies of the catalogs may be seen in purchasing. The state contract may be viewed through the Purchasing Home Page, State Contracts, Contract no. 345-88. If you have questions, call Claude Brown at ext. 3158.

Application for the UNCW License Plate

The application form for the UNCW Collegiate license plate program was inadvertently omitted from the parking permit payroll deduction registration package recently mailed. The application has been sent and should be returned with the green payroll deduction form and a check for \$25 payable to the N.C. Division of Motor Vehicles, if you plan to participate. Anyone who returned deduction forms and planned to participate should return the collegiate license plate application to auxiliary services. Auxiliary services apologizes for this inconvenience. If you have any questions, call ext. 3060.

New Payroll Checks

The July 31 payroll checks have been processed using the new in-house payroll system. Year-to-date amounts for FICA and MQFE tax and taxable gross wages represent actual year-to-date amounts. For all other information on your pay stub, year-to-date amounts represent earnings, taxes and deductions processed under the new payroll system only.

Student Timesheet and Departmental Recap Deadline

The deadline for student timesheets and departmental recaps for August 15 payment is 3 p.m. today in the payroll office. Students should submit timesheets to their department representatives, not to payroll. Students not listed on the departmental recaps sheets may require additional paperwork. Check with Frances Carr in career services to make sure that all paperwork has been received prior to adding students to your recap sheets.

Work Study Reminder

Departments that have work study positions allocated for fall '97 and spring '98 should get your job order (HR 1.62) to career services as soon as possible. Students are seeking work study positions, and job orders are needed to place these students.

UNCW to Dedicate Plaza in Dr. Eaton's Memory

UNCW will formally dedicate Eaton Plaza in memory of Dr. Hubert A. Eaton at 4 p.m. August 19. The ceremony is part of the university's 50th anniversary convocation celebration.

The dedication of the plaza brings the Eaton family and the university together to celebrate Dr. Eaton's legacy. Dr. Hubert A. Eaton, Jr. will speak and assist with unveiling the street sign that officially declares the area Eaton Plaza. Eaton Plaza lies along the south side of Hinton James Hall and features new landscaping, sidewalks, benches and a fountain.

A native of North Carolina, Dr. Eaton was born in Fayetteville. He became an admired physician and civil rights activist for the state. As a

civil rights leader, Dr. Eaton petitioned the New Hanover Board of Education on December 11, 1950 to provide equal funding and support to African-American public schools. In addition to advocating more funding, he also initiated the desegregation of county schools and local medical care.

Dr. Eaton extended his support to the tennis profession and UNCW. He

Students Attend Summer Ventures Program at UNCW

Approximately 700 students attended the Summer Ventures in Science and Mathematics program held at UNCW, June 22 through July 19.

Summer Ventures in Science and Mathematics is a four-week enrichment program for rising junior and senior high school students who possess both talent and interest for science and mathematics. This is the largest cost-free program of its kind in the nation.

Summer Ventures is offered on six campuses of the University of North Carolina and administered by the North Carolina School of Science and Mathematics. Students live on the campuses of the host institutions and participate in research-oriented courses designed especially for the program and taught by university faculty and master teachers from the public schools.

Students attending the institute at UNCW are required to conduct a research project and to report the results of their work at the end of the program. The attending students were selected from an applicant pool of more than 1,700.

Medical Insurance Annual Enrollment Period Underway; Rate Changes Announced

Medical insurance enrollment is August 1 through September 2. This is the only opportunity during the year to change medical plans. The state of North Carolina is offering the same two HMOs as last year, United Healthcare of N.C. (formerly PHP) and Blue Cross/Blue Shield of N.C. Personal Care Plan (PCP) along with the state health plan. Informational packets including the 1997 "It's Your Choice" booklet with enrollment applications will be mailed to home addresses during the first two weeks of August. Only employees electing to change medical plans need to complete and return forms to human resources.

Submitting Information to University Operator

All departments are reminded to submit information about officially sanctioned university activities, events and departmental services to operator services in a timely manner. Operator services requests this information to inform the university community and the general public of the various campus activities and events. Receiving information with as much advanced notice as possible will aid in handling incoming calls.

Forward any changes in established schedules to operator services. Refer to the telecommunications procedure section, Tel 1.20, or contact Kay Jackson at ext. 4055.

Application for the UNCW License Plate

The application form for the UNCW collegiate license plate program was inadvertently omitted from the parking permit payroll deduction registration package recently mailed. The application has been sent and should be returned with the green payroll deduction form and a check for \$25 payable to the N.C. Division of Motor Vehicles, if you plan to participate. Anyone who returned deduction forms

and planned to participate should return the collegiate license plate application to auxiliary services. Auxiliary services apologizes for this inconvenience. If you have any questions, call ext. 3060. Fifteen dollars of the \$25 license plate fee goes directly to the UNCW Alumni Association's scholarship program.
